J. C. PENNEY COMPANY AUTHORIZES SPECIAL YEAR-END PAYMENT FOR ASSOCIATES

NEW YORK, Nov. 27 — J. C. Penney Company, nation-wide department store organization, announced today that its directors have authorized a special year-end payment for more than 50,000 associates in the Company's 1,633 stores, offices and warehouses throughout the United States.

The payment will be an amount equal to two weeks' pay for all full-time associates who have been employed for the full year 1953, and proportionate amounts for extra and part-time associates and those employed less than a year.

All Penney associates will share in the payment except management staff members whose earnings are determined largely by the Company's long-standing profit-sharing plan. It will be made December 15 at each associate's December 15 rate of pay.

In a letter to the firm's associates, A. W. Hughes, president, said the payment was based upon the Company's results for 1953. "We are particularly happy to be able to make this payment as a result of what has been accomplished this past year," he said. "The possibility of future payments of course will continue to depend upon year to year results."

The payment is in addition to regular Company provisions for associates' benefits, including Sick benefit, Gratuitous Death and Dismemberment benefit, Thrift and Profit-Sharing Retirement Fund plans, discounts on Company purchases and others. It is the seventh to be made since the end of World War II.

Population of State up 33,000 Since 1950

Minnesota's population gained 33,000 persons or 1.1 percent—between the last census April 1, 1950, and July 1, 1952, the census bureau reported last week.

During the same period the national population increased from 150,697,361 to 155,767,000 despite losses in 10 states.

North Dakota and Iowa showed a decline. The loss in North Dakota was 17,000, in Iowa 13,000.

Wisconsin gained 74,000, or 2.1 percent, and South Dakota, 5,000, or .7 percent.

Other states which showed population declines during the period are Maine, New Hampshire, Vermont, Tennesee, Mississippi, Arkansas, Oklahoma and West Virginia.

An analysis of the census bureau's reports caused the Minnesota state department of business development to predict that by 1960 Minnesota's population growth will be greater than that of any other Upper Midwest state.

Lowell Marsh, department research director, said the bureau's estimates present a case for optimism about Minnesota's expending population and markets.

"Further optimism is within reason," he said, "if factors are considered which were not included in the bureau's purely mathematical calculations.

"These include the population potential produced by North Dakota oil boom since the bureau's estimates were devised."

Minnesota, he said, already is experiencing a population lift because of the taconite developments across the iron range and along the north shore of Lake Superior.

This is bound to affect Minnesota's economic future and population trend, he said.

TOLL ROADS GAIN FAVOR

As a means of controlling traffic congestion, the trend to construction of toll roads has reached eleven states where such highways are planned or completed, the American Peoples Encyclopedia 1953 Yearbook reports.

Bar Cites New Law for Paying Jurors

To Get Compensation of $6 a Day after Jan. 1st

About 12,000 citizens are called each year as prospective jurors in Minnesota's district courts. Many more are called for municipal court jury service.

The Minnesota State Bar Association said today that an improved law which will take effect January 1, 1954, will make jury service more attractive to the average citizen.

Many persons ask to be excused from jury service because they feel that the compensation does not warrant their taking time from their business, home, or family. This is not a legitimate excuse, since jury duty is a part of every citizens' obligation to his country and is a counter-obligation to the rights we enjoy. When you are chosen as a juror, for a short time you are a part of the governmental machinery of the state for the settlement of a lawsuit.

However, it is hoped that the new law will encourage you to fulfill your duty more conscientiously when called as a juror.

The new law provides that each juror and each talesman—or person waiting to be empanneled on a jury—be paid at the rate of $6 per day. Under the new law, compensation for mileage also will be allowed at the rate of 7½ cents per mile. The transportation rate is that applicable to state employees.

The new law will correct inequalities of the law now in force. Under the present law, compensation for jurors ranges from $3 to $5 per day and varies from county to county. In many counties jurors are paid inadequate mileage or none at all. The present law also does not allow talesmen to be paid for the time they have spent in waiting to be put on a jury, unless they are later empanneled.

Your willingness to serve as a juror should not, however, be based merely on the financial aspects of jury duty. As long as there are free men, there will be jury trials. As long as there are jury trials, there will be a need for well-qualified jurors.

District Rally of VFW to Be Held in R. L. Falls Sunday

A Ninth district rally of the Veterans of Foreign Wars will be held in Red Lake Falls Sunday, Dec. 5, under the auspices of Red Lake Falls' Post No. 5628 according to an announcement made Monday by Commander Iro Loeffler.

Call for the meeting has been issued by Oscar Hopstad of Detroit Lakes, district commander and Sigwell Wood, district adjutant of Detroit Lakes. Registration will begin at 9:30 a. m. in the American Legion club rooms and the business session will start promptly at 1 p. m.

The Women's Auxiliary will meet at the Community hall at 1 p. m. The two organizations will have a joint dinner at the Community hall dining room at noon. The women of the Red Lakes Falls auxiliary unit will serve.

Holiday Shopping Adds to Hazards of Pedestrians

"There are 19 shopping days left before Christmas, as most shoppers realize, but how many of them will be 'safe walking' days?"

That was the question asked today by A. V. Rohweder, president of the Minnesota Safety Council. The question can only be answered by each individual walker, according to Rohweder, and the answer will depend entirely upon each person assuming the responsibility for his own safety.

In the opinion of Rohweder, too many people take too many chances with their lives, especially during the busy pre-holiday season.

"From my own personal observation," he stated, "it is very evident that walkers are particularly careless at Christmas time. They're so preoccupied with shopping, holiday and traveling plans that they give little heed to getting to their destination safely. They walk along with vision blocked by piles of packages and they cross busy streets without looking out for oncoming cars. How can they expect to stay alive?"

Rural Art Show Program Set for University Farm

Minnesotas' country and small town artists will have an opportunity to exhibit the products of their talent at the third annual Rural Art Show to be held Tuesday through Friday, January 12-15, on the University's St. Paul campus.

The show will be held in the new agriculture library, during Farm and Home Week, January 12-15, according to J. O. Christianson, director of short courses and chairman of the 1954 Farm and Home Week committee.

Chairman of the art show is Harald Otsvold, librarian on the Institute of Agriculture campus.

Anyone living in the country or in a town of less than 10,000 population in Minnesota is eligible to enter as many as five original paintings, sculptures, drawings or wood carvings.

Art submitted will be examined by authorities and the best and most interesting works selected for exhibition. Application blanks are available from Harold Ostvold, Chairman, Rural Art Show, Library, Institute of Agriculture, University of Minnesota, St. Paul 1.

County Engineers Set 9th Institute

Bituminous surfacing, prestressed concrete and personnel problems will be the main subjects discussed by Minnesota's county engineers at the ninth annual institute at the University of Minnesota December 7 thru 10. Outstanding national authorities on these subjects will speak at the sessions which annually attract virtually every county engineer in the state. Cooperating in the institute are the Minnesota Association of County Engineers and the Minnesota Highway Department, with this years' program presenting discussions on matters deemed most pressing by participants in last year's sessions.

SLAVERY FOR 1,500,000

An estimated 1,500,000 persons of the former republics of Estonia, Latvia and Lithuania have been sent into slave labor camps by Russia, it is reported in the 1953 edition of the American People's Encyclopedia Yearbook. Reports from the Baltic States indicate that they are little more than Russian colonies.

Hey Kids!
MAKE YOUR OWN CHRISTMAS DECORATIONS
. . . from our All-Aluminum Milk Bottle Caps!
CHRISTMAS BELLS
Cut small wedge to center of cap as shown (use scissors), then form bell with finger. String on colored yarn with knots between.
CHRISTMAS TREE LIGHT REFLECTORS
Cut hole in center of cap big enough for threaded end of bulb. Insert bulb through cap and screw into socket. DO NOT let your reflector contact base of bulb.
DISCS
Cut off outside edge of cap, then pierce hole in center. String on colored twine or yarn with knots between each disc.
STARS
Make heavy cardboard pattern of star and use it to trace stars on center of caps. Cut out stars and string on tree as shown.
Here's the way to make bright and colorful Christmas tree decorations—quickly, easily and with no strain on your allowance! All you need is a supply of our All-Aluminum Foil milk bottle caps, a pair of scissors and some colored yarn or twine. And you can make any number of different gadgets—stars, bells, reflectors and a great many more! Ask your milkman for a *free* instruction sheet on these and other decorations.
The All-Aluminum caps are strong, durable and convenient with no sticky paper lining. They are 100% sanitary, keeping your milk absolutely pure from the time it is bottled until you drink it. And they snap back easily over the top of the bottle, protecting your milk until the last drop is used!
Easy to Remove...
1. Place palm of hand on top of Closure and turn in either direction to break seal.
2. After the seal is broken, the Closure lifts off easily.

7 Directors of C. & C. Elected Last Thursday

Lively Discussion of TV Program Interference Features Noon Luncheon

Election of seven directors of the Civic and Commerce association, winners in a field of 14 nominees voted on in a mail ballot the preceding week, was announced at last Thursday's luncheon meeting by George Mostue of the election committee.

Named for two-year terms were Gordon Ballingrud, Sidney Lieberman, Kenneth Lindbergh, Dr. O. D. Beich, Don Olson and Jack Edmiston; while Clarence Mattson was elected for a one-year term. The board will meet Thursday, at which time officers of the C. and C. for the ensuing year are scheduled to be elected.

Speakers at last Thursday's meeting included Sgt. Neil Deemer of the state highway patrol, Floyd Makowski, chief operator at the highway patrol radio station in this city, and E. A. Hamerski, president of the Northern Blood Bank association.

Sgt. Deemer reported on Governor Anderson's campaign to promote highway safety, and cited the three E's in traffic safety: engineering, education and enforcement. He added that since the new highway radio network was set up, there has been a notable increase in the rapidity in which stolen cars are recovered.

Floyd Makowski discussed the question of interference with television reception reportedly caused by the operation of the local patrol radio broadcasting station. He said a number of complaints had been received from set owners in the city, and suggested that they have their television service men inspect their sets.

Dr. M. D. Starekow told of interference affecting the operation of his set, and expressed the hope that the men employed at the local station would cooperate in working out a solution of the problem. Assurances were given that all possible assistance would be forthcoming.

Also expressed in the discussion, in which several members took part, was the belief that the 300-foot patrol radio tower is improperly located in the southwest corner of the city, being in line with the direction from which come WDAY-TV broadcasts.

Concluding the lengthy program was an appeal made by E. A. Hamerski to C. and C. members and their employes to sign up as members of the Northern Blood Bank association, now in process of organization.

Joe Kulseth Found Innocent by Jury

Acquitted of Charge of Illegal Sale of Liquor

After deliberating for two and one-half hours, a petit jury in Pennington county district court Tuesday returned a verdict of not guilty in the case of the state vs. Joe Kulseth, who had been charged with selling liquor without a license.

Wilton Vettleson Monday changed his plea from innocent to guilty of a charge of nonsupport of a minor child, and Judge Paul A. Lundgren, who is presiding over the term, indicated that sentence would be pronounced this afternoon.

The jury Tuesday afternoon heard testimony in the case of Esther Dillon Fox vs. Darby Anderson, and the prospect was that the case would be completed this morning.

Kathryn Vorachek Wins High Honor at U

Miss Kathryn Vorachek, daughter of Mr. and Mrs. Charles W. Vorachek of this city, and a senior at the University of Minnesota, will receive one of the school's top honors when she will be presented with the "Little Red Oil Can" award at a school ceremony tonight.

The presentation will be made in behalf of the student council by Dr. A. A. Dowell, formerly superintendent of Northwest School at Crookston and at present director of resident instruction and assistant dean of the college of agriculture.

This will be the 38th successive year the "Little Red Oil Can" award has been conferred. It started in a spirit of fun when friends of Dean E. M. Freeman made such a presentation in 1916 in recognition of his outstanding contribution. The following year it was conferred upon President George E. Vincent prior to his leaving the University to take up a new assignment with the Rockefeller foundation.

From then on each year the student council has elected one outstanding student or faculty member, presenting the award in recognition of that person's general contribution to the school in leadership, religious and social as well as scholastic excellence.

Miss Vorachek is majoring in home economics. She has distinguished herself as a student and student citizen and has received several other awards in recognition of her work. Last year she was elected to Mortar Board, a high scholarship award.

Refrigerator for Blood Bank Comes to Local Hospital

Other Equipment Items Also Received Recently at Local Institution

Northwestern Hospital has received a Jewett blood bank refrigerator which is to be used for storage of blood in connection with the Northern Blood Bank association, Harold W. Peterson, administrator, stated today.

This cylindrical refrigerator has a capacity of up to 120 pints of blood, which will be entirely adequate for the needs of the area served by the hospital. The refrigerator is equipped with an automatic electrically operated alarm system, and is made to maintain constant temperatures between certain points required for the proper storage of blood. If at any time, temperatures fall below or above these limits, the alarm system will ring warning that these temperature changes are taking place. It is extremely important that definite temperatures be maintained for the proper storage of blood.

The hospital has also obtained three new Baby-Haven incubators of the latest type, which are now placed in the nursery on the maternity floor. These equipment items will replace old models that have been used for years and, it is believed will be conducive to greater safety in the care of babies in the nursery.

Also recently received by the hospital is a new Leibel-Flarsheim diathermy unit, which will replace out-moded equipment now being used in the hospital. These older models which operate on a wave length conflicting with television wave lengths will be discarded.

The above equipment is being purchased as a part of the equipment for the new hospital addition, and federal participation up to 45% of its cost is anticipated.

Northern Blood Bank Organizing Makes Progress

While the approaching holidays are interfering to some extent, organizational work in connection with the Northern Blood Bank association has made steady progress during the past week, E. A. Hamerski, president, announced this week. He added that a report on the number of memberships signed up will be compiled shortly. Charles Collins of Middle River, vice president of the association, was scheduled to give an explanatory talk on the project last night at a Farmers Union meeting at Gatzke.

Consolidation of Goodridge-Grygla Schools Proposed

Preliminary Discussion of Survey by State Held at Goodridge Tuesday

At a meeting held at Goodridge Tuesday night, school officials were told the most reasonable solution for the high school needs of the Goodridge-Grygla area appeared to be a consolidation of all districts in that area and the establishment of a new high school at a center-of-population point somewhere between the two villages.

The recommendation was made by Dr. O. E. Domian and S. W. Harvey of the University of Minnesota and was based on findings of a Bureau of Field Studies survey.

If such a plan were adopted the consolidated district would be reorganized on a six-six plan, the present schools being continued as elementary grade attendance units.

Copies of the 142 page report were presented to school officials for further study. Another meeting will be called in the near future for further consideration of the recommendations according to David M. Brown, superintendent of the Goodridge district.

TRF Creamery Volume Holds up Well in '53

Carl Torgerson, Fred Koop Retained on Board at Meeting Tuesday

Fully 200 members and patrons of the Thief River Falls Cooperative Creamery association attended the annual meeting Tuesday afternoon in the municipal Auditorium. Albert Hanson, president, conducted the meeting.

In the annual election of directors, Fred Koop and Carl Torgerson were retained for three-year terms. The board organized at the close of the afternoon by reelecting Albert Hanson president, Fred Koop vice president, and Otto Sa[illegible] secretary-treasurer. John [illegible]nesdahl is the fifth member of the board.

The shareholders approved a change in the by-laws, submitted by Attorney Robert A. Wurst, providing that the annual meeting of the association be held the second Tuesday in December instead of in February as in the past.

As a result of the earlier meeting date, the report of the past year's operations as read by G. [illegible] Bergland, manager, covered only the nine months from January 1 thru September 30.

The report revealed a highly satisfactory volume for that period. The plant's output included 706,313 pounds of butter and 143,307 pounds of cheese, in addition to 12,548 pounds of butterfat sold in the form of cream and 5,040 pounds sold in the form of milk.

An average of 70.42 cents per pound was paid for all butterfat in cream, and 85.82 cents for all butterfat in milk.

Two Fire Alarms

The fire department was called out twice last Wednesday morning, no damage being reported in either case. The first alarm was turned in from the George Busse residence at 313 Tindolph av. N., where an oil burner became flooded. A chimney fire brought the firemen to the T. Skjerping home at 208 Crocker av. S.

To Open Bids Dec. 22 on New Armory in TRF

Armory Commission to Take Bids in St. Paul on Long Awaited Project

A definite step toward the realization of the long-awaited Thief River Falls armory building project was taken during the past week when the Minnesota state armory building commission issued a call for bids on construction, which will be opened at the commission's office in St. Paul Tuesday, December 22, at 2 p. m.

In the event an acceptable bid is received, it is anticipated that construction will get under way next spring. In conformity with an agreement recently reached between the armory commission and the Thief River Falls city council, the site of the structure will be located on Highway 32 at Emil st. in the southwest section of the city.

The tract was recently deeded back to the city by the Northwestern Hospital association, it having been originally acquired by the Mercy Hospital association some years ago as the site for a new hospital. Plans were changed as a result of a decision to build an addition to the present hospital.

Plans and specifications for the project, prepared by Bettenburg, Townsend & Stolte, St. Paul architects and engineers, will be received today at the office of the Thief River Falls Builders Exchange, Mrs. Donna Robidoux, secretary, has been notified.

Plans also will be on file at Builders exchanges in Minneapolis, St. Paul and Duluth, as well as at Fargo and Grand Forks, N. D.

New Phone Books Go out Last Week

Copies of the December, 1953, Thief River Falls telephone directory, comprising 21 pages of listings together with a 50-page classified section, were mailed out to patrons of the local exchange last week. The list of names starts out with Grundy Aakhus and winds up with Melvin Zitzow.

Confers with Jolly Old St. Nick

The scene above was duplicated nearly 1,000 times when small children from thruout a wide area thronged into the Auditorium last Thursday, Friday and Saturday for visits with Santa Claus.

The thrilled youngster shown in the picture is Cory Dean Jensen, son of Mr. and Mrs. Rodney Jensen, 116 Markley av. N. Like all the others, he received a toy balloon and popcorn ball as a memento of the occasion.

Santa will again be stationed in the Auditorium Thursday, Friday and Saturday afternoons of this week from 2 to 5 p. m.—Kavanaugh Studio photo.

Lincoln High PTA Group Organized Tuesday Evening

Officers to Be Elected at Meeting January 5; Public Invited to Join

A meeting called by the local PTA council to organize a high school parent-teacher association was held Tuesday evening at Lincoln High School, and was very well attended by both parents and teachers. Rev. E. C. Mead served as chairman, and secretary pro tem was Mrs. Melville Simon.

In calling the meeting to order, Rev. Mead stated that the organizing of a cultural, educational group of those interested in students of high school level would have a resulting influence which would be wholesome and healthful.

Mrs. Ray Edlund of Hallock, president of District No. 16, gave an informative talk on the High School Parent-Teacher Association. She stated that high school PTA groups are increasing steadily throughout the United States. In structure and programs these groups are different than the elementary PTA groups as they cover a larger territory and also outlying districts.

Kalmer Osthy, principal of Lincoln high school, indicated that there is a definite need for a high school PTA. He said it would bring the parents and

Red Lake Falls Airman Is Killed

Dean Converse Dies in Plane Crash in Pacific

Lt. Dean Converse of Red Lake Falls was killed Thursday when his plane crashed into the Pacific ocean off Long Beach, Calif., the Pacific fleet air force said Saturday at San Diego.

Converse was the son of Mrs. Mary Converse, Red Lake Falls.

Converse was piloting a Grumann Guardian anti-sub plane when it crashed. He was flying from the escort carrier Rendova and was attached to anti-sub squadron 37 at the Los Alamitos naval air station.

His widow lives at Long Beach.

Following a lengthy conference Tuesday afternoon with Mac Foss of M. O. Foss & Co., Moorhead architects, the Pennington county board at its December session voted to call for bids on construction of the projected new county court house, the bids to be opened Tuesday afternoon, January 26, at 2 o'clock.

The board approved plans and specifications for the project after making a few minor changes. Plans call for a building 145 by 64 feet in dimensions, slightly larger than the 140 by 62 feet specified originally.

In other business, the board appointed Herman A. Kjos, judge of probate, to succeed the late Dr. O. F. Mellby as a member of the Oakland Park sanatorium commission.

A petition was filed for the improvement of County Ditch 35 located in Smiley and Silverton townships. Joseph Seidel was appointed project engineer to prepare preliminary plans for the work.

C. A. Jenson Heads Sons of Norway

Oil Firm Employes Join 20-year Club

Anton Hall, S. Bergland Presented with Watches

Anton Hall, for 22 years associated with the Thief River Falls branch of the Western Oil and Fuel Co. of Minneapolis, was admitted to the firm's Twenty-year Club at a dinner last Thursday evening in the Leamington Hotel in Minneapolis, and was presented with a handsome watch by Henry M. Baskerville, president of the company.

Also admitted to the club and given a watch was Steinar Bergland of this city, another 22 year employe of the company, who was unable to attend the dinner.

Hall has been in the oil business in Thief River Falls for 28 years, dating back to 1925 when he was employed by the Peoples Oil Co., which was later taken over by the Western Oil & Fuel Co.

First Subzero Reading Friday

This locality experienced its first subzero weather of the current winter last Friday morning, when a low of —1 was recorded on the KTRF thermometer, followed by —2 Saturday morning. The week's high reading of 32 was recorded Monday afternoon. The only measurable snowfall of the week was two inches which arrived last Thursday.

Holiday Decorations Lend Festive Aspect to the Downtown District

With holiday shoppers visiting local stores in increasing numbers the Christmas atmosphere has been very much in evidence in Thief River Falls during the past week.

Holiday street decorations were installed last week in the business district, and were lighted for the first time last Wednesday evening, creating a festive effect. In addition, numerous buildings have been decorated with holiday lights.

For the convenience of area shoppers, Thief River Falls stores will remain open until 9 p. m. Friday and Saturday evenings of this week, as well as next week, and also will remain open Monday thru Wednesday evenings, December 21 to 23.

Grocery stores, however, will not remain open the next two Saturday evenings, and in Christmas week will be open only on Wednesday evening, December 23.

Santa Claus will make his final pre-holiday visits to Thief River Falls Thursday, Friday, and Saturday afternoons, December 10, 11 and 12, being stationed in the municipal Auditorium from 2 to 5 o'clock.

Santa had an opportunity to get acquainted with approximately 1,000 children from thruout this area when he made his first appearance here last Thursday thru Saturday. Saturday was his busiest day, with nearly 600 youngsters calling to confer with him and to receive toy balloons and popcorn balls.

Santa receives his little friends against the background of a little log cabin, flanked by evergreen trees.

Large Audience Enjoys Christmas Concert Sunday

Lincoln School Choir and Glee Club Presents Story of the Nativity

The resources of the vocal section of the Lincoln high school music department were amply demonstrated to a large audience in the school auditorium Sunday evening when the high school choir and glee club presented "Song of Christmas," a story of the nativity.

The songs and accompanying tableaux were presented against the attractive background of a simulated lighted church window. The young singers gave a highly pleasing performance.

Soloists included David Thompson, baritone; Durelle Newbury, Floydean Litstrom, Gail Brown and Yvonne Rodahl, sopranos; and Gene Braisch and Darrel Rude, tenors. Lyle Guttu served as narrator, Ara Peterson played the chimes, and speaking parts were taken by Patricia Wold, Don Ueland and Wayne Gunderson.

Devera Borchert and Janet Nelson were the accompanists, while Miss Marlys Carlander served as music director; Miss Godelyn Troumbly art director; and Miss Patricia Hoffman speech director.

Florence Ness Becomes Bride of Glen Hammer

Florence Peggy Ness, daughter of Mr. and Mrs. Alfred Ness of Middle River, became the bride of Glen Alden Hammer of Seattle, Washington, on Nov. 28. The wedding took place in the First Lutheran church at Middle River, with Rev. C. O. Hanson officiating at the double ring ceremony. Miss Sandra Searle was organist.

The bride wore a white ballerina length gown of ruffled net over satin with bodice of lace. Her fingertip veil was edged in lace and she carried a bouquet of red roses and baby 'mums. Bridesmaid was Mrs. O'Neill Rude of Badger, cousin of the groom, who wore an aqua dress of net over satin and carried a bouquet of assorted baby mums. Her rhinestone earrings were gifts of the bride. Mr. O'Neill Rude was best man.

Waitresses at the reception given by the parents of the bride in the church parlors were Donna Nelson and Fern Curtis. Prior to her marriage the bride was employed at the Hotel Coffee Shop in Thief River Falls. The couple will make their home in Roseau.

Newcomers Club Plans Christmas Party

The Newcomers Club will hold its Christmas party this evening, December 9, in the Woman's Club rooms. All members are urged to attend. Hostesses will be Mrs. Ormond Johnson and Mrs. Paul Bedard, and the entertainment chairmen are Mrs. E. C. Engquist and Mrs. Bob Haas. Small gifts will be exchanged.

At the November 11 meeting of the club held at the Erwin Ferber home, Mrs. Curtis Harris was awarded the door prize. Mrs. Max O'Mella was assisting hostess.

Wabeganisin Club Has Meeting at Bennes Home

The Wabeganisin Garden Club held its regular meeting at the Lloyd Bennes home Tuesday, Dec. 3. Games supervised by Mrs. Paul Lundgren and a talk on the care of house plants by Don Lawrence were the highlights of the evening. The next regular meeting will be held at the home of Mr. and Mrs. R. J. Dryden with election of officers on Jan. 5.

Ninth Birthday of Nancy Stenegaard Noted

A group of relatives and friends gathered at the Hans Stenegaard home after school last Wednesday to celebrate the ninth birthday of Nancy Stenegaard. Games were played by the youngsters and prizes awarded to the winners. Nancy was presented with a large variety of gifts from the assembled guests. Those present included Judy Bambeck, Pamela Ihle, Susan Starekow, Joy Noel, Mrs. Mark Olson, Phyllis, Judith, and Wayne Olson, Mrs. Pearl Iverson and Judy, Mrs. Helen Wedul and Jerry, Mr. and Mrs. Oscar Bakke and Nita, and Ellen Hendrickson. At five-thirty Mrs. Stenegaard served a luncheon which featured two decorated birthday cakes.

Ruth E. Stewart and Brian Walker Married Nov. 21

Mr. and Mrs. Ray V. Stewart of Cohasset, Minnesota, announce the marriage of their daughter, Ruth E. Stewart, to Brian G. Walker, son of Mr. and Mrs. James E. Walker of Thief River Falls. The wedding took place November 21 in St. Joseph's Catholic church at Grand Rapids, with Rev. Father Nicholson officiating.

The bride wore a two-piece dress of pink faille trimmed in pearls and rhinestones, with matching accessories and an orchid corsage. Her attendant was Mrs. James J. Walker of Grand Rapids, who wore a two-piece dress of light blue faille, also trimmed with rhinestones and pearls and complemented by an orchid corsage. Homer I. Bastian of Grand Rapids attended the groom.

Mrs. Stewart attended her daughter's wedding in a purple faille dress, and the groom's mother wore a navy blue silk dress. A corsage of roses completed each costume.

After the reception at Redding's dining room, the couple left on a brief trip to Brainerd, Minnesota. The bride is a graduate of the Grand Rapids high school and Bethany College in Mankato, and is employed by King Lumber Co. of Grand Rapids. The groom is a graduate of the Thief River Falls high school, served three years in the U. S. Marines, and is employed by the Hallet Construction Co. at Grand Rapids.

Dorothy Huseth Becomes Bride in Church Ceremony

In a double ring ceremony in Trinity chapel Saturday afternoon, November 28, marriage vows were exchanged by Dorothy M. Huseth, daughter of Mr. and Mrs. Erick Huseth of this city, and Mr. Merris R. Olson, son of Mr. and Mrs. Edwin Olson of rural Thief River Falls. Rev. G. S. Thompson officiated at the double ring ceremony before an altar decorated with baskets of gladiolas and 'mums. About fifty relatives and friends were in attendance.

Miss Janet Nelson was pianist for the occasion and accompanied Durelle Newbury as she sang "I Love You Truly" and "O Perfect Love".

For her wedding, the bride chose a beige knit dress with black accessories, accented with a corsage of yellow carnations centered with a purple orchid. Miss Glenyce Lendobeja, maid of honor, wore a brown and beige knit dress, with accessories in matching colors. Her jewelry was a pair of gold earrings, a gift of the bride, and her corsage consisted of yellow roses and yellow carnations.

Richard Olson, brother of the groom, was best man, and the ushers were Erling Olson, also a brother of the groom, and Donald Jorde, cousin of the groom. The groom wore his Navy uniform and the other men of the bridal party were attired in business suits, each with white carnation boutonnieres.

For her daughter's wedding the bride's mother wore a navy blue dress, and the mother of the groom wore black, with identical corsages of tangerine roses and yellow carnations. The groom's grandmother, Mrs. Lena Olson, also wore a black dress, with a corsage of tea roses and carnations.

Following the ceremony, a wedding dinner was given by the bride's parents in the Terrace room of the Rex Cafe. Centerpiece for the table was a three tiered wedding cake, topped with wedding bells and a pair of white doves. Lighted candles and small baskets of 'mums and gladiolas otherwise decorated the table. Donna Ballingrud, Marlys Thom, and Mrs. Luverne Olson arranged the gift table, and Gloria Schenke was in charge of the guest book.

After a brief wedding trip to Detroit Lakes, the newlyweds returned here, and the groom has now left for San Diego, Calif., where he is stationed with the Navy. His bride will join him later.

Out of town guests at the wedding were Mr. and Mrs. Gordon Froseth of Minneapolis; Mrs. Harry Huseth of Spokane, Washington; Mrs. Luverne Olson of San Diego, California; Mr. and Mrs. Vernon Erickson and son Warren of Grand Forks; Miss Glenyce Lendobeja of Minneapolis; and Miss Marlys Thom of Moorhead.

Miss Evelyn Melin Married Nov. 7 in Palmer, Alaska

Miss Evelyn Melin, daughter of Mr. and Mrs. Henry Melin of Red Lake Falls, and George Hermon, son of Mr. and Mrs. John Herman of Palmer, Alaska, were united in marriage at a candlelight ceremony in St. John's Lutheran church in Palmer, Alaska, Saturday evening, November 7. Rev. Imme read the double ring service in the presence of approximately one hundred wedding guests.

Mrs. Earl Barry presided at the organ. Preceding the ceremony, Janice Barry, friend of the bride, sang "O Promise Me", and while the couple knelt at the altar, she sang "The Lord's Prayer".

The bride wore a gown of white satin, styled with long tapered sleeves, beaded bodice, sweetheart neckline, and long train. Her three-quarter length veil was edged with three rows of wide lace. White carnations made up the bride's bouquet, and her jewelry consisted of a pearl necklace with matching earrings, gifts of the groom.

Mrs. Frank Hoffman, matron of honor, was gowned in yellow net over taffeta, and carried a bouquet of white carnations. The groom was attended by his brother, Ben Hermon, and the ushers were Larry McAllister and Frank Hoffman.

Mrs. Hermon attended her son's wedding in a brown suit with a corsage of carnations.

Following the ceremony the wedding guests were entertained at a reception in the church parlors. Mrs. Bill McAllister cut the wedding cake and Patricia Cromett poured. Waitresses were Mrs. Marty Sherman and Patricia Cromett.

The bride is a graduate of Lincoln high school of Thief River Falls, class of '49, and attended Bemidji State Teachers college for two years. The groom graduated from the high school in Palmer, Alaska, and attended Colorado University, Boulder, Colorado, before entering the service. Since his discharge from the armed forces in November this year, he has returned to his former employment with the Alaska railroad. After a brief honeymoon, Mr. and Mrs. Hermon are making their home in Anchorage, Alaska.

Fourth Birthday of Forrest Anderson Celebrated

Mrs. Curtis Anderson entertained four little guests last Wednesday afternoon in honor of the fourth birthday of her son, Forrest. Games were played and lunch was served at a table decorated in the circus theme with a merry-go-round cake as the centerpiece. The children were served individual cakes with candles and ice cream clowns, and favors were toy animals. Those present in the afternoon and who presented Forrest with gifts were Patty Lynn Melby, Erin Carlson, Darold and Alvina Nordvick. Supper guests that evening who also brought gifts for Forrest's birthday were Cyril and Donna Monks, and Glenn, Ronny, and Arlee Nelson.

Nels Floms Note Silver Wedding at Open House

Mr. and Mrs. Nels Flom observed their twenty-fifth wedding anniversary with open house at their home Sunday. More than one hundred friends called during the afternoon to congratulate them.

Table decorations consisted of bouquets of white 'mums and red carnations, and white candles trimmed with silver ribbons and poinsettia. The wedding cake was topped with a silver wreath and held a silver "25" in a white bell.

The couple received a beautiful bouquet from their son, Naval Cadet Hewitt Flom, who is stationed at Corpus Christie, Texas. Their daughter, Kathryn, who attends high school here, was present for the occasion. Another bouquet was received from Duane Lawrence of this city, who is attending the AC at Fargo. A Christmas tree-shaped candle holder which held seven candles was a gift from Brooks and Brian Mostue. Mr. and Mrs. Flom were the recipients of several gifts as well as a purse of money.

The following out of town guests attended: Mr. and Mrs. Elmer Aavig, Mr. and Mrs. Orville Myrvik and Mavis, and Harold Flom, all of Milton, N. Dak., Mr. and Mrs. Lawrence Folkers of Larimore, N. Dak.; Mr. and Mrs. Jack Quam and Mr. and Mrs. Joe Fredrickson of Petersbuurg, N. Dak.

W. C. T. U. News Notes

"Living by Giving" was the theme for the December meeting of the Womans Christian Temperance Union held at Our Savior's Lutheran church Friday evening, Dec. 4. This being the month for Missions, Mrs. Torkel Ose, director was in charge of the program. Mrs. Melvin Thomas, president of the local Union, presided.

Rev. J. Helland read scripture and prayer after which Rev. Lloyd Sands, missionary from French Cameroun, West Africa, showed colored films of their work in the mission field. Mrs. Sands was narrator and made many interesting comments about their daily life. The main food is similar to our tapioca and is pounded in bowls like the early settlers. Mrs. Sand's work in the dispensary is one of her great contributions.

The Sands left for Moorhead where they are staying while on leave.

Another department director, Mrs. Earle Ripley, asked for and received a large assortment of cookies and candies which will be sent to the Hospitality House in Minneapolis. This work comes under Soldiers and Sailors welfare.

A silver speech contest was held Sunday evening at Luther League meeting of the Rindal Church. James Bowman, son of Rev. and Mrs. J. Bowman of St. Hilaire was awarded the medal for his selection. There was an excellent attendance. Lunch was served following the meeting.

Veterans Will 'Shop' from Hospital Beds

Christmas shopping will be done from hospital beds again this year when the American Legion auxiliary department of Minnesota opens its annual "Christmas Gift Shop" in 16 hospitals throughout the state where veterans are hospitalized.

Carts will be loaded with gifts which have been contributed by the various auxiliaries in the state and wheeled to rooms of bedridden patients so that they may make a selection. Auxiliary volunteer hospital workers will be on hand to man the carts and assist the patient with wrapping and mailing the gifts.

Postage, cards and wrappings are also furnished by the auxiliary. Patients who are able, go thru the gift shop and make their own selections. All gifts are free to the patients and to these veterans this is the only means of getting gifts to send home as they are not allowed out of the hospital.

The Ecklund-Holmstrom unit of Thief River Falls sent a box of various beautiful gifts donated by the members and local residents. In the name of the Veterans the Auxiliary wishes to thank all who donated to this project, said Mrs. M. R. Levorson, rehabilitation and child welfare chairman for the local unit.

Cars Damaged in Two Collisions

A car driven by Clarence Dicken, while going north on St. Paul av. Friday afternoon, was involved in a collision with one driven by Mrs. Clifford Olson, who was traveling west on Gulf st. Police estimated the damage to the Dicken car at $100, and to the Olson car $35.

A car driven by Ed Dvorak of Warren, while backing away from the curb on Horace av. Tuesday morning, was hit by a truck driven by Kenneth Borsheim. Damage to the Dvorak car was appraised at $118, and to the truck $35.

Minor damage also resulted from several other collisions during the week.

Tuberculosis Not Yet Whipped, Says Yule Seal Leader

Herman Kjos, Chairman of Pennington Co. Sale, Urges Campaign Support

If all the Minnesota people who died of tuberculosis last year had come from one community — then a village the size of St. Hilaire would have been almost completely wiped out.

And if the nation's tuberculosis deaths had all been concentrated in this area, then no one in Pennington and Clearwater counties would now remain alive.

These statements from the Minnesota Tuberculosis and Health association were quoted this week by Herman A. Kjos, Christmas Seal chairman, to point out that "there is still a long way to go before tuberculosis will be eradicated." Minnesota's TB deaths last year totaled 208, and 2,230 new cases were reported to the health department. Nationally, the death figure was 25,000.

Biggest job of Christmas Seal organizations is to help promote and finance hunts for unknown cases, the local chairman said. Funds raised in Pennington county will help pay costs of tuberculin tests and chest x-rays and will also finance year-round education to inform all people about TB and the importance of regular health check-ups.

The annual Christmas Seal sale began Nov. 16 and continues through December. Many county residents have sent in their money for seals, the local chairman reports. "Every mail brings more returns. We hope everyone will help make it possible to carry on an all-out program to wipe out tuberculosis in Pennington county."

Last Lincoln Cage Game Preceding Holidays Dec. 15

The Prowler basketball team will meet the Fosston high school quint in the Lincoln high school gymnasium next Tuesday evening, December 15. In addition to its being the final contest preceding the Christmas holidays, it will also mark the last appearance of Robert S. Harmon as director of the colorful Lincoln school marching band previous to his departure late this month with his family for Middletown, New York.

teachers together and create a better situation than has existed. It would also create a closer contact with problems that do arise in the school and community.

Action was taken by the group that a high school PTA unit be established and the following were appointed to the nominating committee: Mrs. Quentin Jones, Mrs. Mabel Green, Mrs. Carl Wennberg, and Theodore Hellie. If possible a double slate of officers will be presented at the next meeting and election will take place.

A by-laws committee includes Quentin Jones, Steve Austin, Miss Patricia Hoffman, Mrs. Melville Simon, and Rev. E. C. Mead.

The first high school PTA meeting will be held on Tuesday, January 5th, 1954 at Lincoln high school. Members will be enrolled and dues taken. Parents and teachers are urged to see that this organization succeeds its goal and purpose, and to invite others to join in making the high school PTA really effective. Any civic minded adult or high school student may become a member.

Jehovah Group to Attend Assembly

Thief River Falls will be represented by a delegation of ministers at a three-day assembly of Jehovah's Witnesses, International Falls, December 11-13. C. Sanderson, presiding minister and head of the delegation, announced today that the group will be joined at the assembly city by 20 other congregations from Northern Minnesota.

The assembly will consist of three days of Bible talks, discussions and demonstrations and concentrated gospel preaching in the area.

The three day program will be enhanced by participation of a Watchtower Society representative, C. W. Reiger, from New York.

Plans Completed for FU Christmas Party on Sunday

Action officers of Farmers Union Local No. 58, met on Friday evening, Dec. 4th at the Sam Mosbeck home.

Plans were made for the next meeting and Christmas party, to be held on Sunday evening, Dec. 13th at the St. Hilaire school gym.

Juniors and reserves will be in charge of the program and recreation. Home made candy will be sold and lunch served.

JOSEPH SEIDEL ATTENDS ENGINEERS' INSTITUTE

Crookston Woman Is Found Innocent of Murder Charge

Jury Returns Verdict of Not Guilty Because of Temporary Insanity

A district court jury of nine men and three women in Crookston, Thursday, acquitted Mrs. Dorothy Johnson, 29, of a first degree murder charge in connection with the death of a newborn daughter.

The jury deliberated slightly more than five hours before delivering a verdict that Mrs. Johnson was "not guilty on the grounds that she was insane at the time the offense was committed."

The verdict clears Mrs. Johnson of the possibility of serving time in a penal institution but Judge J. H. Sylvestre said that because of the nature of the verdict she would have to be committed to a mental institution.

Mrs. Johnson, mother of three small children, was indicted by a grand jury June 30 after the body of the newborn girl was found in the basement of the Johnson home in Crookston June 6.

During the trial, Mrs. Johnson testified that she vaguely remembered the baby being born and that she didn't know how it died. Witnesses for the prosecution testified the infant had been strangled.

The trial was under way before Judge Sylvestre for four days. Nine witnesses were called by the state while Mrs. Johnson and her husband, the Rev. Kenneth Johnson, were the only witnesses for the defense.

Rotary Hears Talk on Salvation Army

Lieut. Weir Speaks and Shows Movies of Work

Lieut. Weir, in charge of the Thief River Falls unit of the Salvation Army, was guest speaker at the Rotary club luncheon Monday noon in the Elks club rooms. He discussed the work being done by the organization in this community, and presented motion pictures descriptive of its activities in various parts of the country.

Another speaker was Ralph Skjod, Lincoln high school athletic coach, who briefly discussed the outlook for the Prowler basketball team. Skjod also expressed his thanks and those of members of the Prowler football team for the free trip to the Minnesota-Wisconsin football game in Minneapolis recently given the team and coaches by the Rotary club.

Withholding Tax Changes Jan. 1st

Rate to Be Reduced from 20 Per Cent to 18 Pct.

Commissioner of internal revenue T. Coleman Andrews has announced in Washington that the law provides for changes on January 1, 1954, in the rates for federal income tax withholding and for employer tax and employe tax under the federal insurance contributions act (for old age and survivors insurance).

This was reported today by district director of internal revenue A. R. Knox, who explained that the rate of income tax withholding will be reduced from 20 percent to 18 percent and that the law increases the employer tax and the employe tax from 1½ percent for each tax to 2 percent for each tax.

"These rates will apply to wages paid on or after January 1, 1954, even though the wages were earned in 1953," Director Knox added.

"Tax tables for income tax withholding and for employee tax deductions on and after January 1, 1954, are included in a new revision of Circular E, Employer's Tax Guide. This new revision will be mailed Friday, December 11, to some 70,000 of those employers who have been reporting the taxes each quarter on Form 941."

Kjos Named Head of Masonic Lodge

Elected Last Thursday Succeeding Bert Mosleth

Herman A. Kjos was advanced to the post of worshipful master, succeeding Bertrum Mosleth, in the annual election of officers conducted last Thursday evening by Northern lodge of Masons.

Others elected include Robert Bell, senior warden; Renie Werner, junior warden; C. E. Hellquist, secretary; C. W. Vorachek, treasurer; C. W. Pope, trustee for a three-year term; and A. F. Berge, trustee for two years.

Kjos will announce the names of appointive officers in advance of the installation, which has been scheduled for Wednesday evening, December 30.

With the County Agent

By William Penning
Pennington Co. Agent

How are the old hens doing now that the weather is starting to get cold? Cold weather or any extreme weather conditions can be used as a window to peek in at our management. I mean, that if you find a great fluctuation in egg production during adverse weather conditions, there is something wrong with your poultry management. I am sure I could never write in my column all the management factors that might cause this, but I will try to list a few.

Housing Is a Factor

Extreme temperature change in the laying house is a cause for fluctuation in egg production. It does not take expensive housing to make your hens comfortable. Remember that a little "horse sense" is worth many dollars. I will recommend some insulation materials to keep your hen house warm and your expense low. Chopped flax straw, chopped wheat straw, and planer shavings are the most effective home-processed insulating materials. Sawdust and ground corn cobs are also used, but they are not as effective because they absorb moisture readily and settle too much. To keep rats, mice, and other vermin from home processed insulation, use powdered slaked lime in the insulating material.

It is necessary to protect the insulation material from becoming wet. The insulation can become wet from the outside of the house in, or from the inside of the house out. By this I mean, rain can leak into the insulation material from the outside, so put up a tight outside wall with building paper as a moisture barrier.

Then the most important thing in guarding against wet insulation material comes next. how do we keep the insulation material from becoming wet by vaper laden air on the inside of the laying house? Put a vapor barrier (this is not the same as tar paper, but a vapor proof paper) between the inside wall and the insulation material. When you have done this you are ready to start a ventilation system and this will keep the temperature of your laying house much more even than ever before. If you want more information, ask me for the bulletin on Insulation and Ventilation.

Balanced Rations Very Important

Laying hens are one of the critical of all the farm animals in their feed requirements. They must have, for maximum production, protein, energy, fiber, water, mineral, vitamins and many unknown factors. The worst part of it is these ingredients that make up their daily ration must be supplied in the correct balance. That takes a heap of doing, but it can and must be done.

There are various ways of doing it. You can feed a straight laying mash of about 15 or 16% protein. You can feed a 20% mash plus a limited amount of scratch grain. The 1st popular feeding method is a 26% or higher grain balancer mash that is fed free choice with farm grains in a separate feeder. You can buy any of these rations ready mixed at your favorite feed dealer or you can mix them yourself by following recommended rations that would be used by the good feed companys. If you would like more information on feeding, ask for "Hen Rations" by G. M. Briggs, H. I. Sloan, Cora Cooke and W. A. Billings.

I know this won't answer all your questions on chickens, folks, but I hope it helps some. If you have some problems, I will try to answer them for you.

An overhead valve V-8 engine developing 161 horsepower, a new type ball-joint front suspension and improved body styling are the major features of the 1954 Mercury. A new four-barrel carburetor has been incorporated for rapid acceleration and economical operation. A longer exterior appearance has been achieved by an extension to the rear quarter panel, new treatment of the side moulding and a more massive and distinctive front end grille assembly. A new instrument panel and more luxurious interior trims have been included. Shown here is the four-door Mercury Monterey sedan.

4-H CLUB NEWS

Kratka 4-H Club News

The Kratka 4-H club met Tuesday evening, November 24 at District 11. The meeting was called to order by Jimmy Wilson acting as president in absence of president and vice president. Joanne Johnson gave the secretary's report and also roll call.

Mrs. Adam Lendobeja, Mrs. Olson and Miss Marge Olson showed us how to make pretty Christmas gifts and decorations for the holiday season. Later, Mrs. Adam Lendobeja showed us movies of the local 4-H banquet and also scenes of the state fair in which local 4-H'ers participated. Community singing was done by all present.

Jimmy Wilson demonstrated on "How to Make a Table Centerpiece." Mary Ann Lendobeja gave a demonstration on how she made "Cherry Puff Trees." And Joanne Johnson gave a demonstration on "Accurate Measuring in Your Baking."

Eight new members joined our club. They are Ralph Dale, Sharon Wilde, Stanley Olson, Lee Mandt, David Parnow, Dennis Wilson, and Larry Anenson. The next meeting will be held in form of a Christmas party at District 11, on Tuesday evening, December 29. Names were exchanged by members. Prices of gifts not to exceed 30 cents. Each member is supposed to bring an ornament for the tree and take part in the program by giving some kind of recitation, poem, skit, play, or something like it. Smaller children may bring gifts and put them in a box and pull for "Grab Bag" presents.

Lunch was served by Mrs. Ted Lendobeja and Mrs. Gunder Olson.—Linda Mandt, reporter.

Deer Park 4-H Club

The Deer Park 4-H club met on November 27, at District 52. The meeting was called to order by the President Margaret Myrum. Our Christmas party will be held December 18, at District 52. Gifts are going to be exchanged between the members. Margaret Myrum was elected to be our song leader.

The program started by singing "Jingle Bells." Glorianne Myrum gave a talk on health habits. Jokes were read by Jerry Myrum and David Lundeen. A reading on safety was read by Wanda Lundeen. Loretta Lundeen gave a demonstration on fringing. Carol Mandt gave a demonstration on how to make a bed. A reading on "Our Thanksgiving Blessings" was read by Wanda Lundeen.—Wanda Lundeen, reporter.

Bemidji Quint Takes Prowlers, Tally ,70-52; G. Forks Here Friday

The Bemidji Lumberjacks served notice that they will make a stubborn defense of their eigth regional basketball championship when they defeated a highly-regarded Prowler team, 70 to 52, at Bemidji on Friday night.

Coach Ralph Skjod's Prowlers will conclude their pre-holiday schedule this week when they play a pair of games on the local court. On Friday night, Dec. 11, Fritz Engel and his Grand Forks Central Redskins will meet the Prowlers on the high school court; and on Tuesday night, Dec. 15, the Fosston Greyhounds, who defeated East Grand Forks, 31 to 26, last week, will be the opposition.

Bemidji, as has been their custom the past several years, employed an all-court press defense, and that system paid dividends in the form of "cheap" points. The Lumberjacks, playing on the big B. S. T. C. floor, had a considerable speed advantage over the rangier Prowlers, and converted misplays in to field goals.

The Prowlers opened the game's scoring when Bill Frahm taking a tip from Art Johnson, drove in for lay-up shot in the first seconds of play. Free throws by Elmen Johnson, Darrel Erickson, and Dick Carter pushed the Jacks' into the lead with 5:15 to play. Johnson hooked in a field goal, and when Frahm added a free throw the Prowlers, with the period half gone, held a 5 to 3 lead. Bob Parker, scoring the first of his period's four goals, looped in a long shot. Erickson moved Bemidji into the lead with a free throw. Jack Whiting hit on a jump shot from the lane. Bemidji pulled away to a 21 to 12 lead at the period's close.

The Prowlers, who never gave up during the entire contest, rallied in the opening minutes of the second period and with Frahm scoring a pair of field goals and two free throws, and Johnson and Gary Humes adding a pair of points each, pared the Lumberjack lead to five points, 28 to 23. Six Bemidji field goals, with Parker getting a pair, sent coach Bun Fortier's club to the dressing room with a 40 to 27 advantage at the intermission.

Coach Skjod's squad turned in their best play in the third period, outscoring the Lumberjacks from the floor, five field goals to four, and with each team scoring fourteen points.

In the final period, Bemidji's Gary Douglas erupted for four field goals and added three free throws to keep the game beyond the reach of the ever-striving Prowlers.

The game's high-point honors were won by the Prowlers' Bill Frahm, with the burly forward looping in six field goals and dropping in six free throws. Bob Parker, with seven field goals and a free throw, and Douglas, with six fielders and three free throws, shared scoring honors for the Jacks.

In the preliminary game, coach Jack Louma's Bemidji 'B' squad defeated the Prowler 'B' squad, 51 to 32.

Keeping Score with "Huck" Olson

They Run and Run and Run

Evidence is entering the basketball scorebooks that Coach Bun Fortier's Bemidji Lumberjacks are entitled to be rated as the 7th district's and the eighth region's number one team, and that the ever-rushing Jacks will be favored to make a successful defense of the title they won when they defeated the Fosston Greyhounds, 60 to 47, in the regional finals last year.

On Friday night, playing at Bemidji, the Jacks defeated the Prowlers, 70 to 52, and on Saturday night, playing at Grand Forks, Bemidji trounced Fritz Engel's Central club, 81 to 49. That's basketball at better than 75 points a game pace; and for high school play that's remarkable. What makes Bemidji's early season scoring spurt so noteworthy is the fact that Coach Fortier hasn't had to rely on one or two boys for the bulk of the Bemidji scoring. Against the Prowlers on Friday night, Bob Parker, Gary Douglas, and Jack Whiting scoring in double figures, with Douglas getting eleven points in the fourth period. On Saturday night at Grand Forks, and with Whiting and [illegible] Johnson pulled out of the game when the Jacks gained a big first period lead, Parker, Dick Carter, Bill Collard, and Douglas were the Bemidji scorers. Bun has a star-less ten-man squad down there this season, and his problem is to prevent the Jacks from developing an over-confidence complex.

We had a look at the Bemidji 'B' squad, too, on Friday night, when they handed the Prowler 'B' team a 51 to 32 defeat. Jack Louma's Bemidji 'B' boys, all of whom have sturdy legs and play the same harrassing style of basketball as the varsity, served notice that Bemidji will be a cage power for the next two or three years.

The one redeeming feature of the Prowlers game against Bemidji on Friday, and it pleased Coach Ralph Skjod, was that the locals did not give up. They battled the Jacks down to final buzzer, and they forced Coach Fortier to keep his Bemidji "first stringers" in the lineup throughout. The return game here on Feb. 13th, a Saturday night, should be a thriller.

Prowlers take to the Ice

After having had the boys doing skating exercises for a week or ten days on the ice at Walsberg's pond, Prowler hockey coach Dennis Rolle, on Monday afternoon, issued equipment to his squad and will begin formal drills this week. With the ice sheet in the Arena being readied by those two stellar icemen, Mouse Efteland and Chuck Dostal, it is expected that the high school squad will work out at the Arena on Wednesday or Thursday, depending, of course, on the freezing conditions. If the Arena ice is not available, the squad will practice on the outdoor rink on the river below the fire hall.

Losing but two players, goalie Bill Maruska and wing Mike Hajostek, by graduation, coach Rolle is well supplied with player-material. But the fact that there is an abundance of talent available doesn't make Rolle's task easy for it happens that coach Jimmy Doyle at Warroad has an all-veteran squad returning for this season's play. And it must be remembered that the Warriors, coached by Bernie Broderick, were finalists in the state tournament last year.

This year, too, only one team from this region will be eligible to enter the state tournament, so you can expect a terrific duel between Warroad and Thief River Falls, with Oscar Almquist's Roseau club being ready to pick up the chips if the Prowlers and Warriors "kill" each other off.

The Prowlers will open their 1953-54 schedule on Dec. 18th when they meet coach Bob May's Grand Forks Redskins on the Arena rink.

Miscellany

Phil LeGault had an anniversary this week, but it didn't bring back happy memories. Phil, on Dec. 7th, 1941, was on the U. S. S. California at Pearl Harbor when the Japs bombed that naval base. The California took two or three torpedoes and, according to Phil, if it hadn't been for the alert work of a water-tender, who opened the hatches and prevented the battleship from capsizing, it's doubtful if the Thieves popular left-hander would be around here.—Don't forget, the senior hockey Thieves open their exhibition schedule on Sunday when they play the Grand Forks Redwings at Grand Forks.—The St. Boniface Canadiens, Winnipeg's top-ranking junior hockey team, made a breakfast stop here on Sunday, being enroute to Winnipeg from Minneapolis, where they had swept a two-game series with the Gophers.

Thieves Make Debut Sunday in Grand Forks

Will Face Grand Forks Red Wings in Exhibition Tilt at 'U' Field House

The senior hockey Thieves will make their 1953-54 debut on Sunday afternoon when, in an exhibition game at Grand Forks, they meet the Grand Forks Redwings. The Redwings, with an all-veteran lineup, and having had the benefit of played several games against the Hibbing Flyers, will be favored to defeat the locals on Sunday. The game will be played at the Winter Sports Building on the University of North Dakota campus.

Coach Paul Bedard says that the game will be an excellent tune-up contest for the Thieves and will prepare the club for their league opener against the Warroad Lakers on Sunday, Dec. 27th. The lineup that will face the Redwings on Sunday is in a tentative stage, being dependent upon the "imports" that Church Russell will bring down from Winnipeg.

Judging by the practice sessions that have been held on the Arena rink this week, it is possible that coach Bedard will center a line that has Bud Brossoit and Swede Lund on the wings. Russell is expected to center the "import" line, with Bill Robinson at one wing, and with young Daryl Lund being given a try at the other wing. [illegible], Bob Amundson, Tony Dorn, and Lloyd Johnson will be on the "blue line". There has been some doubt as to Tony Dorn's availability for hockey this year, but it is hoped that game-time on Sunday will find the popular Tony on the blue-line for the Thieves.

If Jack McGill does not don the pads for Sunday's game, coach Bedard will undoubtedly call on Myles Thorson for goal-tending duty, and the former Prowler net-minder should do a capable job.

The Thieves have gained an addition to the squad in the person of Shickle Oveson, the former Roseau high school star. Oveson, who is employed in the city, has had considerable hockey experience, and he is well known to the fans in this territory.

63 Pct. of Northwest Hunters Shot Deer, Game Wardens Say

A preliminary report of the 1953 deer hunting success compiled from estimates made by 84 game wardens assigned to the 31 northern counties opened for nine days and eight southeastern counties opened for three days, indicates that the statewide success was 32 to 36 per cent.

The high estimates came from five northwestern counties where about 63 per cent of the hunters shot deer, and the low was reported in the southeastern counties where the average success was about 13 per cent.

The success ratio for all northern counties was 36 plus per cent with the three mid-northern counties of Beltrami, Koochiching and Itasca high at 40 per cent.

The hunting pressure was reported heavy in all open areas; the hunting conditions were fair to poor and the hunting success compared with last year was the same or slightly better.

Comment made by the hunters to the game wardens indicated that few hunters failed to see deer and most had one *or more shots. The dry* conditions and bright sunny days made for poor hunting conditions, but many hunters said that they had never enjoyed a deer hunting season as much as this year. It was the general opinion from reports and observation that more buck were shot this year than in an average season.

Final and official hunting success tabulations cannot be computed until the hunters' report cards and the county auditors' reports of big game license sales have been made to the game and fish division.

The hunter's report cards are due January 31 of next year, but since the big game season is now over it is suggested that each hunter send in his card at once.

Game managers urge the return of reports to aid in the collection of information about deer hunting and populations. Such information is necessary in the plans for future game management.

Badger Man Is National Sweet Clover Champion

Andy Erickson, Badger, is an international champion sweet clover raiser, according to Roseau County Agent Richard Radway. Erickson won the honor last week when he was informed that his sample of sweet clover won top honors at the International Livestock Show in Chicago.

Erickson submitted the sample, which had previously walked away with top honors at the Minnesota State Fair, and his sample was judged to be the best in the show.

In addition to his other work, Erickson is a member of the Roseau county board of commissioners, Northwest Breeders board of directors, the Badger creamery board, and has been a 4-H Club leader for years.

Electric power utilities and the steel industry together will use more than 200 million tons of bituminous coal this year.

Christmas Tree Fire Perils Cited

Fire Underwriters Board Gives Safety Suggestions

The festive act of "bringing in the Christmas tree" is also a potentially dangerous one.

That tree is highly combustible. Filled with pitch and resin, it will ignite very easily and burn so furiously that it is almost impossible to extinguish. Bringing it into the home brings in a definite and serious fire hazard.

To minimize the danger, the National Board of Fire Underwriters suggests some simple but effective safety precautions:

1. Choose a small tree. It's just as pretty and is less of a hazard than a large tree.
2. Keep it outdoors until a day or two before Christmas.
3. When you set it up, stand it in water . . . or use a live tree in a pot of earth.
4. Place the tree in the coolest part of the house, away from radiators, heaters or fireplaces. Don't let it block an exit. If it must go near a radiator, turn that radiator off.
5. Never use cotton or paper as decorations on or under the tree unless they are flameproof.
6. Never smoke or lay a cigarette, pipe or cigar down near the tree.
7. Don't set up electric trains under the tree.
8. Never trim it with candles; use only electric lighting sets. Be sure every wire and socket is in good condition. When buying new sets, look for the UL label which means they have passed Underwriters' Laboratories tests for fire and shock safety.

Road Problems to Be Topic Dec. 14

Detroit Lakes Meeting Called by Commission

The Minnesota Highway Study Commission will hold a regional meeting in the court house, Detroit Lakes, on December 14. The meeting will start at 10:00 a. m.

The commission was established by the 1953 legislature to study all matters relating to highways, roads and streets. The full 28-man commission recently held public hearings in the state capitol to hear governmental officials and highway users discuss their problems. At its last hearing the commission scheduled five regional meetings in Mankato, Rochester, Marshall, Detroit Lakes and Duluth. Interested persons in all sections of the state will have an opportunity to discuss highway problems.

County, township, city, village and state officials who plan and administer highway, road and street programs in the northern half of the state are urged to attend at least one of the meetings. Also, highway users (motor vehicle owners and drivers) are invited to discuss their own highway problems and to listen to the other complex problems in the state-wide highway system.

550 to Graduate from Minnesota U

Exercises Scheduled for Thursday, Dec. 17

University of Minnesota degrees will be awarded to some throp Memorial auditorium commencement exercises at Northrop Memorial auditorium Thursday, Dec. 17.

J. L. Van Volkenburg, president of CBS-television, New York, will deliver the commencement address, speaking on "Television—Extension School of a Democracy." A University alumnus, Van Volkenburg became television president in 1951. Since 1952, he also has been a member of the CBS board of directors.

Commencement ceremonies will begin at 8 p. m. with an invocation by the Rev. Lambert Mehl, pastor and director of the Lutheran student foundation, Missouri synod, on the campus. Preceding the principal address, University President J. L. Morrill will speak for the University.

All members of the graduating class and their families have been invited by President and Mrs. Morrill to attend a reception in Coffman Memorial Union after the exercises.

Young Greenbush Farmer Suicide Victim Nov. 30th

A young Greenbush farmer apparently took his own life Monday of last week by placing a .270 Remington rifle under his chin and firing. He was Roy Nesteby, 39, who had only recently remodeled his home, bought a new car and tractor, says the Roseau Times-Region.

Mrs. Nesteby had gone to Greenbush leaving her husband home alone. When she returned, he was not in evidence and she later went into the basement where she found him.

Nesteby had apparently test fired the gun as an empty shell, in addition to the one in the rifle, was found near the gun. A new box of shells was found in his overall pocket with two shells missing. The empties matched the make of shells in the box.

Roseau County Coroner Jack Delmore investigated the scene together with County Sheriff Sillerud, and both termed it a suicide.

PEACEFUL ADRIATIC?

A few weeks ago Mr. Tito of Yugoslavia was ready to declare war on Italy because he didn't like the way the disputed territory of Trieste was being divided. Troops of both nations were marched up to the international border and there was much huffing and puffing about what would have to be done or else. Last week the troops were ordered back from the border, both governments having agreed to submit their differences to a five-power conference. Hot heads have cooled and observers are hopeful that this troublesome old argument can now be resolved peacefully.

For many years Italy and Yugoslavia have been snarling at each other. Their neighborhood has been one of the world's danger spots that, with just a little provocation, could have exploded into a fighting war. And we know from sad experience how easily little wars are made into big wars.

There is reason therefore for all of us to rejoice as a peaceful settlement of one more dangerous dispute seems assured. Maybe another war has been averted.

AT THE CROSS-ROADS

Last week brought announcements of two new industrial developments in Minnesota. One of them gave assurance of the construction of another big manufacturing plant involving an investment of 300 million dollars. The other revealed the purchase of a large area as the site for a new oil refinery. Minnesota citizens took the announcements in stride. Big business and industrial expansion projects are no longer unusual in our state.

Last week's announcements do have special significance however. The 300 million dollar investment will build another taconite plant on the Iron Range. This will be the third one of its kind, built to transform what has been a worthless mineral into high grade iron. The 300 million dollar investment is another vote of confidence in Minnesota by the nation's biggest industry.

The spending of so vast a sum in the building of a plant will in itself create a little boom on the Range. The real benefit will be in the less spectacular operation of the plant however, providing a dependable payroll and adding to a much needed stability in northeastern Minnesota.

The selection of a site for a future refinery is also significant in that it anticipated pipeline connections with Dakota and Canadian oil fields. Geologists tell us Minnesota never will be an oil producing state. Pipelines can make it an important oil processing state, opening up another big field for industrial expansion.

Minnesota's development industrially has been retarded because of several obvious disadvantages. Our biggest handicap has been our off-center location nationally. Internationally and in terms of continental development we are centrally located. A permanent Iron Range industry, the harnessing of the Missouri, the discovery of oil in Dakota and Canada and the overall growth of the Canadian empire to the north of us are combining to overcome our former disadvantages.

A vast central area is coming into its own. Minnesota is at the cross-roads of that area.

OUR FARM FACTORIES

Cities, large and small, are pay-roll conscious, and that is understandable. Expanding pay-rolls mean community growth and firm property values. These things add up to what we call prosperity.

In a community such as ours, thinking in terms of pay-rolls, we probably do not appreciate to what a large extent our farms are pay-roll producing factories and that agriculture is our biggest industry. Hundreds of our farms represent big investments in plant and equipment.

A modern farm is not only a large producing unit. It is also a consuming unit, a big market for machinery and equipment and for the services of all professions and trades. There was a time when a normal farm was nearly a self-sufficient unit. Today a farm is a big operation, involving many varied transactions.

This change is especially noticeable in our area where, in recent years, our farm factories have expanded enormously. Our *farms are becoming larger and highly mechanized*. Brush land has been cleared and converted into productive land. Surface drainage and soil conditioning have increased yields. There is emphasis on quality as well as quantity production.

If you want to see evidence of a real expansion in this territory get out and inspect some of our farm factories. There is great progress.

CAMPAIGN YEAR CONFUSION

With the coming of the New Year Congress will be back in session again and that will be the start of next year's political campaign in dead earnest. A lot of old problems will be back for attention along with some that are new. Most of the arguments will follow the pattern of previous sessions.

One question that was controversial before Congress adjourned, and that probably will be settled early in the next session without much argument, has to do with the raising of the national debt limit. We are already up to the 275 billion-dollar ceiling and the limit will have to be raised merely to take care of old obligations. Campaign-year concessions to taxpayers will increase the deficit still further and blow the inflation balloon a little bigger.

The Eisenhower administration lost its fight for a balanced budget in the last session and there is little likelihood that it will be able to hold the line in the session that is ahead of us. And if there is not sufficient wisdom and restraint now among our political, business and labor leaders to take a firm stand against anything and everything that contributes to further inflation then there isn't much hope for an orderly return to sound governmental practices at any time.

There is little reason to be hopeful about what will come out of Washington during the coming year.

So far this year 81 people have burned to death in Minnesota, 22 of them being children. Last year's total was 94 and in 1951 a high record for recent years was established when 108 lost their lives. We are able to absorb much of the high cost of property destruction by fires through insurance but insurance cannot compensate for death and physical suffering. We can't be too vigilant in our efforts to reduce this heavy toll. Every day must be fire prevention day.

More than ten per cent of Minnesota manufactured products that are exported are shipped to Canada, according to a recent analysis made by the School of Business Administration of the University of Minnesota. Up here along the Canadian border we know that our Canadian neighbors are good cash and carry customers of our retail stores too. Year by year that international border is becoming more and more a line that unites us.

Looking Backward

1923—THIRTY YEARS AGO

Several golfers took advantage of the mild weather December 8 to play a round on the local course.—Albert T. Crown was awarded the contract for constructing a relocated section of Highway 32 from this city to St. Hilaire.—Bernhard Knudsen was elected to succeed E. K. Aasen as president of the Sons of Norway lodge.—O. C. Paulson was elected head of the local Masonic lodge.—C. T. Jaffray of Minneapolis was elected president of the Soo Line.

1933—TWENTY YEARS AGO

The local Legion post now has 95 members, Alfred Skarstad, adjutant, announced.—Palmer Tommerdahl was named master of the Masonic lodge, succeeding Haakon M. Olson.—A total of 49 carloads of turkeys was shipped from this city the first two weeks in December.—The community skating rink was closed this week as a means of reminding the public of the need for providing funds for its maintenance.—F. B. Conklin, prominent retired dairy man, died at his home here at the age of 71.

1943—TEN YEARS AGO

The Skarstad-Daniels Lumber Co., operated here the past six years, was sold to the Lampert Lumber Co.—Supt. Philip Fjelsted was named chairman of the Thief River Boy Scout district.—Jack McKechnie was elected to succeed B. Dan Bjorkman as master of the local Masonic lodge.—Paul Engelstad was re-elected president of the Pennington County Farm Bureau, with V. C. Noper as vice president.—Members of the Community Methodist church observed the 50th anniversary of the founding of the local congregation December 10, 1893.

Large bituminous coal mines employ civil, mechanical, chemical, combustion, and safety engineers.

NEWEST MISSISSIPPI BRIDGE

THESE WORKMEN, preparing to drive a piling into the bed of the Mississippi River, are speeding construction of a new bridge near Grand Rapids. It is part of a railroad line being built to haul iron ore from a nearby mine. Though none of the men working on this job are mining industry employees, their jobs are a direct result of iron ore mining. Today, the mining industry in Minnesota is responsible for thousands of non-mining jobs. In fact, every 1,000 mining employees really account for the support of some 7,000 Minnesotans. There can be even more jobs for more of our state's citizens if our ore industry can maintain its competitive position in the iron ore market. To do so it must be encouraged by fair tax treatment.

By Governor C. Elmer Anderson

Honor For Doctor

I was greatly pleased recently when I received word from the White House that Dr. Frank H. Krusen of the Mayo Clinic and the University Hospitals staff had been selected for the President's Award to the American Physician who had "done most for the handicapped." Dr. Krusen was selected in competition with nominations that were made by all other states. The Award will please the whole state, and especially those who are interested in the vocational rehabilitation of physically impaired persons. Dr. Krusen has been a leader in this field for many years and to him, more than any other individual, goes credit for the excellent record we have made in Minnesota.

You may perhaps recall that we awarded Dr. Krusen a Governor's Certificate last October. Now, with the coming of national honors, his work in his chosen field becomes increasingly significant.

NEW 1954 MERCURY
With New 161-Horsepower Overhead Valve V-8 Engine

NEW STYLING, NEW INTERIORS! Mercury is completely new in design, front and rear—looks wider, longer, lower than ever. Stunning new colors; many new fabrics never before available.

Entirely new performance that makes any driving easy!

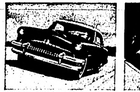
Driving ease is something everybody wants—but you don't know what easy driving is until you drive this new 1954 Mercury!

The new 161-horsepower V-8 engine is only part of the story. New engine design gives you the easiest, smoothest, *safest* response you've ever experienced in an automobile—and with greater economy, too. You use only a small part of that energy for normal driving—so you've a tremendous reserve available on hills, highways, in traffic, *anywhere*.

Ball-Joint Front Suspension is found only in Mercury in its price class. A few minutes behind the wheel of this wonderful 1954 Mercury can tell you far more than words how much easier and safer it makes cornering, turning, and parking.

For the easiest driving you can buy—drive a Mercury!

All-new V-161 for easier handling! Here's the finest engine ever used in a popular-priced car. And it has a new 4-barrel vacuum-operated carburetor and overhead valves. Its 161 horsepower gives Mercury more power per cubic-inch displacement than any car in its class for easier, safer acceleration . . . and even greater economy.



New ball-joint suspension for easier, safer control. This is a Mercury first—exclusive in its class—and gives an effortless new kind of handling ease—better cornering and road stability—easier parking.
Make driving as easy as you wish—5 optional power features! 1) 4-way Power Seat, 2) Power Steering, 3) Power Brakes, 4) No-shift Merc-O-Matic Drive or gas-saving Touch-O-Matic Overdrive, and 5) Electric Power Window Lifts.

First transparent-top production car—The Mercury Sun Valley opens up new horizons in automotive design—a dream car of tomorrow come true today. Now you can enjoy overhead visibility with the comfort, the wind and weather protection of a coupe. The permanently fixed plexiglas-roof is specially tinted to keep out glare. Exclusive interiors add to its distinction. The cost? Much less than you would expect. Here's the car that will cause more excitement than any other on the road in 1954!

EXPENSIVE ANIMALS

Zoological parks are finding it increasingly difficult to obtain animals because of rising expenses, according to the American Peoples Encyclopedia 1953 Yearbook. Because of the rise in prices asked by professional animal importers, many zoos have been impelled to encourage more breeding of captive animals and more extensive interchange between zoos of the animals bred.

All of the commercial electricity used in Pittsburgh, Pa., is produced from coal.

In Kansas, Missouri and North Dakota, surface mining accounts for more than 90% of total coal production.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q: I plan to start training under the Korean GI Bill. Can you tell me what evidence I'll have to furnish the VA to establish dependency of my wife and child, so that I can get a higher rate of allowance?

A: You must submit a certified copy of the public or church record of your marriage, and a certified copy of the public record of birth or the record of baptism of your child. If either you or your wife have been married before, additional documents will be required.

Q: I am a World War II veteran with a $5,000 National Service Life Insurance policy. Would it be possible for me to obtain $5,000 more of GI insurance?

A: No. The law now prohibits the issuance of new policies to World War II veterans who did not return to active service after the Korean hostilities started.

Q: I was training under the World War II GI Bill at the time I was called back to active military duty. I've just been separated. May I resume my GI studies?

A: Yes. You may resume your training under the World War II GI Bill, so long as you go back into training within a reasonable period after your separation.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, City

Arthur and Louella Knutson have been married 25 years will celebrate the occasion by receiving their many relatives, friends and neighbors, all of whom are cordially invited to attend their Silver Wedding anniversary open house this Sunday afternoon, Dec. 13. The affair will be held in the church parlors of the Bethany church from 2 p. m. until 5 p. m. No cards have been issued. A program will begin at 3 p. m.

Sunday visitors at the Arleigh Birk home were Mr. and Mrs. Ole Hove, Marvin Bandvig, Oliver Johnson all of Grafton, N. D.; Mr. and Mrs. Allan Tharaldson and family of Hoople, N. D.; Mrs. F. T. Martell and family, and Dorothy Martell, all of Grafton, N. D. Mrs. Martell, her family and Dorothy were en route to their home from a visit in Minneapolis. Miss Dorothy and Mrs. Birk were girlhood pals.

Roger and Billy Grundhaus accompanied their aunts, the Misses Margaret and Dolores Ranum of Viking and the latter two's friends, Yvonne and Delano Lind of Newfolden, to Bemidji a week ago Sunday afternoon. The group took Miss Lind back to the Bemidji state teachers' college after having spent the Thanksgiving holidays in Newfolden.

A supper was enjoyed at the Bill Grundhaus home on the group's return here that evening.

Miss Ann Froseth, who teaches near Bottineau, N. D. and her friend, Vernon Seter also of Bottineau, were Thanksgiving vacation guests at the home of Miss Froseth's parents, the Albert Froseth's.

One of the busiest and nicest meetings of the year was enjoyed by the Helperette members at the home of Mrs. Violet Knutson Wednesday afternoon. A lively discussion on the Parent-Youth Cooperation was in round table form with Mrs. Hannah Kisch and Mrs. Hazel Iverson as efficient leaders. Excerpts from the county open meeting held last month in Thief River Falls on this cooperation were brought forth by these two leaders. The annual election of officers was held with the same officers holding the reins another year. They are president, Clara Olson; secretary, Vivian McCrum; and treasurer, Lillian Anderson. Annie Olson contributed to the Birthday Pig. The little pig was opened by Hannah Kisch and his tummy held the unbelievable amount of $5.70 in cash for the club. The perfect attendance award was won by Freda Olson who received a cute apron. The special award for promptness in turning in recipes and such was won by Annie Olson, who received the rag rug made by all members jointly. The door prize was won by Clara Olson. The exchange of pretty and useful gifts made the afternoon very nice. Guests at this meeting were Mrs. J. H. Knutson, and Mrs. J. H. Clausen, both of Thief River Falls.

Dianne Lendobeja returned Saturday morning from a memorable week in Chicago at the National 4-H Congress. She reports a most wonderful time when there was so much to see and something to do almost every minute. There were banquets galore as well as dances and sightseeing. The huge amounts of exhibits were interesting, especially the choicest of cattle at the cattle show. She was deeply thrilled over her winning the $300 scholarship. Only six such scholarships were awarded in the nation and to think a local girl should be one of them. It is an honor, indeed, and Smiley is proud. The Smiley 4-H club sent Dianne a telegram of congratulations last week. She extends her warm "thank you." She returned to her studies at the NDAC in Fargo Sunday.

Mr. and Mrs. Mark Olson, Wayne, Judeen and Phyllis, Miss Clara Olson and Harry Waller of Brinsmade, N. D. were Sunday dinner guests at the Ralph Simenson home in Thief River Falls.

The Anton Torkelsons now have a phone. It was installed Thursday and the number is 412-W3.

Mr. and Mrs. Dave Christensen and daughters Sharon and Phyllis of Hazel, were Sunday afternoon visitors at the Walter Lendobeja home.

The women of the Bethany Ladies Aid met at the Adam Lendobeja home Friday afternoon for a quilting Bee. Each woman brought quilt blocks and together they made two beautiful quilts to be presented to the Twin Valley Home for the Aged as Christmas gifts. To make it a double affair a birthday party was also held for their pastor's wife, Mrs. O. O. Bjorgan. She received individual gifts as well as a check from the Aid as a whole. Mrs. Arnold Hammer supplied the lovely birthday cake for the delicious lunch brought by the women.

Mr. Hjalmer Waller of Hoffman was an overnight visitor at the home of his sister, Mrs. Mark Olson.

Mr. and Mrs. Jim McCrum spent Monday evening visiting with S. S. Nelson in a local hospital and also at the home of Mrs. Harry J. Bragg in Thief River Falls.

Olis Miller and his father-in-law Frank Bruggeman took a load of mink skins to Minneapolis Friday. They returned Sunday.

State Farm Bureau Reaffirms Flexible Price Support Stand

The Minnesota Farm Bureau federation last Wednesday unanimously re-elected its president, J. L. Morton, Hancock, Minn., and, after long floor debate, continued its support of flexible government price supports.

It also opposed without reservation a state sales tax after a short floor discussion.

The annual convention was *held in Lowry hotel, St. Paul.*

The farm policy debate involved a resolution calling for variable government price support at from 75 to 90 per cent of parity. The resolution's opponents urged price supports fixed at 90 per cent.

The resolution said, in part: "We believe that a variable price support system offers an opportunity for price to control production without extensive government controls and regulations.

"In case price will not control production and relieve surpluses on a given commodity, we believe the producers should be given a choice to vote for either mandatory acreage controls or marketing quotas or both."

The resolution passed by a margin of about five to one.

The original sales tax resolution opposed a state sales tax unless it would replace portions of real estate and personal property taxes used for state purposes.

Delegates changed the resolution to a flat opposition to any sales tax.

Other resolutions adopted called for:

An increased soil and water conservation research program.

Importing hydroelectric power into Minnesota from Missouri river dams with the cooperation of co-operative, municipal and private power companies.

An "agresaive" program of trade agreements with other countries to use surplus agricultural commodities.

Appointment of a farmer on the federal traiff commission.

A 15-year state highway improvement program.

Requiring that all federal treaties be ruled by the attorney general not to conflict with the Constitution before being submitted to the senate for ratification.

Delegates approved election of Ralph Erickson, Warren, Minn., to the executive committee to succeed E. B. Herseth, Kittson county, who resigned because of poor health.

They also approved re-election of C. D. Myers, Blue Earth, Minn., and Otto Kaschmitter, Paynesville, Minn., to the executive committee.

Mrs. Lewis Minion, Windom, Minn., was re-elected woman member of the executive committee.

Bell Co. to Build Overseas Cable

First Cable of Kind to Be Built in Atlantic Ocean

Plans to construct the first telephone cable system across the Atlantic Ocean have been announced by the long lines department of the American Telephone and Telegraph company. It will be by far the longest underseas voice cable in the world and the first laid at depths found in mid-ocean.

The annoucement stated that an agreement had been signed for construction of the cable, by the A. T. & T. Company, the British Post Office, which organization provides telephone service in Great Britain, and the Canadian Overseas Telecommunication Corporation, which furnishes overseas communications for Canada. It will be owned jointly by these three organizations.

Developmental and research work on such a cable has been going on for 25 years. The project will take three years to complete and will cost $35,000,000.

This cable will mean greater reliability in transatlantic telephone conversations and greatly expanded facilities. It will provide physical telephone connection between the United States and the British Isles to supplement radio circuits now in use, and will have three times present circuit capacity.

Salvation Army Yule Kettle Busy

The Salvation Army has announced the beginning of its 1953 Christmas appeal, and with it the twentieth year of service by Mrs. Ruth Dow to the needy of Thief River Falls and the surrounding area.

For the past twenty years Mrs. Dow has taken an active part in tending the kettle located on the corner of Third and LaBree. Through her efforts and the generosity of the citizens of the city, many needy people have found joy and happiness at Christmas time.

Once again she is on the job and once again we are depending on our many friends to help us make this a merry Christmas for those who are less fortunate, said Lieut. Weir, in charge of the local unit.

Those knowing of anyone in need of assistance this Christmas is asked to contact The Salvation Army at 115 North Horace or phone 246.

State Jaycees to Pick Outstanding Young Man of '53

The search for the Outstanding Young Man in Minnesota for 1953 is now in progress. Sponsor of the project is the Minnesota Junior Chamber of Commerce.

Clyde W. Olson of Minneapolis who is chairman of the distinguished service award committee for the Jaycees stated that this is the sixth annual selection. Judging will be based on contributions to community or state welfare during the year, evidence of leadership ability and evidence of personal or business progress.

The purpose of the award according to Olson is to recognize Minnesota's outstanding young man and to emphasize the role the young men are playing in the leadership of our state.

Any young man in the state of Minnesota may be nominated provided he is between the ages of twenty-one to thirty-five. Nominees need not be members of the Junior Chamber of Commerce. Judging will be done by a panel of seven distinguished Minnesota leaders all over the age of thirty-five.

Nomination blanks may be obtained by writing the Minnesota Junior Chamber of Commerce, 314 Minnesota Building, St. Paul. All nominations must be mailed by midnight, December 31, 1953.

Presentation of the winner will be made at a Distinguished Service Award banquet in Minneapolis on Saturday, January 30, 1954.

In June, 1953, more than 9 million tons of coal were used in the generation by fuels of more than 27 billion kilowatt hours of electricity in the U. S.

61 Killed on State Roads Last Month

Six Crashes Result in 13 Deaths in November

Minnesota motorists headed into the final month of the year with a bloody record of 599 deaths in the first eleven months, according to a preliminary report issued by the state highway department. A total of 61 fatalities were added to the tragic toll in November, or three more than in November of last year.

Helping to swell the growing death list were six multiple-death accidents which resulted in 13 deaths. In one of them, three members of a family were killed when their car was struck at a railroad grade crossing in Lengby. Ten people were killed in the other five multiple-death accidents reported during the month.

Collisions between motor vehicles brought death to 24 people, while another 24 motorists were fatally injured when vehicles in which they were riding ran off the road, struck fixed objects or collided with trains at railroad grade crossings. Included in these deaths were two which were caused by farm tractors over-turning while being driven on roads. The month's death toll of 61 also included 13 pedestrian deaths, to bring fatalities in this category for the first 11 months of the year to 127, as compared with 95 for the comparable period of last year.

News Happenings in Goodridge District

By Mrs. Orris Olson, Goodridge, Phone 868-1

The Goodridge PTA held their December meeting last Wednesday in the First Lutheran church as the gym was undergoing some repairs. Mr. Roland Samber played Christmas Carols, then a short business meeting was held. Mr. Orville Jensen, elementary principal passed out ballots and the parents voted on the type of grade card they were most interested in. Eight votes were cast for Card 1, five votes for card 2, nine votes for card 3 and 43 votes for card 4.

The Highlanding Homemakers gave a panel discussion on the topic, "How Friendly is Your Child." Mr. Samber gave a piano number, Mrs. Elmer Bredlie, our former District PTA President and our present Regional Vice-President gave a talk on Teenage Guidance. She also told us about her district and regional work.

Mr. Orville Jensen's room won the PTA attendance banner for having the most parents present at PTA. The Fifth and Sixth grade mothers and teachers served lunch.

The next PTA will be Wednesday, January 6 in the Goodridge gym. The Fourth and Fifth grade mothers will serve lunch. Mrs. George Hovet, chairman.

Joint Ladies Aid will be held at the First Lutheran Church on Wednesday, December 16. Hostesses will be Mrs. Oscar Tweten, Mrs. Odwin Blackstad, Mrs. Dan Morris, Mrs. Orvis Olson and Mrs. Dan Payne. From where I sit ... by Joe Marsh

A Case of "Moostaken" Identity

Slim Smith never had a chance to use his moose call until a trip north this year. Visited him yesterday to see what he'd bagged.

"First day out," he told me, "I picked up a trail. I sounded the call and waited. Then I heard a moose call. Sure enough, something came crashing through the brush. But it was another guy with his moose call. Boy, did I get my finger off the trigger in a hurry!

"My last day there I picked up another trail. This time I got me a real moose. But you can bet I took a good look before I did any shooting!"

From where I sit, we could all learn a little from Slim's experience. Most of us are guilty sometime or other of being too quick on the trigger. Like the fellow who would deny me the right to an occasional glass of beer with my dinner. I say that kind of "aim" is way off!

Looking for a real deal?
Now's the time to save money!

Today's local delivered price of the BUICK SPECIAL
2-Door, 6-Passenger Sedan
Model 48D (illustrated)
$2324.88

We feature the delivered price of the Buick pictured here to make a point about the big trade-in allowances we're giving today.

The price you pay for the car itself—*the local delivered price*—is the first thing to look for when you're bargain-hunting.

It's this figure *less* what you get on your trade-in that determines your *real* cost—the dollar difference you pay.

That means—*keep your eye on the dollar difference.* The more car it buys, the better deal you make.

So with our low delivered price and the high trade-in allowances we're giving right now—we think we have a whale of a buy for you.

And when you check into things, we believe you'll discover this:

You get more room and power for your money in this Buick than in any other car on the market.

You get hundreds of pounds more automobile here—more strength in the brawnier frame, more durability in the heavier chassis, more safety in the thicker structural members—than in a long list of cars at this Buick's price or higher.

You also get a lot more in a Buick that the specifications don't show—more fun, more thrill, more comfort, more pride and pleasure.

But why waste another day—with time growing shorter, winter coming closer, and your present car getting older? If you're looking for a *real* automobile at a *real* buy in a *real* deal—come look at Buick *right now.*

Gym Seating Capacity Increased

Basketball is proving to be as popular as ever this season. Because of the huge crowds we anticipate when we play Middle River, Strandquist, Argyle and Karlstad, more seating space had to be arranged. This has all been done by our very able janitor, Ben Nelson, who built a two layer platform at the back of the stage above the bleachers. Now from 35 to 45 can be seated where formerly dead space existed.

In the future, dont' let fear of lack of room keep you away from our basketball games. Come and join the crowds and enjoy yourself without worry about seating space. That is a condition of the past.

Christmas Vacation Starts Dec. 18

Our Christmas vacation is coming a bit early this year. School will officially close for two weeks for the holidays the afternoon of Friday, Dec. 18 at about 3 o'clock. A recreational feature film is to be shown in the afternoon so the closing time cannot be stated definitely at this time.

School will be resumed January 4th, 1954. By that time there is a possibility that the new lunch room will be used.

Huge Christmas Program December 17

The public is cordially invited to attend our bigger-than-ever Christmas program. Miss Betty Masoner is in charge of the grade program and the band members, while Mrs. Alton Carlson is in charge of the high school vocal music. Much preparation is going into the program, and we all feel confident that it will be a grand event. Bring your entire family on the 17th and give them a real treat that will not cost you anything.

Couple Returns from Trip to Western States

Mr. and Mrs. Lars Nelson returned on Monday after a three weeks trip to Longview, Wash., and parts of Oregon. Here is the story of their trip as told by Mrs. Nelson. We left here Nov. 8th, and went as far as Emerado to the home of my sister and her husband. From there, they took their car, and the four of us left on Nov. 9th on our trip which took us through the Badlands, the Rocky Mountains of Montana, Idaho, and Washington. We were kind of nervous going over the mountains, so many curves, and at two points in our journey, we were a mile above the ground. These two places are called the "humps". I think I was the most frightened of us all. Sometimes it looked like the rocks on the mountainside would fall right down on the car, or on the road in front of us. We found the roads in good shape, not too much snow on the mountains at all.

We got to the home of our daughter Sally and family on Wednesday afternoon, and were they ever surprised, because they didn't know we were coming. My sister and her husband drove back to Eugene, Oregon, to visit with their daughter and family.

During the time we spent there, it rained a lot, but the grass and trees were nice and green. We even pickd apples off the trees in thir yard, and at many places, we saw apples lying under the trees, just going to waste. At the stores, they were $3.50 a box, which is just as much as we have to pay for them way back here, after they are shipped in. We thought that was awfully bad, when there were so many of them going to waste.

Our son-in-law took us thru the paper mill where he works. It was really something to see how paper was made from wood. We saw how boxes, paper bags, colored paper and many other kinds were being made. The big rolls of paper that were being rolled up were so big we could not begin to get them into our homes if the doors were double the size they are.

They also took us out to the Columbia River, where a big Japanese ship was being loaded with lumber by Japanese. (They were so little, we were amazed at their strength). They also took us out to the beach, where ocean waves were very still that day. There was a museum nearby where there were seals. It was fun to watch the people feed them fish. The seals would put on an act, so they would get more fish. We also saw some octopus and huge snakes. They were horrible things.

We visited at the home of the Martin and Arnold Anderson families, Ralph Mickelsons, Oscar Carlson, Garnett Swenson, and Lester Isaacson families. All these folks used to be residents of the Stephen, Strandquist and Karlstad communities, and many of you will remember at least part of them.

On November 24, our daughter and her family took us back to Eugene, Oregon, where we were to meet my sister and her husband.

All of us were Thanksgiving dinner guests at the home of Mr. and Mrs. Forrest Davis. Mrs. Davis is a niece of mine. (Mrs. Nelson).

We liked Washington and we also liked the state of Oregon. The roses were blooming there, and the gardens were coming up. W left for home on November 27, the roads were good-all the way, until we got to Mandan, N. Dak. we ran into snow, and it was still snowing when we got back home.

We had a wonderful trip, and enjoyed every minute of it, but my, is it ever nice to be home again.

Beverly Bakke was an overnight guest at the home of Mr. and Mrs. Alec Everson on Friday night.

Mr. and Mrs. Magnus Bakke and family were Sunday afternoon visitors at the home of Mr. and Mrs. Adolph Bakke. Mr. and Mrs. Milton Nelson and Debbie, Connie and Shirley Nelson and Junior Johnson were Thanksgiving day dinner guests at the home of Mr. and Mrs. Floyd Nelson.

POLIO BEING LICKED

Development of an effective vaccine against the three varieties of poliomyelitis virus appears close at hand, according to the American Peoples Encyclopedia 1953 Yearbook. Among contributing factors developed recently were: Success in growing at least one virus strain in incubated eggs, perfection of a relatively simple test for polio infection and immunity, and the finding that the virus does not invade the central nervous system immediately upon entrance into the body, which is important because it might make vaccine treatment more effective.

LITTLE BOY IN HIS DADDY'S SHOES...

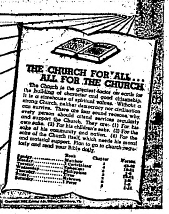
Imitation is one of the basic impulses of human life. From earliest infancy man has learned the ways of life and the paths of progress by imitating others who possess and practice such knowledge. The child learns to walk as the fledgling learns to fly—by imitating its parents.

The impulse to imitate others is stronger in infancy and childhood than at any other period in life. The child is anxious to learn things and to be able to do things as grown-ups do in this great, big interesting world. That is why the little boy in the picture tries to walk in his daddy's shoes.

Children learn to walk in their parents' footsteps in many ways, during this formative period of their lives. They acquire their habits, their mental attitudes and their sense of values mainly from their elders. And these are the things that will most largely determine their characters and shape their courses in the years to come.

This makes it all-important for people to walk uprightly before their children, and lead them in the ways of strength and safety.

Above all, parents should teach their children the dependence of all life upon God, and the value of religion and the Church as the guardian of man's spiritual existence. And this must be done, line upon line and precept upon precept, in practice as well as in words.



THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Male Quartets to Vie at '54 Winter Shows

The male quartet contest, which was started at the 1953 Red River Valley Winter Shows at Crookston, will again be a feature of the 1954 program, according to T. M. McCall, president of the board of managers. The 1954 Winter Shows will be held February 22-26.

The male quartet contest for adults, patterned after the famous barber shop quartet contests, will be held on Tuesday, February 23. If necessary, an elimination preview will be held during the afternoon of the contest date and the ten best quartets will sing on the evening program.

The chief objects of the contest, according to McCall, is to encourage group singing in the Red River Valley counties, with emphasis placed on the barber shop quartet singing.

The quartet contest is to be strictly an amateur event, which means that not more than one member of any quartet can derive more than 50 per cent of his income from music. Each quartet will be permitted to sing two numbers of their own choosing. The Winter Shows board of managers has set up a fund for a plaque, ribbons, and cash awards for the 1954 contest.

All quartets desiring to enter the contest should send, at once, for information and rules governing the contest, to President T. M. McCall, Red River Valley Winter Shows, c/o Northwest School, Crookston, Minnesota.

Tumbergs to Show '54 Mercury Dec. 10

Many Improvements to Be Revealed Thursday

An entirely new model with a transparent roof, a new 161 horsepower overhead valve V-8 engine and a new type ball-joint front suspension, feature the Mercury for 1954.

Improved body styling and more luxurious interior trim combinations also highlight the new Mercury, which will make its premier appearance at the Tunberg Motor Co. Thursday, December 10.

The "Sun Valley," a Mercury Monterey hardtop, is the new model addition to the 1954 line. It is characterized by a transparent plastic roof, the first of its kind in an American production car.

Completely new is the overhead valve V-8 engine which powers all 1954 model Mercury cars. Developing 161 horsepower, the engine is a low-friction design with a bigger bore and shorter stroke.

Mercury chassis changes for 1954 include a new frame for greater fatigue strength and the same ball-joint suspension introduced in the 1952 Lincoln. Mercury is the first car in its price class to offer this new type suspension, which eliminates the conventional kingpin and improves riding and steering qualities.

Significant styling changes have been made on the 1954 Mercury to give it a lower, longer and wider appearance. Restyled rear quarter panels, new wrap-around bumpers and a new front grille have been combined with new ornamentation on the side to amplify the forward-motion appearance.

Two Letters and Four Numbers on '55 Car Licenses

Minnesota license plates will have two letters and four numbers in 1955, according to Mrs. Mike Holm, secretary of state.

The two letters on the new plates will be used to designate the area of the state in which the car is registered. The letters will be followed by numbers from 1,000 to 9,999.

W. E. Howes, director of motor vehicles, is planning the regional identification system. Dividing lines probably will follow congressional districts.

Thus car owners in the first congressional district would be given plates in the "A" series—AA 1,000 to AA 9,999, AB 1,000 to AB 9,999 and so on. Second district cars would carry "B" plates. The system would carry through all of Minnesota's nine congressional districts.

All plates will be sold on a first-come, first-served basis.

The lettering plan will apply to passenger car licenses only. The 1955 plates probably will be maroon and gold, Mrs. Holm said.

Red Skelton and Jean Hagen enact husband and wife in "Half A Hero," M-G-M comedy-drama coming to the Falls Theatre Sunday-Monday-Tuesday. It's the hilarious story of a young couple who find life on a budget no bed of roses.

130 Attend RLF FU Conference

Edwin Christianson, State Chief, Is Speaker

Approximately 130 Minnesota Farmers Union officers from Pennington, Red Lake, West Polk and Norman counties attended the annual district conference held in Red Lake Falls on Dec. 3rd.

Edwin Christianson, state president, gave information on membership growth and conduct of local meetings.

Russell Schwandt, state director, spoke on parity and imports.

Laura Heimnitz, state junior educational director, discussed special projects and awards for juniors and reserves.

Art Tisthammer, director of state insurance, gave facts and figures on various types of insurance.

State organizer Herman Knutson and Harold Johnson spoke on membership drive.

Noon lunch was served by the Red Lake County Farmers Union.

In the East North Central states of Illinois, Indiana, Michigan, Ohio and Wisconsin, 175 electric power plants last year consumed more than 42 million tons of coal.

W. O. Braggans, Former Marshall Co. Attorney, Dies.

Longtime Resident of Warren Succumbs Nov. 25 at Lake Worth, Florida

W. O. Braggans, aged 78, former Marshall county resident attorney and a resident of Warren for nearly 50 years, died November 25 at Lake Worth, Florida where he has made his home since 1950. Mr. Braggans had been in failing health during the past couple of years.

Born in Clarington, Ohio, on November 9, 1875, he was educated in the Kingsville, Ohio public schools and the University of Minnesota where he received his law degree in 1900. He was married to Miss E. Letha McKenzie on Feb. 28, 1901 in St. Paul.

From 1900 to 1903, Mr. Braggans served as secretary to Chief Justice Stark of the Minnesota supreme court. He came to Warren in 1903 to accept a position as court reporter for the late Judge Andrew Grindeland of the 14th judicial district. In 1923, he was appointed county attorney of Marshall county to succeed the late J. R. Naeseth. He served until 1936 after which he engaged in a private law practice in the city. He also served as city attorney for Warren and also while court reporter served as a justice of the peace.

During World War I, Mr. Braggans served on the Marshall County draft board and during World War II served as an appeal agent.

During the depression years of the 1930's, Mr. Braggans successfully engineered the passage of a ditch relief bill in the Minnesota legislature in which the state took over the county's obligation of about $750,000 in ditch bonds and which also established the conservation area in the county.

He is survived by his wife and two children, Harold M. of Little Falls and Grace (Mrs. T. Wise) who resides in California. One son, Theodor W. lost his life during World War II in an airplane crash while on flight training with the U. S. Naval air force in Texas.

Funeral services were held for Mr. Braggans last Wednesday at the Episcopal church in Little Falls, where interment also took place.

Permits of 20,000 Drivers Checked During November

Drivers licenses of more than 20,000 Minnesota motorists were checked during November by the Minnesota highway patrol in special spot checks or during routine activities, according to Ralph Potvin, assistant patrol chief.

"In two days during the month—Armistice day and the following Saturday," he said, "our officers checked the validity of almost 3,000 licenses. This activity—one which has been developed and carried out over the years of the patrol's existence— results in contacting an average of more than 18,000 motorists every month in every one of the state's 87 counties."

When asked how many violations in these 20,000 investigations last month, Potvin stated that, surprisingly enough, only 883 were found which did not comply with regulations. But even among these there were but 394 where violations were deemed great enough to warrant arrest. Most of these included such items as driving with an *expired license, driving after revocation or suspension of license*, or use of improper names or addresses.

Myron Clark Is Honored at 4-H Club Congress

Myron Clark, Minnesota's commissioner of agriculture, last Wednesday night was named one of the nation's eight outstanding 4-H club alumni at a special dinner held at the 32nd annual 4-H Club Congress in Chicago.

The alumni recognition program is designed to honor former 4-H club members who, following 4-H club membership, exemplify effective community leadership, service to 4-H club work, or success in their chosen careers.

Clark has had a long record of 4-H and public service. For many years he has operated a farm in Olmsted county where he has one of the state's finest dairy herds.

As a 4-H club member he was county health champion three years, showed at the junior livestock show three times and won eight trips to the Minnesota state fair. He attended the University School of Agriculture through scholarships awarded for 4-H dairy work.

Awards in the 4-H Alumni Recognition program are made by the Mathieson Chemical Corporation, Baltimore, Maryland.

HAMRE . . .

Mrs. Irene Kemerling and children, Marion, Ronald and Bud Zavoral all returned to Kimball, Nebraska last Saturday, Nov. 28. The three Zavoral young folks will be employed there over the winter months.

Mr. and Mrs. William Zavoral had the pleasure of having all their grandchildren at their home over Thanksgiving weekend with them. But yet they and other family members kept quite busy identifying the sets of identical twins. The children were at East Grand Forks, Patrick, Billy, Margaret, Peter and Paul Zavoral twins and all children of Mr. and Mrs. Robert Zavoral. Barbara, Jane, Susan, and Tommy Zavoral children of Mr. and Mrs. Ernest Zavoral. Gary Lee, Jean and Jane Kemerling children of Mrs. Irene Kemerling, Judy, Gerry, Davie, and Dickie (twins) and Robert Junior all children of Mr. and Mrs. Robert Mouris.

Doings of week at Rosewood

Elaine Hellquist, Rosewood, Minn. Phone [illegible]

Sunday the Mission Church was filled to capacity when friends and relatives gathered to honor Mr. and Mrs. Henry Rye on their 45th wedding anniversary. The program consisted of songs by Rev. and Mrs. Gilbert Anderson, Mr. and Mrs. Norman Jorgenson of Goodridge and Dorothy Anderson. Irene Thode gave a reading. A tribute to his parents was given by Clifford Rye, Rev. Anderson gave a short talk. The Rye's eight children were all home for the happy occasion. Namely, Mr. and Mrs. Clifford Rye and Linda and Mr. and Mrs. Ralph Rye of Decote, Kansas, Mrs. Harry Hamilton of Los Angeles, Calif., Mrs. Louis Cloutier of Spokane, Wash., Mr. and Mrs. Walter Stienhauer of Holt, Mr. and Mrs. Lloyd Anderson, Mervin and Oliver of Rosewood. A reception was held in the church basement which was decorated in blue with the honor guests and their children seated at a table centered by a three tiered wedding cake. Mrs. Archie Luli, Ardelle Oswald and Alice Mathison served as waitresses. We wish them many more happy years.

A most interesting program was enjoyed at the Rindal Luther League Sunday evening when the W.C.T.U. gave a speech contest. The contestants were Yvonne Ose and Loyal Dyrud of Saterdal, Calvin Cloute of Thief River Falls and James Bowman of St. Hilaire. The first place was given to James Bowman. Mrs. Lewis Meyer, Mrs. Russel Nelson and Miss Lyda Batten served as judges. Rev. and Mrs. Bowman sang a song. Rev. Monson gave a talk on Stewardship. Lunch was served by Mrs. John Thompson and Mrs. Harold Lambert. Dec. 27 was the date set for the Christmas program to be given by the League and Sunday School.

Mrs. Peter Sabo and Mrs. Lloyd Anderson shared honors at a birthday party Monday when the birthday club met at the Anderson home. Gifts were given to the honor guests and a lovely lunch followed the social afternoon.

Mr. and Mrs. Martin Swenson and Arlene visited with Harold Larson who is a patient at the Greenbush Hospital on Sunday evening.

The Ladies of the Rindal Ladies Aid held their annual meeting at the church Friday afternoon. The reports of the Secretary and treasurer were read, followed by the election of officers. The officers elected for the coming year are President, Mrs. Emil Anderson; vice pres., Mrs. Edwin Quam; secretary, Mrs. Willie Hagen; ass't. sec'y., Mrs. Olaf Hall; treas., Celia Saugen. The ladies enjoyed a Christmas party too, with exchange of gifts and the festive lunch arranged by the outgoing officers.

Mr. and Mrs. Albert Lappegaard have as their guests Mr. and Mrs. Julius Wellin of Tioga, N. Dak., who came Saturday and will spend the week here.

Jean Nelson, Mr. and Mrs. Melvin Ihle of Newfolden and Mr. and Mrs. Bob Jenkins (Violet Nelson) and sons Mark and Jerry of Kenmore, N. Dak. were Saturday supper guests at the Mrs. Ella Nelson home.

Darrel Swenson was an overnight guest with his friend Gene Luli in Thief River Falls Sunday night.

Mr. and Mrs. H. E. Waldron and Maynard of Newfolden were Sunday evening visitors at Emil Hellquist home.

Ardis Anderson spent the weekend at Fargo visiting her sisters and Christmas shopping.

Mrs. Russel Nelson will entertain the members of her sewing circe at her home Thursday afternoon, Dec. 10.

We are glad to hear Mrs. Roy Holmstrom and Judy Hagen are both home again after a few days at Northwestern Hospital.

A telephone call came to the Emil Hellquists Saturday with the sad news that the daughter born to Mr. and Mrs. Leslie Erickson at Osseo on Thursday, Dec. 3rd had passed away Saturday.

Ed Cormican of Thief River Falls was a Monday caller at the Albert Lappegaard's.

Thanksgiving Day Mrs. Martin Nelson had as her guests her father, Ole Christophersen of Thief River Falls and her son Roger and family of Minot, N. Dak., and Jean Nelson.

Mrs. John Doran and girls and Mrs. Melvin Bottem and Corene were Sunday visitors at the Olaf Hall home.

Sunday afternoon guests at the Mrs. Lydia Johnson home of Thief River Falls were Mr. and Mrs. Emil Anderson.

The Harold Sabo family visited Friday evening with Mr. and Mrs. James Rooker.

Tuesday night Jean Nelson was a guest for supper at the Bill Penning home at Thief River Falls.

The John Doran family of Newfolden spent Saturday evening visiting with Mr. and Mrs. Edwin Quam.

Sunday afternoon visitors at the Russel Nelson home were Mr. and Mrs. Bob Tarnowski, Robby and Mary Jo and Mr. and Mrs. Emil Sabo all of Thief River Falls and Mr. and Mrs. James Rooker and sons.

Sunday School and choir practice Sunday at 1:00 o'clock at Rindal Church.

School Notes

Janice and Joanne Sabo, Carolyn and Virginia Copeland, Vernon Ronker, John Hellquist, Donovan Ranstrom have had perfect attendance the second six weeks period.

The Rosebank school is now furnished with all new modern desks. All new primary chairs of the same quality.

Harold Sabo did a fine job of putting up the bulletin board and adjusting the reading table.

The boys have started a woodwork project while the girls are busy on a project with Tri Chen Pen colors.

We are all convinced that the Rosewood mothers are very good cooks according to the delicious hot lunches we have been receiving. They are much appreciated by all. The boys and girls are preparing a Christmas program to be given on Dec. 18.—Gunhild Syrtvedt, teacher.

"Serve Delicious Nash's Coffee With This Prize Winning Pillsbury Recipe Cake"

Says:
MRS. ALBERT O. PLAGENS
St. Paul, Minnesota

Among the winners in Pillsbury's GRAND NATIONAL RECIPE AND BAKING CONTEST

"Naturally, it was the thrill of a lifetime," says Mrs. Plagens, "to have my recipe selected as a Grand National winner. And in our home there is another thrill that comes to us day after day. That is the delicious flavor of Nash's Coffee."

Nash's COFFEE

. . . a blend of the finest premium mountain grown coffees, is the companion of good food. That first delicious sip will tell you why Nash's is the coffee with the flavor everybody likes. Nash's is the coffee of hospitality, the coffee of companionship, the coffee that sharpens and stimulates. And the coffee of economy—sixty cups from every pound!

TRY THIS RECIPE

And as Mrs. Plagens suggests, serve this delicious Mission Sunday Cake with delicious Nash's Coffee.

MISSION SUNDAY CAKE
Adapted by ANN PILLSBURY

SIFT TOGETHER....1 cup sifted PILLSBURY'S BEST ENRICHED FLOUR*
½ teaspoon soda
¼ teaspoon salt
CREAM..........½ cup butter (half other shortening may be used); add gradually
1 cup firmly packed brown sugar, creaming well.
BLEND IN........3 eggs, one at a time
1½ squares (1½ oz.) chocolate, melted and cooled.
Beat for 1 minute.
COMBINE........½ cup sour milk or buttermilk
1 teaspoon vanilla. Add alternately with dry ingredients to creamed mixture, beginning and ending with dry ingredients. Blend thoroughly after each addition. (With electric mixer use low speed.)
FOLD IN.........¼ cup nuts, finely chopped
½ cup shredded coconut
POUR............into well-greased and lightly floured 8x8x2 inch pan.*
BAKE............in slow oven (325°F.) 45 to 55 minutes. Cool and frost.
*If desired, this recipe may be doubled and baked in a 14x10x2 inch pan for 1 hour.

CHOCOLATE MALLOW FROSTING
Melt 1 square (1 oz.) chocolate and 2 tablespoons butter or margarine over hot water. Add chocolate mixture to 1½ cups sifted confectioners' sugar. Blend in 1 teaspoon vanilla and 2 to 3 tablespoons cream until frosting is of proper spreading consistency. Add 6 marshmallows, cut into eighths. Spread on cooled cake.

Civil Service Commissions Members OK'd

City Council Confirms Appointment by Mayor of Police, Fire Groups

After having deferred action at a previous meeting, the city council, at its session Tuesday evening, voted by a 5 to 1 margin to confirm the appointment by Mayor Harry E. Simons of a police civil service commission and a similar group for the fire department.

Named to the police commission, which had been created by action of the council in July 1950, but, thru an oversight, not activated until now, were A. B. Stenberg, one-time police chief, for a one-year term; John Anderson, two years; and Bill LaFave, three years.

Mrs. Agnes Israelson, mayor-elect, who was present at the session, said she favored civil service for the police force, but indicated she felt that the appointment of a commission might properly have been left in the hands of the incoming mayor.

The council's action followed an explanation of the functions of the commission by Wm. Joyce of Minneapolis, president of the Minnesota police officers association. He pointed out that the commission has no administrative authority, but that its principal function is to draft a list of eligible candidates for appointment by the mayor. He also cited the benefits to the community and the police force that would result from continuity of service.

In submitting the appointments, Mayor Simons expressed regret that the need for making the appointments had been called to his attention so late in his administration. He expressed his conviction that his appointees were able men and representative citizens.

The council quickly confirmed the mayor's appointments to the fire department civil service commission, those named being Otis Weld, Arthur E. Dicken and O. J. Collins.

Mayor Simons announced the resignation of Ken Judy as police chief, effective December 15. Judy has accepted a position as railroad policeman in Chicago.

Lions Hear Talk on Oil Pipeline

Viking Station Chief is Luncheon Speaker

Frank Anderson, station chief Viking for the Lakehead Pipeline company, was the guest speaker at the Lions club luncheon meeting Wednesday noon in the Rex Cafe.

Introduced by Elmer Bratsch, Anderson supplied many interesting facts relating to the pipeline, which connects the Alberta oil fields with the head of the lakes, and which cost $120,000,000 to build.

Anderson stated that the pumping station at Viking, one of three serving the line on its 340-mile Minnesota section, employs ten people and pays out about $8,000 per month for labor and materials. The company, he said, provides five housing units at Viking, with some of the staff making their headquarters in Thief River Falls.

The company, he said, will start work in 1954 on a construction of a parallel pipeline.

Guests at the luncheon were Charles Collins, Supt. Meade and Alfred Hanson of Middle River, who are considering the possibility of organizing a Lions club in that village.

CAB to Investigate No. Central Airlines Routes to T.R.F. Fargo

North Central Airlines' application to suspend service at St. Cloud, Minn., for lack of passenger patronage has been denied by the Civil Aeronautics Board in favor of an investigation of the entire route segment to determine whether the public convenience and necessity require continuation of local air service between Minneapolis-St. Paul and Fargo and between the Twin Cities and Grand Forks.

The investigation is being instituted by the board which reports that, although North Central may find it economically desirable at the present time to suspend St. Cloud service, it is not at this time in the public interest to permit suspension prior to a complete review of the need for continued service over the two routes.

St. Cloud, a city of 29,000 population located 67 air miles northwest of the Twin Cities, is an intermediate stop on the Fargo route. Other cities on the route are Alexandria and Fergus Falls, Minn. Intermediate cities on the Grand Forks route are Brainerd, Bemidji and Thief River Falls, Minn.

"In the past year we have held several conferences with the leading businessmen of St. Cloud to determine what could be done to augment use of the city's air service," says Howard A. Morey, airlines president, "and it was with a great deal of reluctance that we filed for suspension." He says "that while our authority to operate the two routes doesn't expire until March 27, 1954, we felt obligated to call the board's attention officially to the fact that service to St. Cloud has not proved successful."

In its application filed Sept. 8, North Central said "the cost of providing service at St. Cloud so greatly exceeds revenue realized that continuation of service is not warranted." Cost during some months of the year has been more than 10 times greater than revenues derived, the company reports. St. Cloud boarded 258 passengers in the first six months of this year for a total on-line revenue of $1,195 against station operation costs of $6,714.

Lyle Guttu Given Radio in Voice of Democracy Event

In behalf of the Junior Chamber of Commerce, sponsoring group, President Walt Kavanaugh last Friday afternoon presented to Lyle Guttu, Lincoln high school senior, a certificate and table-model radio in recognition of his having won first honors in the local Voice of America speech contest. Guttu also won top honors in the Jaycee Region 2 contest.

Hickory Man Held in Robbery in N. D.

Harold Arveson Charged with Robbing Mandan Man

Harold C. Arveson, 30, formerly of Hickory township, who has been employed in North Dakota in recent months, last Thursday waived a preliminary hearing in justice court in Mandan, N. D., on a charge of first degree robbery.

Justice H. E. Fowler bound him over to district court. Arveson was returned to the county jail in lieu of $3,500 bond.

Arrested on a street in Mandan Wednesday night, less than an hour after the $65 holdup of a taxicab driver, Arveson was identified by the 22-year old cabbie, Robert Taghon, as the man who entered his cab as a fare, drew a pistol and robbed him and then hit him on the head with the weapon.

Taghon grabbed the pistol from his assailant and banged him over the head. The man staggered away while Taghon was reporting the incident on his two-way radio.

Arveson had a scalp wound that was closed with several stitches. Taghon was not seriously injured by a blow he received on the head.

Fifty Years

BART WANGENSTEIN

is the proprietor of Wangenstein's, one of the few businesses in Thief River Falls that can boast of a half-century of service in the community. This is the stores' fiftieth Christmas, the business having been started by Bart's father, A. A. Wangenstein, in the fall of 1903. The business was started in a frame structure on the present site of Hamilton's. Bart's activity in the business started in 1920. He later joined in a partnership with his father under the firm name of A. A. Wangenstein & Son, which continued until 1941, when Mr. Wangenstein died. The store moved to its present location in 1928.

City Gets Plaques for '52 Record of Traffic Safety

Sheriff Rambeck, Safety Council Chairman, Makes Presentation Tuesday

Two plaques attesting the high rank of the city of Thief River Falls in respect to traffic safety in 1952 were presented by Sheriff Arthur Rambeck, chairman of the Pennington county safety council, Tuesday evening to the city council and Mayor Harry E. Simons.

One plaque signifies that his city is on the honor roll in the national traffic safety contest for having completed the year 1952 without a fatal motor vehicle traffic accident within the city limits.

The other plaque accords the city honorable mention in the 1952 national pedestrian safety contest among cities under 10,000 population.

An exhaustive analytical report prepared by the American Automobile association reveals that Thief River Falls received 90 per cent of the total possible number of points for its school safety program, ranking 21st among 587 cities under 10,000 population reporting.

The report also states that this city ranked second among the 587 cities for its public information program in connection with safety activities.

District Court Jury Released Last Saturday

Judge Paul Lundgren Declares Mistrial in Final Case Considered

After having been in session for five days, the winter term of Pennington county district court came to an abrupt end Saturday morning when Judge Paul A. Lundgren, presiding, declared a mistrial due to errors at law in the cases of Russell E. Olson of Warren and his daughter Marilyn vs. John Rakowski et al.

Judge Lundgren's action came after testimony for the plaintiffs had been completed and the defense testimony was about to be given. The case, based on injuries sustained in an automobile accident east of the Eighth st. bridge June 6, 1952, will be tried again at the next term of court here.

After deliberating two hours, the petit jury last Wednesday returned a verdict of $1,900 in favor of Esther Dillon Fox, who was suing Darby Anderson for collection of a loan made to him.

In the case of Emery Delorme of Red Lake county vs. Axel Naplin, involving a car accident in Red Lake Falls December 26, 1951, the jury, after deliberating five hours, returned a verdict in favor of Naplin.

Judge Lundgren announced that three court cases against Tim R. Lardy, based on an automobile accident several years ago would be heard by him January 5. Also slated for trial at that time is the case of the state of Minnesota vs. Ed Donarski.

Settled out of court were the cases of Mary Madison vs. Jack and William Sylvester, and the case of Madeline Radville vs. Melvin Wirak. The case of Bernard L. Barzen vs. Poppler Piano and Furniture Co. was continued by stipulation, and the action of Donald M. Thomas vs. Dr. C. M. Adkins and Northwestern Hospital was continued by court order.

Postoffice Open Saturday to 5:30

Parcels Post Windows Open to Handle Christmas Rush

The parcel post and stamp window at the Thief River Falls postoffice will remain open Saturday afternoon, December 19, until 5:30 to facilitate handling the rush of Christmas mailing, Postmaster R. J. Dryden announced today.

He added that six extra helpers went on duty last Saturday and Monday, and will be employed during the holiday rush period.

Outgoing mail shipments have been particularly heavy since Monday, with a corresponding increase in incoming parcels, letters and greeting cards.

Dryden stated that mail will be delivered to city residents next Sunday, December 20.

Three local boys were brought by police into juvenile court on careless driving charges during the past week. Their drivers licenses were suspended for periods from 45 to 60 days.

School Board Allocates Fire Risk Policies

C. W. Pope Reports on Vocational School at Session Monday Night

Principal business transacted by the Thief River Falls board of education at its December meeting Monday evening was the allocation of $123,300 fire and windstorm insurance policies to three local agencies.

The policies, expiring January 6, represent one-fifth of the total amount of insurance carried on school property in this city.

A considerable portion of the lengthy session was devoted to hearing a report by C. W. Pope, director of the Thief River Falls area vocational-technical school, which gives instruction in the automotive and electrical fields, as well as practical nursing.

Pope stated that virtually all of the graduates are staying in the field of activity for which they had prepared themselves, and that they have secured good jobs.

Russell Embury appeared at the session in behalf of local golfers to suggest that the activities covered in physical education training in high school be extended to include golf. No immediate action was taken on the proposal.

Bridgemans Offer Organized Groups Free Sleighrides

Sleigh Drawn by 4-horse Team Will Accommodate as Many as 35 Children

Acting on the assumption that there will be an adequate supply of snow, Bridgeman Creameries is offering a thrill to organized groups of local youngsters in the form of free sleighrides, it was announced this week by Bill LaFave, manager.

Eligible for the treat are any local school classes or other organized groups of up to 35 children. A four-horse team driven by Dan Dowacter, veteran horseman, will pull the big sleigh.

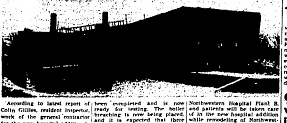
The only stipulation, said LaFave, is that each group arranging for rides must provide its own adult chaperons.

4 Cars Damaged in Two Collisions

While traveling south on Knight av. Friday afternoon, a car driven by Wm. Yonke hit a car driven by Conrad Larson, going west on Fifth st., police reported. They estimated the damage to the Yonke car at $100, and to the Larson car $250. Larson's daughter, Mrs. Dorothy Maes, riding with him, suffered an injured arm.

A car driven by Mrs. Russell Smith, while going south on Merriam av., Friday afternoon, was hit by one driven by Roger Nyland, who was traveling east on First st. Damage to the Smith car was appraised at $50, and to the Nyland car $75.

Hospital Construction Six Weeks Ahead of Schedule



According to latest report of Colin Gillies, resident inspector, work of the general contractor for the new hospital addition is six weeks ahead of schedule.

The top floor slab has been laid, and all the building is now enclosed for winter work. Bricklaying has begun, and there are eight bricklayers and the foreman on the job.

All roughing in of the plumbing on the ground floor has been completed and is now ready for testing. The boiler breaching is now being placed, and it is expected that there will be heat from the new boilers by January 1st.

All indications at the present time are that the new hospital addition will be complete no later than October 1st, 1954. At that time, most of the new equipment necessary will have been purchased, everything will be moved out of the present Northwestern Hospital Plant B, and patients will be taken care of in the new hospital addition while remodeling of Northwestern Hospital Plant B, is carried on.

It is expected that the remodeling work will take from between three and four months. No interruption in service to hospital patients is expected beyond the short moving period which it is thought may take about two or three days.

Free Movie Show for Kiddies at 2 Theatres Dec. 22

Thru the cooperation of the Civic and Commerce association and local merchants, children of Thief River Falls and surrounding communities will be entertained at a free movie show in the Falls and Avalon theatres next Tuesday afternoon, December 22, starting at 1 o'clock. Ward Nichols, theatre manager, stated that the same films would be shown at both theatres.

JAYCEES CHRISTMAS PARTY THURSDAY NIGHT

Members of the Junior Chamber of Commerce and their ladies will participate Thursday evening in their annual Christmas party, to be given in the Legion club rooms. An informal program has been arranged for the occasion.

U. S. Foundation for Polio Cites Care of Iron Lung Patients

"There will be no forgotten children in the battle against polio, even though a vaccine eventually may free future generations from the threat of the disease," Dr. Kenneth S. Landauer, assistant medical director of the National Foundation for Infantile Paralysis, declared today.

Polio patients by the hundreds, he said, who might otherwise have been doomed to life imprisonment in iron lungs already are being restored to fuller, freer lives, thanks to new treatment developed at seven regional respiratory centers supported by the National Foundation with March of Dimes funds.

These centers are located at Houston; Wellesley Hills, Mass.; Ann Arbor, Mich.; Hondo, Calif.; Buffalo, N. Y.; Chicago and New York City.

As an example, Dr. Landauer said, five centers discharged 303 patients in 1952 after an average of just six months treatment and 70 per cent no longer required any mechanical breathing aids. Another 26.7 per cent needed but partial respiratory aid, while only 3.3 per cent continued to rely full time on breathing machines.

In April of 1951, when the first two centers opened, there were approximately 580 longterm respirator patients in the nation. It is estimated that because of the heavy polio epidemics in 1951, '52 and '53, the number now probably exceeds 1,800. The cost in March of Dimes funds of treating these patients will come to many millions of dollars a year, Dr. Landauer said.

Thus two other purposes are served by the respiratory centers. First, by freeing patients from total reliance upon machines so they can return home, hospital facilities are released for use by others who need them; second, more March of Dimes funds become available to finance the polio prevention program, direct patient aid, the training of professional medical personnel and the unflagging program of scientific research.

Yule Caravan for Young People at Trinity on Friday

Local young people today were invited to join the Christmas Caravan in the youth rooms at the Trinity Lutheran church Friday, December 18th. Beginning at 7:30 p. m. the doors will open to local youth for an evening of Christmas games, contests, prizes and refreshments. Youth room decorations will carry out the festive holiday theme.

Co. Board Meets with Road Group in Detroit Lakes

Members of the Pennington county board and Joseph Seidel, county engineer, spent Monday in Detroit Lakes, where they attended a meeting of the highway study commission, created by the state legislature at its 1953 session to study road problems in Minnesota.

Plans Arrive for Proposed Armory; Open Bids Dec. 22d

Provide for One-story Structure Measuring 98 Feet Wide, 74 Feet Deep

Plans and specifications covering the proposed Thief River Falls armory were received last Wednesday by the Thief River Falls Builders Exchange, it was announced by Mrs. Donna Robidoux, secretary.

Bids on the project will be opened next Tuesday afternoon, December 22, at 2 p. m. at the office of the Minnesota state armory building commission in the Minneapolis armory.

Plans, which were prepared by Bettenburg, Townsend & Stolte, St. Paul architects, call for a one-story building with no basement, measuring 98 feet in width, with a depth of 74 feet.

The structure would be built of face brick and concrete blocks, with wood-laminated roof arches, steel arches being an alternate. In addition to space for a large auditorium-drill room, plans provide for a class room, store rooms, kitchen, toilet and shower rooms. A large overhead door in the rear is included to allow entry of large items of equipment.

Mercury Falls to —22 This Morning

This locality experienced its first genuine cold spell of the current winter this week, when the mercury dropped to a low of -14 Tuesday evening, followed by a frigid -22 this morning. High readings for the past week ranged from 29 last Thursday to 20 Monday afternoon. Two light snowfalls late last week brought two inches of the white stuff.

Stores Open Nights Friday Thru Dec. 23d

With the Christmas holiday shopping season now entering its final hectic phase, Thief River Falls stores, with the exception of groceries, will be open evenings Friday and Saturday of this week, and next Monday, Tuesday and Wednesday, December 21, 22 and 23, it was announced today by the merchants committee of the Civic and Commerce association.

Grocery stores will be open evenings only Friday of this week and next Wednesday, December 23. All stores will close Christmas Eve, December 24, at 5 p. m., reopening Saturday, December 26.

Shoppers from a wide area have visited this city during the current season, due to favorable weather conditions and to all highways in this district being open.

Last Saturday, in particular, the business district was crowded, with an estimated 1,000 children taking advantage of their last opportunity for a pre-Christmas visit with Santa Claus, who, thru arrangements made by the Civic and Commerce assn., had been stationed at the Auditorium for three days each of the last two weeks.

Officers of the C. and C. voiced appreciation of the services rendered in his off-duty time by Patrolman Gay Haugen, who had ably enacted the role of Santa, bringing cheer to hundreds of little folks.

Get Material in Early for Next Issue of Times

In order to make possible the delivery on Wednesday morning of next week's issue of the Times, instead of Thursday morning, the regular day, the December 23d issue will be printed next Tuesday evening. To enable the publishers to do this, they request the cooperation of advertisers, correspondents, churches and other organizations in getting their material into the Times office a day earlier than usual.

4 Trinity Choirs Present Concert Sunday Evening

Large and Appreciative Audience Enjoys Concert Given by 150 Vocalists

A pleasing Christmas concert was presented Sunday evening in Trinity Lutheran church by 150 voices comprising the four choirs of the church. Groups participating and their directors included, the adult choir, Miss Marlys Carlander; chapel choir, Mrs. Wesley Waage; boys choir, Carroll Ellertson; and girls choir, Miss Judith Halvorson.

Mrs. A. L. Hamilton served as organist, while the accompanists for the respective groups were Mrs. A. C. Purdy, Miss Ara Peterson, Miss Janet Nelson and Miss Linda Wold.

Vocal soloists included Miss Gail Brown, Mrs. Donald Olson, Gene Bratsch and Miss Corrine Johnson.

Each of the choirs rendered a group of selections, while the massed choir supplied three numbers. Rev. G. S. Thompson gave the Scripture reading and prayer.

A large and appreciative audience enjoyed the presentation.

Rosalie Klennert Becomes Bride of Donald J. Bedard

Miss Rosalie Klennert, daughter of Mr. and Mrs. George Klennert of rural Thief River Falls, and Donald J. Bedard, son of Mr. and Mrs. Joe A. Bedard of Long Beach, California, spoke their nuptial vows in St. Anthony's Catholic Church, Long Beach, on November 21. The Rt. Rev. Bernard J. Dolan read the marriage service and Rev. Father Gerald Cahill officiated at the Nuptial Mass. Baskets of large chrysanthemums decorated the altar for the double ring ceremony, which was attended by 250 guests.

Mrs. George O'Brien presided at the organ, and a solo, "Panis Angelicus" was sung by the groom's sister, Mrs. John Tappe.

As Lohengrin's Wedding March was played, the bride proceded to the altar on the arm of her brother-in-law, Loren Jung, by whom she was given in marriage. She wore a bridal gown of lace and tulle over satin, with pearls bordering the high neckline and long sleeves of lace which came to a point over the hand. A sweetheart crown, outlined with pearls secured her fingertip veil and she carried a bouquet made up of two dozen white roses centered with a large white orchid and tied with satin streamers fashioned into love knots.

Attendants of the bride were her sister, Mrs. Loren Jung, matron of honor and Sandra Bedard, sister of the groom, bridesmaid. They wore matching gowns of chromspun taffeta, styled with net overskirts and boleros of rayon lace. Matching gauntlets and hats trimmed with pearls completed their ensembles, and they carried bouquets of carnations tied with satin ribbons. Flower girls were Judy and Patty Jung, nieces of the bride, and Adair Bedard, sister of the groom. They wore identically styled gowns of chromspun taffeta and nylon net in rose, white, and blue, respectively.

James De Muelle attended the groom as best man, and the groomsmen were Joseph Jackson, Charles Kaiser, and John Tappe.

Mothers of the bride and groom wore similar dresses of burnt rose with corsages of orchids.

Following the ceremony, a wedding breakfast was served at the home of the groom's brother-in-law and sister, Mr. and Mrs. John Tappe. Approximately 250 relatives and friends were entertained at a reception held that evening in the Catalina Room of Town Hall, Long Beach.

For their wedding trip to Laguna Beach and Palm Springs, California, the bride chose a rose and brown suit with brown accessories and wore a single white orchid as a shoulder corsage.

The bride graduated from Lincoln high school, Thief River Falls, in 1950, and her husband is a graduate of Polytechnic high school, Loyola University, and the University of Southern California. The couple will make their home at 809 W. Maple, Orange, California, where the groom is a counselor at the Orange high school.

The wedding guests included relatives of the groom from Argyle, Minnesota, and the bride's mother, Mrs. George Klennert, of Thief River Falls.

Mrs. John Ranum Is Hostess to Church Circle

Mrs. John Ranum entertained members of her church circle at a Christmas party Thursday evening. Ladies present were Mmes. Ralph Simenson, Jorgen Austad, Ole Ness, Hardis Wilson, Alfred Offerdahl, Lloyd Iverson, Carl Lindholm, Glen Peterson, Gilfred Sannes, Ray Ranum, and Oscar Arndtson. Pot luck lunch was served and gifts exchanged.

New Members Initiated at Eastern Star Meeting

Winslow Chapter No. 182, Order of the Eastern Star, held initiation last Wednesday evening at the Masonic hall for Mr. and Mrs. Irvin Wilson and Mr. Lucius Knight.

Lunch was served after the meeting by Mrs. Lester Ihle, Mrs. A. E. Baird, Mrs. Arnold Elofson, and Mrs. Leonard Hellquist. Community singing was led by Mrs. Gaston Ward, with Lenore Lieberman at the piano.

Former Thief River Falls Girl Married in Ohio

Daisy Joy Terpstra, daughter of Mr. and Mrs. Richard D. Terpstra of Marysville, Ohio, became the bride of Dean Timothy Rizor, son of Rev. and Mrs. Walter M. Rizor, 907 W. Race Street, Troy, Ohio. The wedding took place at the home of the bride's parents on November 21. Rev. W. M. Rizor, father of the groom, performed the ceremony.

The bride was given in marriage by her father and wore a street length candlelight white faille gown, with three-quarter length sleeves, fashioned in princess style. She carried a bouquet of white and red rose buds. Mrs. Sylvia Larrison, sister of the bride, was matron of honor. She was attired in a beige suit with aqua accessories and a corsage of yellow and bronze 'mums. The groom was attended by Mr. Ira Floyd Larrison.

The bride's mother wore a navy blue dress, while the mother of the groom chose a black dress. Each wore a corsage of pink carnations.

A reception was held for 35 guests at the bride's home following the ceremony. White streamers and wedding bells decorated the house, as did candelabrums, palm leaves and baskets of white gladiolus. The table was centered with mums and a four-tier wedded cake.

The bride attended Lincoln high school and is employed as a stenographer for E. E. Matson, consulting actuary, Columbus, Ohio. The groom is a graduate of Van Clene high school, Troy, Ohio and is now attending Ohio State university, majoring in industrial arts education.

The newlyweds took a brief wedding trip to Cleveland, Ohio.

Farewell Party Honors Mrs. Elmer Olson Wednesday

Mrs. Elmer Olson was pleasantly surprised at a farewell party last Wednesday evening when a group of ladies gathered at her home. The group consisted of Mrs. C. A. Lidstrom, Mrs. Don Lawrence, Mrs. F. Monroe, Mrs. O. Gifford, Mrs. C. E. Noel, Mrs. George Wagner, Mrs. L. Rambeck, Mrs. James Riley, Mrs. A. Kriel, and Mrs. A. E. Baird. Mrs. Olson was also presented with a going away gift. She will leave soon to make her home at Two Harbors, Minnesota.

BPW Holds Dinner and Christmas Party

The Business and Professional Women's Club met at the Rex Cafe Monday evening for their annual dinner meeting and Christmas party. During the dinner the women wore costume Christmas hats which they had made for the occasion. They played games and gifts were exchanged among the members following the dinner.

David James Steen Is Baptized Sunday

David James Steen, infant son of Mr. and Mrs. Jim S. Steen, Jr., of Grand Forks, N. Dak., was baptized Sunday in the Parish house of the Trinity Lutheran Church by Rev. G. S. Thompson. Sponsors were Mr. and Mrs. Ray Coleman of Riverdale, N. Dak., and Mr. and Mrs. Clyde Shumway of this city.

Following the baptism, Mrs. Judith Fast entertained the family and guests for a turkey dinner at the Rex Cafe. Those present were Mr. and Mrs. Jim Steen Sr., Mr. and Mrs. Jim Steen Jr., Mr. and Mrs. Ray Coleman and Michael, Mr. and Mrs. Derwood Lund, Mr. and Mrs. Sylvester Stromberg, and Mr. and Mrs. Clyde Shumway.

Local Couple Married in Church Ceremony

Trinity Lutheran Church was the scene of a pretty evening wedding on December 11, when Marlene J. Lappegaard, daughter of Mr. and Mrs. Henry Lappegaard of this city became the bride of Leonard M. Olson, son of the late Mr. and Mrs. Edwin Olson. Rev. G. S. Thompson officiated at the double ring ceremony. Vases of mums decorated each side of the altar.

Mrs. Art Hamilton played the wedding march, and Mrs. Clarence Weckworth, a relative of the bride, sang "O Perfect Love" preceding the ceremony, and "Crown With Thy Benediction" after the exchange of vows.

The bride, given in marriage by her father, wore a gown of white satin with a long train, an all around double ruffle of chantilly lace, gently crossed long tapered sleeves, lending an off-the-shoulder look. The jewel neckline topped an all around net yoke accented by a rhinestone necklace and earrings, gifts of the groom. Her veil of illusion net was attached to a crown of pearls and sequins and her bouquet consisted of white carnations and pink roses tied with a white ribbon and streamers, over a white Bible.

Delores L. Olson, sister of the groom, was maid of honor, in a formal gown of pastel pink acetate, styled similar to that of the bride. She carried a bouquet of pink roses and white carnations and her rhinestone necklace and earrings were a gift of the bride. Nancy Jane Olson, niece of the groom, and LaDawn Rude, cousin of the bride, flower girls, wore pale yellow and pale blue formals, respectively, accented by gold cross necklaces, gifts of the bride. Their bouquets were identical miniatures of the bride's, tied with yellow and blue ribbons in that order. The groom was attended by Vernon Lappegaard, brother of the bride, and the ushers were Herbert O. Olson and Erwin A. Olson, brothers of the groom.

The bride's mother chose a dress of figured rayon jersey in blue and gold. Her hat was of blue velvet and she wore a corsage of pink and white carnations.

A reception was given by the bride's parents in the church parlors following the ceremony, attended by sixty guests. The bridal table was centered with a three-tiered wedding cake topped by a bride and groom, tall candles decorated the table on either side of the cake. Betty and Carol Rude, cousins of the bride, in blue formals, served as waitresses. Mrs. Herbert Olson, sister-in-law of the bride, poured; Burnelle Kast, friend of the bride had charge of the guest book; Mrs. Clarence Dicken and Mrs Paul Gilbertson, aunts of the bride, took care of the gift table.

With her going-away suit of grey glen plaid the bride wore black accessories. After a short wedding trip the couple will return to make their home at 717½ Atlantic Avenue North, Thief River Falls.

The bride attended Lincoln High School and is employed as a bookkeeper for the Torgerson Oil Company. The groom is a truck driver for Kiewel Products Co.

Christmas Program Given at PTA Meeting

The December meeting of the Northrop PTA was held at the school Monday evening. The program opened with community singing led by Albert Ahlquist and accompanied by Carol Ulshafer. Mrs. Gust Haugen and Mrs. Wm. Thompson presented a humorous skit entitled "The Christmas List". Mrs. Lois Kelpin gave an explanatory talk on the Northern Blood Bank. The Christmas story was told to her dolly by Donna Peterson, and a reading "Christmas Comes to District No. 4" was given by Gail Brown. Showing of the film, "Littlest Angel" brought the program to a close.

The door prize, a Christmas candle, was awarded to Mrs. Ole T. Oie, and lunch was served by the fourth grade parents.

Rosewood Couple Observe 45th Wedding Anniversary

Mr. and Mrs. Henry Rye of Rosewood celebrated their 45th wedding anniversary on Sunday, December 6, at the Rosewood Mission church. There were one hundred twenty-five guests in attendance.

All of Mr. and Mrs. Rye's children were present for the occasion. They included Mr. and Mrs. Ralph Rye and Mr. and Mrs Clifford Rye and Linda of De Soto, Kansas; Mr. and Mrs. Louis Cloutier of Spokane, Washington; Mrs. Harry Hamilton of Los Angeles, California; Mr. and Mrs. W. Louisa Pope Dies at Fergus Falls

Services Thursday for Pioneer Local Resident

Louisa G. Pope, widow of Rev. Henry Pope, passed away on Sunday, December 13 at Fergus Falls, where she had been a patient since 1946. She was born on September 20, 1871, at Mount Carroll, Illinois, and was 82 years of age at the time of death.

Louisa G. Weidman was united in marriage to Rev. Henry Pope on April 2, 1890, and four sons were born to this union. Of those surviving, Samuel L. Pope lives at St. Paul, Ray Pope at Crookston, and Clarence W. Pope at Thief River Falls, with Vernon G. Pope having preceded her in death in 1942 and her husband in 1928.

Two grandsons, Kenneth R. Pope of Aberdeen, S. Dak., and C. Wendell Pope of Thief River Falls, and one granddaughter, Voncele L. Pope of Crookston also survive.

Louisa G. Pope was the daughter of Mr. and Mrs. George Weidman of Mount Carroll, Ill., both having been born in Germany and migrated to northern Illinois early in their married life. Three brothers and three sisters are living in Illinois at this time.

After serving as the wife of a minister at many parishes in Illinois, they moved to Joliet, Illinois from which city they moved to Thief River Falls in April of 1905, where the family home was established on the farm in Rocksbury Township. This continued to be their home until the death of Vernon G. Pope in 1942. From this time until 1949, she lived with her sons but her health failed gradually until the end.

Funeral services will be held at Community Methodist Church at Thief River Falls on Thursday, December 17, at 2:00 p. m. with Rev. E. C. Mead conducting the services. Interment will be at Greenwood Cemetery.

Military Rites Conducted For Leonard Baasen

A military funeral was held Monday for Leonard Baasen, 43, of Grygla, who passed away Dec. 9 at the Northwestern Hospital. Rev. J. M. Erickson conducted the services at the Valle Lutheran church, and burial was made in Valle cemetery.

Mr. Baasen was born in Sleepy Eye, Minnesota, and moved with his parents when seven years of age to Beeville, Texas, where he graduated from high school and attended college. He became associated with J. D. Beals operating the bee yards, and in 1941 he opened territory at Grygla.

He entered military service in March 1942, and after completing his basic training he was attached to Battery "B" 48th Coast Artillery Battalion. He served for three years as radar operator with the Pacific Fleet in Hawaii, and later at Palalu, Palou. After his return to the United States, he was honorably discharged at Camp McCoy, Wisconsin, on Oct. 1, 1945. He returned to Grygla and was united in marriage to Miss Sharlotte Sandsmark, Oct. 10, 1945.

He is survived by his wife and two sisters, Miss Justina Baasen and Mrs. John Adams of Corpus Christi, Texas. Mr. Baasen was preceded in death by his parents and one sister.

With the County Agent

By William Penning
Pennington Co. Agent

Your county agent has spent a week at the annual extension conference in St. Paul, and it seems as tho I have been away a much longer time. The mail sure does pile up in a hurry. I even had a few Christmas cards in the pile of letters. At first I thought it was mighty early to receive Christmas cards but after a little counting of days, I realize Christmas is just around the corner. So far this sounds like a letter to my mother, guess I'd better get down to work.

Winter Feeding

The winter season is now upon us and I am getting many questions on "How much shall I feed my wintering stock?" My stock answer is, just enough to keep them healthy. That is a pretty obvious answer, isn't it, but sort of hard to carry out. Let's think about this a little more and say that there are three types of livestock to be carried through the winter: animals that are pregnant, animals that are to be fattened, and animals that are producing milk.

Each one of these three types has a different feed requirement to keep its body healthy while doing the job it is supposed to. It would be impossible for me to tell you all the different requirements and different rations you should know in this column. But I believe I could help you if you come in to see me, and I always find a balanced ration is cheaper than an unbalance one.

Weed and Seed Meeting

The University of Minnesota is announcing the weed and seed inspection short course. The dates are January 18-22, 1954. The registration fee for the entire course is $6.00 per person. If you wish to attend only the one day session, that is held on Thursday, at the cost of $1.00. I would recommend this course to all who have weed and seed problems. The purpose is to provide instruction in seed identification, seed analysis, storage, production, weed control, seed identification, federal and state seed laws, soil building practices, botany, agronomy, public relations, and other related subjects. Do you think you are getting your money's worth?

Judging Practices

Again I want to call your attention to the first 4-H judging practice of the current judging year. There will be a practice session for both dairy and general livestock judging. Please make every effort to attend if you're interested. The time is Saturday afternoon, December 19, at 1:30 in the Civic and Commerce Rooms in the Auditorium.

Radio Speaking Contest

A state-wide radio speaking contest for 1953-54 will again give interested 4-H club members in Pennington county an opportunity to compete.

This year's event will be limited to club members between the ages of 14 and 21.

"What Our Bill of Rights Means to Me" has been selected as the topic for discussion, and for a very good reason because, "The Bill of Rights was written to guarantee both freedom and security. It needs to be examined and evaluated and more of our citizens need to understand and appreciate its contents."

Contestants will prepare original speeches, five to seven minutes in length, on some aspect of the subject, emphasizing the portion of the Bill of Rights that particularly appeals to them. Do not attempt to cover all 10 articles of the Bill of Rights in your talk.

A bibliography of reading material on the subject will be available soon from the county extension office. Public and school libraries and many civic organizations will also have material on the topic.

County contests must be completed by February 19.

Julotta Program Aired in Swedish on KTRF Dec. 25

The 10th annual Julotta broadcast in Swedish, originating in Thief River Falls, will be heard Christmas morning over KTRF 6 to 7 o'clock. This program also will be heard at the same hour over KTIS, Minneapolis, over that station's FM broadcast. The special Christmas service also is released through KFGO, Fargo, 5:30 to 6:30 o'clock, Christmas morning. Report of reception, said Pastor L. W. Lindholm of the Mission Covenant church here, and in charge of the radio ministry, will be appreciated.

AIRPORT NEWS

Donald Clelland from Northfield, flying a Cruiser, was here recently visiting his brother at Brooks.

Don Smith and C. T. Rollings from Minneapolis, both with the game and fish division of the conservation department were here for several days making an aerial count of the deer population in this area. They were flying the Super Cub.

Albert Olson and John Gilbertson from Roseau were here last week on a dual cross-country flight in a Luscombe.

John Zorachek and C. Johnson of the game and fish division of the conservation department, flying a Cessna 170, were here on business recently.

Knute Grahn was at the airport Thursday on his way home to Roseau from a business trip to Fargo in the Luscombe.

Jim Zavoral made his solo cross-country flight to Roseau and Crookston in the flying club's Aeronca.

Hank Bothman and Duane Snowbeck accompanied John Braaten in the flying club's Cruiser to Fargo to take their written examination for private pilot's license.

John Braaten and Helge Larson flew the Aeronca to Grand Forks Monday for relicensing. No comment on their flying time. But anyone interested in racing them over the same course is practically a cinch to win.

Ralph Anderson and Harold Olson brought the Aeronca back from Grand Forks and returned in their Cub.

Carl Sundstrom, local game warden, and John Parker, game warden from Warroad, were working out of the airport Monday, checking the elk population near Grygla.

Mr. and Mrs. William W. Lewis and infant son, Leigh, from Greenville, Mississippi, arrived Tuesday afternoon to spend the holidays with her parents, Mr. and Mrs. Christ Kierk. Mrs. Lewis is the former Beryl Kierk.

Council Acts to OK Commissions for Civil Service

(Continued from page 1)

was the reappointment by the mayor of three members of the Carnegie library board, whose terms expire December 31. Included were Mrs. N. A. Holen, Anton Hall and Mrs. J. C. Zavoral. Also confirmed was the reappointment of Halvor Rhodegaard as city weighmaster for a two year term.

The council voted to make application to the bureau of reclamation for electric power from the Missouri river dams expected to become available within the next two or three years. City attorney Robert A. Wurst explained that the application does not bind the city in any way.

At the same time the services of Douglas Stewart were engaged to make a survey of the local system and to assemble the information that will be needed in connection with the application. It was specified that the cost of the survey will not exceed $500.

Two bids were opened on a crawler type tractor for use by the street department for snow removal, moving dirt and other purposes, action on the bids being laid over until next Tuesday evening. Wm. H. Ziegler Co. offered to supply a Caterpillar tractor for $11,865, and the Rosholt Equipment Co. bid a base price of $9,970 on an International Diesel crawler tractor, with $750 additional for an enclosed cab.

Wallace Tunberg of the municipal airport commission and Chris Kierk, airport manager, discussed with the council the need for improved snow removal equipment, action being deferred to next Tuesday, pending a survey of present equipment.

A letter from Col. Robert P. Miller, regimental commander of the National Guard, was read, praising Mayor Simons, the council, local businessmen and all others who had cooperated in promoting the interests of Company F of the guard.

The council granted a permit to the Dakota Maid warehouse to build an addition to its plant on Atlantic av. at an estimated cost of $7,500.

Also approved was the transfer from Mrs. John Langseth to Mrs. Leroy Olson of the 3.2 beer license at 104 Main av. S.

4-H CLUB NEWS

Smiley 4-H

The Smiley 4-H club held its Christmas party on Wednesday evening. Mrs. Jim McCrum and Mrs. Norman Johnson were chosen coach and assistant coach for the play this year. All members are urged to participate in the speech contest.

Shirley Bieswenger was chairman of the program committee. Each family contributed a number for the program. Those taking part were Marilyn McCrum, Joyce Helgeland, Arlene Peterson, Haren Diehl, Sharron Rude, Sharron Knutson, Nelda Nelson, Marlys Mostrum, JoAnn Lizakowski, Mrs. Norman Johnson and Gloria Johnson.

Movies on the 4-H banquet were shown by Mrs. Adam Lendobeja. Lunch was brought by the members with Mrs. Jim McCrum and Mrs. Anton Torkelson in charge. Gifts were exchanged after the lunch.—Betty Rude, reporter.

Fesler Resigns as 'U' Football Coach

Will Become Partner In Mill City Radio Station

Wes Fesler, whose bid to restore University of Minnesota football teams to national stature was frustrated by ordinary material, unexpectedly resigned Monday after three years as head coach.

Fesler, 44, and one-time head coach at Ohio State and Pittsburgh, leaves Minnesota to become a partner, vice president and sports director of radio station WDGY in Minneapolis, an independent station.

It was the second time in the last four years the former Ohio State athletic star abandoned coaching to enter private business. He resigned at Ohio State in 1950 for a brief fling in real estate a year after he led the Buckeyes to a Rose Bowl victory.

Fesler joined Minnesota in 1951 after famed Bernie Bierman gave up the ghost following a dismal 1950 season. Fesler's resignation becomes effective February 1.

Senior Hockey Team Defeats Redwings 3-1

Thieves Open Season by Winning an Exhibition Game over Grand Forks

The senior hockey Thieves opened their 1953-54 season on Sunday afternoon when, in an exhibition game played in the Winter Sports Building at Grand Forks, they defeated the Grand Forks Redwings, 3 to 1. The locals are slated to begin play on their 1953-54 Northwest Hockey league schedule on Sunday, Dec. 27th, when they meet the defending champion Warroad Lakers on the Arena ice.

The local management stated that an attempt will be made to arrange an exhibition game to be played on the local ice, before the league schedule opens.

Sunday's game was pretty much a Jack McGill affair, with the agile Thieves' goal kicking out 41 on-goal shots, and several of those "saves" were uncanny. McGill, though, had to share starring honors with Derwood Swede Lund, for the local left-winger, returning to the ice where he played with the North Dakota Sioux, notched two goals and playing a strong two-way game.

The Redwings, who gave indications that they will be a "power" in Northwest Hockey league competition, opened the game's scoring when Prince Johnson, with 1:21 of the second period, on a two-man break with Wendy Feist, hit the east net for a tally. Grand Forks held that lead until the 9:14 mark when Lund, getting a feed from Paul Bedard, whipped a shot into the right-hand corner of the cage from ten feet out. At 13:51 of the period, Lund sent the Thieves into the lead when he skipped across the blue-line on a breakaway, and then beat goalie Bun Nicholson with a sharply-angled backhand shot.

The Thieves secured some game "insurance" early in the third period when Rob Amundson, with Bill Robinson and Church Russell getting the assists, blasted a shot past Nicholson from close-in.

McGill had a busy afternoon in the net for the Thieves, having twelve stops in the first period, fifteen saves in the second period, and fourteen stops in the final period.

The "imports" playing for the locals, in addition to McGill, were Church Russell, Bill Robinson, and Ward Brandow. Brandow, a defenseman, was playing as a substitute for Bill Juzda, who, because of his employment in Winnipeg, could not appear in the Thieves' lineup on Sunday. Juzda has agreed to play with the local club this season.

The summary:

Thief River Falls (3)
Goal—McGill. Defense—Amundson, Brandow, Hall. Wings—Robinson, D. Lund, S. Lund, Russell, Efteland. Centers—Russell, Bedard, Orrson.

Grand Forks (1)

Prowlers Defeat Fosston 54 to 49 in Tight Contest

Locals Forced to Stall in Final Minutes to Protect Lead Tuesday

The Prowlers were forced to stall out the final minute of their game against the Fosston Greyhounds here Tuesday night to protect their lead and win a thrilling 54 to 49 decision over coach Bert Tvelt's club. In an exciting preliminary game, the Fosston 'B' team, with LeRoy Lucken scoring 8 field goals and 3 free throws, edged out the Prowler 'B' team, 38 to 36.

Except for the opening minutes of the second period when the Prowlers, rapping in four field goals, gained a 24 to 16 lead, Tuesday night's game was nip-and-tuck. The Greyhounds, with Jim Rude showing uncanny accuracy in potting field goals from the corner of the court, trailed by three points, 28 to 25, at the intermission.

A pair of field goals by Russ Notvedt gave the Greyhounds a 30 to 29 lead with 4:12 of the third period to be played. Bill Frahm hit with a jump shot, and Grant Gulseth and Darryl Rude added free throws, to shove the locals into a 33 to 30 lead. Glen Olson's rebound shot in the final seconds of the period pared the Prowler lead to 39 to 37 moving into the final quarter.

Ken Nystrom evened the score by hitting from the corner of the court. After Gulseth had marked a free throw, Rude, on a break, dribbled in for lay-up, and the locals held a 42 to 39 margin.

The two teams exchanged points throughout the balance of the period, with the Prowlers holding a 51 to 49 lead with 1:22 to play. Louie Wedul, with 36 seconds left, scored on one of two free throw tries, and just as the game-ending buzzer sounded, Wedul pushed in a lay-up shot, giving the Prowlers their 54 to 49 win.

Art Johnson of the Prowlers and Jim Rude of the Greyhounds shared the game's high scoring honors, with each player racking up six field goals and six free throws. Three players fouled out of the game, with the Prowlers losing Frahm, and Fosston losing Kenny Nystrom and Russ Notvedt, with Nystrom's loss being particularly costly, for his floor play is vital to the Greyhounds game.

South St. Paul Livestock Market Report—Monday

STEERS & Heifers: Most of the Choice slaughter steers and yearlings sold at $22.50-24.00. There were Choice 1,079 lb. steers at $24.50 and 1,086 lb. offerings at $25.00. The day's top of $26.00 was paid for mostly Prime 995 and 1,224 lb. steers. Good steers and yearlings cashed at $19.00-22.00, there again being numerous loads of qualified steers that showed the effects of only around 100 days in the feedlot. Many of these cattle had just reached the point where they could do well. Some Choice 950 lb. heifers brought $23.00 and there were loadlots Choice heifers at $21.50-22.00. Bulk Good sold at $18.00-20.00. Commercial steers and heifers had a range of $12.00-16.00, Utility $10.00-11.50.

COWS: Canner and Cutter cows again were in urgent demand and while some of the weightier beef cows showed a tendency to drag in contrast, the entire cow market was fully steady. Some young lightweight Commercial cows reached $13.00, bulk Commercial offerings selling at $11.50-12.50. Utility grade brought $10.00-11.00, while Canners and Cutters bulked at $8.00-9.50. There were strongweight Cutters at $10.00 and some lightweight Canners down to $7.00.

BULLS: Weighty dairybred bulls touched $13.50, bulk Cutters and Utility grades $11.00-13.00, Commercial and Good bulls sold at $11.50-12.00 while Canners were taken at $9.00-10.50.

VEALERS & CALVES: Bulk Good and Choice vealers cleared at $17.00-21.00, high-Choice and Prime $22.00-26.00 with a few Prime $27.00. Utility and Commercial grades sold at $11.00-16.00, Culls making $8.00-10.00.

New 1954 Pontiac Makes Bow Friday

Main av. Motors to Show New Star Chief Series

An entirely new line of Pontiac cars—bigger, longer and more luxurious—plus an improved and newly styled line of Chieftains for 1954 was announced today.

They will go on display Friday, Dec. 18, and Saturday in dealer's showrooms across the nation, including Main Ave. Motors in Thief River Falls.

The new line, to be known as the Star Chief series, is eleven inches longer over-all, has a two-inch longer wheelbase, a more powerful eight-cylinder engine and luxurious interiors.

All 1954 Pontiacs have been re-styled with a new radiator grille, new silver streak, new deluxe and custom side mouldings and many other features both interior and exterior, including the widest selection of color combinations ever offered.

Mechanically, the Pontiac straight eight with Hydra-Matic has been stepped up to 127 horsepower, equipped with a new carburetor and intake manifold, a new current and voltage regulator and a new spark plug and ignition coil mounting.

In addition to the four models offered in the Star Chief series, Pontiac for '54 offers nine other models in the custom, deluxe and special series, with eight or six-cylinder engines. These include the custom and deluxe Catalina, two-door and four-door sedans and station wagons.

Hospital Staff Enjoys Yule Party Tuesday Evening

Nearly 200 Present at Annual Affair Held in the Eagles Auditorium

Nearly 200 persons associated with Northwestern Hospital, together with their husbands and wives, enjoyed their annual Christmas party Tuesday evening in the Eagles club rooms.

The program over which Judge Paul A. Lundgren presided, followed the serving of an excellent dinner, with the invocation being supplied by the Rev. G. S. Thompson. L. B. Hartz, president of the board of trustees, spoke in behalf of the board.

An entertaining skit was presented by a group of student nurses from Northwestern Hospital in Minneapolis, and Lyle Guttu, Lincoln high school senior, gave an impersonation of a sports announcer at a prize fight.

Harold W. Peterson, hospital administrator, gave a reading, and songs were supplied by a quartet including Don Howard, Dave Vaaler, Glenn Anderson and Dr. W. M. Felgal. Vaaler also led the assemblage in the singing of Christmas carols.

The evening closed with games and dancing.

25 from Here at Jehovah Meeting in Border City

Is humanity faced with atomic extinction? Or is it eternal life in peace under God's Kingdom? These were the questions considered by C. W. Rieger, district servant of the Watch tower Bible and Tract Society to 588 Jehovah's Witnesses, at a three day assembly in International Falls, December 11-13. Twenty-five persons from the Thief River Falls congregation attended the event, according to C. Sanderson, head minister of the Witnesses here.

Mr. Rieger spoke on "What Is Your Destiny?" The convention was a semi-annual event held in districts global in scope. The local congregation meet three times weekly at 523 No. Knight av.

Oklee FU Group to Meet Friday Evening, Dec. 18

The Oklee Farmers Union local will hold its December meeting Friday evening of this week, starting at 8:30. Junior members will present a skit, "Caravan's End," while other entertainment will be provided by Nancy Stucy and her accordion and by Gordon and Joan Lolland.

Mrs. Alfred Syrtvelt and Hitmer Linder will report on their attendance as delegates to the state FU convention. Other reports will be given by Alvin Fore, legislative director, and Ralph Sorenson, organization director. Lois Syrtvelt will report on the Junior program.

Lunch will be served following the meeting.

Tabernacle Plans Yule Program for Monday Evening

The annual Christmas program presented by the Sunday school of the Assemblies of God tabernacle will be given Monday evening, December 21, at 8 o'clock. The program is built around a missionary theme with artistic creations used in the accompanying scenery. Wilburt Johnson, Sunday school superintendent, has planned the presentation, according to Rev. Robert Abbott, pastor. The usual treats will be given out and gifts will be exchanged by members of the school. A free-will missionary offering will be received.

Aliens Required to Register at P. O. in January

Every alien within the United States is required in January to report his address and other information to the commissioner of immigration and naturalization, Attorney General Herbert Brownell Jr. announced this week. Address report cards may be obtained at any postoffice, and when filled out and signed should be turned in to a postal clerk or immigration employe. A fine imprisonment or deportation is the penalty for wilful failure to report, said Brownell.

Milk House Ready for Grade "A"

Bringing the milk house up to standard was the main need in meeting the grade A requirements on the Charles Svensgaard farm northwest of Mavie. By enlarging the old building to an 8'x18' size the necessary room was provided for the hot water and washing facilities and electric cooling equipment.

The changes and added equipment will cost considerlaby less than $1,000 according to Mr. Svensgaard, who stated that the improvements were necessary and justified regardless of whether they are required for premium milk production. And Mrs. Svendsgaard agreed that they were worth what they cost just to get the equipment washing job out of her kitchen.

Pictured above with Mr. Svensgaard is his son Dale who is very much a part of the operation, and Stanley Nelson, chairman of the Thief River Falls Dairy Club. In the background is the enlarged milk house just completed and not yet painted. The Svendsgaards are now keeping production records and plan to increase their herd to twenty milking cows.

Dale already has two registered cows and is now in the process of buying three more. These will be the foundation stock for the future herd.

1954 Chevrolet to Be Shown Friday

Northern Chevrolet Co. to Display Improved Models

New 1954 models of Chevrolet cars will go on display Friday and Saturday, December 18 and 19, at the Northwest Chevrolet Co. in this city, Alvin Holzknecht, manager, announced today.

He stated that persons age 16 or over will be registered for three valuable prizes, with the drawing to be conducted Saturday afternoon at 5 o'clock. Registrants, he added, need not be present to win the prizes, which include $75 cash, first; $35 cash, second; and a portable spotlight, third.

More power, an extension of the automatic transmission option to all cars, and design revisions to accentuate the low, flowing beauty of the three body series highspot the 1954 Chevrolets.

The latest models benefit as well from re-styled interiors, a wider choice of color harmonies and chassis advances to assure quieter operation with increased performance.

Power brakes, adding safety and driving control, become optional for the first time in the low-priced field with the introduction of the new models. As still another "first" in Chevrolet's market, electric front seat and window lefts are also available. This convenience provides passenger car comfort through push-button control.

Another departure in the lineup of 13 passenger car models is the introduction of a utility sedan in the "One-Fifty" or lowest priced series. This body, replacing the former business coupe, offers 51 cubic feet of storage space.

Higher Rates on Letters Overseas

Patrons of the local postoffice were reminded today by Postmaster R. J. Dryden that there has been an increase in rates on first class mail to foreign countries other than Canada and Mexico. Rates now in effect are eight cents for the first ounce and four cents for each additional ounce. The former rates were respectively five cents cents and three cents.

Grand Forks Bows to Prowler Quint 50-39

The Prowlers, scoring their third victory in four games played to date, added another triumph to their consecutive win streak over the Grand Forks Central squad on Friday night when they defeated Fritz Engel's club, 50 to 39. The Prowlers can now boast of a three-game string of wins over the *Grand Forks Redskins.*

The drama of Friday night's program, though, was wrapped up in the preliminary game between the Prowler and Redskins 'B' teams, and which was won by Joe Mrkonich's locals, 40 to 39. The Prowler 'B' squad trailed by a 17 to 6 score at the end of the first period, but a second half rally pared that lead to two points with a minute to go in the fourth period. Dean Anderson, on a break, dribbled in for a lay-up to even the score and, with eight seconds to play, Eddie Fillatrault was fouled, and when the husky center dropped in one of his two tries, the locals had their one-point victory.

The Prowler varsity, following the game here last night, will be out of competition until Jan. 3rd, when they invade East Grand Forks for a district game against the Green Wave.

In Friday night's tussle against the Redskins, the Prowlers, with rangy Art Johnson scoring 27 points, held the upper hand throughout, holding period leads of 10-6, 25-19, and 38-31.

Although Grand Forks, because of the Prowlers' height advantage, were at a handicap covering the rebounds, coach Engel's squad were "in the game" until late in the final period. The Redskins, with a couple of minutes to play in the third period, were within four points of the Prowlers, trailing by a 34 to 30 score.

In the fourth period, the Prowlers, with Bill Frahm, who played a fine all-round game, scoring two field goals, and with Johnson adding a pair of two-points, pulled away to a 50 to 39 win.

Johnson, with 27 points, was the game's high point winner, with Gary Humes being runner-up with 9 points. Gabe Kavadas and Earl King, each with seven points, led the Grand Forks scorers.

Grand Forks Faces Prowler Sextet Friday

Lincoln High School Is Well Supplied with Lettermen This Year

Coach Dennis Rolle's hockey Prowlers will begin play on their 1953-54 schedule on Friday night when, on the Arena rink, they meet coach Bob May's Grand Forks Central sextet. With the ice sheet in the Arena being completed on Tuesday of last week, coach Rolle, after having his squad on outdoor ice for a couple of weeks, issued equipment to his squad and began intensive drills for this season's campaign. The Prowlers and the Warroad Warriors have been installed as early season favorites for the regional title won last year by Oscar Almquist's Roseau Rams.

Coach Rolle will have an abundance of veterans available for Friday night's opener, having ten lettermen on this season's squad. Two experienced lines will "power" the Prowlers' offense this year, with co-captain Marv Jorde centering a line with Lyle Guttu and Sid Vraa on the wings, and Joey Poole centering a line that has Bob Helgeland and Darryl Burgin as wingmen. Depending upon the trend of the game, it is possible that the Prowlers' "orange" line, with Brad Teal at center and Jack Quesnell and Harry Armstrong at the wings, will see action Friday night.

The blue-line positions will be ably filled by Mike McMahon, Les Sabo, and Jim Zavoral, all lettermen, and Ronnie Reese. Co-captain Jack Poole will don the pads vacated by the graduation of Bill Maruska, and will be in the nets.

The Prowler 1953-54 high school hockey schedule:

Dec. 18th, Grand Forks, here.
Jan. [illegible], Baudette, here.

Keeping Score with "Huck" Olson

Checking in Center Ice

A goodly number of senior hockey fans made the trip to Grand Forks on Sunday afternoon to witness the Thieves in action against the powerful Redwings, and the fans were pleased with what they saw, for coach Paul Bedard's club registered a 3 to 1 win in a well-played exhibition tilt.

The most noteworthy performanc was turned in by goalie Jack McGill. McGill, who has become a family man since he was here last year, presided over Sunday's game like a full-fleged professor of goal-tending, with the Redwings forwards being his pupils. McGill, who is seldom sprawled on the ice, and then only to "cover" a loose puck, was very alert on Sunday, kicking out 41 Redwing shots, and several of these "saves" were on point-blank blasts.

Swede Lund, too, played a sturdy game for the Thieves, notching two goals to silence the rabid Grand Forks fans who were "riding" him. Swede, you know, because of his service with the North Dakota Sioux, is well known to the Grand Forks hockey fans.

If his play in the first game is any criterion, local fans will like left wing Bill Robinson, one of the two new "imports" in the Thieves' lineup this year. Robinson, who was a teammate of Bedard on the Fort Worth team of the United States league some years ago, is a very smooth operator, being especially adept as a stick-handler. Bill Juzda, a highly-regarded defenseman, did not make an appearance for Sunday's game, and the reason for his absence was that the railroad with whom he's employed, refused to give him a leave-of-absence for the game. It is hoped that Juzda can make arrangements so that he can play with the Thieves in the Northwest Hockey league.

Rebounds: the North Dakota U hockey fans think highly of the prospects that young Billy Reichart exhibited against the Sioux varsity last week. Reichart played with the Crookston Pirates last season, and his performance at times verged on the spectaular. Billy was a seventeen-year old flash with the Pirates last season, so the youngster has a lot of hockey years remaining. Incidentally, Bill Maruska, Prowler goalie last year, was in the nets for the North Dakota frosh in their game against the varsity, playing the last half of the game, and he impressed the experts.

Ken McKenzie, who was rated as one of the ablest wingman in the league when with the Grand Forks team last year, is player-coach of the Pilot Mound club in the Manitoba Big Six intermediate league. On the front line with McKenzie at Pilot Mound is Pete Langelle, a player that the Thieves tried to sign this year.

Odie Lowe, the Grand Forks Redwings center, is player-coach of the Winnipeg Maroons, an entry in the four-team Manitoba senior hockey circuit. Lowe replaced Wally Stefanew as player-coach of the Maroons.

Roseau hockey fans expect big things of Jim Zarie, a new forward for the Clover Leafs. Zarie, a member of the Winnipeg Monarchs junior hockey club a couple of years ago, played his hockey in England last season. Zarie will join forward Ken Little, defenseman Gordy Simpson, and goalie Don Collins at the Roseau "imports."

Came Close

Art Johnson, although sitting out a short while on Friday night, came close to breaking the school's indivdual game scoring record when he tallied 27 points against the Grand Forks Central squad.

The individual game record, as well as the season and three-year record, is held by Roger Williamson, the stellar center on the 1951-52 Prowler club. Roger, in an overtime game against the Halstad Pirates here on Feb. 1951, scored 29 points. Four of those points, though, on field goals were scored in the overtime period.

In the 1951-52 season, when Roger set a season record by scoring 426 points, the Prowlers nifty southpaw hit the 27-point mark a couple of times, getting that total in a game against the Lumberjacks and again in a game against Red Lake Falls. In the last game of the 1951-52 season, which was the regional finals against the Halstad Pirates, Roger scored eleven field goals and six free throws before fouling out with about a minute of the game remaining, to mark up a 28-point total.

A First Look

Hockey fans will get their first look at coach Dennis Rolle's 1953-54 Prowler club on Friday night when the blue and gold open their season by meeting the Grand Forks Central team on the Arena rink.

Prospects are that the eighth region will provide some of the state's finest high school hockey this season, with three teams, Warroad, Roseau, and Thief River Falls, engaging in a hectic struggle to gain the one state tournament entry that this region will have this year. The Prowlers and the Warroad Warriors are all-veteran outfits, and Roseau, although losing goalie Palmer Norberg, center Donny Grahn, and wing Lalyn Monsrud by graduation, has ten or twelve experienced players available.

Jim Doyle's Warroad team, by their performance in the state tournament last year, in which they gained runner-up honors, should be the "team to beat" in the regional competition. The two games between the Prowlers and the Warriors, at Warroad on Jan. 8th and here on Jan. 26th, should be classics, with Warroad's Harlan Meek, Jack Stonkopf, Roger and Bill Christian, Penny Nash and others attempting to outscore the Prowlers Marv Jorde, Lyle Guttu, Sid Vraa, Joey Poole, Bob Helgeland, Darryl Durgin and the others.

Situation of Dairy Industry Calls for Changes, 'U' Man Says

Increased milk production which began a year ago is complicating the dairy industry's problems and may force some adjustments, a University of Minnesota agricultural economist said today.

Speaking before nearly 100 county agents at the annual extension service conference on the University's St. Paul campus, E. Fred Koller, professor of agricultural economics, said we probably will carry over a record amount of dairy products into 1954.

This year's surplus plus carryover from other years will total about eight billion pounds, milk equivalent — about three billion pounds more than at the beginning of 1953.

As a result, prices of manufactured dairy products probably will not get above the support level this winter, Koller said.

Most far-reaching of the developments has been the decline in demand for milk fat. Per capita consumption of milk fat in 1952 reached a record low of 27.3 pounds, compared with an average of 31.2 pounds in the 1935-1939 period.

One factor in the decline has been retail butter prices. They have been nearly three times higher than margarine. Before the war, butter usually was about twice as high as oleo.

On the bright side is the increased consumption of nonfat milk solids — now nearly 50 pounds per person a year. Twenty years ago the average person ate about 40 pounds of nonfat milk solids.

Accounting for the increase are heavier sales of fluid milk, cheese, ice cream, cottage cheese and skim milk products, but the increase has not been enough to offset lowered milk fat sales.

Koller said present high support prices aggravated the problem by encouraging larger output of milk and by high prices which discourage buyers.

He said lower support prices would help solve the problem, but would cut farmer's incomes temporarily.

To soften the reduction's effect, Koller advocates government income payments—paying dairy farmers the difference between prices for their products as determined in the market and the desirable parity support level.

NATURE'S FALL FROLICS

Dandelions bloomed in November, not only at Raymond in the southern portion of the state, but at International Falls nearly 300 miles farther north . . . While lilacs bloomed at Wadena . . . And at Fergus Falls Mrs. Harvey Morrill picked a lemon 13 inches in diameter from an 18-inch tree . . But the week's prize goes to Farmington, where Robert Siegmaier combind six acres of oats the 18th day of November.

A plant and equipment investment of nearly $50,000 is required for each worker in electric utilities; chemicals is the next highest, the average for all manufacturing is $13,000.

Many Homes Have Inadequate Exits

Safety Council Warns of Danger in Case of Fire

The Pennington County Safety Council reported this week that in at least half of the cases where children die from fire in a home, there was only one exit in that home. In some cases the front doors had been sealed shut to keep out cold in the winter. In others there was only one door in the home.

A door, says the safety council, acts as a safety valve, and sealing this means of escape may mean death to you or your loved ones. In a recent survey it was found that many doors are sealed in the Thief River Falls area. There are also many homes that have only one exit. Sealed doors should be reopened and homes with only one door should be remodeled and another door installed so as to allow two exits in case of fire.

Survey your home and decide what retreat you would make. Windows are not considered exits as a child when choked with smoke could never escape thru a window and habit guides them in the direction of a door. In past years children and adults alike have died in this vicinity due to lack of exits, the council states.

Concordia Yule Parties Dec. 28

Simultaneous Christmas parties will be held in scores of communities, including Thief River Falls, December 28, by Concordia college students home on vacation and their friends. The parties will be tied together with a radio program on WDAY, Fargo, originating in Fjelstad Hall on the campus at 11:10 p. m.

EGF Man Is Given $27,000 Verdict

The largest jury award made in Polk county history was handed down in district court in Crookston last week when Jerry J. Knute, 26, of East Grand Forks, was awarded $27,000 as a result of an accident which occurred July 5.

The defendent in the case was Frederick Libby of Grand Forks.

Knute's knee cap was fractured in the accident.

NATURAL GAS COMING?

Nearby North Dakota and across-the-border provinces in Canada are now proven as great oil producing areas. As yet we have not felt the impact of these developments. Production still is a mere trickle and only a few drops of the product have been made available in our markets. We can look forward to a steadily increasing flow of oil from these areas—and along with the flow of oil a steadily increasing flow of benefits.

Last week brought two important announcements from the oil world. From far-away Australia came the report of a discovery of oil, the first well to be brought in on that continent. And from the across-the-border province of Alberta came the announcement that the provincial government had decided to permit the exportation of natural gas.

Our interest in the Australian development is as indirect as that continent is remote. But whatever is good for our English speaking friends down-under is also good for us. A strong, friendly nation down there lends strength to us. And the Australian discovery may have been a factor in convincing the Alberta authorities that they actually face a difficult problem of finding markets for their oil and gas.

Regardless of what may have prompted their decision the announcement that natural gas is headed in our direction is a matter of very direct interest to us. Here in Minnesota we can use that natural gas to good advantage.

DISTINCTIVE NAMES

By a five to one majority the voters of Parkers Prairie decided against changing the name of their village. The proposal they rejected in last week's election would have dropped the "Prairie". Proponents argued in favor of brevity. Also they didn't like the "Prairie", because it suggested a hick town, so they said. We are glad the majority did not agree with them.

At one time such an attempt was made to change the name of Thief River Falls. An excuse for a change came when the first Great Northern train discovered Thief River Falls in October of 1892, exactly 400 years after Columbus discovered America. Some of the good citizens thought the name of the village should be changed to Columbus. Such a change would have been most unfortunate. To give up a name that is distinctive and of legendary origin for one that has become common and of no local significance would have been an unforgivable piece of prudery.

There probably is only one Parkers Prairie in the world and we are quite sure there is no other Thief River Falls. Marco Polo tells us about a Thief River that he crossed in his journey to China. Maybe we should know more about our Asiatic namesake. In that other valley of the Thief River there may of course be a Falls too. If there is that would be a good place to start a town.

POOLING FOR PEACE

President Eisenhower's proposal for the pooling of information on atomic power for peaceful purposes has received favorable reactions thruout the free world. The total destruction and complete chaos that is the inevitable final result if we do not adopt some such plan is so apparent that there can be no valid argument against at least exploring the possibility of working out a practical solution.

Our country probably is far ahead of the rest of the world in this field of research. We have exploded the atom. We have demonstrated the awful power of such explosions for purposes of destruction. We are in the process of harnessing this power for useful purposes. But much of what we know is also known by others and there is the possibility that others may have learned things that we have not yet discovered.

The Eisenhower proposal is good for us from the standpoint of our own most selfish considerations. The one thing we can be sure of if an all-out war comes again to our world, our country will be the hardest hit. We know that if there is another all-out war it will be our war. And as the President has pointed out, in that war there probably will be no winner.

Eisenhower's appeal was good in that it left the door open for Russian admission on an honorable basis. Coming out of the Bermuda conference with the approval of Britain's Churchill and France's Laniel, the message can be accepted in no other light than as an earnes invitation to make a real effort to save our civilization. If the Reds are sincere in their peaceful professions the way is now open to them to act honorably.

NEXT STOP BERLIN

Newsmen agreed that Winston Churchill showed the effects of ill health at the Bermuda meeting. Mentally, as well as physically, he apparently is in a state of decline and his days of leadership are drawing to a close.

The Bermuda meeting was held largely because he requested it. It is said he had hopes of laying the foundation for a personal meeting with Russia's Malenkov. This being his objective, the Bermuda conference was not a success.

The meeting probably was worthwhile nevertheless as a preliminary to the meeting to be held in Berlin in January when the foreign ministers of the three nations will meet with Soviet foreign minister Molotov. The western powers have agreed substantially on the position they will maintain on the important questions. How far they will progress will depend of course on Russia's willingness to discuss specific problems. One of the possibilities the guessers point to is an end of the argument over Korea and Indo China along with the withdrawing of objections to the admission of Red China to the United Nations.

That should be a fair settlement for a couple of nasty problems.

LEVELING OFF

It is clearly evident that the boom period of the wartime economy that came with the Korean incident is ending. Unmistakable signs indicate that we have passed the peak and now are in a period of recession. That being the case it can be said that the expected is happening. There is no reason for surprise. We can't keep on going up forever. Most people will agree that a leveling off is desirable.

There is nothing in the present situation that justifies alarm. In measuring the vigor of our economy nationally we could drop quite a few points in the comparative chart and still be far above what might be considered a fair normal.

But most observers agree that we are not yet headed for a drop of any consequence. They pile up a lot of evidence to prove things are going to continue without substantial change for some time. Their long range view is particularly encouraging.

Business Week points out that during the past 60 years our business volume, in terms of units of goods or services, has doubled and redoubled, and is of the opinion that this general trend will continue. Another doubling of our volume in the next 25 to 30 years is something the younger generation has reason to look forward to cheerfully.

But the best assurance we have for a continuation of a reasonably high level of activity and prices is the fact that we cannot afford not to maintain a high level. We don't want the dollar to shrink further in buying power. At the same time we can't afford to let prices drop, which would be the effect of restoring some of the dollar's lost buying power.

Looking Backward

1923—THIRTY YEARS AGO

Oscar R. Smith was elected to succeed D. W. Robinson as commander of Elmer J. ROLLIN' 'EM STRAIGHT

The first perfect 300 game ever rolled on Waseca bowling alleys is believed to have been Gil Miltelstaedt's recent achievement; it followed a mediocre, for Gil, 172 in the second line of a 3-game series; his season's top is 679, average about 600 . . . Perfect games are getting to be an old story to Walt Ross of Morris, who recently, in a practice match, rolled his third 300; his average is 194 . . . Chisholm boasts two championship bocce ball players in Molly Franchak and Angeline Ball.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, City

The Smiley 4-H Christmas party turned out to be quite an affair Wednesday evening at the Smiley Hall. From beginning to end there was a continuous flurry of activity starting with a snappy and short business meeting with current business matters disposed of and the play coach and assitant were selected for the coming year. The coach will again be Mrs. Jim McCrum and her assistant will be Mrs. Norman Johnson. Shirley Beiswenger em-cee'd the program with the following contributions to an excellent entertainment — Marilyn McCrum read, "Twas the Night Before Christmas;" Joyce Helgeland gave a demonstration on the prepartion and method of stamping novelty decorations on Christmas cards and favors; Sharon Rude read a short poem as also did Arlene Peterson; Sharon Diehl gave a demonstration on making novelties for the Christmas tree; Duane Helgeland, Harlan Rude, Orrin Helgeland, Johnny Konickson, Wallace Phillip, Merle and Harlan Mostrom and Larry Rude formed a vocal octette for a selection; Gloria Johnson had a table loaded with exceptionally clever centerpiece decorations. She also gave a brief demonstrative summary showing how these were constructed from popcorn, sugar loaves, pipe stems, etc. Mrs. Norman Johnson read a short humorous poem; the program ended with Christmas carol singing by everyone. Gift exchange was enjoyed by the young fry and the mothers brought and served a delicious lunch from a gaily bedecked buffet table with the attractive centerpiece supplied by Mrs. Adam Lendobeja. Quite a number of usable toys were cheerfully turned in by the 4-H members to be again turned in to the firemen in Thief River Falls who will repair and restore these toys for needy children. A fine idea.

Mr. and Mrs. Anton Torkelson, Patricia, Corinne, Carolyn and Craig were Friday evening visitors at the home of Mr. Torkelson's niece, Mrs. Marcella Hoffman and family in Thief River Falls Friday evening.

Word has been received from Mr. and Mrs. Ted Markus that they have arrived at their destination in Phoenix, Arizona. Enroute there they went by way of Kansas stopping over a week with Mrs. Markus 'sister, the former Theresa Aakre and her family. The Markus' are nicely settled now in a Motel apartment on 9315 Cave Creek Road, Phoenix and they had done considerable sight-seeing to date. The climate seemed to relieve Mr. Markus' asthmatic condition so far. They expect to return to their lovely home in Bemidji in April.

The Rudolph Hansons' are the first Smiley people to have a television set in their home. Their son, Duane, presented a G. E. set to his parents as a Christmas gift.

The social event of the season in Smiley was the Silver Wedding anniversary reception of Arthur and Louella Knutson on Sunday afternoon. Approximately one hundred and fifty well wishers attended this open house affair in the church parlors of Bethany. A prologue to the program was the entrance miniature bridal party as a reproduction of the wedding of Arthur and Louella as they may have looked 25 years ago. The young fry promenaded around the parlors to the strains of Lohengrin's wedding march played on the organ by Mr. Rudolph Hanson who also played for the vocal numbers later. The imitative bride was Nancy Newton with Orlin Homme as the groom. The bridesmaid was Carol Stenseth. Stanley Olson was the minister, Myles Olson was the ringbearer, and Janice Diehl was the flower girl. Mrs. Arnold Hammer arranged the following excellent program. The Bethany Ladies Chorus sang, "Ivory Palaces;" the silver wedding address was made by Rev. O. O. Bjorgan; *Darlene Aubol gave a vocal selection.* "A Heap O' Livin'" was read by Mrs. J. W. Lendobeja; the Ladies Chorus sang another selection; a reading was given by Mrs. Robert Peterson; a vocal solo by Mrs. Arnold Hammer. "The End of an Argument" was read by Gloria Johnson; the program ended with a devotional prayer by Rev. O. O. Bjorgan. Norman Johnson was the master of ceremonies, Mrs. Joe Johnson was in charge of the guest book. The tasty lunch was presided over by several of the members of the ladies aid with Mrs. Pete Bresnay pouring. Mrs. Lawrence Philipp cut the ornate three-tiered wedding cake.

Flash photos were taken of various phases of the reception throughout the afternoon. Mr. and Mrs. Knutson responded to the whole affair with their few warm words of appreciation and thanks for the numerous gifts and generalities.

Rudolph Hanson and son Duane and J. W. Lendobeja motored to Grand Forks Sunday where they attended the Thieves vs. Amerks hockey game. They also called at the home of Mr. Lendobeja's sister, Mrs. Don Hoff.

Saturday evening visitors at the J. W. Lendobeja home were Mr. and Mrs. Marshall Kaye of Thief River Falls, Mr. and Mrs. Rudolph Hanson and Marlos.

The Smiley Community Club will meet this Monday evening, Dec. 21st at a Christmas party at the hall. Santa Claus will be there to. The recreation will be arranged by the Norman Johnsons' and the lunch committee comprises the Floryan Szymanski, the J. C. Lendobeja, the Norman Johnson and the J. W. Lendobeja families. A New Year's Eve dance will be held at the hall also.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

The City Council of the City of Thief River Falls, Minnesota, convened in regular session in the Council Chambers on November 17, 1953 at eight o'clock P. M. Aldermen Christensen, Lund, Hunt, Bergland, Gjernes were present. Alderman Fuller was absent.

Minutes of the meetings of October 20th were read and adopted as read.

Monthly reports of various departments were presented, examined and ordered filed.

Robert S. Harmon presented resignation as Director of Legion Municipal Band effective as of January 1, 1954. Alderman Lund moved acceptance of the same which motion was seconded by Alderman Hunt and said motion was duly adopted.

The Board of Northwestern Hospital Association presented a request for the balance of proceeds of Hospital Bond sale in the amount of $100,000. Alderman Christensen introduced a resolution directing the Clerk to make payment thereof. Alderman Lund seconded the motion and the resolution was duly passed and adopted by roll call vote.

Alderman Christensen introduced a resolution approving and accepting Second Amendment to Grant Agreement with United States Government in connection with Project 9-21-031-203, Thief River Falls Municipal Airport, contract Serial No. [illegible], October 1953 and moved its adoption. Alderman Hunt seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was thereupon declared passed and adopted.

There was presented Engineer's final Estimate covering Airport Runway Lighting, Lawrence W. Best contractor, S. A. [illegible] 5701-05, August 11, 1953 in the amount of $11,679.95. Alderman Lund introduced a resolution approving the same and directing payment thereof. Alderman Bergland seconded the motion. The roll was called on the question and all members voted in favor thereof whereupon the resolution was declared passed and adopted.

There was presented a communication signed by Ruth and Armond Swave, Amond and Dagny Aase and others calling attention to the fact that arrangements are being made to keep a number of horses on the lot which is part of the LaFave property in Zeh's Addition, that a fence is being built on the property and that the use of the property for such purpose will be a violation of City Ordinance and asked that the Council at once put a stop to such contemplated use. The City Attorney was directed to advise the owner of the property as to the provisions of the existing Ordinance.

Leo DuChamp, Street Commissioner, appeared before the Council and suggested the need of a Crawler type Tractor for use of the Department. Alderman Christensen moved that the Clerk be directed to advertise for bids in accordance with specifications, the same to be opened and considered on December (5), 1953. Alderman Hunt seconded the motion which was duly adopted.

Alderman Lund introduced a resolution accepting from Northwestern Hospital Association conveyance of Block Twenty-one (21) and Lots Eight (8) and Nine (9) of Block Twenty-four (24) of Porter's Addition and moved its adoption. Alderman Christensen seconded the motion and the resolution was passed and adopted by unanimous vote.

Alderman Hunt introduced a resolution conveying to Minnesota State Armory Building Commission all of Block Twenty-one (21) of Porter's Addition and moved its adoption. Alderman Bergland seconded the motion. The roll was called on the question and all members voted in favor thereof whereupon the resolution was by the President declared passed and adopted.

There was presented by North Central Airlines, Inc., a proposal for rental of ground floor space, landing fees and reimbursement for use of electric service at the Municipal Airport, effective as of January 1, 1953. Alderman Hunt introduced a resolution accepting said proposal and directing execution thereof on the part of the City and moved the adoption. Alderman Bergland seconded the motion. The roll was called on the question and all members voted in favor thereof whereupon the resolution was declared passed and adopted.

Alderman Bergland introduced a resolution fixing and establishing the tax levy for expenditures of the City during the fiscal year 1954 at Twenty-two (22) Mills and moved its adoption. Alderman Lund seconded the motion. The roll was called and all members voted in favor thereof. The resolution was then declared passed and adopted.

Mayor Simons presented for approval the appointment of O. A. Frohn as member of the Airport Commission for the unexpired term of Gordon Hallingrud resigned. Alderman Bergland moved confirmation of the same. Alderman Hunt seconded the motion which was duly adopted.

There was presented by various residents and property owners in Block Seven (7) of Meehan's Addition evidence that the alley in said Block had not been used as such for a period of more than 25 years and a request that such alley be vacated. Alderman Bergland introduced a resolution declaring said alley vacant, with certain reservations, and moved its adoption. Alderman Lund seconded the motion. The roll was called on the question and all members voted in favor thereof and the resolution was declared passed and adopted.

The Council then proceeded with canvass of the vote cast at the City Election held November 3, 1953 and found the results to be as follows:

For Mayor—Mrs. Agnes [illegible], received	1304 votes
For Mayor Harry E. Simons, received	974 votes

Report on Viking News of the Week

By Mrs. Orville Peters, Phone [illegible]

Mr. and Mrs. Harold Kagg were honored at a Silver wedding at the Zion Lutheran church on Saturday evening. The occasion was a complete surprise to the Kaggs.

Miss Margaret Ranum played the nuptial music. Alvin Grandstrand, chairman of the church, was master of ceremonies. Vocal duets were sung by Mr. and Mrs. Arne Samuelson and Mrs. Oscar Hjelle, and Mrs. Percy Stokke. Presentation of corsages were made by Mrs. Carl Krohn, president of the Ladies Aid. Rev. Gilbert Anderson brought a greeting from the Mission Covenant church, a reading was given by Mrs. Egbert Malberg, a talk by Mrs. Edel Samuelson. Alvin Grandstrand then presented a gift from the friends and relatives of the community. A reception was held in the church parlors which were decorated in silver and yellow.

The bridal table was centered by a wedding cake. Seated at the table were the honored guests Mr. and Mrs. Harold Kagg and their daughter Barbara, Mr. and Mrs. Albert Kagg, Mr. and Mrs. John Larson, Mrs. Otto Nelson (who was bridesmaid at the Kaggs wedding), Rev. and Mrs. Gilbert Anderson, and Alvin Grandstrand. Out of town guests present for this occasion were Mrs. Yvonne Siever of Grand Forks, Mr. and Mrs. Roy Jorgenson and boys of Warren, Mr. and Mrs. Wilbert Westberg and Milfred, also of Warren, Mr. and Mrs. Lawrence Hudgel of Manvel, N. Dak., Mr. and Mrs. John Larson, Mr. and Mrs. Elmer Larson of East Grand Forks, Mr. and Mrs. Lou Bueche, Mr. and Mrs. Otto Nelson of Oslo and their daughter Barbara who is attending AC at Crookston. We extend congratulations to Mr. and Mrs. Harold Kagg and wish them many more years of wedded life.

Mr. and Mrs. Harold Kagg, Mr. and Mrs Arne Samuelson attended the Christmas concert at the Northwest school at Crookston on Sunday evening. Barbara Kagg was one of the students taking part.

The Mission Covenant Ladies Aid held their Christmas party at the church on Thursday evening. The following program was given. The opening song "Hark The Harold Angels Sing" by the audience, devotions by Mrs. Olga Melvie, a song by the Junior choir, Mrs. Aleck Anderson gave a reading, Mr. and Mrs. Percy Stokke sang a duet. Rev. Anderson gave a talk. The audience then sang "Joy to the World" and closing prayer by Mrs. LeRoy Sustad.

Refreshments were served in the candlelighted church parlors. The four tables were all Christmas decorated. Records of Christ themas carols were played during the entire social hour.

The Viking community was shocked and saddened at the death of John Tostrup. He passed away at a Fargo hospital on Wednesday at the age of 54. Funeral services will be held at the Zion Lutheran church in Viking on Tuesday afternoon. A complete obituary will be published next week.

Mr. Carl Gustofson and Gustof Berg left Sunday night for Minneapolis where they will attend an Elevator convention which is being held there on Tuesday.

Mr. and Mrs. Ludwig Lodge of Oslo were Monday dinner guests at the Albert Peterson home.

Mr. and Mrs. Bill Rupprecht and girls of Thief River Falls, Mr. and Mrs. Alvin Grandstrand and boys, and Malcolm Tangquist helped Mrs. Arthur Grandstrand celebrate her birthday at their home on Sunday afternoon.

Harold Kagg attended the northern Minnesota turkey show at Alexandria last week.

Mr. Frank Anderson left on Monday morning for Superior, Wis., where he will attend a two day supervisors meeting at the Androy hotel. He will return home on Thursday.

Social Security Cash Spent as It Comes in

Of the 24 billion dollars collected from workers and employers in Federal payroll taxes during 16 years of the social security program, 17 billion dollars, or roughly two-thirds, has been used to pay general expenses of the U. S. government, from lead pencils to submarines, reports the family economics bureau of Northwestern National Life Insurance company.

"This procedure has been strictly according to law," the report emphasizes. "But it means that *Uncle Sam's multi-billion-dollar* social security reserve fund for future old age pensions and benefits consists of a bundle of his own 'IOU's.' It is little more than a bookkeeping entry. This should be clearly understood, as we consider whether or not social security payroll tax rates should rise another one-half per cent on workers and employers, as scheduled for January 1."

Old age and survivors' insurance benefits paid from 1937 through 1952 amounted to about eight billion dollars, or only a third of the money actually collected, the records show. As prescribed under social security regulations, the payroll tax money left over has been invested in U. S. Government bonds to build a reserve fund for the increased claims of the future.

At the end of 1952, the OASI fund's invested reserve contained $17 billion in U. S. bonds, including bond interest earned.

But as social security payroll tax billions have been turned over to the U. S. treasury in payment for bonds, the treasury has used the money, along with other government income, to pay current government bills and expenses, the report continues.

Sooner or later the payroll tax money so spent must be raised all over again by the U. S. treasury, if it redeems its outstanding bonds. Thus in the long run government will have no more cash available for future social security claims than if this stack of government bonds did not exist. And the source that eventually furnishes the money the U. S treasury collects is Mr. Average American Taxpayer, the report points out.

CUTS ARMED FORCES . . . Assistant defense secretary John A. Hannah orders U. S. army, navy and marine corps to cut their manpower ten per cent, in line with airforce reduction.

Warning Given vs. Ice on Highways

Safety Council Chief Urges Care by Drivers

A little skid can go a long way warned A. V. Rohweder, president of the Minnesota Safety Council in a timely reminder to motorists against winter driving hazards.

"Too many motorists," he said, "have the mistaken notion that because an icy street or highway is sanded that fair weather speeds are entirely safe. Nothing could be farther from the truth, for ice on roadways is dangerous, no matter how extensively and thoroughly sand has been applied."

He went on to say that sanding of entire stretches of highways during periods of widespread icing is neither possible nor practical. In the first place, neither the State Highway Department nor the counties have sufficient manpower nor equipment, and secondly, the cost of such an operation would be prohibitive. Road authorities, therefore, instruct their maintenance crews to concentrate sand application to curves, hills, bridges, intersections and approaches to railroad grade crossings.

"It should be remembered," said Rohweder, "that the application of sand to an icy roadway is intended only to make that roadway safe for travel at minimum speeds. It is not intended to result in a roadway comparable with dry concrete."

He recommended the use of tire chains during periods of extensive, severe icing, pointing out that tests conducted by the National Safety Council demonstrated that chains reduce braking distances by 50 per cent and give the driver far more traction on grades than possible with regular tires or any special tread tires used without chains.

Minneapolis Man Honored by Banks for Farm Activity

D. E. Crouley, vice-president of the Northwestern National bank of Minneapolis, was today awarded the title, "Distinguished Farm Banker of Minnesota." Managing officers of banks throughout the state chose Mr. Crouley from a slate of bankers recognized for outstanding service to the farm field.

Thomas A. Boright, publisher of "Commercial West," a weekly publication of banking and business in the area, presented a plaque to Mr. Crouley at a meeting of the agricultural committee of the Minneapolis Chamber of Commerce. Mr. Crouley, who works with bankers throughout the state, was commended for his part in furthering progressive farm programs.

As a leader in his field, he has played a major role in formulating the livestock credit policies of the nation's banks. Mr. Crouley was one of the original members of the livestock committee of the American Bankers Association. In 1952 he was appointed chairman of the group, and this year he was re-appointed.

Mr. Crouley is a farmer and a livestock raiser, himself, with a dairy farm near Minneapolis, on which he is currently planning some unique fertilizer demonstrations.

FU Grain Terminal Assn. Gets Report

Annual Meeting Will End in St. Paul Today

Farmers Union Grain Terminal Association of St. Paul, the nation's largest grain marketing cooperative, announced December 14, that net earnings for the 1952-53 fiscal year totalled $2,269,045.

The announcement was made by M. W. Thatcher, general manager, in his annual report to more than 3,500 stockholders and delegates attending the annual GTA meeting in St. Paul Auditorium, December 14 to 16.

In his report, Thatcher called for an all-out drive to repeal the 1949 Farm Act, still on the books with its price-flexing provisions due to go into effect in 1955, and replace it with a permanent, firm price support law.

Despite the inroads of rust and adverse weather throughout the Northwest spring wheat states, Thatcher's report disclosed that Farmers Union Grain Terminal Association maintained a volume of over 100 million bushels.

But because of a record amount of grain going under government loan in the federal price support program, the co-op's volume of cash grain has been down since May 31, this year, the general manager revealed. He pointed out, however, that much of this support grain will be handled later as a cash commodity if farmers redeem their loans.

During the year, GTA continued to expand its terminal and subterminal storage space and now operates nine elevators with a capacity of 20,135,000 bushels. Planned additional expansion includes a 5,000,000-bushel boost in capacity of the association's largest elevator at Superior, Wisconsin, with the first unit of 1,358,000 bushels to be ready for the 1954 crop.

Cows Yield More Milk Given Warm Drinking Water

Your cows will produce more milk this winter, the National Retail Farm Equipment association reports, if you will provide them with plenty of warm drinking water in a place protected from cold winds.

When cows are forced to drink cold water, they have to use a good part of their feed as "fuel" to heat it. In addition, cold water slows up the digestive process in the stomach and may stop it altogether for a time when a large volume of cold water first enters the stomach.

The association recommends watering cows at least twice a day and reports that cows will drink more water and produce as much as 10 per cent more butterfat.

Cat-Skinner in an iron mine

BULLDOZERS are a common sight on any heavy construction job, but this "cat-skinner" is different—that's iron ore he's pushing around. For John Willey is one of the thousands of Minnesotans who perform hundreds of different jobs in our state's mining industry. Iron mining in Minnesota today is complex—it requires men of many skills and abilities. And as our mining industry turns more and more to the processing of once-worthless low-grade ores and taconite, more men, more know-how, more machines will be required. These lower-grade ores can assure a mining industry in Minnesota for generations to come—provided they can compete in price with ores from other areas. And they can—if our mining industry gets fair tax treatment.

The Christmas Candle

In the earliest times the lighted candle had a place in man's expression of his religious belief. Light has always symbolized the outreach of the Almighty.

But in the celebration of Christmas, the lighted candle has assumed a special significance. Gleaming in the darkness, it is like the Star that stood over Bethlehem. Flickering in the wintry draught, it is like the tiny Infant rocked in his mother's arms. Shining boldly through its wreath, it is like the Master of Mankind beckoning the world into the warmth of His Love.

And yet, no candle can express the real joy of Christmas. Worship is our divine gift for revealing our love to God. The prayers and hymns we lift from happy Christian hearts as we gather in Church; these are the real Christmas Candle—the glow of a people honored and blessed by the birth of the Christ.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WE HOPE 11 IS LUCKY

Diane Hanson, in the news two or three weeks ago, has company in her "eleventh heaven." Kathleen Wessbeckr of Waconia joins the Kennedy lass in an affinity for 11's; each was 11 years old November 11, having been born at the 11th hour on the 11th day of the 11th month. Diane has 11 letters in her name, but Kathleen evened the score by having 11 girl friends at a birthday supper—which should have been either at 7 or 11 o'clock but actually was at a prosaic five.

YOUR Hard-Earned Dollars NOW EARN MORE

Effective January 1, 1954 the rate of interest paid by the Union State Bank on Savings accounts will be 1½% compounded semi-annually; 12-month Certificates will earn 2% interest per annum.

If you have an account here make full use of it by adding at regular intervals. If not, open one now—for Christmas. No other gift can compare.

Security is more than just luck. It is up to each of us to —provide for our own future, — to have cash for the things we want and need as time goes on. And the surest way to make it a fact rather than wishful thinking is to make regular deposits in a Savings Account at this bank.

New 1954 Mercury with 161-Horsepower Engine

MORE POWER PER CUBIC-INCH DISPLACEMENT THAN ANY CAR IN ITS CLASS

for the easiest driving you have ever known

Even tough driving becomes almost effortless with Mercury's completely new overhead valve V-8 and all-new ball-joint suspension. And you have your choice of 5 optional power features.

Take passing, for example. The two extra barrels of Mercury's 4-barrel carburetor cut in automatically, by vacuum—give you an extra surge of power.

Take hill climbing. With its high power-to-weight ratio, you barely begin to tap its 161 horsepower. Take cornering or parking. Mercury's new engine is teamed with ball-joint front suspension for better cornering, easier handling.

Here's power that's smooth, responsive, quiet, economical.

You can make your driving as easy as you wish with optional power steering, power brakes, electric window lifts, no-shift Merc-O-Matic Drive, even a 4-way adjustable power seat.

Equally important is Mercury's easy-on-the-eyes styling—completely new front and back, plus the most striking color combinations and interiors yet. See the 1954 Mercury—try it—soon.

Record-Breaking History-Making New '54 DODGE!

Road Test the Elegant New Action Car that Shattered 196 Records for Performance, Stamina and Endurance!

Here's the car that *proves* what others just *promise* . . . *clinches* what others *claim!* Come see and drive the new '54 Dodge that rewrote the official AAA* record book on the Bonneville Salt Flats.

You will discover the flashing breakaway acceleration of velvet-smooth PowerFlite—newest, smoothest, most powerful automatic transmission.

You will experience the matchless steering ease of full-time Power Steering that lets you drive with less effort, less motion—keeps the "feel of the wheel."

You will feel the surging power of the Red Ram V-8 engine—economy winner over *all* 8's in the famous Mobilgas Economy Run—now stepped up to 150-h.p.

No other car on the road today can match the official performance record established by the new '54 Dodge with Red Ram 150 V-8 engine, PowerFlite fully-automatic transmission and full-time Power Steering!

Road Test the one new car that gives you proof of performance far ahead of its field. 3 great Series: Royal V-8, Coronet V-8 and 6, Meadowbrook V-8 and 6.

More To It—More In It—More Of It!

PowerFlite *Fully-Automatic*—no clutch, no lag or hesitation, no jolt or jerk.

Power Steering *Full-Time*—takes more of the work out—leaves all the pleasure in!

Red Ram V-8 *Full of Power*—the most efficient engine in any American car.

*The American Automobile Association is the supreme authority on American performance records. PowerFlite and full-time Power Steering are optional equipment.

Implement Men to Meet January 5-7

To Hold 50th Anniversary Meeting in Minneapolis

How farm equipment retailers can adjust their business operations to a normal market will be stressed in talks by industry leaders and sales specialists at the golden anniversary convention of the Minnesota Implement Dealers Association at Hotel Nicollet in Minneapolis, January 5-6-7.

The 50th anniversary program will be highlighted by presentation of special awards to nine farm equipment retailers who have been engaged in the business for 50 years or more. Twenty-five business firms also will be given special attention as 50-year celebrants during the convention, general manager C. A. Partridge announced.

Partridge stated that convention speakers will point talks to the theme: "It's Your Business," placing emphasis on how to meet conditions dealers will face during 1954 and the short-range future. The industry has been going through a transition from a "sellers" to a "buyers," or normal market, Partridge explained. The retailers' business has leveled off to a point where sales volume will remain the same or decline, and where he will be compelled to improve his business operation, his product information and his service facilities, under highly competitive conditions.

Texas Girl Gets $20,100 for Steer

Wins Grand Championship at International Show

A skinny Hereford calf she fattened into a 1,005-pound grand champion steer in 12 months, Thursday brought a rich reward to a Texas farm girl.

The sale of "Lone Star," grand champion of the International Livestock Exposition in Chicago, returned $20,100 to 18-year-old Sue White of Big Springs, Tex., who paid $189 for the animal in November 1952, when it was 2 months old and weighed only 140 pounds.

Albert Pick Jr., president of the Pick Hotel chain, paid $20 a pound for the Hereford, an all-time record for a grand champion at the Chicago show.

Cash realized from the sale of the steer, plus $345 in prizes and a $1,000 award from the American Hereford Assn., gave Miss White, a 4-H club worker, a return of $21,445 on her $189 investment in "Lone Star."

'Naturally Nash's Coffee Belongs With This $1,000 Pillsbury Prize Winning Recipe

Says:
MRS. FLORENCE E. RIES
Sleepy Eye, Minnesota

Among the winners in Pillsbury's GRAND NATIONAL RECIPE AND BAKING CONTEST

"Good ingredients bring out the best in a recipe," says Mrs. Ries, "and delicious coffee improves the flavor of fine foods. That certainly is true of Nash's Coffee."

Nash's COFFEE

Right, Mrs. Ries. That's because Nash's is a blend of the very finest mountain grown premium coffees. It is the coffee of good friends and good neighbors—the coffee that relaxes and refreshes, sharpens and stimulates. Make *your* next cup of coffee Nash's—with the flavor *everybody* likes.

TRY THIS RECIPE

And, as Mrs. Ries suggests, serve this delicious dessert with delicious coffee.

CARAMEL CANDY PIE
Adapted by ANN PILLSBURY

SIFT TOGETHER....1 cup sifted PILLSBURY'S BEST ENRICHED FLOUR*
½ teaspoon salt
CUT IN............½ cup shortening until particles are the size of small peas.
SPRINKLE..........3 to 4 tablespoons cold water over mixture, tossing lightly with fork until dough is moist enough to hold together. Form into a ball.
ROLL OUT..........on floured pastry cloth or board to a circle 1½ inches larger than inverted 8 or 9 inch pie pan.
FIT...............pastry loosely into pie pan. Fold edge to form standing rim; flute. Prick crust with fork.
BAKE..............in hot oven (450°F.) 10 to 12 min. Cool.

CARAMEL CANDY FILLING
SOFTEN............1 tablespoon (1 envelope) gelatin in
¼ cup cold water.
HEAT..............½ pound candy caramels and
½ cup milk in top of double boiler over boiling water until caramels melt. Stir until smooth. Remove from heat. Add softened gelatin; stir until dissolved.
BLEND IN..........½ cup cold milk. Chill until slightly thickened but not set.
WHIP..............1 cup heavy cream until thick. Add caramel mixture and continue beating until well blended.
TURN..............into cooled, baked pie shell. Chill until firm. Garnish with caramelized almonds.
*If you use Pillsbury's Best Enriched Self-Rising Flour (sold in parts of the south), omit salt.

CARAMELIZED ALMONDS
Combine ½ cup blanched almonds, slivered, and 2 tablespoons sugar in skillet. Cook over low heat, stirring constantly, until golden brown. Pour immediately on greased baking sheet. Cool; break apart.

MINNESOTA HISTORICAL SOCIETY

$1,490,790 Total for Construction in City in 1953 Sets Record

New Hospital Addition Represents Two-thirds of the Total Investment

Sixty-six building permits were issued in Thief River Falls in 1953, covering construction representing an estimated total of $1,490,790, Roy Langevin, city building inspector, announced.

He added that the total, believed to be the largest on record, compares with $625,830 in 1952, when 78 permits were issued, and $513,630 in 1951, when 71 permits were approved.

Swelling the 1953 figures is the nearly $1,000,000 cost of the Northwestern Hospital addition and its equipment, together with the remodeling of the present hospital. This is by a wide margin the biggest project in local history from the standpoint of cost.

Next largest project, Langevin stated, was the erection of the state highway patrol radio tower at an estimated cost of $75,000, with $15,000 additional for equipment.

Other large projects were the new T-59 Motel built at a cost of $30,000; an addition to the elevator at the Thief River Grain Co., costing $30,000; Noper's Motel, $9,000; an addition to the Dakota Maid plant, $7,500; and a Pure Oil Co. warehouse, $5,000.

During 1953, 27 permits were issued for new dwellings costing a total of $277,400, or an average of more than $10,000 each. This total is substantially higher than the 18 new residences erected in 1952 at a total cost of $193,999, and the 20 built in 1951, costing a total of $156,000.

Other 1953 construction includes the remodeling of 14 dwellings at a cost of $18,590, and the construction of 13 domestic garages at a cost of $6,800.

Bagley Pair Die of Carbon Monoxide

High School Girl and Boy Found Dead in Car

A Bagley high school boy and girl were found dead in their car, its motor still running, near Bagley Friday.

Victims were Lynn (Butch) Everhart, 15, and Donna Mellinger, 17. Clearwater County Coroner E. F. Cease said it was apparent they had died from carbon monoxide poisoning.

They were found by Mrs. Paul Clark and her daughter, Marjorie, who had been with the boy and girl on a double date Thursday night.

The four young people went to a movie and then Marjorie and her friend were taken home.

When Donna and Lynn did not arrive at school Friday, Marjorie went home, told her mother, and they began a search. The car was found beside the highway about a mile from town.

Lynn was the son of Mr. and Mrs. Paul Everhart of Bagley. The girl was a daughter of Mr. and Mrs. George Mellinger, who had moved to Bagley recently from Simms, Mont.

Stanton R. Dahlen Injured in Mishap

Suffers Broken Ribs in Middle River Collision

Stanton R. Dahlen of this city suffered several broken ribs and severe bruises in an automobile collision last Wednesday on Highway 32 at an intersection with a crossroad a half-mile north of Middle River.

Driving south on the highway at a speed of 50 miles per hour, Dahlen noticed a car approaching the highway from a side road. John E. Isaacson of Middle River, driver of the other car, failed to stop on reaching the highway and drove directly into the path of Dahlen's car.

Isaacson suffered a severe cut on his head as well as bruises. Both cars were badly damaged, Dahlen estimating the damage to his car at $600.

Warning Against Christmas Tree Blazes Is Given

Home Agent Marge Olson Offers Suggestions for Fire-proofing Trimming

Christmas Eve is the traditional time when the family Christmas tree is decorated. Home Agent Marge Olson gives a few safety pointers for a safe holiday season.

Never place the Christmas tree or greens in "hot spots," near the fireplace, stove, radiator or hot electric bulbs. Turn off Christmas tree lights when no one is in the room as a safeguard against a short circuit which might cause a fire. If Santa should leave an electric train for Junior under the tree, take care not to connect it there.

Any metal decorations that fall on the track may short-circuit cause sparks and possibly a fire. Avoid flammable decorations as much as possible, especially paper ornaments or untreated cotton batting. The National Safety Council recommends the following methods for flame proofing:

First, prepare a solution of 9 ounces of borax and 4 ounces boric acid to a gallon of water. If the water is warm, the other ingredients can be mixed more easily. Use a spoon or a rotary beater.

When the borax and boric acid are thoroughly dissolved, dip the material to flameproof in the solution, wring it out and hang up to dry.

This method may be used on any washable fabric. Moreover, the material can be ironed without affecting the flame proofing. It will remain flame proof until it is washed.

North Central Airlines Aids in Yule Mail Rush

North Central Airlines Friday began carrying first-class and other preferential mail until Jan. 11 in addition to its regular air-mail service.

Authority to transport such mail to speed delivery during the holiday rush was granted Dec. 15 to all local service airlines by the Civil Aeronautics Board in Washington, D. C., following approval by the Post Office Department.

North Central Airlines will carry first-class matter, newspapers, and special-handling and special delivery parcel post, reports C. E. Liske, airlines general traffic manager.

"These classes of mail will be carried on a space-available, non-priority basis," Liske says, "and will be subject to prior movement of all passengers, air express and regular air mail."

O[illegible]ne Cafe in C[illegible]ill Be Open on [illegible]tmas Day

[illegible] meeting of local restaurant operators, arrangements were made for all but one public eating place in Thief River Falls to remain closed Friday, Christmas Day. Staying open from 8 a. m. to 6:30 p. m. for the convenience of the traveling public will be Tillie's Cafe, formerly known as the Main Sandwich Shop, across the street from the municipal Auditorium.

Former Student Here Wins Rhodes Scholarship

Raymond Dougherty, UND Senior, Chosen to Study at University of Oxford

Raymond Dougherty, University of North Dakota senior and son of Mr. and Mrs. Leonard Dougherty of Warren, has been awarded a Rhodes scholarship for study at the University of Oxford, England.

He and an NDAC student, Mancur Olson Jr., were selected from a field of 10 candidates from six states by the northwestern district committee, meeting in Spokane, Wash.

Dougherty had attended Lincoln high school in Thief River Falls during his freshman year.

Rhodes scholarships are awarded annually to 32 students in the United States under the provisions of the will of Cecil J. Rhodes, English philanthropist. They are tenable for three years with a yearly stipend of $1,443.

Dougherty, 22, is majoring in political science. He is business manager of the Dakota Student and was recently named to Phi Beta Kappa, national honorary fraternity.

He is a member of Blue Key service fraternity, Theta Chi social fraternity, the University forensic team, Phi Eta Sigma, men's honorary scholastic fraternity, and Phi Alpha Theta, honorary history group. He has also served as vice president of the UND Newman club, Catholic student's organization. He is also president of the student council.

He attended his first year of high schol at Thief River Falls and the last three years at Lamore, N .D. If the draft does not interfere he will leave for study next fall, but if he is drafted his scholarship will be kept for him.

Hospital Births in 1953 Expected to Equal '52 Total

Total births for the calendar year in 1952 in Northwestern Hospital were 478, while thru December 21st of 1953, total births at the hospital were 462. With 16 more possible births during the month of December, the number of births is expected to be at about the same level as that of 1952, Harold W. Peterson, administrator, announced.

The hospital has received announcement of the Sixth Annual Toni Twin Baby Derby which is run by the Merchandise Mart of Chicago, Illinois. The announcement states that girl twins born between midnight and noon January 1st, 1954, will receive gifts valued at $500.00.

Northwestern Hospital authorities stand ready to wire in the news of such twins births as may take place here so that parents will not lose these gifts. The hospital stated, however, that mere twin boys are not eligible.

ACS Office to Be Moved Dec. 28-29 to New Location

The Agricultural Stabilization and Conservation office in this city, formerly known as the PMA, will be closed next Monday and Tuesday, December 28 and 29, while the office is being moved from its present quarters in the Hartz building on Horace av. to a new location in the basement of the Union State bank building, it was announced today by P. W. Culkins, manager.

Total Tax Rate for TRF Is Set at 151.32 Mills

Up Five Mills from '52; Homestead Rate in City Is Fixed at 146.66 Mills

Thief River Falls property owners next year will pay taxes on the basis of a 1953 non-homestead rate of 151.32 mills, compared to a 1952 rate of 145.89 mills, while the homestead rate will be 146.66 mills, compared to this year's rate of 143.63 mills, County Auditor C. W. Rodekuhr announced this week.

The increase is accounted for by the fact that the state non-homestead rate is up from 6.84 mills for 1952 to 9.94 mills for 1953, and the homestead rate is up from 4.88 mills to 5.28.

In addition, the tax rate for platted property in School District 18 mounted from 56.59 mills in 1952 to 61.10 mills for 1953, and the Thief River Falls rate for municipal purposes went up from 18 mills in 1952 to 22 mills this year. The levy for county purposes is the only one to decline, dropping from 64.16 mills in 1952 to 58.28 mills for 1953. Rates on agricultural lands in S. D. 18 are up from 39.74 for 1952 to 44.30 this year.

Goodridge village again this year made no levy for municipal purposes, but the rate for its school district, No. 8, went up from 115.68 to 121.65 mills on platted property, and from 90.68 to 96.65 mills on agricultural lands.

Due to the annexation of School Districts 6 and 12 during the past year, with a resulting increase in valuations, the tax rate for St. Hilaire district 102 declined from 105 down to 88.14 mills on platted property, and from 80 to 63.14 mills on agricultural lands. The St. Hilaire rate for municipal purposes went up slightly from 30.83 for 1952 to 32.30 mills this year.

New Band Man Is Signed to Teach at Lincoln High

Tuovi Salo of Milaca to Succeed Robert Harmon, Leaving for N. Y. State

A new Lincoln high school band instructor late last week signed a contract to teach here, succeeding Robert S. Harmon, who recently resigned to become associated with an automobile agency in Middletown, New York.

Supt. W. G. Claffy stated that the new faculty member is Tuovi Salo of Milaca, a graduate of St. Cloud state teachers college. He has had more than seven years of teaching experience, most of that period at Milaca.

Salo conferred here on band matters last week with Harmon, preceding the latter's departure with his family on Monday. The Harmons will spend Christmas with relatives in Anoka and New Years with other relatives in Old Greenwich, Conn., before going to Middletown January 2.

Christmas Observance Friday Will Center in Local Churches

Festival Services Are Planned; Sunday School Programs Also Arranged

In keeping with an age-old tradition, residents of this community will assemble in local churches Friday, Christmas Day, to celebrate the birth of the Savior at festival services.

Children, too, have been busily engaged in practicing for their Sunday School Christmas programs, some of which have already been held, with others scheduled for the coming weekend.

Zion Lutheran church will present two services Christmas morning at 9 and 10:30. The junior choir of 45 voices and a girls' sextet will sing at the early service, while the senior choir will sing at the 10:30 service, in addition to a solo by Mrs. Raymond Larson, nee Helen Lindland. The joint choirs will present a candlelight service next Sunday evening at 8 o'clock.

The Zion Christmas tree program for the kindergarten and primary department will be held Sunday afternoon at 3 o'clock, while the intermediate and senior departments will hold their program Monday evening, December 28, at 8 o'clock.

Christmas will be "rung in" with the prolonged ringing of the bell at Trinity Church on Christmas Eve at 5:00 p. m. At 11:00 p. m. the traditional Christmas Eve Communion will be celebrated, with Walter Ekeren preaching the sermon and with the combined adult and chapel choirs singing under the direction of Mrs. Ekeren.

The Christmas festival service is scheduled for 10:30 a. m., with only one service planned for the day. Pastor Thompson will preach his last Christmas sermon before leaving Trinity. The combined adult and chapel choirs will sing the Christmas anthems. A processional offering for world-wide missions will be received.

On the Sunday after Christmas, Dec. 27, the baptism of several infants will take place at the 9:00 a. m. early service. Donald Sponheim will preach at both the early and later services. On the later service the confirmation of a class of adults will take place. The public reception of a large number of new members is also set for this last service of the year.

Pastor and Mrs. Thompson will also have "open house" on Saturday afternoon from 3:00 to 5:00 p. m. Dec. 26 at the parsonage for students, servicemen, teachers and other members of the church family who are home for the holidays.

The First Lutheran church Christmas Day special services are scheduled for 9 a. m., with the program by the junior and senior departments of the Sunday school to be held next Sunday evening at 8 o'clock.

The Evangelical Free church will hold its Christmas services Friday morning at 10 o'clock.

The Christmas day service in the Mission Covenant church is scheduled for 10 o'clock in the forenoon. The Sunday school Christmas program is set for next Sunday night at 6:30 o'clock.

Mercury Travels over Wide Range

The mercury hit low marks for the past week of —14 last Thursday and —8 Tuesday morning, according to the KTRF thermometer. In between, high readings of 29, 26 and 27 were recorded Saturday, Sunday and Monday. Only precipitation for the week was a trace of snow Monday.

Brotherhood to Meet on Tuesday

The annual Christmas meeting of the Lutheran Brotherhood of Trinity church, in the form of a ladies' night, will be held Tuesday evening, December 29, at 6:30, Verner Johnson, president, announced. The serving of supper will be followed by a program, including a color motion picture dealing with St. Olaf college.

Local Legionnaires Guests of Canadians

To show their appreciation for the courtesies shown them while in Thief River Falls, the St. James branch of the Canadian Legion, St. James, Manitoba, invited the Ecklund-Holmstrom Post 117, Thief River Falls to participate in the formal opening December 18 of their new $100,000 Legion building.

Delegates from Thief River Falls included Ninth District Commander Elmer Andersen, Post Commander Steve Austin, 2nd Vice Commander Morris Howick, Frank Baird, John Halverson, Wallace Jordet and Harlan Elseth.

The delegation was met at St. Norbert, Manitoba by Jack Meek of the St. James branch and was escorted to the new building. The escort car had been decorated with a large sign which read "Welcome Ecklund-Holmstrom Post 117, American Legion, Thief River Falls, Minnesota."

Commander Anderson was placed at the head table and spoke on international relations. The other members of the delegation were introduced to a crowd of about 450 members of the St. James branch. Other speakers included high officers of the Canadian Legion command, members of the St. James city council, the mayor and dignitaries from neighboring provinces.

"The delegation from Thief River Falls was overwhelmed not only by the splendid edifice but the sincere friendliness and unequaled hospitality of our friends north of the border," said Austin.

The ground work was laid to further good relations between the two Legion units and the two countries as well. Plans are being formed for an international meeting to be held in the future along the lines of the Legion's "Back to God" movement.

Following the formal opening the Thief River Falls delegation was entertained royally at the home of David Cox, provincial president of the Canadian Legion. Many new friendships were formed and the delegation left Canada with a strong sense of obligation to the people of St. James.

The Canadians were free with their praises of the friendly spirit shown them on recent visits to Thief River Falls, and also spoke of the excellent impression made by the Marching Majorettes in appearances in Winnipeg during the past several years.

The board is now making plans for the annual meeting of the association, which will be held Thursday evening, January 21. Guest speaker will be Emmett Salisbury, former president of the Minneapolis Civic and Commerce association.

Holiday Volume of Mail Reaches Peak

No New Record Is Seen for Local Postoffice

Incoming and outgoing Christmas mail was handled in heavy volume during the past week at the Thief River Falls postoffice, but, on the basis of incomplete figures, Postmaster R. J. Dryden expressed doubt that any new records had been set this year.

A continuance of the trend toward earlier mailings was again evident this year, and Dryden commented that parcels seemed to be better wrapped, and more patrons sorted their greeting cards according to addresses and tied them in bundles, thus facilitating handling.

Dryden stated that by making as many as three deliveries a day and one last Sunday, the postoffice staff has kept abreast of incoming mail during the rush season.

PCA Board Names Adolph Erickson, Grygla, President

Adolph Erickson of Grygla last Friday was elected to succeed D. E. Osthy of Plummer of the Thief River Falls Production Credit association at the organization meeting of the board of directors. Former City Girl Married in Saint Paul

Marlys Ann Wynnemer, daughter of the late Mrs. Wynnemer of this city, and J. Graham Kueng, son of Mr. and Mrs. John Kueng of St. Paul, exchanged marriage vows in a double ring ceremony at St. Peter's Catholic church, North St. Paul, Saturday morning, November 28. Father Ward officiated at the service before an altar graced with baskets of 'mums and greenery. White satin ribbons marked each pew.

Organ music was played by Mrs. Eugene Hilpisch as the 250 wedding guests were ushered in. "Ave Maria" and "The Lord's Prayer" were sung by Mrs. Bonnie Brinkman and Mrs. Gladys Kottke.

Escorted to the altar by her father, the bride wore a gown of white taffeta, ballerina length, with overskirt of net, three-quarter length sleeves, low v-shaped neckline, and hoop skirt. Her veil was shoulder length and she wore a pearl choker with matching earrings, gifts of the groom. She carried a colonial bouquet of white and red roses.

Arlene Pederson of this city attended the bride as maid of honor, wearing a gown of dark green taffeta, also ballerina length. Bridesmaids were Delores Wynnemer, sister of the bride, and Gloria Pic, who wore rust colored gowns styled identical to the maid of honor. Each carried a bouquet of 'mums in assorted colors, made up in colonial style, and wore rhinestone necklaces, which were gifts of the bride. Mary and Joan Wynnemer of Waseca, cousins of the bride, were flower girls in ballerina length gowns of gold taffeta.

Dennis Bruce Kueng, brother of the groom, was best man, and the groom's other attendants were Robert Hanson and Robert Ruberto, both of North St. Paul. Charles Robinson and George Mierick served as ushers.

A wedding breakfast was served immediately following the ceremony at Northwood Country Club, with 35 guests attending. The afternoon reception for 250 relatives and friends was held at the North St. Paul VFW hall.

Delores Hagan and Gloria Brunelle attended the gift table and Sylvia Reese had charge of the guest book. Those who assisted in serving were Mrs. Margaret Robinson, Mrs. Mildred Wynnemer, Mrs. Adelaide Arlo, Mrs. Alilia Hanson, Mrs. Donald Born, and Mrs. Dick Wynnemar. The bridal supper was served at the home of the groom's parents.

After a wedding trip to Milwaukee, Wisconsin, Mr. and Mrs. Kueng are at home at 3018 Chicago av., Minneapolis. The bride is an accountant at the Knox Reeves Advertising firm and the groom is employed as supervisor at the Minnesota Mining and Manufacturing Co.

The wedding guests included Delores Hagan, Gloria Brunelle, Mrs. Julia Pic, Paul Green, Lowell Korstad of Thief River Falls; Sylvia Reese of Little Falls, and Mr. and Mrs. Donald Schuette of Indianapolis, Ind.

Phyllis Clouse Becomes Bride of Donald Myhrer

The First Lutheran Church of this city was the scene of a pretty wedding on Saturday evening when Phyllis Marlene Clouse, daughter of Mr. and Mrs. M. P. Clouse of this city, became the bride of Donald Roger Myhrer, son of Mr. and Mrs. Thorvald Myhrere of Thief River Falls. Rev. Jonas Helland performed the double ring ceremony.

The bride given away by her father, carried out an old tradition, wore something old, borrowed and blue. Her wedding gown was borrowed from her sister, Mrs. Orville Ostrand. It was white satin with a long train, scalloped yoke and long tapered sleeves of chantilly lace. The veil was a beaded tier finger tip. She carried a shower type bouquet of red roses and white feather carnations with holly Christmas balls. Her jewelry was a rhinestone necklace, a gift of the groom.

She was attended by her sister Mrs. Orville Ostrand as matron of honor in a gold taffeta gown and also by Miss Mary Clouse, another sister, who was attired in a green taffeta formal. Both carried star shaped colonial type bouquet of pink roses and white carnations and Christmas balls. They also wore rhinestone necklaces. The groom was attended by Orville Ostrand, brother-in-law of the bride. Ushers were Sheldon Mortrud and Dewey Rood and Gordon Borsvold. Flower girls were Susan and Sandra Clouse, three year old twin sisters, who wore rose taffeta formals and Larry Myhrer, brother of the groom was ring bearer for the couple.

The bride's mother chose a navy blue suit with navy accessories, while the groom's picked a blue dress with light blue accessories. Both of the ladies wore corsages of pink roses and white carnation.

There was a reception immediately following the ceremony for 175 guests in the church parlors, given by the bride's parents. A three tiered wedding cake decorated with red roses centered the table. Mrs. Dewey Rood poured coffee, while Mrs. Robert Myhrer poured punch. The wedding cake was cut by Mrs. Clarence Peterson, an aunt of the groom.

Miss Marlene Myhrer, sister of the groom had charge of the guest book and Misses Zora Beiswenger and Beverly Shey took care of the gift table.

The bride chose a dress of rose and blue gabardine, with white accessories for her wedding trip.

A graduate of Lincoln High School in 1953, and a former student of Dakota Lutheran High School of Minot, North Dakota, she is now employed as a receptionist at the Neal Fox Studio. The groom attended Lincoln High School and is now a truck driver.

Home Agent Offers Tips on Care of Christmas Plants

Many Pennington county families who received potted plants or cut owers as Christmas gifts wonder how they can make them last during the entire holiday season.

Home Agent Marge Olsen gives some ideas on caring for plants so they will keep their color and freshness for a long time.

Wilting, leaf-yellowing and burning, leaf drop and premature loss of flowers can all be under-watering plants. However, thorough watering is important as soon as the plants become dry, using water of room temperature. Avoid leaving plants standing in water. Provide drainage for gaily wrapped pots by puncturing the tinfoil or heavy paper at the drainage hold of the pot.

Most potted plants need full sunlight or bright light throughout the day.

Lower night temperatures are a necessity for both potted plants and cut flowers. Minimum night temperature for poinsettias and Christmas begonias should be 60 degrees Fahrenheit. The desirable night temperature for azaleas, Christmas cactus, chrysanthomums, cyclamen, Jerusalem Cherry, Kalanchoes, ornamental popers and potted bulbs are between 50 degrees and 60 degrees F. High room temperatures hasten the maturity of flowers and shorten their life.

Both plants and cut flowers should be kept out of drafts and away from radiators and heat registers. Poinsettias are especially sensitive to sudden temperature changes and should never be left on a window sill overnight. Drafts cause the leaves to yellow and drop.

St. Cloud C. C. Will Keep Hearse

The St. Cloud Chamber of Commerce politely rejected last week all requests to sell an ancient horse-drawn hearse which it acquired as a gift from St. John's Abbey.

Glenn Carlson, Chamber secretary, said the old vehicle will be meticulously preserved for the annual Pioneer Days parades.

The Rev. Ignatius Candrian, abbey procurator, said the hearse, equipped with a side-lantern and window curtains, was "too good to scrap."

Carlson said he had been swamped by offers from prospective buyers.

NORDEN . . .

Sunday afternoon visitors at the Gust Larson home were Lester, Beverly and Clifford Larson and Mr. and Mrs. Eldon Larson and boys.

The Prairie View Community Club and the Double N 4-H Club combined their business meetings and Christmas program when they met last Wednesday evening at the hall. Treats were handed out, gifts were exchanged and the remainder of the evening was spent playing games. Lunch was also served.

Mrs. Glen Olson visited with her father Rudolph Jablinski, at a local hospital Saturday afternoon.

Mrs. Otto Bessler Succumbs Sunday

Rites Held Wednesday for Long-time Resident

Funeral services for Mrs. Otto Bessler, who passed away at the local hospital Sunday morning, were held this afternoon (Wednesday) from St. John's Lutheran church. Rev. Walter Hanneman of Fisher officiated at the final rites and burial was made in Greenwood cemetery. Pallbearers were George Busse, Albert Koop, Fred Koop, Chris Anton, Maynard Mehrkens, Bruno Beiswenger, and Rupert Wolfgram.

Elsie Furstneau was born in Marshall county January 8, 1889. She married Otto Bessler February 26, 1908, and has since resided in Thief River Falls.

Those who remain to mourn her passing are two daughters, Mrs. Max Jensen and Miss Elaine Bessler of this city; and a son, Earl Bessler of Badger. Other survivors are two grandchildren, and four sisters, Louise and Ruth Furstneau of Morris, Minnesota, Mrs. Ida Kenyon and Mrs. Arthur Pearson of St. Paul. Her parents, her husband, a brother, and two sisters preceded her in death.

Mrs. B. Johnson, Resident Since '90 is Laid to Rest

Funeral services were held Monday afternoon at the Gulbranson chapel for Mrs. Bennett Johnson, who passed away in Hallock December 17. Rev. Carl F. Johnson officiated at the final rites and committed the remains to their last resting place in Greenwood cemetery.

Mrs. Johnson was born in Yellow Medicine county November 17, 1887, and came to Rocksbury township with her parents in 1890. She was baptized and confirmed in the Lutheran faith and in 1916 married Bennett Johnson. They farmed in Rocksbury township until 1938 when they moved to the city.

Her death is mourned by her husband; two sisters, Mrs. Annie Anderson of Thief River Falls and Mrs. Mathilda Bateman of East Grand Forks; also a brother, Oscar Seeland of this city. Besides her parents, two brothers and three sisters have preceded her in death.

Tosten Elefson of Kratka is Buried Tuesday

Tosten Elefson, a resident of Kratka township for fifty years, passed away December 16 in a local hospital. Funeral services were conducted by Rev. Raymond Brandt at the Gulbranson chapel Tuesday and burial was made in Greenwood cemetery.

The deceased was born in Stavanger, Norway, April 3, 1864, and came to the United States at the age of 17. He first made his home in Fillmore county, came to Holt in 1900, and four years later homesteaded in Kratka. His marriage to Mrs. Christine Johnson took place at Holt in February, 1905.

He is survived by a daughter, Mrs. William Johnson of Vancouver, Wash.; a brother, Tallak Elefson in Oregon; a niece, Miss Marion Wilcox in Lincoln, Nebraska; five grandchildren; four great grandchildren; and the following step-children: Mrs. Ruth Wilson of Holt, Hjalmer Johnson of this city, David Johnson of Seattle, Wash., Carl and Victor Johnson of Holt, Mrs. Karstin Sagstuen of Torrance, Calif., and Mrs. W. F. McMurray of Roseburg, Oregon.

Bad Vision Blamed for Auto Mishaps

Eighty five Per cent of all traffic accidents are preventable said Dr. John Shimek, Minneapolis, chairman of the Minnesota Optometric Association Motorists Vision committee, as the state headed down the stretch to one of its worst highway accident records. Dr. Shimek further revealed that statistics show 20% of the drivers cause more than 80% of the highway accidents and that inefficient vision is a major causative factor for many wrecks. The other main cause he points out, is recklessness.

Edwin D. Brudie, Former Resident of City, Succumbs

Edwin D. Brudie, 50, former resident of Thief River Falls, passed away December 18 in Chicago, where he had made his home for the past 27 years. Rev. G. S. Thompson officiated at the final rites held in the Gulbranson chapel Tuesday morning and the remains were laid to rest in Greenwood cemetery.

Edwin Brudie, son of Mr. and Mrs. Matt Brudie, was born in Thief River Falls, June 16, 1903. He attended school and grew to manhood in this city and for a number of years was employed with the Minneapolis Bridge Company. In 1926 he established his home in Chicago where he was employed by the Chicago Street Railway Co. Due to ill health he retired from that work in November. His marriage to Miss Olga Skaar took place in Minneapolis January 30, 1932.

The survivors include his wife and son Thomas of Chicago; and three brothers, Odin of Montana, John of Washington, and Martin of Idaho.

Final Rites For A. T. Svanajord Held Tuesday

Aslak T. Svansjord, 79, succumbed December 18 in a local hospital. Funeral services were conducted in the Seventh Day Adventist church Tuesday afternoon, Rev. C. M. Monks officiating. Pallbearers were Ingvald Dahl, Frank Heinze, Adolph Wagner, George Gunderson, Curtis Anderson, and Raymond Nelson.

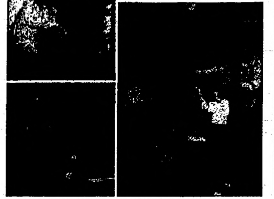
Mr. Svansjord was born January 15, 1874, in Telemarken, Norway. He emigrated to the United States in 1906 and worked for a time in a sawmill before moving to Highlanding township where he homesteaded. He moved to a farm in Sask., Canada, in 1929 and lived there four years before returning to Highlanding.

In 1942 he retired from farming and moved to Thief River Falls. He was a deacon of the Seventh Day Adventist church here.

On May 19, 1905, he married Bergit Tweten in Norway and she passed away three years later. His marriage to Miss Annie Haugestoyl took place in Highlanding township July 21, 1913.

He is survived by his wife Annie; a son, Bennie of Goodridge; and four daughters, Mrs. Adolph Wagner of Middle River, Mrs. George Gunderson and Mrs. Ingvald Dahl of Newfolden, and Mrs. Frank Heinze of this city. Also surviving are five grandchildren, and a brother, Olav, in Norway. Besides his parents and his first wife, two children, one brother, and a sister have preceded him in death.

Keep Your Tree Free From Fire



KINDLE CHEER, NOT FIRE with your Christmas tree by following these fire safety suggestions from the public education department of the Standard Fire Insurance Company. Upper left, select a freshly cut tree, store it in a cool, damp place, and spray it with a flame-resistant solution before using. Lower left, place tree away from doorways, radiators and fireplaces, and set it in stand containing wet sand, water or a fire-resistant solution. Right, use flame-resistant trimmings, check lights for faulty wiring, and let children handle tree only when grown-ups are present. Discard tree right after holidays; the drier it gets the greater the danger of fire.

Rites to be Held for Mrs. Henry Arhart

Funeral services for Mrs. Henry H. Arhart, a long-time resident, will be held at Zion Lutheran church Thursday, December 24th, at 1:00 p. m. with Rev. Walter M. Pedersen officiating. Mrs. Arhart passed away at the Northwestern hospital on Monday after a short illness.

She is survived by two daughters, three sons and one sister.

Political Roundup

By Arthur Naftalin

In the few remaining days of the old year the Minnesota political front will be quiet and serene in keeping with the Christmas spirit, but this may only be the calm before the storm, for bubbling beneath the surface are tensions that promise to produce some explosions before long.

There was a hint of some trouble to come in an editorial last week in former Governor Hjalmar Petersen's Askov American. Petersen, frequently mentioned as a Democratic-Farmer-Labor prospect for Governor, took out after DFL Railroad and Warehouse Commissioner Clifford C. Peterson for his part in a fund-raising "testimonial" dinner in his behalf.

Republicans, while giving the appearance of serenity on the surface, were nervously pawing the ground as the days and weeks seemed to slip by with the Party no closer to launching a candidate to oppose U. S. Senator Hubert Humphrey. From here and there came murmerings that the state leadership should "get busy" and put an end to the negative campaign by putting forth one definite candidate.

Eyes on Petersen

Within the DFL Hjalmer Petersen was becoming a center of much interest, and for two reasons. First, while he has not announced himself as a candidate, there was good reason to believe that he would be available for the Governorship nomination. A Petersen candidacy has its strong boosters and its strong critics; his boosters recall vividly his vigorous leadership in the state legislature in behalf of the state income tax and other liberal measures and regard him as a potent, honest, and principal political figure who would strengthen the DFL ticket in '54.

Petersens' critics, on the other hand, recall his having headed in 1938, 1940, and 1942 the so-called "right-wing" faction within the old Farmer-Labor Party in a fight that tore the Party apart. Petersen was an early and confirmed anti-Communist, and his uncompromising fight in those earlier days won him many enemies, and the echoes of this strugle still reververate.

A Forthright Critic

The othere reason why Petersen was being closely watched is his tendency to speak out forthrightly on matters of internal DFL concern. His Askov American is widely read throughout the state, and when he decides to air the Party's problems he has a large audience.

Thus, his blunt statement regarding the Clifford Peterson affair was a warning that a fight to prevent Peterson's renomination for the Railroad and Warehouse Commission may be in the making. "The DFL," Petersen wrote, "can not afford to tolerate such affairs by its leaders or its public office holders."

Whether Petersen is likely to rally sufficent DFL following for the convention endorsement for Governor or not remains highly speculative, but he is certain, in any case, to force the Party to consider problems it might otherwise want to forget about.

Internal GOP Trouble

One reason why the Republicans are having difficulty launching a Senatorial candidate behind whom the Party can rally is the basic differences that exist within the GOP. Governor C. Elmer Anderson or Congressman Walter H. Judd would most likely be enthusiasticly supported by both major elements, but once past these two front-runners and Party differences begin to manifest themselves.

The more conservative "right wing" faction wants no part of a "liberal" Republican. The former regards the latter as more or less of a "me, tooer" and as not entitled to consideration as a genuine Republican. And the feeling is returned, with the liberal wing regarding the conservative old guard as too narrow and too prone towards an isolationist foreign and reactionary domestic program.

Thus, as names of prospective candidates are mentioned, there is a tendency to accept or reject on the basis of where the particular prospect falls on the scale of liberal-conservative.

Could Be Free-for-All

It is not unlikely, given the nature of the GOP internal structure, that the contest for the Senatorial nomination will turn into a free-for-all scramble. If the more or less official nod should go to a candidate identified prominently as "liberal" or "conservative," his candidacy could attract an opposing contender with organized support of the other faction.

Once two candidates, each representing diverse aspects of the Party's constituitency, are in the field, other aspirants will be tempted to enter the lists, feeling that in a divided field the nomination may be up for grabs.

The Republican policy of making no endorsements before the primary would seem to be conducive to producing this kind of scramble. It would appear particularly likely if no one candidate of unusual appeal of popularity emerges reasonably early in the filing season.

As the time approaches for a conclusive decision on the part of state GOP leaders the pressure will be on Governor Anderson, either that he be the candidate himsef or that he, as titular and actual leader of the Party, launch an aspirant who has his blessing and who can command the loyalty of the Party's diverse elements.

Merry Christmas, everyone! I thought I would put that at the beginning of the column so that if you didn't read the whole thing, you would still know I have the Christmas Spirit.

I received some information from the University the other day on dairy research. It was very interesting to me and I thought I'd pass some of it on to you. Because identical twin calves have the same inherited capacity to do all things, the University under the direction of Dr. W. E. Peterson, has collected identical twins for experimental work. What they do is to use one twin in one type of environment. Then each twin is observed to determine any difference in their growth or production. If there is a difference it is directly because of some environmental condition, not because there is a difference in inheritance. This type of research study opens the door to many problems the dairyman wants to solve. The following experiment was conducted with twin cows.

CATCH UP ON SLEEP

Ten dairy cows, each half of a twin team, gave slightly more milk when milked a 10 and 14 hour intervals than their identical sisters milked at 12 hour intervals throughout the lactation.

The cows milked at the 10 and 14-hour intervals gave an average total of 5,847 pounds of milk each, while those on the 12 hour interval milking each gave 5,542 pounds, average.

The two highest-producing pair of twins gave an average of 9,645 pounds of milk each in 300 days.

There were no significant differences in fat, protein and lactose percentages in the milk of the two groups of cows.

Cows on the 10-hour interval milking gave milk 10 per cent faster than those on the 14-hour interval.

Dr. W. E. Peterson of the University's dairy department says they recently began an experiment in which one twin of a high producing set is milked at eight and 16-hour intervals and the other at 12-hour intervals.

It is still too early in the experiment for conclusions, Peterson says.

He cautions that few of their identical twin cows have been high producers, but that so far higher producers react about the same to the different milking intervals as the lower producers.

Dr. Peterson also urges dairymen to "go slow" on changing high-producing cows from a 12-hour interval milking to a 10 and 14 hour or an eight and 16 hour interval milking.

He says there were no significant changes or improvements in switching from every 12 hour milking to a 10 and 14 hour interval milking.

4-H CLUB NEWS

Mavie 4-H Club

The Mavie 4-H club met December 11, at the Emil Sanders home for their regular meeting followed by a Christmas party. The Junior Leaders, Ernest Breznay, and Billy Svensgaard showed how to make many pretty but inexpensive Christmas decorations from material found around the home.

The program included a reading by Mrs. Hamre "The Night Before Christmas," Mrs. A. W. Oski sang a solo, "Oh Little Town of Bethlehem" and a reading, "Christmas in Other Lands" was given by Mrs. Wayne. Everyone had fun playing the games planned by Mrs. Svensgaard. This was parents night.

Gifts were exchanged and Christmas treats were given out. Lunch was served by Mrs. Sanders.—Marie Bremey, reporter.

Goodridge 4-H News

The last meeting was held on Dec. 10, in the school building. We decide to have our next meeting the 7th of January. It will be followed by a Christmas party. Officers and leaders are to serve the lunch. The meeting was adjourned. — Viona Krbechek, reporter.

Ideas from other editors

From the Barnesboro Star, Barnesboro, Pennsylvania: There are many people who do not approve of Senator McCarthy's probing into private lives for Communist activities. But it is a result of the tacit approval of Communists in office by men in high offices that have brought about the activities of Senator McCarthy. The people have a right to know officeholders when they involve their loyalty to the United States.

The rottenness of many officeholders in the past administration is being brought to light. The people have the right to know. An informed people is the biggest asset a Democratic nation can have.

• • •

From the Catskill Mountain Star, Saugerties, New York: The Program for returning to the states the powers usurped by the Federal government during the past 20 years is moving ahead.

President Eisenhower told the recent meeting of governors in Seattle that his "indestructible conviction" is that state governments must hold their traditional place in our country. Already the president has re-established a concept of Federal-state relations that was largely disdained during the New Deal and the Fair Deal.

But Federal-state relationships are in such a tangle that cutting a path through them is slow-going. The important thing is to keep going.

• • •

From the Seville Chronicle, Seville, Ohio: We're glad to see a renewed interest in Civil Defense springing up in the Country.

America today is in the position of a poker player sitting in front of a wall mirror; its opponent can see every card in our Nation's hand, while we see nothing but an iron curtain. Civil Defense is an ace in this game, and we want Russia or anyone else who feel belligerent, to see enough of them that they'll want to go home. After all, we don't really want Ivan's shirt.

For some of our aces we must depend upon the judgment of our government, and upon our Army and Navy. But Civil Defense is a job for you and us; upon an adequate CD organization will fall the responsibility of forestalling panic in event of attack, handling of refugees, laying in stocks of foodstuffs and other necessities, providing emergency power and fuel supplies.

Towns like Seville which are not logical primary bomb targets are the places to which more seriously stricken areas will look for help, should a sneak attack ever come. Maybe it's time we looked seriously into our responsibility. It's the biggest one we'll ever have.

A Kentucky distillery recently produced its two millionth barrel of bourbon since Repeal of Prohibition, 20 years ago. Approximately 700,000 tons of coal, at a cost of about $1 a barrel, were used in making this whiskey. If placed in 50-ton railroad cars, this coal would fill nearly 12,000 of them, and stretch from Louisville to Lexington.

Warroad Six to Face Thieves Here Sunday; Locals Take Roseau

Sparked by a "hat trick" performance by center Church Russell, and with defenseman Bill Juzda making his debut in a Thieves uniform by "crunching" the Leaf forwards, the Thieves closed out their pre-league exhibition series by defeating Roseau, 7 to 5, at Roseau on Sunday afternoon.

On Sunday afternoon, Dec. 27th, coach Paul Bedard's Thieves will open their 1953-54 Northwest Hockey league schedule by meeting Willie Toninato's Warroad Lakers on the Arena rink. The Lakers, league champions last year, are reported as being a stronger team this season.

Sunday's game at Roseau, although handicapped by "slow" ice, was well-played and evenly contested, and it was only in the third period that the Thieves managed to pull away from the Cloverleafs.

Roseau held a 3 to 2 advantage in the first period, with Gordy Simpson, Ken Little, and Marv Markstrom getting the Leafs' tallies, while Bud Brossolt and Daryll Lund scored the locals' goals.

Swede Lund and Church Russel sent the Thieves into a 4 to 3 lead in the second period, and the red-shirts held that margin until the 18:54 mark when Ken Little scored on a backhand shot, sending the teams off the ice at the intermission in a 4-all tie.

The two clubs exchanged goals in the opening minutes of the third period, with Russell tallying for the Thieves at 0:33, and Del Hedlund scoring for Roseau at 0:53. The game rocketed along at a 5-all tie until the 12:30 mark of the period when, following a face-off to the right of the Roseau net at the west end of the rink, Russell sent a pass out to Bruce Hall just inside the blue-line, and Hall's shot at the goal barely ticked Russell's stick and went past Don Collins for what proved to be the game-winning score. Paul Bedard added an insurance goal at 12:40 when, on a two-man break with Swede Lund, he raced in on goalie Collins, and, after wrapping the Leaf's net-minder around the goal-post by a bit of shifty stick-work, flipped a backhand shot into the open net.

The summary:

Thief River Falls (7)

Goal: McGill. Defense: Amundson, Juzda, Hall, Johnson. Wings—Mitchell, D. Lund, Brossolt, S. Lund, Oveson, Kirkland. Centers—Russell, Bedard.

World Phones Now Total 84,000,000

United States Leads with 50,000,000 Phones

With the number of telephones in the world climbing to a record-breaking 84,000,000 at the beginning of 1953, the world now has twice as many telephones as it did at the outbreak of World War II. This information, which takes almost a year to collect from some 200 countries, was published today by the American Telephone and Telegraph company, in its annual survey, "Telephone Statistics of the World."

As in the past, the United States led all other countries in the number of telephones with more than 48,000,000 at the beginning of 1953 (the 50-million mark was reached in November). The United Kingdom (Great Britain) was second with nearly six million telephones. Among the areas having no commercial telephones are: Greenland, where four-fifths of the area is ice-capped, and the tiny island of Pitcairn in the Pacific, which is still inhabited by descendants of the "Bounty" mutineers.

In the U. S., there is one telephone for every three persons compared with one for every 74 people in the rest of the world. With only six per cent of the earth's population, the U. S. has nearly 60 per cent of the telephones. A telephone user in the U. S. can be connected with about 97 per cent of the world's telephones.

NATURE'S FALL FROLICS

Frank Brown dug potatoes at Sauk Centre late in November—Mrs. Robert Askew picked a ripe tomato at Wadena December 1.—A Marshall hen produced a holiday egg circumference 8 inches one way, 9 the other—While a Willmar poultry raiser discovered a three-yolk egg—And a turtle was discovered strolling about Robbinsdale the last day of November, while a Minneapolis family watched mothmillers outside their kitchen window.

Strike Prevents Distribution of Mill City Papers

For the first time in an extended period, the Minneapolis Sunday Tribune failed to make its appearance in local homes last Sunday morning due to a strike of Star-Tribune truck drivers which went into effect early Saturday evening when 75,000 copies of the Sunday edition had come off the presses. The strike, which was still in effect Tuesday, also has prevented distribution of the daily Star and Tribune.

Civil Air Patrol Views Showing of Helicopter Film

A motion picture dealing with the history and development of helicopters was presented last week at the regular monthly meeting of the Thief River Falls Civil Air Patrol squadron. C. W. Pope, commanding officer, stated that it is planned to show similar films at future meetings, which are held on the second Monday evening of each month at 8 o'clock in the upstairs room at the arena. He added that the public is invited to attend.

The Rev. G. S. Thompson was the speaker at the Rotary club luncheon Monday noon in the Elks club rooms, his talks being appropriate to the Christmas season. A group of musical selections also was supplied by the Lincoln high school trumpet trio, including Gene Bratsch, Linda Wold and Marshall Simon, accompanied on the piano by Janet Nelson.

Prowler Six Defeats G. Forks 3 to 1 Friday

Due to the able goal-tending of Grand Forks' sophomore Bob Peabody, the all-veteran Prowlers had a difficult task in opening their 1953-54 schedule with a win, being able to shade coach Bob May's Redskins, 3 to 1, in a game played on the Arena rink on Friday night.

Coach Dennis Rolle's squad will make a trip to Eveleth on Saturday, Dec. 26th, for a game against Cliff Thompson's powerful Eveleth Golden Bears.

The Prowlers held a marked advantage over the Redskins in skating and stick-handling ability, and held a vast margin in shots-on-goal. In the first period, which was scoreless, the Prowlers drilled ten shots at the Grand Forks goalie, while Jack Hoppe, in the nets for the locals, had but two stops.

The Redskins broke the scoreless tie at the 9:04 mark of the second period when center Glen Wallin made a neat play on a rebound, beating Hoppe with a shot from ten feet out after Jack had stopped a drive off the stick of Wayne Kobberdahl. The Prowlers scored the equalizer following the next face-off, with Joey Poole racing down center ice and then dipping a pass to Bob Helgeland who drove the disc into the south goal at 9:08.

Coach Rolle's Prowlers moved into the lead at the 1:58 mark of the third period. With both teams entering the third period play short-handed, with Joe Poole and Glen Christianson serving penalties for engaging in a fracas late in the second period, Grand Forks, in the first minute of the third period, lost another player when Jim Knauf was given a penalty.

Coach Rolle took goalie Hoppe out of the Prowler net, sending a forward on the ice, and the strategy, with the Prowlers skating five men to Grand Forks three, paid off when Helgeland, on an assist from Darryl Durgin, scored at 1:58.

The locals gained some "insurance" at the 6:01 mark when Joey Poole, who played a standout game for the Prowlers, made a rink-length solo and then flipped a back-hand shot into the lares of the north goal.

The summary:

Thief River Falls H. S. (3)

Goal—Hoppe. Defense — McMahon, Sabo, Zavoral, Rosso. Wings—Durgin, Helgeland, Quitly, Vrns. Centers—Joe Poole, Jorde.

Grand Forks H. S. (1)

Goal—Peabody. Defense—Christianson, C. Groth, J. McCann, P. McCann. Wings— Thrall, W. Genia, Paschke, Wentz. Centers — Knauf, Kobberdahl, Wallin.

Scoring by periods:

	1st	2nd	3rd	
Thief River Falls	0	1	2	—3
Grand Forks	0	1	0	—1

First period scoring—none. Penalties—Paschke, Sabo.

Second period scoring — Wallin (Kobberdahl), 9:04; Helgeland (Joe Poole), 9:08. Penalties—Christianson, Joe Poole.

Third period scoring — Helgeland (Durgin), 1:58; Joe Poole, unassisted, 6:01. Penalties—Knauf, Vrns, Thrall (2).

Stops:

Hoppe	2	3	2—7
Peabody	10	11	8—31

Officials—Paul Bedard, Bruce Hall.

Keeping Score with "Huck" Olson

The League Opener

If the local hockey club executive had intentionally juggled the schedule they couldn't have arranged a better league opener than the game that is on the bill for Sunday afternoon, with the league champion Warroad Lakers playing the Thieves on the Arena ice. Last year the two clubs, the Thieves and the Lakers, battled "down to the wire" for the league championship, and indications are that the two teams will be ranked with the league "powers" again this year.

The Warroad Lakers have Willie Toninato as their player-coach this year, and in the two games they have played to date, against Roseau in a home-and-home exhibition series, the Lakers scored decisive triumphs. In addition to Toninato, the Lakers have goalie Harry Barefoot, and forwards Ike Eisenzoph and Mike Pearson, all of Fort Frances, as their "imports." Warroad has a fine group of locals with such boys as Dick Roberts, Cal Marvin, Ed Broughten, George Gaibault, Jimmy Doyle, and Len Webster on the squad.

Bill Juzda a Good Choice

It appears that the Thieves management made a ten-strike when they signed Bill Juzda as a defenseman. Judging by his play against the Leafs at Roseau on Sunday, Juzda will be one of the most colorful and effective blue-liners in the circuit. He'll earn cheers from the Thieves' boosters and jeers from the opponents' fans.

Juzda is only a year out of National Hockey league, having been a member of Toronto Maple Leafs the early part of last season, and then being sent down to the Pittsburgh club of the American league. If Tony Dorn should decide to join the Thieves, and we hope that he will give up rabbit-hunting for one year, the Thieves with Juzda, Bob Amundson, Bruce Hall, and Dorn, would have a rock-ribbed blue-line. Incidentally, when Juzda gets his release from the "pro's," he will join the Winnipeg Maroons senior club. The Maroons apparently intend to make a serious bid for the Allen Cup this year.

Lineup Not Yet Set

The Thieves haven't "set" their lineup yet, for the management is still undecided as to the fourth "import" they will have on the roster. Goalie Jack McGill, center Church Russell, and defenseman Juzda, are certainties, but the locals need another forward. If Bill Robinson could make arrangements to play with the Thieves, the problem would be solved, for he would fit in perfectly with Russell and Darryl Lund on a line. The Thieves' local line of Bedard, Bud Brossolt, and Swede Lund, is the peer of any "local" line in the league, and if the club could get an "import" line to match the Bedard-Brossolt-Lund trio, the locals would be "tough." Laurie Mitchell, a young wingman who plays with the Winnipeg Maroons, and who is a line-mate on that club with Roseau's Jim Zarle, was in the Thieves' lineup on Sunday, and he performed ably. It must be admitted, though, that he hasn't the experience or know-how of Robinson.

Destination: Eveleth

By Cliff Thompson's own admission, last year was a rebuilding year for the Eveleth Golden Bear hockey team. This year Cliff and his club is aiming for the seventh region title and the state championship. On their record to date, which includes wins over the Fort Frances juveniles, and an 8 to 3 triumph over the Warroad Warriors on Saturday night, the Golden Bears are entitled to be ranked as the state's number one high school team.

And that's the club that coach Dennis Rolle's Prowlers will be meeting on Saturday night at Eveleth. While the Prowlers will be definitely short-enders for Saturday's tilt, especially since it is being played on Eveleth's home rink, the locals have the capabilities of giving the Golden Bears a thorough test. Fact is, the Prowlers, because of their greater depth, may give coach Thompson's club a better game than the 8 to 3 contest Warroad had with the Bears on Saturday.

Canadian Football

Billy Bye spent several hours in town one day last week, visiting with friends here in his "home town." Billy, after a few days visit in Minneapolis and Anoka, was enroute to Winnipeg, where he was a member of the Blue Bomber football squad this past season.

Bill, who was in Winnipeg on a no-release contract, had a short active season, receiving a severe thigh injury in a game against the Regina Roughriders and which side-lined him for the year.

When asked about his comments of the Canadian brand of football, Bill said, "It was tremendous, and unless you experienced the enthusiasm that the fans have for football up there, you wouldn't believe it. When we returned from Toronto, by chartered plane, after losing the Grey Cup finals to Hamilton, there were seven or eight thousand fans at the airport to greet us. And there were fifty or sixty thousand fans lined up along the streets as we were driven to our quarters. Even such a hardened campaigner as Bud Grant was impressed."

On the style of football, Bill added that "There isn't too much difference between the football played in Canada and that played in the States. The field up there is 110 yards long, and fifteen yards wider than the playing field down here, but it isn't too hard to make the change-over in playing. The absence of down-field blocking, though, is a handicap. And the three downs provision makes for a more 'open' game."

Bill has his family at Winnipeg, and they will remain up there until the arrival of an expected addition to the family. While the Winnipeg Football Club hasn't issued contracts for the 1954 season, Bill has hopes, if his leg continues to improve, of being on the squad again next year. If the Blue Bombers can persuade Alan Ameche to sign a contract, Bill figured that the Winnipeg club would be Canada's best.

FU Convention Attacks Benson

Grain Terminal Assn. Adopts Resolutions

The Farmers Union Grain Terminal Assn. in St. Paul Wednesday aligned against agriculture secretary Benson's farm policies on four issues and chided the Eisenhower administration for "disregarding" the President's campaign pledges.

Concluding its biggest convention in history, the GTA took issue with Benson by:

Opposing his proposal for lower and more flexible price supports in asking for at least a two-year extension of present rigid supports at 90 per cent parity.

Urging Congress to examine Benson's assurances that a shake-up in the Department of Agriculture is not aimed at curtailing the agencies concerned.

Declaring the recent increase of one per cent in interest rates of CC loans to farmers benefits only the money lender and spurs inflationary forces affecting the farmer.

Condemning the government transfer of power sites to private groups as a backward step.

M. W. Thatcher, general manager of the association, in his closing address accused Agriculture Secretary Benson of being the "puppet of Allan Kline," American Farm Bureau Federation president. Both Benson and Kline are backers of flexible price supports.

President Greets U. S. Boy Scouts

President Eisenhower, in his first Christmas message to the Boy Scouts of America as their honorary president, said that "Scouting is an institution which personifies those qualities of heart and mind that we associate with morality and good citizenship." The president's greetings to the nation's 3,200,000 Cub Scouts, Boy Scouts, Explorers and their leaders, were made public by Dr. Arthur A. Schuck, chief scout executive.

Average hourly earnings of U. S. bituminous coal miners in 1953 was almost $2.50.

Secy. Benson Tells of 1953 Farm Situation

By Ezra Taft Benson
Secretary of Agriculture
(First of a two-part series)

This nation has a serious farm problem.

It does not affect agriculture alone. It is everybody's problem.

Today your government has approximately $5 billions of your money invested in farm commodities.

You own outright more than $2.5 billions worth of wheat, corn, cotton and other surplus farm products. You have outstanding loans on agricultural commodities totaling about the same amount. This figure is growing daily.

You are paying more than $14 millions each month just to store these surpluses. This bill is growing, too, as additional inventories are accumulated by your government.

The losses which your government sustained in disposing of just a small portion of your holdings during the first three months of this fiscal year amounted to $47 millions.

But, you ask, don't we have a farm program designed to insure agricultural prosperity and prevent the very situatoin we find ourselves in today?

The answer is that we are operating under the same farm program we had last year and for several previous years. Actually we have strengthened it in several important respects to permit farmers to take broader advantage of its provisions. Existing legislation binds us to a continuation of price supports at 90 per cent of parity on basic commodities through the 1954 crop year.

Nevertheless, farm prices have declined steadily from the record peaks established under the impetus of the Korean war in February, 1951. During the 12 months immediately before I became Secretary of Agriculture, the farm price parity ratio slid from 113 to 95 per cent. Since February of this year, prices have been more stable than in 1952, averaging about 93 per cent of parity.

This story of declining farm income and mounting agricultural surpluses is the best evidence that our present program is not functioning effectively.

For more than a decade, our farmers have been producing under pressure. To meet the wartime needs of ourselves and our allies, they turned out record amounts of food and fiber between 1941 and 1946. With the end of the second World War, they were asked to provide the commodities required in the rehabilitation of Europe and other sections of the earth. Then came the Korean War, with new and heavy demands for farm goods of all kinds.

Suddenly this situation was radically altered. World food production had been climbing since 1946. By 1952 this was exerting strong pressure in the market places. Our wheat exports dropped by one-third in a single year, cotton by even more. Not only had importing nations increased their own production, but they found that they could supply their reduced needs at lower prices from exporting countries which had no farm price support programs.

Just as many American consumers have turned from butter to less expensive spreads, so have other nations sought cheaper wheat, cotton and other products.

We have learned through sometimes bitter experience that when the farmer is in trouble, there is likely to be trouble ahead for everybody. This year, net farm income is expected to be nearly $1 billion less than it was in 1952. And in 1952 it was more than $1 billion below the preceding year. While farm income has been dropping, our total national income has actually increased.

This disparity canont continue in an economy such as ours. When the farmer can't buy the products of industry, there are certain to be serious dislocations.

How we got into this situation is not as important at the moment, as what we propose to do about it. I have outlined here some of the major problems facing agriculture. In a subsequent article, I should like to discuss some of the possible solutions.

Outlook for Food Supplies Is Good

Home Agents Hear Talk at 'U' Farm Conference

The outlook for food supplies, demand and retail prices in 1954 is remarkably similar to the general food situation this year, Evelyn Morrow, district home agent supervisor at the University of Minnesota, said Thursday.

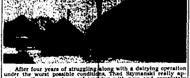
Miss Morrow spoke on "Trends in Family Living" at a special session for home agents held as part of the annual conference of the Minnesota agricultural extension service on the St. Paul campus.

Principal changes in prospect for the next few months, as compared with last fall and early winter, are the larger supplies of fresh fruits, potatoes, sweet potatoes, and beef and the smaller supplies of processed fruits and juices, fishery products and pork, she said.

Prices of fresh fruits and vegetables, most dairy products and many other foods probably will approximate those of last fall and early winter. However consumers can expect to pay more for bread and other bakery products, coffee, rice, shortening, lard and sugar. The higher prices on these products are due to increases in processing and other marketing costs for some items and changes in demand and supply relationships for others.

Consumer purchasing power and spending will be about as large as this year.

Thad Szymanski Expands in Dairying



After four years of struggling along with a dairying operation under the worst possible conditions, Thad Szymanski really appreciates the convenience of working with new and completely modern facilities. Pictured above are his new barn and milk house, equipped and designed to meet the requirements of premium milk production, which recently replaced the old barn, in the background, on his Grand Plain township farm five miles northeast of Mavie.

Thad saw a lot of military service after Pearl Harbor Day, serving all the way from Alaska to Europe, and came back to civilian life satisfied to go back to the farm. Following his discharge from the service he spent several years in Idaho, working on a farm that had just gone into grade "A" milk production. Coming back to this community to make his home he brought with him the start of a fine family, some good experience in dairying and several purebred Idaho cows.

The Szymanskis bought what was known as the Oscar Nelson farm which at that time didn't offer too good a prospect. Thad says you could throw a cat through any wall or roof of the barn. It wasn't worth repairing and so he used it as it was. It was well supplied with running water when it rained. The one good thing about the old barn, he says, is that it will be easy to tear down. He is sure that by just knocking out one brace the whole thing will collapse.

The new barn is equipped for a 22 cow operation and he plans to increase his milking herd to this number as quickly as possible. With four registered cows already producing he has the foundation stock for a high quality herd and he intends to get into herd testing as soon as he can see his way clear to take on the additional program.

The new barn is 32'x60' and has stanchion room for 22 milkers. The milk house is 10'x14' with the water being pumped to it under a pressure system. The milk house and water system, with hot water and cooling equipment, represents an investment of less than $1,000, he says.

In the lower picture showing the distance between the barn and the milk house are Thad's oldest son Lonie, Stan Nelson, chairman of the Thief River Falls Dairy Club, and Thad, who, it is plain to see, requires a tall barn door. He is the son of Mr. and Mrs. Ben Szymanski of Kratka.

Awards Are Given at N. W. School Thursday, Dec. 27

The annual fall term awards assembly was held at the Northwest School December 17. Twenty-seven athletes were awarded their athletic A's or service chevrons for participation in football and cross-country. Retiring football co-captains David Viker, Ada, and Bruce Kramer, Beltrami passed on the captain's star to the newly-elected co-captains Glenn Filipi of Angus and Leonard Bailey of Halstad.

Scholarship certificates for two consecutive terms on the honor roll were awarded to: Rosemary Auer, Waubun; Marilyn Balstad, Fosston; Neal Bjornson; Arlene Christianson, Goodridge; Mardell Boyum, Mentor; Donald Diedrich, Warren; Wayne Erickson, McIntosh; Willis Finifrock, Barnum; Marlene Hagen, Gatzke; Barbara Hylland, Grygla; Grant Johnson, St. Hilaire; Richard Kluzak, East Grand Forks; Marlys Love, Euclid; Donna Miller, Crookston; James Olson, Reynolds, N. Dak.; Kent Omdahl, Warren; Fred Ophus, Erskine; James Paulson, Trail; Paul Tollefson, Crookston; Donald Wald, St. Hilaire. E. N. Reiersgord, Registrar, presented the scholarship certificates.

Superintendent T. M. McCall presided at the assembly.

Short Course for Weed Inspectors January 18 to 22

The annual weed and seed inspectors 'short course will be held on the University of Minnesota's St. Paul campus, Monday through Friday, January 18-22, J. O. Christianson, director of short courses, announced today.

R. S. Dunham, professor of agronomy, is chairman of the event, which is held in cooperation with the state department of agriculture, dairy and food.

On the program are talks on weed control research, farm sprayer adjustment, insect control measures planned for 1954, weed control plans for 1954, brush control, seed cleaning, tree diseases, controlling perennial weeds and weed control in vegetables.

Hydrogenation, the process that provides chemicals from raw coal, was first developed in 1913 by a German chemist.

Board of Garden Valley Phone Co. Gets 2d REA Loan

Board Votes to Sign Papers for Second Loan in Amount of $1,965,000

At a meeting held at Erskine December 11, the directors of the Garden Valley Telephone company voted unanimously to sign up for an added REA loan to supplement the loan already made from the REA so as to insure that there will be enough funds available to complete the entire construction program of the company as originally planned. By this means funds will also be available for expansion of the program to include an added 2,200 subscribers over what the Company now serves.

The added amount made available is $1,065,000 of which amount the company may borrow what is needed for expansion of the program and to meet the increased cost of materials used in the construction. According to C. M. Ostby, manager, it is not expected that the expansion will be as great as indicated by the 8,200 subscriber figure set by the REA, but it is easily possible that there will be an increase of 1,000 or more subscribers as indicated by the rather insistent demands for service coming in from areas now not getting service. Added borrowing from the REA will be in only such amount as will be necessary to cover the expansion.

The reconstruction program is moving along quite rapidly, and it is expected that the first cut-over to dial will take place at Beltrami this month with cut-overs to be made at St. Hilaire, Gully-Trail, Fertile, Mentor, and Gonvick during the early winter and spring. These exchanges will then be in full operation under the new plan with completely new or thoroughly overhauled and expanded telephone plants. In the meantime, outside plant in Clearbrook, and Leonard is being rebuilt for cut-over during the early summer.

Estimates are being made for a bid letting this spring for the rebuilding of Grygla, Goodridge, and Red Lake Falls — this work to begin the coming summer. Almost simultaneously contracts will be let for work to be done at Plummer, Oklee and McIntosh.

Contracts for 20 exchange buildings were let to Eickhof and Sons of Crookston last September, and eight of these buildings will be complete very shortly while the rest will be completed by midsummer of the coming year.

As it appears now, the entire Garden Valley project should be completed during the summer of 1955.

HAPPY CHRISTMAS

(Charles Dickens)

"And numerous indeed are the hearts to which Christmas brings a brief season of happiness and enjoyment. How many families whose members have been dispersed and scattered far and wide, in the restless struggle of life, are then reunited, and meet once again in that happy state of companionship and mutual good-will, which is a source of such pure and unalloyed delight—.

"We write these words now, many miles distant from the spot at which, year after year, we met on that day, a merry and joyous circle. Many of the hearts that *throbbed so gaily then, have ceased to beat;* many of the looks that shone so brightly then, have ceased to glow; the hands we grasped have grown cold; the eyes we sought have hid their luster in the grave; and yet the old house, the room, the merry voices and smiling faces, the jests, the laugh, the most minute and trivial circumstances connected with those happy meetings crowd upon our mind with each recurrence of the season, as if the last assembly had been but yesterday.

"Happy, happy Christmas, that can win us back to the delusions of our childish days, recall to the old man the pleasures of his youth, and transport the traveler back to his own fireside and quiet home."

WILLARD TO RETIRE

The end of the year will bring to an end the public service career of E. V. Willard, deputy commissioner of the department of conservation. During 40 of his 73 years Mr. Willard has been a state official and at one time headed the department in which he has held the second position during the past ten years.

Mr. Willard has many friends in this area who regret his retirement. During the years when efforts were being made to secure federal assistance for the improvement of the channels of the Red Lake and Clearwater rivers he was always a willing advocate for such a program. Because of his high professional standing, along with his knowledge of the water problems of the area based on his personal observations as a young man when he walked over much of our corner of the state as a surveyor, his assistance was especially helpful in the many hearings that led finally to a successful conclusion. He deserves much credit for the progress that has been made in these and similar projects in recent years.

Vic Willard has been a good friend to many people in this area and in their behalf we are glad to say thanks for a good job well done.

WHAT, NO CONTROLS?

There was much sincere viewing with alarm when rent controls were finally abolished last summer. Some difficulty with unreasonable landlords was anticipated. In areas where there still was a housing problem it was feared that rents might be boosted unduly.

It is encouraging to know therefore that the transition back to a normal relationship between landlords and tenants has been achieved with little difficulty. A fair rent committee in St. Paul, organized to guide the transition and lend assistance in hardship cases, reported last week that there no longer is a need for such a service.

Up to that time the committee had received only 87 complaints about rent gouging. In 21 of these cases investigation led to a finding that the increases were reasonable. In another 25 cases satisfactory adjustments were made and in only 24 cases did the landlords refuse to cooperate with the committee. In a city as large as St. Paul that is a good record.

It is good to know that the old law of supply and demand still works quite effectively and that there is at least one government control agency that we can get along nicely without.

EXPOSING THE RACKETS

A New York State legislative interim *committee is doing an excellent job of* investigating charity rackets. The purpose of the investigation is to submit recommendations for state legislation regulating fund raising operations by popular subscription. Other states may benefit by the research and conclusions of the New Yorkers.

Fund raising is a big business and highly organized. The appeal for contributions is largely emotional and it is not easy to distinguish the deserving from the undeserving request. One witness who was considered qualified to speak on the subject told the New York committee that charity rackets are robbing the American people of 100 million dollars a year.

Organizations operating on funds acquired through public solicitation should be required to give a complete accounting of their activities. The deserving organizations have nothing to fear by a disclosure of all of the facts. Only the racketeers would suffer by reasonable regulation. There is no good reason why the American people should continue to give 100 million dollars each year merely to enrich groups of swindlers operating as benevolent organizations.

FARM INCOME DOWN

Farm income in five northwest states was 194 million dollars less for the first ten months of 1953 than for the corresponding period of 1952, according to government estimates released Saturday. Of this total Wisconsin took the biggest loss with a 94 million dollar decrease. Minnesota's decline was 34 million with the rest of the loss being spread over the Dakotas and Montana.

Along with the loss in income there have been cost increases which have further reduced the net return of agriculture.

Those who speak for agriculture in the next session of Congress will have some powerful arguments for a sound farm program. The administration is aware of the facts, and of the consequences if an adequate price support program is not provided.

All 14 members of the North Atlantic Treaty Organization voted to support the representatives of the Big Three nations in the meeting with Russian representatives at Berlin next month. The purpose of the Berlin meeting is to secure a peaceful settlement of the many questions on which there is sharp disagreement. But while there is hope that these problems can be settled peacefully it is significant that NATO also went on record favoring increased rearmament. They seem to go along with the Theodore Roosevelt idea of speaking softly but carrying a big stick.

Report to the People

By Governor C. Elmer Anderson

Outpost of Defense

E. B. Miller, our state director of civil defense, tells me some interesting things about the nation's outpost of air defense up in the Northwest Angle, the little peak that sticks up out of the top of Minnesota's map.

That peak of land is the most northerly point in the United States, and Kilo Echo Five Three Black, locate dwell up in the Northwest Angle, is the nation's northernmost ground observer post. From this post, says a recent issue of the GOC magazine, the Aircraft Flash, could well come the first warning of an air attack on this country by low-flying enemy bombers."

The value of having ground observers at a point like this to report on passing planes is apparent. An enemy plane must be detected and tracked as far from its target as possible, to gain time for interception and adequate air raid warnings.

The Northwest Angle is a forested, sparsely populated spur of land, some 130 miles square and entirely separated from the rest of the United States by water. It is actually a peninsula off the land mass of Canada, which juts into the Lake of the Woods from the Northwest.

The Northwest Angle's lone ground observer post is located near the border at a pulpwood camp operated for the Minnesota and Ontario Paper Company. Clarence Selvog, post supervisor, is an employee of the company, and two of his sky-watching assistants, Norman Hohn and Don Richards, also work for the company. Forest rangers and others in the area combine their regular work with plane spotting. Winter and summer the community makes plane reporting its job.

Information gathered by Kilo Echo Five Three Black is forwarded by radio across the water to the state forestry division office at Warroad and then relayed by telephone to the Minneapolis filter center. Mrs. Clarence Selvog, wife of the post supervisor and radio operator for the state forestry division, relays the calls. Only two minutes are required to get information from the ground observer's post in the Northwest Angle to the filter center in Minneapolis.

On Sunday afternoon Mrs. Tilda Nelson, Phyllis and Jack of Thief River Falls visited with Mr. and Mrs. Kermit Finstad.

OUR LAND

Prepared by the Minnesota Soil Conservation Service In cooperation with University Farm, St. Paul

New District Formed

Formation of Minnesota 60th soil conservation district, the Koochiching district, has been approved by the Minnesota Soil Conservation Committee. M. A. Thorfinnson, executive secretary and extension soil conservationist at the University of Minnesota, announced the new district recently. The committee appointed Myron Smar, Birchdale, and August Wilkin, Littlefork, district supervisors. A special election will be held later to fill the three other supervisors' positions in the district.

Organic Matter Important

As organic matter content declines so does soil's water-holding capacity. As a result, increased runoff carries more soil from the field. And these runoff waters carry away soil nutrients and organic matter, steepening the decline of organic matter. Organic matter is important not only in erosion control, but in improving soil structure. And soil structure has a great effect upon ease of tillage, water holding capacity, drainage, and other factors essential to successful crop production.

"Conservation of Resources

Our heritage of land, water, timber and minerals—is the immediate and long-range responsibility of the entire nation," said Senator Hubert H. Humphrey recently in addressing the Tri-County Conservation Day program at Le Sueur. "Our great natural resources must not only be preserved but replenished," Senator Humphrey said. The Senator warned that by 1975 our expanding population will require increased food production equivalent to that from a hundred million acres of land. "We must save what land we have and work to make it and keep it more productive and healthy," he said.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Whose Toy?

Jack just got a present. It was beautifully wrapped, in handsome paper and ribbon. Jack, being three, didn't linger long over the wrappings or the box. Soon he had the contents all over the floor and was playing excitedly with whatever-it-was-he-didn't-know-yet. But alas someone (some adult) found the directions. Obviously, the boy is not playing with this toy the way he is supposed to. Down on the floor went the adult; explanations and directions began. "But I don't want to," said Jack. "But this is how you're supposed to do it," said the adult. Soon Jack has fled the scene; the adult looks regretfully at the dismantled toy and wonders what he did wrong.

When a child is given a present, it should be all his. He should have a chance to explore it for himself. Of course he may not know what it is, or what to do with it, or how to do it. Once he has looked it over, he may realize this and come to an adult with the puzzled question "What is it, daddy? What's it for?" This is the time for the adult to step in with assistance and explanation.

Even then there are ways to be helpful. For one thing, in giving directions, avoid complicated or lengthy ones. Take things one step at a time, simply. *See how the child reacts* to the first stages before jumping into the last stages. It may be that the toy is really too "old" for him; often adults do not know how to choose a suitable toy, and end up with a purchase which would be just right two years from now.

If a too "old" toy shows up among gifts, let the child explore it; after all, it is his. But his interest will soon wane, and that is the time to put the toy quietly away until he is more mature and ready for it. It will be just as exciting at a later date, and just as new to him. Watch the child's reaction for cues; he knows what he enjoys, and will show you in his behavior. Learning from watching is a good technique which parents will find very helpful.

And the angel said unto them,
Fear not: for, behold, I bring you
good tidings of great joy, which
shall be to all people.
For unto you is born this day in
the city of David a Saviour, which
is Christ the Lord.
And this shall be a sign unto you;
Ye shall find the babe wrapped in
swaddling clothes, lying in a manger.
And suddenly there was with the
angel a multitude of the heavenly
host praising God, and saying,
Glory to God in the highest, and on
earth peace, good will toward men.

Now! A low-cost way to feed cows for top milk production

Land O'Lakes 36% Dairy Concentrate Is Built to Make More Milk For As Little As 1½¢ Per Cow Per Day...Production That Ordinary Protein Feeds Simply Can't Match

With good quality roughage, just one pound of Land O'Lakes 36% Dairy Concentrate is all you need for a cow making 5 gallons of milk a day . . . costing only a tiny bit more than a penny a day per cow. That's because you subtract one pound of grain for every pound of concentrate you feed. And at today's prices, one pound of concentrate costs only about one cent more than a pound of grain. And obviously, you'll get much higher milk production—impossible for straight oil meals without the special ingredients in Land O'Lakes 36% Dairy Concentrate.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 1, City

Gladelig Jul!

The Washington school district pupils and their teacher, Mrs. Rudolph Hanson entertained the parents at an interesting Christmas program in the schoolhouse Friday evening. At the curtain opening all the pupils were seated in accordance to the shape of a Christmas tree. As the narrator told the origin and story of each Christmas carol, the pupils would sing the carol respectively. Dialogues were also given by the first grade youngsters, Pamela Torkelson, Lynette Thune, Florence Arneson and Yvette Torkelson. After the program Santa Claus distributed gifts, candy and apples. The mothers of the pupils brought cake and served it with the coffee they brewed. Everyone enjoyed the evening very much.

Mrs. Mark Olson and family and Harry Waller of Brinsmade, N. Dak., were Thursday evening visitors at the Bob Sjulstad home in Thief River Falls.

Lila Hanson came home from Moorhead State Teachers College Friday. She accompanied the George Rockstads here and she will spend the holidays with her home folks, the Rudolph Hansons. 16 CENTURIES OF SONG

Fifty-nine years ago a small group of Minneapolis men who enjoyed raising their voice in song organized the Apollo Club. Today 119 members of the venerable Apollo Club, plus two pianists and one polished young conductor, make magic with music, from spirituals to operatic arias. Despite a recent flux of newcomers, Apollo singing totals 1,583 years, for an average tenure per member of 13 years; 27 of the men, almost 25%, have been singing with Apollo 25 years or more. Dean of the group is a resonant baritone, Arthur H. Conary, who has been singing with Apollo since 1906.

TRIPLETS TWICE THE SAME WEEK

Triplets are due about once every 100,000 bovine births. Minnesota must have been in arrears on our quota when during the same late November week triplet calves appeared on Hutchinson and Howard Lake farms, all Holsteins. Two males and a female appeared at the Clair Hogan farm near Hutchinson. The others, on the Lorren Giessing farm near Howard Lake, were the first in the 37 years of the local veterinary.

HOBNOBBING WITH DIVERSE HOBBYISTS

Low or significant auto license numbers is a hobby with some 30,000 Minnesotans, according to Mrs. Mike Holm, Secretary of State. Most folks just want small numbers—one, two, three, or not more than four digits. Many want—and get, if possible — telephone numbers, street addresses, and various other significant designations. Perhaps the oddest special number request on record is a date; one careful driver has a wedding anniversary reminder in 7-18-19.—Mrs. Martha Pietz, Westbrook has reason to be proud of a 30-year collection of more than 300 cups.—A. F. Haney, Pipestone, carves clock cases from the red, rather unctuous rock from which primitive redmen cut their pipes; one of his more than 30 productions is in the White House. Oscar T. Lang, Minneapolis, collects odd foreign clocks—has nearly 200.

More than 50 million tons of bituminous coal were transported by river in 1952.

Spruce and balsam account for most of the U. S. production of pulpwood, with aspen next and pine third, followed by hemlock, miscellaneous hardwood, miscellaneous soft.

WHEREAS, Pennington County has, through the Commissioner of Highways, as it's agent, entered into a Federal Aid Secondary contract, in the amount of $[illegible] for the construction of grading 8.0 miles of road, located on S.A.R. No. 2 and designated as S.P. 57-602-02—Minn. S27 (4); and

WHEREAS, A special allotment of $[illegible] was granted this County to assist in the financing of said Federal Aid Secondary project;

NOW, THEREFORE, BE IT RESOLVED: That we do hereby request the Commissioner of Highways to take such necessary steps as may be necessary to authorize and cause the payment of said special allotment to the County immediately, with the expressed understanding and agreement that the County of Pennington will, upon receipt of payment, redeposit these funds with the Commissioner of Highways to be used to aid him in paying the County's share of the monthly estimates on said project as they become due and until all funds are exhausted.

BE IT FURTHER RESOLVED: that a certified copy of this Resolution be submitted to the Honorable M. J. Hoffman, Commissioner of Highways.

The foregoing resolution was seconded by Commissioner Lindberg and upon being put to a vote was duly carried.

Mr. Herman A. Kjos as a resident of the City of Thief River Falls was selected by the Board to complete the unexpired term of Dr. O. F. Mellby as a member of the Oakland Park Sanatorium Board.

On motion by Olson seconded by Tass the working drawings for the construction of a new Court House as presented by [illegible], Architect were approved and the County Auditor was authorized and instructed to advertise for bids for construction of said Court House, bids to be filed and opened at 2 P. M., January 20, 1954.

Carried.

Commissioner Tass introduced the following Resolution and moved it's adoption:

WHEREAS, The Pennington County Board has this day approved the working drawings of the Architect for construction of a new Court house, and

WHEREAS, Bids for construction of said Court House will be opened January 20, 1954, and

WHEREAS, The construction of said Court House is dependent upon the City's contributions toward the Court House from earnings of the Municipal Liquor Store.

NOW, THEREFORE, BE IT RESOLVED, that the County Auditor transmit a request to the Honorable City Council of Thief River Falls requesting that such contributions deemed due the Pennington County Building Fund be transferred to Pennington County at the earliest possible date.

The foregoing Resolution was duly seconded by Commissioner Olson and upon being put to vote was declared carried.

Moved by Anderson seconded by Tass that the members of the County Board and the County Auditor attend a meeting called by the Minnesota Highway Study Commission to be held in Detroit Lakes, Minnesota on December 11, 1953.

Carried.

KRATKA . . .

Mrs. Ted Lendobeja, Ph. 913-M

(Crowded out last week)

Mrs. Minnie Knutson of Ordale, Sask., Canada, was a guest at the Gunder Olson home from Wednesday until Friday. On Friday she left for Oklee to visit with relatives and friends. Forty-three years had passed, since she had left for Canada to make her home and during that time she had never been back. She found many changes, especially in people, and even graphically. Just think, how much trees would grow in forty-three years.

Mrs. Melvin Hoffman and Vicki Ann of Thief River Falls spent Sunday at the Ed Magnan home. Vicki Ann remained to visit a week with her grandparents, the Ed Magnans.

Saturday, Bert K. Johnson accompanied Melvin Thompson, field man for the Farmers Union Central Exchange, by car to Luverne. From there they took the Farmers Union bus to McPherson, Kansas where the Farmers Union oil wells and refineries are located. They spent an interesting tour with information given by well-informed guides on all phases of oil and oil refining. They returned home by way of Lincoln, Nebr., stopping for a visit at Boystown, saw the trade school and chapel, went on through Omaha, returning to Luverne by Wednesday noon. They motored back to Thief River Falls returning home by Wedneday evening. Bert says it is one of the most interesting trips he has ever taken.

Mr. and Mrs. Knute Knutson and family attended the silver wedding of Mr. and Mrs. Art Knutson at the Bethany church on Sunday.

Mrs. Alvin Burstad and pupils of Dist. 60 are giving their Christmas program on Friday evening, Dec. 18 at 8 p. m.

The Telemarken Ladies Aid served the lunch for the creamery meeting held at the auditorium in Thief River Falls on Tuesday.

Sidney Wilson and Ted Lendobeja motored to Grand Forks on Tuesday. They hauled livestock to the Grand Forks market.

Many of our Kratka youngsters who attend school in Goodridge are in busy preparation for the Christmas program to be held in Goodridge, Thursday evening.

Mr. and Mrs. Julian C. Lendobeja participated at a Christmas canasta party Saturday evening when Mr. and Mrs. Henry Olson and Mr. and Mrs. Karl Kollitz entertained at the Karl Kollitz home in Thief River Falls.

Sunday evening guests at the Julian C. Lendobeja home were Mr. and Mrs. Arnold Hammen, Jon and Ruth of Smiley.

Mr. and Mrs. Ed Magnan and Mrs. Melvin Hoffman motored to Grand Forks Tuesday on business.

Last Week's News

The Telemarken Ladies Aid held their annual meeting last Thursday. The following officers were elected: president, Mrs. Lloyd Thompson; vice president, Mrs. Henry Waale; secretary, Mrs. Henry Ananson; treasurer, Mrs. Sam Haugen. The mission secretaries, Mrs. Annie Hemmestvedt and Mrs. Ogile Hofdahl and the cradle roll secretary, Mrs. John Keck, remained the same. The history of some of our familiar Christmas carols was given by Mrs. Emil Sanders with the singing of the same by the audience. Mrs. Sam Haugen gave a reading. Bible study was conducted by Pastor Wigill. Lunch was served by the hostess, Mrs. N. Wigill.

Sunday afternoon guests at the Julian C. Lendobeja home were Mr. and Mrs. Ralph Galbraith and Jon of Grygla.

Mrs. Carl Olson and son, Olaf of Silverton called at the Gunder Olson home on Tuesday.

Our hats off to Miss Dianne Lendobeja of the Smiley 4-H club. It's really an achievement winning the trip to the 4-H Congress in Chicago, and then to go on from there, and walk off with national honors. We are proud to have you as our neighbor.

Hazel Happenings of the Past Week

By Mrs. Carl Ahlberg, Hazel, Telephone 18-F-11

Rev. Oscar Swenson of Hoople, N. Dak. will conduct services at the St. Pauli church Saturday, Dec. 26 at 11 a. m.

Rev. Swenson has accepted the call to the St. Hilaire Lutheran parish and will move here June 1, 1954.

The St. Hilaire and St. Pauli Luther Leagues will have a joint Christmas party at the St. Pauli church Sunday evening, Dec. 27.

At the services in the St. Pauli Church Sunday afternoon, Randa Kaye, infant daughter of Mr. and Mrs. Clayton Mathson and Dan Scott, infant son of Mr. and Mrs. Glenn Engelstad were baptised by Rev. Pewold of Concordia. The sponsors for Brenda were her grandparents, Mr. and Mrs. Martin Mathson and Mr. and Mrs. Willie Hagen. Danny's sponsors were his grandparents Mr. and Mrs. Mons Engelstad and Mr. and Mrs. Carl Alberg.

Sigurd Levorsen of Grygla came Saturday to visit for a few days at the home of his son-in-law and daughter, Mr. and Mrs. Russell Thune and family.

Mrs. Olaf Snetting returned from Minneapolis where she had spent the past three weeks at the home of her son and daughter-in-law, Mr. and Mrs. Omer Snetting and family and visiting with other relatives.

Mrs. Ted Guerard of Milwaukee, Wisc. came Sunday to spend Christmas at the home of her parents, Mr. and Mrs. Melvin Torkelson.

Mr. and Mrs. Mike Antonoff left Tuesday for Minneapolis where the latter went for a check up at the University hospital. Gust Gustafson is doing chores at the Antonoff home during their absence.

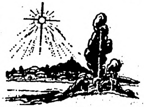
Merry Christmas



Thruout the centuries the Star of Christmas has been a beacon of Hope. In times of greatest adversity its light has been the brightest. In the strengthening influence of that light the bonds of Love and Friendship take a firmer hold upon us.

Christmas is the season of Hope. To a troubled world it brings assurance of ultimate Peace on Earth, Good Will Toward Man. When all else seems hopeless this Light instills within us renewed courage.

In the promise of the ultimate victory of that which is Good, may we all have the courage to face our problems with fortitude.

In the spirit of this Christmas Season we extend to all of you our

Bar Suggests Proper Conduct for Jurors

Most people respect the privilege enjoyed by the free citizens of this country to participate in their government. One of the most important duties of free men is to serve as jurors and thus participate in the administration of justice.

Approximately 12,000 citizens are called each year as prospective jurors in the state's district courts, and many more are called for municipal court jury service. But many of them have no idea of what is expected of them as jurors.

The district judges of Minnesota and the Minnesota State Bar Association have prepared a pamphlet for use by prospective district court jurors. The following are some of the suggestions for jurors as to their conduct:

Listen to every question and answer. Since you must base your verdict on the evidence, you should hear every question asked and the answer given. If you should not hear some of the evidence, for any reason, ask to have it repeated. If you do not understand some phrase of expression used, it is proper to ask the judge to have it explained.

Don't talk about the case. While you are a juror you should not talk to anyone about the case or permit anyone to talk to you about it. If any person persists in talking to you about it, or attempts to influence you as a juror, you should report that fact immediately to the judge.

Don't be an amateur detective. Since the only evidence you can consider is that presented in court, you are not allowed to make an independent investigation or visit any of the places involved in a lawsuit. If it is necessary and proper for you to inspect a place involved in the case, the judge will so order.

Control your emotions. You should not indicate by exclamation, facial contortion or any other expression, how any evidence or any incident of the trial affects you.

Dont' be late for court sessions. Since each juror must hear all the evidence, tardiness causes delay and annoyance to the judge, lawyers, witnesses and other jurors.

Always sit in the same seat. This enables the judge, the clerk and the lawyers to identify you more easily.

When in doubt ask the judge. If you are in doubt about your rights or duties as a juror, you should not ask anyone except the judge for informatiin.

If jurors follow these suggestions they will be assisted in discharging a serious responsibility in a conscientious manner.

11 Traffic Deaths Forecast in State During Holidays

Highway Department Bases Its Prediction on Record of Past Years

There will be no Christmas joy in eleven Minnesota homes over the holiday weekend if Minnesota motorists maintain the average for motor vehicle deaths which they have established during the past five years' observances of this holiday.

The Minnesota highway department today revealed that the lowest number of fatalities reported in recent years during the Christmas holiday was in 1951, when eight died as the result of traffic accidents. The highest was in 1949 when 16 motorists and pedestrians died.

"One of the things it is impossible to understand," said Arthur V. Rohweder, president of the Minnesota safety council in reviewing these figures," is why so many of our motorists insist on making a horror day out of what is supposed to be a holy day."

He pointed out that family gatherings at this festive season can be just as happy — if not a lot happier—without indulgence in excessive drinking, followed by driving or walking. He also stated that hurrying to get to a family gathering or holiday party can very easily result in an accident which will ruin the party not only for those immediately involved but also for their friends and relatives.

"The finest gift everyone could give to his loved ones," he concluded, "is a holiday season free from accident. We can do that if each of us will resolve to drive carefully, avoiding drinking before driving and always driving as carefully as road and weather conditions require. Then I am sure that this Christmas will be truly the holy day it is intended to be instead of the horror day we have made it in the past."

State 4-H Radio Speaking Contest Geting Started

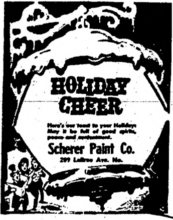
A statewide 4-H radio speaking contest will be held for the twelfth successive year, sponsored by the University of Minnesota agricultural extension service in cooperation with the Minnesota Jewish Council.

This year's event will be open to club members between the ages of 14 and 21, according to Evelyn Harne, state 4-H club agent at the University.

Subject for discussion will be "What Our Bill of Rights Means to Me." Contestants will prepare original speeches, five to seven minutes in length, on some aspect of the subject.

County contests must be completed by Feb. 19. District contests in the form of radio broadcasts will be held between February 20 and March 8. The state contest is scheduled for March 12 and 13 on the University's St. Paul campus.

The Jewish Council is providing nearly $1500 in awards for county, district and state win- receive a $200 cash award, the
ners. The state champion will reserve champion-$100.



Here's our toast to your Holidays May it be full of good spirits, peace and contentment.

$167,962 Savings Bonds Bought Here to December 1st

Figure Compares with Purchases of $156,293 for Same Period in '52

Eight counties have exceeded their 1953 U. S. Savings Bonds quota with one month to go, it was announced today by Darrell Bandy, Minneapolis, state bond director.

The eight counties are: Cook, with 165.8 per cent of quota attained; Lake of the Woods, 133.8; Itasca, 117.2; Lincoln, 113.1; Wright, 110.5; LeSueur, 100.1; Benton, 107.7; and Rock, 101.1.

Sales of Series E and H bonds through November in Pennington county amounted to $167,962, according to J. M. Roche, county bond chairman. This figure compares to a total of $156,293 during the same period a year ago.

In Minnesota, sales of E and H bonds for the first 11 months of 1953 were $14.5 million or 27.3 per cent ahead of the same period for 1952. In percentages, Minnesota has now reached 79.9 per cent of its 1953 Savings Bonds goal. Twenty-two counties are through November at 91.6 per cent of quota.

Sales nationally were $3,986,105,000, through November, up 23 percent over the same period a year ago. Redemptions of matured E bonds and unmatured Series E and H bonds amounted to $3.8 billion. Sales exceeded redemptions and maturities by $181.5 million.

Women to Attend Farm, Home Week

Will Gather on St. Paul Campus January 12 to 15

A special homemakers' program for city and rural women is being planned as one of the features of the University of Minnesota's Farm and Home Week to be held on the St. Paul campus January 12-15.

According to J. O. Christianson, director of agriculture short courses, hundreds of Minnesota homemakers attend the annual Farm and Home Week program to get a refresher course in new homemaking techniques as well as to get ideas on leisure-time hobbies.

Both morning and afternoon sessions are scheduled for women during the University's largest agricultural short course. Weight reduction, techniques in using the sewing machine, family life problems, selection of equipment and public speaking are some of the subjects to be covered in the varied program. Demonstrations of meat cookery and of how to use design in needlework, blockprinting and stenciling are also included on the program.

The Rural Art show will be held for the third year as a highlight of Farm and Home Week which will attract both men and women. Works of Minnesota's rural artists will be on exhibit in the Agriculture Library on the St. Paul campus. According to Harald Ostvold, chairman of the Rural Art show, lectures and gallery tours will be conducted by visiting artists and critics during the week and demonstration lectures will be given on use of water colors, oil paints and clay.

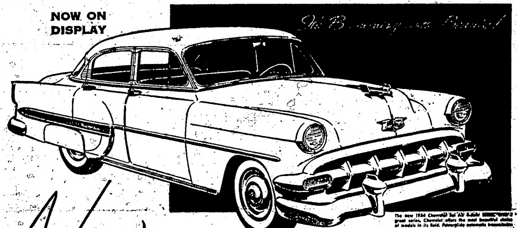
NOW ON DISPLAY



The new 1954 Chevrolet Bel Air 4-door sedan. With three great series, Chevrolet offers the most beautiful choice of models in its field. Powerglide automatic transmission now available on all models, optional at extra cost.

New 1954 Chevrolet

Powered for Performance!
Engineered for Economy!

Come see the most beautiful, most powerful Chevrolet ever built . . . the new car that combines great new performance with money-saving gas mileage!

In *every* way, Chevrolet now brings you even more of the things you want.

More *beauty* with brilliant new styling in Body by Fisher and bright new color harmonies outside and inside the car.

More *power* and *finer performance* with new high-compression engine power in all models.

More *comforts* and *conveniences*, including luxurious and colorful new interiors, Powerglide for all models and such great new features as Power Brakes and Automatic, Electric Window and Seat Controls.

And, thanks to advanced Chevrolet engineering, all this with *new economy*, too.

The fact is, you'll find that no other car offers so *many* things you want at such low cost. That means the low *first* cost of the lowest-priced line in its field. And it means money-saving economy of operation and upkeep, as well.

Stop in and take a good look at the best-looking Chevrolet you ever saw!

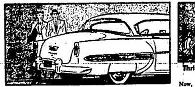
First in the Low-Price Field
with POWER BRAKES, AUTOMATIC WINDOW and SEAT CONTROLS

Power brakes for easier stops

Now Chevrolet brings you a great new advance in driving ease—Power Brakes. Stopping is wonderfully easy and convenient. Optional on Powerglide models at extra cost.

New, automatic window and seat controls

Now, at the touch of a button the front seat and windows are electrically adjusted to suit your liking. Optional on Bel Air and "Two-Ten" models at extra cost.



New styling that will stay new

There's a new, lower, smarter look about this new Chevrolet. Front, rear and all around the car, you'll see new styling that brings you Fisher Body at its beautiful best.

New interior richness

Fine new upholstery fabrics with a more liberal use of beautiful, durable vinyl trim. New color treatments in harmony with the brilliant new exterior colors.

Thrifty new power in all models

Now, in Powerglide models, you get the more powerful "Blue-Flame 125" engine—in gearshift models the more powerful "Blue-Flame 115."

New, lower price on power steering

Chevrolet Power Steering reduced in price! It does 80% of the work to give you easy, sure control. Optional at extra cost on all models.

More things more people want, that's why
MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

PUBLIC OPINION

Editor the Times:

On behalf of all the children and adults of Red lake, I wish to thank all the people of Thief River Falls who contributed to the recent clothing drive. I do regret it is impossible for me to thank every individual who contributed to the drive.

The clothing that we have received from you will help immeasurably to clothe the needy people of Redlake who do not have the means to provide the necessary protection against the elements.

It has been my privilege to pass out many of these articles to elementary children who were in desperate need of these garments. You may rest assured that many of the articles that you felt were of little or no value, are a priceless possession to some of these children.

There was the matter of distributing the great number of articles that were for the older people of Redlake. This matter was discussed with school and welfare officials, as well as several Indians. A super rummage sale seemed to be the only solution. We were at first reluctant to undertake such a method considering the fact that we were given the clothing.

One may ask why such action was necessary. It was a simple matter of pride. The Indians are reluctant to accept any clothing as a charity measure. We therefore went ahead with the sale and although all articles were marked exteremely low, even for a rummage sale, we took in a total of $22.35. We felt this was very successful and what was not sold was sent to Redby and Ponemah to be distributed there. The money that was taken in will be put in a fund to buy clothing for the ultra needy children.

I want to express my appreciation to the Elks lodge and to Cliff Bjorkman and Al Christofferson for their help in organizing and administering this drive.

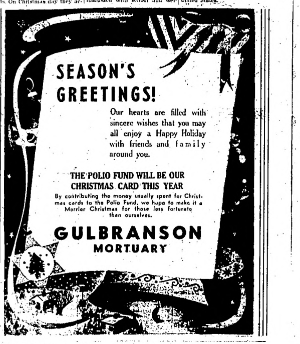
THEY'LL BE HOME FOR CHRISTMAS

All Minnesota felt badly when a number of St. Paul girl members of a popular and highly skilled drum - and - glockenspiel corps were injured in a firetruck accident at Northfield. All Minnesota will be glad that the last three of the hospitalized lasses will be home for Christmas: Janet LaBarre, Dolores Moehrle, and Lorraine Schabert of St. Paul have been in a Northfield hospital since September 19.

Less than 15,000 foresters are regularly employed in the United States.



SEASON'S GREETINGS!

Our hearts are filled with sincere wishes that you may all enjoy a Happy Holiday with friends and family around you.

Best wishes for a happy holiday season from the men and women of your telephone company

To help you share holiday happiness with friends and family away from home, your telephone operators will be on duty throughout the holidays including Christmas Eve and Christmas Day. You can depend on their usual helpfulness in putting through your Long Distance calls—the same friendly spirit of service that is a tradition with telephone people on every day of the year.

Long distance lines—particularly those to faraway points—will be busiest on Christmas Eve and Christmas Day. Placing your calls before or after these "rush periods" will help you avoid delay.

Holt Community Items Reported

By Mrs. Christine Peterson, Holt

This cheery wish for Christmas joy though it's repeated yearly is just as warm as it can be and meant so sincerely.

A large crowd attended the annual Christmas program at the Holt Consolidated school on Friday evening. Misses Tangquist, Gustafson and Krohn are spending their Christmas vacation at their parental homes at Viking Miss Holmaas at Newfolden.

Violet Erickson, who teaches near Stephen is spending her vacation at the home of her parents, Mr. and Mrs. Eneas Erickson.

The pupils of the Sunday school gave a fine program at the Nazareth Lutheran church on Tuesday evening.

The Strandquist school gave their Christmas program on Monday evening and party on Wednesday. Mrs. Christine Peterson, a member of that faculty, is spending her vacation at her home.

That genial friend, Mr. Santa Claus, made his appearance at Holt on Saturday afternoon. A free show was sponsored by the civic and Commercial club of Holt after which generous bags of Christmas goodies were passed out by Santa Claus. At the close of the afternoon free coffee and cookies was treated to all.

Odell Christenson, Glenn Larson and Dale Davidson, who are attending the university of Minnesota, arrived from Minneapolis to spend their Christmas vacation with their parents, Mr. and Mrs. Oscar Christenson and Mr. and Mrs. Hilmer Davidson, Mr. and Mrs. C. O. Larson.

Gwenleth Langlie, who attends the University of North Dakota is spending her vacation at the home of her parents, Mr. and Mrs. Albin Langley.

R. K. Johnson and Lester Tygeson of Middle River, Hilmer Davidson, Roger Skoglund, Mr. and Mrs. Martin Rantanen attended the GTA meeting at St. Paul last week.

Those who helped Mrs. Oscar Christenson celebrate her birthday were Mr. and Mrs. Peter Becklund and Eunice, Mr. and Mrs. Hughey Engstrom, Sonia and Carol.

After the Christmas program on Friday evening the Ringbo school closed for a two week vacation. Mrs. Emma Swenson is the teacher.

Shirley Larson of Minneapolis is expected to arrive home for Christmas.

Mr. and Mrs. Vernon Lee of Minneapolis will spend Christmas at the home of their parents, Mr. and Mrs. Lee at Newfolden and Mrs. Mary Johnson.

Hilmer Lunke of Thief River Falls visited his mother, Mrs. Clara Lunke and Mr. and Mrs. Art Lunke.

Among the guests at a goose dinner at the home of Mr. and Mrs. Myrom Johnson at Middle River were Mr. and Mrs. Orlin Ness and children.

We are glad to report that Marvin Sandberg who underwent surgery at Northwestern hospital has now returned home.

Oscar Carlson, who is employed at St. Hilaire spent Sunday at Holt.

Alfred Larson has been on the sick list this past week and we hope for a speedy recovery.

Rude Christenson and Carl Johnson visited at the Hans Stenerud and Clarence Christenson homes at Ranier.

Report on Viking News of the Week

By Mrs. Orville Peters, Phone 4F10

Funeral services Held at Viking for John A Tostrup

Funeral services were held on Tuesday afternoon, Dec. 15, 1953 at the Zion Lutheran Church for John A. Tostrup who passed away December 9th at the St. John's Hospital in Fargo, N. D. at the age of 54 years, 4 months and 23 days. Rev. Arthur Grorud conducted the service. Mr. Glen Halverson sang two solos, "One Sweetly Solemn Thought", "And Nearer My God To Thee." A duet was sung by Mrs. Ranum and Mrs. Hjelle, "Naar Mit ole trat of Mole." Miss Margaret Ranum was pianist. Acting pallbearers were, Morris Halvorson, Arne Samuelson, Emil Gustafson, Emil Shern, Frank Hanson and Geo. Urdahl.

John Adolph, son of Bertha and Mathias Tostrup was born in Viking township on July 16, 1899. WHERE IS HE?...
for we have seen His Star

Centuries ago the Wise Men came to Jerusalem, asking the whereabouts of a new-born King. Simply they told their strange and beautiful story. They had seen His Star in the East, and were come to worship Him.

That wondrous Star has many counterparts today. In cities and hamlets the world over the spires of a million churches proclaim the reign of Jesus Christ.

But where is He? Where can weary travellers from the deserts of life find the King of their souls? Where can they lay down before him their precious gifts and render their heart-felt praise?

The church spires, like the Star, beckon those who seek Him. Each is a guidepost to Bethlehem. Each alone, and all together, they seem to answer the searching heart.

He is here! You have seen His Star. Come to worship Him. HE IS HERE!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GOOD WEATHER BOOSTS USAGE OF TRUNK ROADS

Ideal weather and driving conditions which prevailed throughout most of November resulted in greater usage of Minnesota's trunk highways, according to the highway planning survey of the department of highways. Based on data obtained by the 27 automatic traffic recorderes located on rural trunk roads, a gain of 5.5 per cent is indicated over November of last year. In fact, substantial gains have been recorded in every month this year, except February, over comparable months of 1952, with the average increase for the 11-month period 5.3 per cent over last year's first 11 months.

Chemical manufacturers in Missouri and Kansas use more than half a million tons of bituminous coal annually.

50th Anniversary of Airplane Was Observed Dec. 17

The 50th anniversary of powered flight was observed Thursday, Dec. 17, throughout the country. On the morning of December 17, 1903, in Kitty Hawk, North Carolina, Orville Wright guided his contraptoin of sticks and canvas along a homemade rail track. The gasoline engine lifted it above the sands for a flight of 12 seconds covering a distance of 120 feet.

According to Melvin Thomsen, chairman of the Thief River Falls oil industry information committe, this memorable event marks *the beginning of an association* between the petroleum and aviation industries that has brought progress to this nation even beyond the imagination of the immortal Wright brothers.

Flights from New York to California in high-powered airplanes are now everyday events which we all take for granted. Jet-powered airplanes are breaking all speed records. Scientists are even talking seriously about flights to the moon.

A U. S. bituminous coal miner produces as much coal in two days as a Japanese miner does in 30.

THIEF RIVER FALLS TIMES

Volume 42 Published every Wednesday and entered as second class matter May 10, 1911, at the postoffice at 120 LaBree Ave. N., Thief River Falls, Minn.—Under the Act of March 3, 1879. Thief River Falls, Pennington County, Minnesota Wednesday, Dec. 30, 1953 [illegible] Number 52

MINNESOTA HISTORICAL SOCIETY

Pennington Co. Polio Drive to Open Monday

The Pennington county chapter of the National Foundation for Infantile Paralysis will inaugurate its 1954 March of Dimes campaign next Monday morning, January 4, A. F. Berge, county chairman, announced today.

Berge stated that arrangements have been made for Thief River Falls canvassers of the business district representatives of the various civic and fraternal groups, to assemble at a kickoff breakfast in the Rex Monday morning at 8 o'clock.

Gordon Reierson will serve as city chairman of the campaign, while the rural chairman is Mrs. Adam Lendobeja, who has appointed a full slate of township chairmen to swing into action Monday.

Berge stated that the Mothers' March on Polio in the Thief River Falls residential districts will be held late in January.

In its 1953 drive last January, said Berge, Pennington county, with a per capita contribution of 47.71 cents, ranked 11th among the 87 Minnesota counties, raising a total of $8,153.

The slogan for the coming drive will be "Fifty percent more in '54", in order to provide funds for continued care for polio victims and to finance research projects aimed at preventing the disease.

The Pennington county chapter, it was announced, has provided care for five new cases and four old ones, including one patient who has been hospitalized since December, 1952, and is still in an iron lung.

Mrs. Adam Lendobeja announced that township chairmen for the drive include the following: Mrs. Norman Johnson, Smiley; Mrs. Ted Lendobeja, Kratka; Mrs. Martin Hanson, Silverton; Mrs. Carl Finstad, Rocksbury; Mrs. L. Lindemoen, Norden; Mrs. Steve Jaenette, North; Kenneth Maidment, Cloverleaf; Mrs. Palmer Johnson, Mayfield; Eugene Pountsgaard, Star.

Others are Mrs. Stanley Radniecki, Deer Park; Mrs. Glenn Tess, Hickory; Mrs. Palmer Johnson, Highlanding; Mrs. R. Knutsk, Goodridge; Oscar Stenvik, Reiner; Edgar Kaplin, Polk Centre; Mrs. Herb Swenson, Sanders; Mrs. Dave Christianson, River Falls; Mrs. Oscar Houske, Wyandotte; Mrs. Joe Steinberg, Bray; Mrs. Winton Knutson, Numedal; and Mrs. Ronald Tollefson, Black River.

Christmas Mail Volume Exceeds Total for 1952

Mailing Peak Leveled off This Season, Reports Postmaster R. J. Dryden

Volume of mail passing thru the Thief River Falls postoffice during the Christmas holiday season December 10 to 25 showed a substantial increase over last year, Postmaster R. J. Dryden announced this week.

He stated, however, that the peak of mailing leveled off this year, and no new one-day records were set. All mail received before the holiday was cleaned up by Christmas Eve, he added, and no delivery was necessary on Christmas Day.

During the 16-day holiday period, a total of 231,320 letters and greeting cards passed thru the canceling machines, compared to 228,970 for the same period in 1952.

The number of packages handled increased from 8,695 in 1952 to 9,298 this year. Postage paid on parcels mounted from $2,788.80 in 1952 to $3,233.75 for the period this year.

A total of 3,494 sacks of mail was received this year and 2,984 sacks dispatched, while in 1952 2,778 sacks were received and 2,880 sacks dispatched.

1,200 Youngsters Enjoy Free Show

Babson to Review Outlook for '54 In Times Next Week

Business Forecaster to Reveal His Predictions for the Next Six Months

Roger W. Babson's Business and Financial Outlook for the first half of 1954 will appear in the Times next Wednesday, January 6.

Mr. Babson—pioneer in the field of business and financial statistics—enjoys an unusual record of accuracy in his annual forecasts. His score for 1953 was 84% accurate.

On December 31, 1952, he predicted: (1) that World War III would not start during 1953; (2) that the supply of raw materials would be ample in 1953 and there would be less government control; (3) that disposable income and demand for goods would hold up in 1953 due to full employment; (4) that rent controls would be a thing of the past in most areas in 1953; (5) that the cost of mortgage money would increase; and (6) he definitely forecast lower stock prices.

Gloria Cloutier May Be Festival Queen at ND "U"

Queen Aurora of the fourth annual King Kold festival of the University of North Dakota at Grand Forks January 8 and 9 will come from one of three candidates selected by members of the hockey team.

They are Gloria Cloutier, Thief River Falls; Zona Zahl, Williston, N. D.; and Joan Graff, Grand Forks.

Students voted on the queen in an all-campus election just before Christmas vacation, but the announcement will be withheld until January 7.

Featuring the week-end will be the UND-University of Minnesota hockey games both nights in the Winter Sports building.

Gifford to Attend Traffic Seminar

Olen D. Gifford, general agent of the Soo Line, is leaving Thief River Falls, Monday, January 4, for Minneapolis to attend a three day traffic seminar to be held January 5, 6 and 7. The meeting will be conducted by traffic officials of the railroad in panel discussion form with other departments of the company participating. W. W. Kremer, vice president—traffic is in charge of the meeting. G. Allan MacNamara, president of the company, will speak at the banquet to be held January 6.

Pennington Welfare Board Spends Total of $346,000 in 1953

Over 800 families in Pennington county received some type of service from the Pennington county welfare board in 1953. These figures were released by John [illegible], executive secretary of the board, who stated that the service in most of the cases was a financial one.

Although the 1953 books were not yet closed, approximate expenditures by the board for the year were $346,000. A further breakdown shows 340 old-age assistance recipients received $228,000; 238 aid-to-dependent children mothers and children received $60,000; 23 aid-to-the blind recipients were paid about $21,000; $3,000 was disbursed from the social welfare fund, mostly on illegitimacy and divorce court orders; around $2,500 was contributed by the Department of Veterans Affairs; $11,100 was spent from the poor fund and $19,600 in the administration fund.

There were 117 families or individuals receiving service in the child welfare programs, including the illegitimate, dependent, neglected, delinquent, crippled, and mentally retarded.

The board serviced 137 requests from other counties and states on families who were living in Pennington county but receiving financial or other service from out of the county.

Poor fund expenditures include reimbursement to towns for direct relief, the cost of the mentally ill, cost of mentally retarded and epileptic, University Hospital, and some of the cost of the child welfare program.

A brief summary of the year reveals the same picture as what is happening in every state—that the public assistance case load is following a slow but constant trend downward, due to the increased receipt of Social Security benefits. On the other hand, costs continue to rise in the same proportion as the cost of living index.

The welfare board began the year with a balance of $27,000 and ended the year with $50,000 cash on hand. At its annual budget meeting, the board reduced its levy for its share of the program for 1954 from $100,000 to $80,000.

The most notable event in the welfare program during the year was legislative action in combining the divisions of social welfare and public institutions. Under this merger as recommended in the Little Hoover Plan, the board for the first time has a direct responsibility (other than financial cost which they have always had) for the supervision of the mentally ill, including planning, case work services, and collections work.

Dreng Bjornaraa Is Promoted by U. S. Steel Corp.

Former Local Resident Appointed District Head of Public Relations

Appointment of Dreng Bjornaraa as director of the newly formed Upper Midwest public relations district of United States Steel Corporation was announced today by J. Carlisle MacDonald, assistant to chairman of the board in charge of public relations for the corporation.

Mr. Bjornaraa joined United States Steel in 1948 as field representative in charge of the St. Paul public relations office. Since 1951, he has been assistant director of the corporation's Northwest public relations district. He will continue to maintain his headquarters in St. Paul.

After teaching rural school for one year, Mr. Bjornaraa joined the staff of the Thief River Falls Times as a reporter in 1922. He became the paper's editor the following year at the age of 19, continuing in that position until 1927 when he entered the University of Minnesota, from which he was graduated with a B. A. degree in 1930.

A field supervisor for National Re-employment Service of the U. S. Department of Labor in Minnesota in 1933, Mr. Bjornaraa served as state director from 1934 until the merger with the Minnesota state employment service in 1937 when he was transferred to St. Louis, Missouri, to direct the Community Research Center for USES and the American Youth Commission. He was transferred to Washington, D. C. in 1939 as assistant director of USES in charge of special services, and represented that organization on a national policy committee for the training of defense and war production workers.

In 1942, Mr. Bjornaraa returned to Minneapolis as deputy regional director of the War Manpower Commission and the following year became Minnesota WMC director. In 1948, after nearly 15 years of government service, he resigned to become business manager of Fairview Hospital in Minneapolis, prior to his joining United States Steel's public relations organization.

Minneapolis Firm to Build Armory Here

Commission Approves Dean Witcher Co. Low Base Bid of $166,249

In a telephone conversation with the editor of the Times Tuesday morning, General J. E. Nelson, head of the Minnesota state armory building commission, stated that that body had recommended acceptance of the low bid for construction of the projected new Thief River Falls armory.

The low bid in the base amount of $166,249 was submitted by Dean L. Witcher Co. of Minneapolis, and is now in the hands of the National Guard Bureau in Washington, D. C. General Nelson said he expected the contract would be approved within a week.

The state armory commission, following the opening of bids in Minneapolis Tuesday of last week, also recommended the acceptance of alternates B, D, E and F, providing, among other things, for the installation of sidewalks and driveways, making the total cost of the project $174,466.

Second low bid on the project was that of Dahlquist Inc. of Mora, now constructing the hospital addition here, whose base bid was in the amount of $172,600. Six other bids ranged as high as $189,998.

The Witcher company built the Trinity church education building in this city a few years ago. This year it built a new school building at Lake Bronson, and currently is completing school additions in Newfolden and Lancaster.

Mr. Witcher and his foreman, Larry Carlson of Argyle, were in this city during the past week to explore the possibility of installing the footings for the new armory immediately in order to get a running start on construction of the superstructure in the spring.

Social Action Assn. Sponsoring Radio Broadcast

Edwin Anderson of St. Hilaire, president of the Pennington County Social Action association, announces that the association will sponsor over KTRF "Unshackled," a half-hour program of true damatized stories of people whose lives have been changed by the Gospel of Jesus Christ. "Unshackled" is produced by the Pacific Garden Mission in Chicago. The program can be heard on Monday evenings 9:30-10:00. Contributions for the continuation of the program may be sent to the treasurer of the association, Andrew Norby, Thief River Falls.

Fire Losses in City Hit $10,725 in 1953; 80 Alarms Turned in

A total of 80 fire alarms was turned in during 1953 from January 1 thru December 28 in Thief River Falls with losses aggregating an estimated $10,725, Fire Chief Roy Langevin announced this week.

In 1952, 70 alarms were turned in, the losses amounting to only $2,775, while in 1951 losses leaped to $104,000, 54 alarms being turned in.

Major losses incurred this year resulted from fires at the George Ferris residence, $5,000; Kneale av. Grocery, $2,700; O'Hara truck garage, $1,200; and Forkenbrock Motor Co., smoke damage, $700. In 17 calls firemen found fires on the premises.

A total of 22 fire calls resulted from flooded oil-burning hot water heaters or room heaters, due in most cases to failure to ignite the oil after turning it on, thus permitting too much oil to accumulate in the fire pot, Langevin reported.

Of other calls received, ten were for chimney fires, five for automobile fires and 15 for rubbish or grass fires. No deliberate false alarms were turned in during the year.

With the holiday rush season out of the way, Thief River Falls stores will remain closed Friday evenings, effective this week and continuing until further notice, it was announced by the merchants committee of the Civic and Commerce association.

North Central Airlines Seeks to Halt Service on TRF Route

70 Business Places Close Friday for 3-day Holiday

An announcement on Page 20 of this issue of the Times reveals that approximately 70 Thief River Falls business places will remain closed Saturday, January 2, to give their staffs the benefit of a three-day year-end holiday.

Included in the stores closing will be all of the downtown grocery stores, making it advisable for local residents to keep the long holiday in mind when filling their shopping needs Wednesday and Thursday.

Remaining open for their usual hours on Saturday, however, will be local banks and public offices, the Montgomery Ward and Penney stores, drug stores, poultry plants and creamery among others.

Suspension Objected to by T. R. Falls and Other Cities at Hearing

North Central Airlines has petitioned for authority to suspend service immediately over its service routes between the Twin Cities and Fargo and the Twin Cities and Grand Forks. Other cities besides Thief River Falls that are being served by this segment of the North Central system are St. Cloud, Alexandria, Fergus Falls, Brainerd and Bemidji. The temporary authority to provide this service expires March 27.

Howard A. Morey, president of North Central, explained to representatives of the interested cities at a meeting in St. Cloud Tuesday, that revenues did not justify a continuation of the service. He indicated that the basic weakness of the present routes is the unsatisfactory results at the terminal points, Grand Forks and Fargo, both of which are served by Northwest Airlines.

Representatives of Minnesota cities at the St. Cloud meeting indicated that they favored joint action opposing the suspension of service. They agreed that there has not been sufficient time to prove the need and necessity for the service and that the company's performance record up to this time has been inadequate and not sufficiently reliable to serve as a fair test of revenue potential. A hearing on the company's petition will be heard in Washington January 12.

Those present at the St. Cloud meeting from Thief River Falls were city attorney Robert Wurst, airport commission chairman G. A. Frahm, Civic & Commerce Association secretary J. M. Roche, and W. E. Dahlquist. Grand Forks officials have indicated that because they already have Northwest Airlines service they will not join with [illegible] suspension of the North Central service.

Hospital Operation Here Is Huge Project

Total salaries and wages for Northwestern Hospital employes for the seven months of 1953 from May through November 30, were $128,971.21 according to a recent report by E. W. Peterson, administrator. Other expenses for the same period were $78,514.21. These figures include the expense for operation of both Plants A and B of the hospital.

At present time there are 110 full-time employes at both plants. Generally, it is necessary to hire from between 30 to 40 part-time employes during the month to assist in patient care.

It is necessary for the hospital business office to collect from between $25,000 to $30,000 per month in order to operate the hospital. It is very important, said Peterson, that all wages and all current expenses be paid promptly. The hospital must at all times be prepared on the first of the month to pay out approximately [illegible] in salaries. Accounts payable, according to the practice of the hospital, are paid completely by the 10th of the month.

It is felt by Northwestern Hospital authorities that the present system of running two hospitals is an expensive type of hospital operation. Under this setup it is necessary to maintain two complete crews of nurses, dietary help, housekeepers, and office help. Fuel, electricity, and telephone expense goes on at both hospitals. Patients must often be moved by ambulance from plant A to Plant B. Plant B laboratory and supervisional nursing personnel must often be transported by taxicab. The hospital must maintain one truck and a scooter for the transportation of laundry and other supplies between hospitals.

Although it is not possible to definitely state the additional expense that results from the operation of these two hospitals separated from one another by about eight city blocks, it has been estimated that this additional expense runs about two or three thousand dollars per month, Peterson said.

It is felt by hospital authorities, he added, that, despite the great increase in size of the hospital that will result from the new construction, it will not result in an expense beyond the present uneconomical necessity of operating two separated plants at the same time. It is not anticipated that any increase in hospital rates will ensue from the new construction.

Lincoln High PTA to Elect Officers Tuesday Evening

Newly Organized Group Will Hold First Meeting in Lincoln Auditorium

The first high school PTA meeting will be held on Tuesday evening, January 5th, at 8 o'clock at Lincoln high school. Election of officers will take place, and members will be enrolled and dues taken.

At the organizational meeting held here on December 8th, Mrs. Ray Edlund, of Hallock, president of District No. 16, said that "the high school student needs guidance, and the effective chan[illegible] Teacher Association. Parents, teachers and students have more respect for each other in working together through this medium. Children have varied teachers, subjects, and a different circle of friends in high school and through PTA the parents can get better acquainted with them."

Mrs. Edlund also stated that the high school PTA needs the cooperation of the high school students, and they may be allowed to attend and take part in discussions and programs; they may become members by payment of dues; and a student council may be used to help plan meetings or programs.

Parents and teachers are urged to attend and to invite others to join in making the high school PTA really effective. Any civic minded adult or high school student may become a member.

Final Chance to Enroll in Evening Classes at School

C. W. Pepe, Director Announces Classes Will Commence in January

Attention is again called to the opportunity for attendance at evening classes to be conducted through the facilities of the Thief River Falls public schools starting in January.

The engine tune-up course is filled and no further registrations can be accepted. This course will start on Tuesday, January 12, meeting at 7:00 p.m. at the area vocational-technical school. It is imperative, said C. W. Pepe, director, to register now that it will be known whether there will be sufficient numbers to conduct the other evening classes.

All three commercial courses, bookkeeping for a small business, improvement typing, and refresher shorthand will begin on Monday, January 11, at 7:30 p. m., if there are sufficient numbers and interest.

The two home economics courses, construction of children's clothing and homecrafts, will begin on Monday, January 4, at 7:00 p. m., if the class figure is met. The homecrafts course will feature glass etching, leathercraft, block printing, chip carving, wire jewelry, and card weaving. There is still room for a few more enrollments in these two programs. Women are urged to telephone in now for registration in these two homemaker's courses which are to begin Monday.

Electricity for linemen-electricians and the unit in carpentry still have room for registrants. Carpenters' helpers and carpenters are invited to enroll for this new course as soon as possible. Both courses will tentatively begin on Tuesday, January 12, at 7:00 p. m., at the area vocational-technical school building.

Men and Women interested should call the school at telephone 1033 for further information and enrollment.

Vows Exchanged by Joan Stenberg, Jerold Salveson

Bouquets of white pompon 'mums and lighted tapers in candelabra provided a beautiful altar setting for the wedding of Miss Joan Lavaun Stenberg, daughter of Mr. and Mrs. Arthur S. Stenberg of this city, and A2/C Jerold Burton Salveson, son of Mr. and Mrs. Johnnie Salveson of McIntosh, in Trinity church Saturday evening, December 26. Rev. G. S. Thompson officiated at the double ring ceremony and Rev. G. Gabrielson of Moorhead prompted the exchange of vows. White lighted candles set in evergreen boughs marked each pew.

Mrs. Walter Larson at the organ played a nuptial prelude as the guests assembled, and preceding the ceremony Glorlann Sillerud of Roseau, classmate of the bride at Concordia college, sang "Entreat Me Not to Leave Thee". Before the bride and groom partook of Holy Communion, Miss Sillerud sang "Deck Thyself, My Soul, With Gladness", and at the close of the ceremony "Crown With Thy Benediction". During the ceremony, Miss Emily Olson, maid of honor, sang "The Lord's Prayer".

Escorted to the altar and given in marriage by her father, the bride wore a gown of nylon net and hand clipped rose point lace over satin. The sculptured bodice of lace was fashioned with a scalloped panel of lace at the front, mandarin collar, Mary Stuart sleeves, and buttoned at the back with tiny lace-covered buttons. The bouffant skirt of nylon net cut en chapel train, was accented by a panel of scalloped lace down the front. Her silk illusion veil was held in place by a Juliet cap of scalloped lace trimmed with sequins. The bride carried a white New Testament, a gift from the groom's mother, from which fell a cascade of pink streamers with pink tea roses and white feathered carnations set with pink Christmas balls.

The maid of honor, Miss Emily Olson of Moorhead, was gowned in nylon net and velveteen over taffeta in winterberry color. The strapless bodice and bolero jacket with mandarin collar were of velveteen and the tiered skirt of nylon net over taffeta. She wore a headband of white carnations. Bridesmaids Miss Muriel Tweed of Pekin, N. Dak., and Betty Laursen Broslen of this city, wore ensembles identical to that of the maid of honor, also in winterberry. Each carried a muff in winter white with pink feathered carnations and holly leaves.

Attending the groom as best man was Marlin Lindquist, college classmate of both bride and groom. Groomsmen were James D. Gabrielson of Rosholt, S. Dak., and Paul Gabrielson of Minneapolis, both students at Luther Theological Seminary. Serving as ushers were A. Jerome Malme of Fargo, A. Lowell Rasmussen and John Rasmussen of McIntosh, and Ward Galbreath of Lackland Air Force Base, San Antonio, Texas. The groom was attired in his Air Force uniform and the groomsmen wore black tuxedos with white carnation boutonnieres.

Mrs. Stenberg attended her daughter's wedding in a raspberry wool knit dress with brown accessories and a corsage of pink tea roses and white feathered carnations with holly leaves and set with Christmas balls. The groom's mother wore a navy crepe dress with blue accessories and her corsage was made up of pink tea roses with paler pink *feathered carnations and holly* leaves set with Christmas balls.

Following the ceremony, the parents of the bride entertained at a reception for 225 guests in the church parlors. Refreshments were served buffet style from a table decorated with a Christmas centerpiece in blue and silver, and the bride's table held a four-tiered wedding cake topped with bride and groom. Mrs. Olga Wilson of Greenbush, close friend of the bride and her family, poured. Waitresses were Muriel Melby, Avis Setness, Rene Pederson, Phyllis Lager, and Wenona Ann Wilson. Miss Darlene Nelson of Hallock provided piano music for the reception.

After their wedding trip, the newlyweds will return here January 6. The bride will continue her studies at Concordia college, where she is a senior, and the groom will leave for Lackland Air Force Base, San Antonio, Texas, where he is stationed.

In addition to a host of relatives and friends from Greenbush, McIntosh and Erskine, the wedding guests included the following: Mr. and Mrs. Harold Lervik and Mrs. George Olson, Kramer, N. Dak.; A. Jerome Malme and Regina Legvold, Fargo, N. Dak.; Mr. and Mrs. Rodney Wilson, Mr. and Mrs. Roger Henningsgaard, and Bob Langseth, Minneapolis; Spencer Marquette and Arthur Stenberg, Fort Riley, Kansas; Mr. and Mrs. James Fulsebakke, Bottineau, N. Dak.; A/3C Ward Galbreath, Lackland Air Force Base, Texas; Alvin Peterson Jr., Fort Sill, Oklahoma; Mr. and Mrs. James Gabrielson, Rosholt, S. Dak.; Geraldine Johnson, Karlstad; Don Sponheim, St. Paul; Beverly Haugrud, Pelican Rapids; Darlene Nelson, Hallock; Gerald Jordheim, Enderlin, N. Dak.; Mr. and Mrs. Alvin Pederson and Sam Pederson, Grafton, N. Dak.; Mrs. Cecil Brinley, Mrs. Pearl Tweten, Loretta and Deloris, Glyndon; Mr. and Mrs. Ingvald Salveson, Winger; Jerda Olson, Crookston; Rev. and Mrs. G. Gabrielson and Karen Johnk, Moorhead.

Hospital Births Apt to Equal 1952

Goodridge Mother Gives Birth to Christmas Baby

With three more days to go on the year 1953, births at Northwestern Hospital Monday were only four behind the total of 478 for 1952. December of 1952 saw 37 babies born in the hospital; 42 babies have been born in the hospital during the first 27 days of December, 1953, Harold W. Peterson, administrator, stated today.

Mr. and Mrs. Harold Becker of Goodridge are the parents of the only Christmas baby born at the hospital. It was a boy weighing 6 lbs. 14 ounces. Christmas Eve saw three babies born to Mr. and Mrs. Lawrence Neuschwander of Grygla, a baby boy weighing 7 lbs. 7 ounces; to Mr. and Mrs. Stanley Flattum of Thief River Falls, a girl weighing 6 lbs. 10 ounces; and to Mr. and Mrs. Milton Myrum of Oklee, a girl weighing 6 lbs. 8 ounces.

The day after Christmas, Dec. 26th, brought the birth of a baby boy weighing 7 lbs., 3 ounces to Mr. and Mrs. Robert Vielguth of Thief River Falls and a baby girl to Mr. and Mrs. Carl Holthusen of Grygla. This baby weighed 6 lbs., 8 ounces.

Three new Bunn Baby Haven Incubators are now installed in the hospital nursery to furnish greater safety for newborns. The older types on hand have been discarded.

THREE TIMES THREE

Two sets of triplet calves the same week made statewide news: one at Hutchinson, the other at Howard Lake. Came just a few days later news of a third set—milking shorthorns on the Milton Buss farm near Blue Earth; the other two sets were Holsteins. Since triplet calves are due only once in about 100,000 births, Minnesota may go for some time without further news of this sort.

Secy. Benson Reviews U. S. Farm Problem

By Ezra Taft Benson
Secretary of Agriculture

Part II

Any effective solution of today's farm problem must provide methods for reducing our huge stockpile of agricultural commodities and at the same time prevent further burdensome accumulations.

Getting rid of these surpluses is only half of our problem. Even if we were able to bring them down to manageable proportions, we would soon acquire new hoards of wheat, corn, cotton and butter under the existing system of price supports.

We already have approximately $2.5 billions tied up in loans on farm commodities, in addition to an equal amount invested in goods which we own outright—$5 billions in all.

Our present program does not encourage the production shifts which are required to meet the changing market demands for various commodities.

Of course, we could destroy some of our surpluses. Remember the government's potato fiasco of a few years ago?

Or we might plow under every third row of cotton and kill little pigs. Remember the mid-1930's?

Actually, we would not even consider such wasteful practices.

We are attempting to move surplus food and fiber into foreign markets. World prices, however, are well below the figures at which we acquired these commodities under our price support operations. This means that we will be forced to take substantial losses on whatever we sell abroad.

At the same time, we must avoid outright dumping, which would disrupt normal trade channels and bring down upon us the wrath of other friendly countries.

There are these other alternatives: We can make a real effort to move surpluses out of warehouses and into stomachs by promoting greater public consumption of some commodities. We can push forward in our research programs to uncover new uses for farm goods. We can throw our entire weight behind plans for expanding present foreign markets and finding new outlets overseas.

Such methods, while they will not produce results as quickly as dumping or destroying food, offer a far sounder approach to our basic problems.

Along those lines, I can report that our promotional campaign, undertaken with the meat industry and food stores, is producing real results. We are consuming beef this year at the rate of 75 pounds per person, the highest in our history.

Farm exports have turned upward since July 1, reflecting our emphasis upon expanding trade. Continued high employment at home, with national income at record levels—means a strong demand for farm goods in the United States.

Our population is growing at a rate of more than 2,000,000 per year, which means that by 1975 there will be 200,000,000 Americans. Our future farm problems may involve questions of shortages, rather than surpluses.

We cannot wait for an expanding population to solve our immediate troubles, however. We need an interim program to encourage shifts to other crops. We must halt further build-ups of government stockpiles now.

Our urgent need is for a price support program which can be adjusted in terms of production and demand. One which will effectively reduce surpluses, with a minimum of government controls.

That is our immediate goal. Such a program will be offered to Congress by this Administration in January.

Final Rites For Mrs. Henry Arhart Held Thursday

Mrs. Henry Arhart was laid to rest in Greenwood cemetery Thursday following funeral services in Zion Lutheran church. Rev. Walter M. Pedersen officiated at the last rites and the pallbearers were Charles Hellquist, Ole Granum, Morris Mogen, Tilford Relerson, Ernest Johnson, and R. L. Noper. Mrs. Arhart was 69 years old at the time of her death December 21.

Clara Ovedia Arhart was born in Grafton, N. Dak., May 28, 1884, and at the age of 8 years came with her parents to this city where she attended school. She married Henry H. Arhart April 30, 1913 and they have since made their home in Thief River Falls.

She is survived by her husband; three sons, Glenn of this city, Lloyd of Brainerd, and Vincent of Seattle, Wash.; two daughters, Mrs. Richard Palmatier of Silver Springs, Maryland, and Mrs. George Buer of Atwater, Minn. Other survivors include six grandchildren and one sister, Mrs. Alf Borry of this city.

Services For John A. Kusmak Held Monday

Final rites for John A. Kusmak Jr., were held Monday morning at St. Bernard's Catholic church. Mr. Kusmak passed away suddenly on December 23 at the age of 53. Officiating at the funeral services were Rev. K. Patnode and Rev. D. Noah, and Fr. Galick of Pine City, Minn. The remains were laid to rest in St. Bernard's cemetery.

Mr. Kusmak was born in Streator, Illinois, August 22, 1900, and came with his parents to Minnesota in 1914. He first lived on a farm near Goodridge, and later moved to Jackson, Minnesota, where he made his home with his grandmother, Mrs. Mary Gorden. He completed grade school there and was employed by the Minnesota state highway dept., until 1941. He has since made his home with his mother in this city, where he was employed at the Forsberg plant.

He is survived by his mother, Mrs. Anna Kusmak of this city; and five brothers: Frank of Battle Creek, Mich.; Rudolph of Goodridge; Andy of Portland, Oregon.; Edward and Theodore of Thief River Falls. His father passed away in 1928.

Funeral Services For Mrs. Bagrud Held at Halstad

Mrs. Betsy Begrud of this city passed away Christmas Day at the local hospital. Funeral services were held Tuesday at the Lutheran church in Halstad, with Rev. Carl Opahal officiating.

Mrs. Bagrud was born in Stavanger, Norway, October 29, 1873, and came to the United States in 1890. She made her home in the Halstad vicinity and her marriage to Nils Bagrud took place there. They made their home at Halstad until 1920 when they moved to Fargo where Mr. Bagrud passed away.

For about ten years Mrs. Bagrud lived in Thief River Falls with her sister, Mrs. Marie Stenberg. Since the latter's death three years ago she has made her home with another sister, Mrs. Frank Johnson.

She is survived by one sister, Mrs. Frank Johnson of this city, and several nieces and nephews. Besides her husband, she is preceded in death by her parents, a son, seven sisters, and one brother.

Two Cars Collide at Intersection

While going south on Arnold av. last Thursday morning, a car driven by Victor Anderson of this city collided with one driven by Howard Langlie, going east on Fifth st. Police reported $50 damage to the Anderson car and $75 to Langlie's car.

John C. Johnson is Laid to Rest at Viking Monday

Funeral services for John Carl Johnson, who passed away December 22, were held Monday afternoon in Oak Ridge church at Viking, Rev. Arthur Grorud officiating. Interment was made in Oak Ridge cemetery.

Johnson was born in Pennington county November 11, 1885, and was baptized and confirmed in the Oak Ridge church. He grew to manhood on his father's farm which was his home until he moved to Thief River Falls in 1930.

He is survived by the following sisters and brothers: Mrs. Emma Hanson, Mrs. John Gustafson, Marvin, Hans and Albert Johnson of Thief River Falls, and Boletta Erickson of Crookston. His parents and a sister preceded him in death.

Mr. and Mrs. Knut Austad of rural Thief River Falls spent the holidays in St. Paul visiting relatives. They returned home on Sunday.

Hilmer Benson of Grygla to Be Buried Today

Hilmer Theodore Benson, a resident of Benville township, Grygla, for the past twenty years, passed away Christmas Day. Funeral services will be conducted by Rev. J. M. Erickson in the Valle Lutheran church today (Wednesday) and the body laid to rest in the Valle cemetery.

The deceased was born March 4, 1903 in Chicago, Illinois, and moved from there with his parents to Thyer, Indiana, where he completed his schooling and grew to manhood. His marriage to Miss Esther Warne took place March 9, 1934. They moved to Benville township, Minn., and have since lived on their farm there.

He is survived by his wife; daughter Shirley Mae; a brother, Thorsten of Shelby, Indiana; and two sisters, Mrs. Robert Warne of Blair, Nebraska, and Mrs. Henry Plock of Elmhurst, Ill. One son has preceded him in death.

$214,606 Spent to Date on Hospital

First Federal Money to Be Due Late in Winter

To the present date the Northwestern Hospital building fund has expended $214,606.51 for construction costs, architects fees, equipment, site supervision, and insurance in connection with the new hospital addition, states H. W. Peterson, administrator. 45% of this amount will eventually be repaid to the building fund by the federal government under the Hill-Burton Act arrangements.

Payments by the government to the building program are made in three installments. The first payment is expected within two weeks following completion of about 30% of the building. Inspection by the Minnesota department of health for this purpose will probably take place in the month of February. A preliminary inspection of the construction by representatives of the department of health will take place January 6, 1954.

Ten percent of the total contribution by the federal government is withheld until the time of the final inspection of construction. It is not expected that this portion of the contribution will be received until some time in January of 1955 since the remodeling of present Northwestern Hospital Plant B will probably not be finished until that time.

Pledge payments received by the hospital have totalled $8200 so far for the month of December. Pledge payments are particularly encouraged at this time of the year, said Peterson. With the year drawing to its close it is possible that contributions of this kind may be deducted from income tax reports with some saving to the contributor.

Death Claims Mrs. A. Glein in St. Cloud

Mrs. Albert Glein, formerly of this city, passed away December 20 at the St. Cloud hospital after a brief illness. Funeral services were held at Glendorado, Minnesota, December 23. Mrs. Glein, the former Mrs. Peter Jacobson, was 76 years of age at the time of her death. She had resided in Thief River Falls for forty years.

She is survived by her husband and three children: Mrs. John Gilfrey of Creswell, Oregon; Mrs. Wm. Stevenson of Eugene, Oregon; and John Jacobson of this city. Other survivors are four grandchildren, two great grandchildren, and a sister, Mrs. John Casey of St. Paul.

Last Rites For Rev. A. K. Lockrem Set For Thursday

Funeral services for Rev. Andrew K. Lockrem, who passed away Sunday at Crookston, will be held at two o'clock Thursday afternoon in Zion Lutheran church, Rev. Walter M. Pedersen officiating. Mr. Lockrem was 89 years of age at the time of his death. He is survived by his wife, three daughters, and three sons. The complete obituary will be published next week.

Thieves Defeated by Warroad Sunday 3-1

The Warroad Lakers, sparked by a "hat trick" performance by their nifty center-ice man, Frank Eisenzoph, defeated coach Paul Bedard's Thieve's, 3 to 1, in a Northwest Hockey league opener played here on Sunday afternoon.

The Thieves will make the long jaunt to Warroad on Wednesday night for a return game against the smooth-passing Lakers; and on Sunday, Jan. 3rd, the locals will meet the Roseau Cloverleafs at Roseau.

Sunday's game moved along at a scoreless tie until the 10:29 mark of the second period when Eisenzoph, after getting a pass from George Gulbault in center ice, carried over the north blue-lin and picked a corner of the net on a shot from 20 feet out. The Thieves evened the score at 14:06 of the period when, from a scramble in front of the Laker goal, Laurie Mitchell banged in a shot, with Church Russell and Bill Juzda getting assists on the play.

What proved to be the Lakers' game-winning score came at 15:26 when Eisenzoph's shot from an angle to the left of the Thieve's goal, and which appeared too wide of the net, was deflected into the mesh by goalie Jack McGill's stick.

At 1:43 of the third period, Eisenzoph notched his final goal, when his shot, from a sharp angle to the right of the south net, glanced off Juzda's stick and past McGill.

The game was held up for ten minutes midway in the second period when Warroad's goalie, Harry Barefoot, was hit by a shot off Swede Lund's stick. The shot, which was a high drive from the left, inflicted a cut on Barefoot's forehead that required several stitches to close. The able Warroad goalie returned to the nets after receiving medical aid and played a starring role in the Laker triumph.

The summary:

Thief River Falls (1)

Goal—McGill. Defense—Juzda, Amundson, Hall. Wings—D. Lund, Mitchell, S. Lund, Brussett, Oveson, Ekstrand. Centers—Russell, Bedard.

Warroad (3)

Hockey Prowlers Score 4 to 2 Victory over Eveleth Saturday

The hockey Prowlers gave their coach Dennis Rolle a belated Christmas present when, on Saturday night, in a game played at Eveleth, the locals defeated coach Cliff Thompson's highly-touted Golden Bears, 4 to 2. The win was particularly pleasing to coach Rolle, being recorded against a strong Eveleth team and before Rolle's "home town" fans.

The Prowlers will be away from competition until January 6th when they meet the Bemidji sextet in a conference game on the Arena ice. On January 8th the blue-and-gold will travel to Warroad for an important game against coach Jimmy Doyle's Warriors.

Saturday night's was a "thriller" all the way, and was enjoyed by the crowd of 1800 fans that witnessed the fray. Eveleth scored the game's first tally midway in the opening period when Gerry Judnick's long sliding shot from just inside the blue line, was screened from the Prowlers' Jack Hoppe and slid into the net.

The Prowlers tied the game early in the second period when Darryl Durgin, on a neat solo, scored for the locals. The Golden Bears broke the tie when Oswald, on a hard, high shot from the left side of the ice, drilled a sizzler into the net, giving Eveleth a 2 to 1 lead moving into the third period.

Jory Poole evened the score at the 4:00 minute mark, and when Lyle Gultu, on an assist from Sid Vraa, scored a short while later, the Prowlers had tallied what proved to be the game-winning tally. Durgin closed out the scoring by beating Beste on another solo effort.

The summary:

Thief River Falls H. S. (4)

Goal—Hoppe. Defense—McMahon, Rabe. Wings—Hedgeland, Durgin, Gultu, Vraa. Centers—Poole, Jorde.

Eveleth H. S. (2)

Goal—Beste. Defense—Oswald, Paolette. Wings—Korhevar, Kinne, Matichek, Judnick. Centers—Radda.

The defending champion Warroad Lakers opened the defense of their Northwest Hockey league title on Sunday afternoon when, in a game played at Thief River Falls, they defeated the Thieves, 2 to 1. Import center Frank Kiernaoph scored all of the Laker goals, and in addition the rangy center took a turn or two at playing on defense.

The Roseau Cloverleafs, playing at Grand Forks, dropped their league opener to coach Odie Lowe's Grand Forks Redwings, losing by a 6 to 3 score.

Three Men Hurt in Crash on T. H. 32

Car and Truck Collide at South Approach to City

Three men received treatment at Northwestern Hospital Sunday for injuries sustained in a two-car collision Sunday morning at 3:45 at the intersection of Highway 32 with the Oakland Park road.

Police reported that Olaf C. Olson of Rt. 1, Goodridge, stopped his pickup on the highway and started to back up onto the Oakland Park road when a car driven by Wm. Harty of Crookston, coming into this city, crashed into the pickup.

The two drivers and Myron Torkelson of Red Lake Falls, riding with Harty, were taken to the hospital for treatment, and were released Monday.

Damage to the Harty car was estimated by police at $630 and to Olson's pickup at $150.

For 1954 Resolve to Drive Safely

One resolution which every Minnesota motorist should make for the New Year is that he will drive safely—and sanely, from the very first day of the year, so that thousands of Minnesota homes may be spared the agony and suffering resulting from motor vehicle accidents.

This year was ushered in with 12 traffic fatalities during the New Year weekend, with the tragic toll continuing almost unabated throughout the year.

A tremendous saving of lives can be effected this next year, according to the Minnesota Safety Council, if motorists will start the New Year safely and continue to drive safely and sanely throughout the year.

Rated Year's Accomplishment

We place in nomination for the year's number one accomplishment by a local athletic team, the 4 to 2 win that coach Dennis Rolle's Prowlers scored over Cliff Thompson's Eveleth Golden Bears on Saturday night. The fact that makes Saturday night triumph so noteworthy is that the game was played on Eveleth ice, and when you beat a Cliff Thompson team at Eveleth you've done a heroic feat.

In the years since hockey was recognized by the state league as an official sport, we doubt that the Eveleth team has lost more than two or three games on their home rink. One of these defeats, a couple of years ago, was by the Hibbing Bluejackets, a team which had such standouts as George Jetty and Jim Petroske in the lineup and which won the state championship.

Closing pressing the hockey Prowlers for the year's top performance was coach Ralph Skjod's football Prowlers. The blue-and-gold gridders made statewide news when, on October 23rd, they snapped a long Bemidji winning streak, defeating the Lumberjacks, 6 to 0, in a thrill-packed game played on the Lincoln field. When Sid Vraa plunged over from the 1-yard line in the first period, the Prowlers scored the six points that defeated coach Red Wilson's Jacks. The memory of that game which was exceptionally well played, will remain long with the record-breaking crowd that was in attendance.

They Think Highly of Dude

Duane Dude Raftepeth, a member of coach Bob Nick's basketball Prowlers last year has been named to the freshman cage team at North Dakota according to an announcement by frosh coach Harold Pinky Kraft.

Dude survived four "cuts" of players with the original squad numbering in the 70's. Pinky, who formerly coached at Red Lake Falls, is "high" on Duane and said that the former Prowler is "one of the bright prospects for the Sioux varsity." Dude, who is six-feet four-inches in height, has been working out at one of the forward posts on the freshman team.

Duane is enrolled in the College of Engineering at the University.

Two-site

Wally Stefaniw, who played centre-ice for the Roseau Cloverleafs last season, is player-coach of the Killarney Shamrocks this year. The Shamrocks are members of Manitoba's Big Six intermediate hockey league. Gerry Lavergne and Vic Love are members of the Killarney club, too. Lavergne played a couple of years with the Thieves, and Love played with Crookston a short while last year.

Ken Hayward and Don Kelpin are members of the Portage la Prairie Memorials of the Manitoba senior hockey circuit. Kenny played here a couple of years ago and Kelpin was player-coach of the Hallock Lions last season.

Rangy smooth-skating Murray Balagus will be playing his Northwest League hockey with the Crookston Pirates this year. Balagus is also playing with the Letellier Maple Leafs of the Manitoba senior league.

Bill Yanchuk, who was a whirlwind during the short time that he played with the Crookston Pirates, is a member of the Yorkton Terriers, playing in the Saskatchewan senior league.

The Thieves' Bill Juzda, who will be one of the league's top drawing cards this season, is awaiting his release from the Toronto Maple Leafs and will then join Odie Lowe's Winnipeg Maroon outfit. Juzda is a veteran of "big time" hockey having played four years with the Toronto Maple Leafs and four years with the New York Rangers. He's worth the price of admission, and it's a joy to watch Bill enroll the boys in the Juzda grunt-and-groan club.

Back to the Cage Wars

Coach Skjod's basketball squad, after a ten day lay-off, will return to their 1953-54 schedule on Saturday night, Jan. 2nd, when they meet coach Snooks Sullivan's East Grand Forks team at East Grand Forks.

On the record, the Prowlers should hold a slight edge, but the Green Wave never play according to the record. On their home floor the East Siders are particularly tough, and doubly so when they are the short-enders. In the years that we have followed basketball in the 31st district, East Grand Forks has always provided the Prowlers with potent competition. This year shouldn't be different.

Number of People on State Farms Is Down

Minnesota's farm population decreased from 903,000 to 778,000 between 1920 and 1950, while the total population increased from 2,385,000 to 2,982,000 during the same period.

In 1920 the farm population was 38 percent of the total state population, but by 1950 the proportion living on farms was reduced to 26 percent.

This picture of decline in both number and percentage of people living on farms is fairly typical of the whole country, according to Lowry Nelson, professor of rural sociology at the University of Minnesota.

For the nation as a whole, population rose from 106,098,000 in 1920 to 150,697,000 in 1950. Farm population fell during the 30-year period from 31,974,000 to 25,058,000.

While total population was increasing by almost half, the proportion living on farms dropped from 30.1 to 16.6 percent. About one American in three lived on a farm in 1920, but only one in six was a farm resident in 1950.

The proportion of people living on farms in the United States has declined steadily since 1910, the earliest date for which estimates of farm population are available, but actual numbers have fluctuated up and down in response to war and economic influences, surveys show.

However, even the total numbers have trended downward in the long run, with a reduction of 21 percent in the period from 1910 and 1950.

This steady drop in the farm population has made necessary many readjustments in rural life, Nelson said. Consolidation of many rural schools and churches is a direct outgrowth of the lower rural population.

It becomes increasingly necessary for farm and village people to unite in the support of such social organizations as schools and churches, he says.

NAMES ARE SIGNIFICANT

At a Hibbing meeting of the Izaak Walton League were Messrs. Grouse and Partridge. —A Canadian naturalist gave an illustrated lecture before the Minneapolis Audubon Society. His name is Dick Bird.—Shades of the old shaving mug! Regular patrons of a Browerville cafe have their names on their carefully stacked coffee cups.

Number 1 is most likely to win a football pool, number 4 least likely. The odds are greatly in favor of odd numbers.

Eight to Receive State Awards for Safety Promotion

Presentation to Be Made at Meeting of Minnesota Safety Council Tuesday

Eight awards for outstanding service in the prevention of accidents and the saving of human lives will be made at the annual meeting of the Minnesota Safety Council on Tuesday, January 5 at the Hotel Saint Paul, St. Paul. Arthur V. Rohweder, council president, today announced that the following presentations will be made at the luncheon meeting.

Governor C. Elmer Anderson will be given an honor award plaque presented by the Association of Casualty and Surety companies in its national driver educational award program. This award is being made in recognition of the state's outstanding achievement in the driver training program in its high schools. Governor Anderson will, in turn, present the plaque to Dean M. Schweickhard, commissioner of education.

An award of merit from the National Safety Council will be presented Dr. A. J. Chesley, executive officer of the State Board of Health, for the achievements of the Minnesota department of health's section of maternal and child health.

Two of Minnesota's outstanding leaders in farm safety will also receive awards from the National Safety Council for their work prior to their recent retirement. They are Mrs. Clara Oberg, who served as Ramsey county 4-H club leader, and W. A. Dickinson, until recently safety director of the Minnesota Farm Bureau.

A special industrial safety award will be presented by the Minnesota Safety Council to Charles A. Ward, president of the Brown and Bigelow company, St. Paul, in behalf of his employees, for their outstanding achievement in the prevention of accidents.

Service recognition certificates will be awarded by the Minnesota Safety Council to:

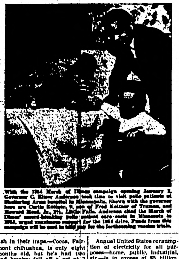
Thomas J. Gibbons, St. Paul, Ramsey county sheriff.

Frank J. Hetzncker, St. Paul, superintendent of school police.

J. P. Kiley, Chicago, president of the Chicago, Milwaukee, St. Paul and Pacific Railroad.

"CARNIVAL OF ANIMALS"

Three of the very rare trumpeter swans were sighted during a snowstorm near Park Rapids. —A Sleepy Eye farm was without electricity more than an hour after a squirrel got curious about the transmitter box.—Fast friends in a Monticello home are an Irish terrier, an almond-color cat, and three white rabbits.—Beaver and muskrat trappers are reporting possums and fish in their traps.—Cocoa, Fairmont chihuahua, is only eight months old, but he's had two bad breaks: fell off a cot at 3 months, recently fell down the basement stairs—same right front leg both times.



With the 1954 March of Dimes campaign opening January 2, Governor C. Elmer Anderson took time to visit polio patients at Sheltering Arms hospital in Minneapolis. Shown with the governor here are Curtis Kettner, 9, son of Fred Kettner of Truman, and Howard Mead, Jr., 3½, Little Falls. Anderson cited the March of Dimes' record-breaking polio patient care costs in Minnesota in 1953, urged unanimous support for the 1954 drive. Funds from this campaign will be used to help pay for the forthcoming vaccine trials.

Annual United States consumption of electricity for all purposes—home, public, industrial, etc.—is in excess of $5 billion.

Necessity knows no law and it's the same with extravagance.

State Spelling Contest Planned

Minneapolis Tribune Sponsors Annual Event

For the ninth consecutive year the Minneapolis Tribune is sponsoring a spelling bee to determine the best grade school speller in the Upper Midwest.

The Tribune spelling bee finals will be held in Minneapolis April 10, 1954, and the winner will receive a five-day, all-expense-paid trip to Washington, D. C. to compete in the National Spelling Bee finals, May 17-22. Accompanying the Upper Midwest champion on the trip will be his teacher.

Contrary to the old-fashioned "spelldown," the Tribune bee is based on modern, educational methods, with scores of contestants computed from both oral and written tests.

The Tribune bee was designed with the co-operation of a group of Minnesota educators to stimulate interest in spelling among grade school students.

Prior to the Tribune finals, the bee is held on school and county levels, with each county sending one representative to the finals. Cities with populations exceeding 10,000 conduct their own bees under the city school superintendent.

Each county school superintendent has complete jurisdiction over the bee in his county. School champions meet at the county finals on a day determined by the county superintendent. County champions, together with champions of the large city bees, in turn meet at the Tribune finals.

During the 1953 school bees, more than 100,000 youngsters competed in some 2,400 schools. Taking part in the Tribune finals were 133 Upper Midwest county and city champions, representing 114 counties and 11 cities.

The bituminous coal industry in 1953 will spend more than one-half billion dollars for equipment, repair parts, and operating materials.

WELCOME 1954

For the first time in a long time we seem to be justified in looking forward to the arrival of a new year hopefully. After too many long years of war, hot and cold, there now appears to be a possibility that some progress may be made in adjusting our differences with Soviet Russia.

The hot war has at least been brought to a temporary close. Observers are pretty-well agreed that prospects for continued peace are better than they have been for some time. There is hope that out of the coming Berlin conference some understanding can be reached on atomic matters and general East-West differences.

There are indications that Russia's attitude is changing and that the present leaders desire peace. For instance President Eisenhower's recent speech on atomic weapons has been broadcast by the Kremlin to the Russian people. Eisenhower is now being referred to as an outstanding leader in the war against Hitler. That sounds like maybe they want to get along with us.

There has been a lessening of tension in other areas of the world too and progress is being made toward resolving several highly explosive controversies by conciliation. More and more the United Nations is gaining influence. Among the peoples of the free world there is less cause for fear and more reason for confidence in the future.

As we move into 1954 we are still far from the objectives of peace and security that we all seek, but peace and security seem to be less unattainable and more within our reach than they have been for many years. We have reason to look forward to the New Year with hope and with courage. Happy New Year.

IKE'S WASHINGTON BEACHHEAD

When General Ike Eisenhower planned the attack on Europe he didn't do much blustering about what he was going to do. When the attack finally was made it was apparent to all that his forces were well organized. Once they started moving they went forward with certainty.

There is reason to believe that President Eisenhower is now launching his real attack on the problems of government. The year that is past has been a year of planning and preparation. Many of the problems with which he had been confronted have been strange to him. He has been moving cautiously, feeling his way. When Congress next convenes however he no doubt will have a complete and constructive program for their consideration.

Experienced fighter that he is, he knows that he is now going into a fight that will require all of his ability and resourcefulness. He will deal with a Congress in which he commands no certain majority. He faces strong opposition from within his own party and he will have to depend upon the support of friends within both parties for the advancement of his program. President Ike has a hard battle ahead of him and it should be a tremendously interesting fight to watch.

As a military man he demonstrated great qualities of leadership in maintaining harmony among those who worked under him. He was able to get cooperation from his subordinates in spite of personal differences and conflicting national interests.

In later years, directing the reorganization of Europe for purposes of defense, he demonstrated this same knack for leadership. Getting the countries of Europe to cooperate in a common cause would be extremely difficult under ordinary circumstances. Eisenhower did a remarkable job of reinvigorating the bruised and battered nations with a determination to rebuild what the war had destroyed and to work together as the only means of survival.

The qualities of leadership that distinguished him during the war, and later in uniting the nations of Europe in a program of recovery, will offset to some extent the odds that are against him as he moves into the battle of Washington. Our guess is that he is going to come out of that fight with another good record of performance to his credit.

Baudette and Spooner are exchanging vows again in what appears to be a double ring ceremony that should bring happiness to the two villages. During their half a century of separation they never were able to get very far away from each other. It was sensible of them therfore to decide to set up housekeeping together again. Working as one they will be a better community. Lake of the Woods county is making excellent progress and deserves a progressive capitol city.

The building of a 20 million dollar oil refinery south of St. Paul is now assured. Construction will be started not later than May it was announced last Week. Canadian oil will be processed and presumably will be delivered to the plant through an extension of the present pipeline. Here is more proof that Minnesota is not driving industry out of the state.

As we go to press the world's speed record is 1,600 miles per hour. At the rate the record has been increasing such a speed may soon look like slow motion. Travelling at more than twice the speed of sound the new planes are out of sight before you hear them coming.

A Little Falls paper mill has succeeded in producing newsprint paper using 40% poplar. Only 10% of this wood is used now. It is predicted that a 50% mixture will soon be possible. That should be good news for the vast areas of Minnesota, Wisconsin and Michigan in which the poplar is a fast growing tree. From a successful laboratory experiment to an economic mill operation sometimes is a long journey but it is encouraging to know that progress is being made. Now that a test tube formula that works has been discovered science and industry no doubt will find a practical way to convert this weed into a marketable product.

Looking Backward

1943—TEN YEARS AGO

Fire losses in this city in 1943 totaled only $3,175, according to Harry L. Schuster, secretary of the fire department.—Sheriff Arthur Rambeck was elected second vice president of the Minnesota Sheriff's association in St. Paul.—The Rev. S. S. Olafson, pastor of the Community church, resigned to accept a call from a Duluth church.—Andrew Anderson was appointed county chairman of the 1944 polio fund drive.—The Hotel Dacotah in Grand Forks was destroyed in a $250,000 fire.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

"Too Much Stimulation?

Parents hear a lot and read a lot about how important it is for them to offer their children "mental food," intellectual stimulation, to help broaden their background of information, develop their interests, and add meaningful experience to their lives. True, these things are important. Often, however, we overlook the other side of the picture and forget to count the costs of excessive stimulation for a child.

Many school attendance records of young children bear silent witness to Monday absences; often these absences result from weekends jam-packed with things to be done, all good things in themselves, but just too many of them for a seven-year-old to absorb. Young children have a different perspective on life than their parents do. A well chosen movie will probably be enough of a "special occasion" for one day, without preceding it by eating lunch in a restaurant downtown, and following the matinee by a visit to call on friends.

With the holiday season at hand, opportunities for stimulation are multiple—and so are the risks of over-stimulation. There are some ways by which parents can guard against them. For example, overindulgence in candy and special holiday food treats is almost unavoidable—but some balance can be achieved by planning the regular meals to take into account some of the extra "holiday eating," cutting down a bit on desserts and sweets which would ordinarily be included in the regular diet.

Too many toys can bring about "mental indigestion" and boredom; many parents have used the trick of putting some of the new things away or at least out of sight for a time. This often means greater pleasure with less confusion, and a better chance for the child really to explore and enjoy his new possessions.

Too many social activities may present a problem for the school ager; even when parents are reluctant to "spoil the fun" by forbidding participation in them, they can help cushion the child against fatigue by arranging for some extra rest, and by being sure that there are, in the child's day, some "home islands" of calm. Forethought and planning can keep the risks in check.

At something more than $34 billion, defense gets more than half the fiscal appropriations made by Congress for 1954; interest and other fixed charges are second at nearly $11 billion, independent offices next at nearly $6 billion. Foreign aid, treasury and postoffice, labor and welfare, state-justice-commerce, range from $1 to $3 billion.

HAMRE . . .

By Mrs. Frank Johnson, Grygla

Galen England took his grandfather Mr. Ole England to Grand Forks, N. Dak. Saturday. There Mr England will spend a long stay over the holidays with his daughter and son-in-law John Kelstrom's.

The following guests were last Sunday visitors at the Helen Newhouse home: Mr. and Mrs. Gullick Byklum and family, Mr. and Mrs. Edward Jelle and family, Miss Bernice Kosein, Mr. and Mrs. Gordon Jelle and Greg, Mrs. Olga Jelle and Curtiss Olstad.

Mr. and Mrs. Edward Jelle and family were Sunday evening guests at the Gullick Byklum home.

Mr. and Mrs. John Harris and family, and Eddie Schneider of International Falls, Minnesota, Mr. and Mrs. Ray Bakken and daughters, Christ Anderson and son James all were Monday dinner guests at the Oliver Howland home.

Mrs. Frank Johnson and son Marland were Thief River Falls shoppers on Saturday and they also visited at the Harvey Woods home. Also visiting at the Woods home were Mr. and Mrs. Roy Woods and son Harvey from Cass Lake and Mr. and Mrs. Walter Woods and three daughters from Plummer, Minn.

Mr. and Mrs. Arlan Overby from Rock Island, Ill. arrived here at the home of Mrs. Helen Newhouse and family on Sunday evening and will visit until the next Saturday, Dec. 26. The couple are on their honeymoon and were married there at Rock Island on December 18. Mrs. Overby is the former Irene Stejoll. Their complete wedding write-up will appear in this column when available later.

Mrs. Helen Newhouse, Elmer and Leonard, Walter Jelle, Mr. and Mrs. Arlan Overby all were supper guests at the John Byklum home Wednesday night.

A group of approximately forty friends and relatives surprised Mr. and Mrs. Arlan Overby in the noise making of a charivari on Tuesday night. The newlyweds later served all with treats and lunch at the Newhouse home.

Mr. and Mrs. George Carlson took Mrs. Clarence Carlson to Baudette last Saturday where she will spend over the holidays with her parents, Mr. and Mrs. V. W. James. Carlson's spent over night and Sunday there at the James home before returning home. Wickstr's did the chores while they were gone. Miss Yvonne Swenson of Waverly, Iowa accompanied them home. She will spend her Christmas vacation here with her aunt and uncle, Mr. and Mrs. George Carlson. Miss Swenson attends college at Waverly, Iowa.

Mr. and Mrs. Knute Arneson and family, Mr. and Mrs. Oliver Howland and Doris and Lynette visited at the Ray Hector home Monday evening. The occasion was little Mona Hector celebrating her 3rd birthday.

Mr. and Mrs. Fred Tresselt, Mr. and Mrs. Tom Webster were dinner guests Christmas day at the Lloyd Korstad home. Mr. and Mrs. Edward Jelle and family visited there that afternoon.

Mr. and Mrs. Frank Johnson and son Marland and Dwayne England all motored Christmas day to the Harvey Woods home in Thief River Falls. There they joined in a big Christmas dinner being brought by all present. A roast turkey and five roast chickens with other goodies was served. Others present besides Mr. and Mrs. H. Woods were Mr and Mrs. Walter Woods and three daughters from Plummer, Perry Brown, Miss Jeanne Hough, Alvin Peterson, Mr. and Mrs. Earl Woods and two daughters from Oklee.

Mr. and Mrs. Harry Johaneson and family were Christmas day afternoon guests at the Manley Anderson home.

Friends and relatives here send their congratulations to Mr. and Mrs. John Lillevold to the new family member little Grant Mickel.

Mrs. Olga Jelle spent several days visiting at the Harry Johanson home this past week.

Political Roundup

By Arthur Naftalin

This column marks the end of the eighth consecutive year of its weekly publication, and, with the turn of a new year, it may be appropriate to do some generalizing about state politics, past and present.

The progress of the years has seen, for one thing, a constant shift in public interest from state to national affairs, and, in the current setting at least, the voters' concern seems directed more towards Washington than St. Paul.

This is a trend that may have important ramifications. It means a diminishing alertness on the part of the public to the quality of our state legislators and state office-holders, and it means, too, a waning interest in strengthening our agencies of state and local government.

National Scope Increases

The shift in public interest to national affairs is, of course, not surprising. More and more of our day-to-day activities have come within the scope of federal legislation. Matters of basic importance—foreign policy, taxes, social security, regulation of business and labor, river valley developments, farm program—are dealt with at the national level, and these to most people seem immediate and pressing.

State issues remain important, to be sure, but they are almost always contingent upon national legislation. And thus we get a curious shift, in which, for many people, what happens in the state capitol seems increasingly remote and less and less urgent.

State Solvent and Stable

As we enter the new year our state government appears to be in a solvent and stable condition. There are, of course, many needs—especially highways—which present a big challenge, and the '55 legislature will once again face a struggle for adequate finance.

Yet, the big state issues seem for the moment at least to be resolved. The period since World War II has been one of conservatism,—with few innovations and few new programs. State debt has been kept under control. We are now in a position to strike out boldly on new programs of state betterment, to undertake enterprises aimed at attracting more industry, to improve our network of highways, to help our cities and villages achieve a measure of financial strength that will enable them to meet their pressing local problems, and to strengthen in other ways our various welfare services.

This requires, of course, an alert and interested citizenry, and, even more important, imagination and vigor on the part of state legislators and office-holders.

Party Passions Drop

Another noticeable trend in recent years has been the dropping off in the intensity of partisan feelings at the state level. In the thirties, for example, Farmer-Laborites were prone to regard Republicans as an entrenched class representing large wealth and selfish vested interests, and Republicans returned the favor by looking upon Farmer-Laborites as a rabble of malcontents bent upon destroying the foundations of American society.

Now the partisan passions seem to be a good deal cooler. In fact, the divisions within the major parties are often more important than the differences that presumably divide them from each other.

Thus, the struggle for control of state government does not produce a sharply defined cleavage; instead there is considerable fumbling about within the major parties and no clear-cut joining of the issues between them.

Prosperity A Factor

The politics of the last eight years have been strongly conditioned by the reasonably high level of prosperity the nation has been enjoying. When the people are working, political matters don't command the same attention as they do when people are unemployed.

There lurks in the background the shadow of past depressions, and this does agitate some concern in governmental policies, but, in the main, the citizens find television and their other entertainments a good deal more exciting than politics.

One should note, however, a contradictory development. In recent months political gatherings in the state have been enjoying surprisingly large attendances. This may suggest that a resurgence in political activity may be in the making, and that 1954 will witness an upsurge in voters' participation.

A Look Ahead

The old political year slips away quietly. There were few developments to make it especially memorable. The war ended in Korea, but no one believed that much was settled. President Eisenhower began a new administration, but the year was hardly more than a warming-up period. The big issues nationally remained to be dealt with.

A look ahead suggests that 1954—certainly more than 1953—will hold greater political interest and may very well be a decisive one for the period we are now entering.

Again, Blue Shield increases benefits for you ...at no increase in cost!

Several hundred thousand dollars more in benefits will be paid each year to present and new Minnesota Blue Shield subscribers for services rendered by licensed doctors of medicine on and after January 1, 1954. The marvelous support given by the more than 600,000 Minnesota Blue Shield subscribers and the splendid efforts of the doctors of medicine in Minnesota have made these increases possible. In keeping with its policy of providing for subscribers as many medical-surgical-maternity benefits as possible, this is the fifth major increase the Board of Directors has made in Blue Shield benefits since 1947.

40 day increase of in-hospital medical care is provided. Now, Blue Shield benefits provide up to 70 days of in-hospital medical care, or combined surgical and in-hospital medical care per illness during any 12 consecutive months. This is an increase of 40 days over the 30 days formerly allowed. Under Blue Shield, you have free choice of any physician who is a licensed doctor of medicine in the state where the services are performed.

Increased maternity payments are now being allowed. An increase of up to twenty per cent for maternity benefits is included in the revised Blue Shield schedule of payments. In addition, waiting periods involving benefits for maternity care, pre-existing conditions, operations for tonsils and adenoids, and operations for hernias and hemorrhoids are decreased to only [illegible] months instead of the former 10 months.

Allowances substantially raised for many of the more than 1,000 items of medical, surgical and maternity care for which Blue Shield provides benefits. Sixteen new items have been added to the schedule of payments, maternity benefits are increased, and among the increased payments for surgery, seven of the more costly operations have increases as high as $50. There are 56 improvements in the Blue Shield schedule of payments which [illegible]

Doctor's own plan—Blue Shield was organized by doctors of medicine in Minnesota for one reason only—to provide all Minnesotans with the finest medical, surgical and maternity care available at the lowest possible cost. Thanks to the splendid efforts of our Minnesota physicians, and the [illegible] of their plan, Minnesota Blue Shield has enjoyed an unparalleled growth of 600,000 subscribers in just six short years. Over 2,800 Minnesota doctors of medicine, your own community doctors, actively participate in Minnesota Blue Shield.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 3, City

Godt Nyt Aar!

The Smiley community club met at the hall Monday evening for the December meeting. A business meeting first held sway with the main item being the election of officers for the coming year. The new president is now Lawrence Philipp; the vice president is Ted Belswenger; Mrs. Rudolph Hanson was re-elected secretary as also was Mrs. J. W. Lendobeja re-elected treasurer. The new custodian is Adam Lendobeja and Melvin Stenseth was elected as the 5-year trustee. A 10 dollar donation from the community club was agreed upon to present to Patricia Rustad in Thief River Falls toward her medical expense for her illness. The club's custom of presenting new Smiley farm purchasers with a table lamp was followed in presenting the Arleigh Birk family with a beautiful table lamp. The Birks responded with a few words of thanks. They are also full-fledged members of the club. Candy and nuts were distributed as well as lunch provided.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Nitrogen Side-Dressing

Clarence Quie, Dakota County Agent, Farmington, reports that 40 pounds of nitrogen side-dressed on corn at second cultivation returned four county farmers an average of $11.85 per acre over the $6.00 fertilizer cost. Farmers who applied 80 pounds of nitrogen per acre, earned $15.75 per acre above the $12.00 fertilizer cost. Quie says all put on a row starter and averaged 55.3 bushels per acre with that alone. Starter plus 40 pounds of nitrogen, side-dressed, gave an average yield of 67.3 bushels per acre on the four farms. Eighty pounds of nitrogen per acre after starter gave an average yield of 73.8 bushels per nitrogen per acre after starter gave an average yield of 73.8 bushels per acre.

Self-Feeding Bred Gilts

You can profitably self-feed bred gilts during the winter. E. F. Ferrin, head of the University's animal husbandry department, advises limiting corn in the ration so that gilts will gain about a pound a day. Feed ear corn once a day, regulating the quantity according to the gilts' rate of gain. In addition to corn, here is a good mixture to put in self-feeders: 200 pounds ground oats, 200 pounds high quality ground alfalfa hay and 100 pounds of 40 per cent protein concentrate containing minerals and Vitamin B-12, or 65 pounds of tankage, a mineral mixture and B-12.

Tailor Crops to Fields' Ability—First step in good soil management is to plan a cropping program that brings a sod crop into each field often enough to protect the soil and keep it healthy. Sometimes this may result in more hay and pasture than you want and you may find it difficult to change to a system based on so much roughage. According to Arnold Classen of Luverne, assistant county agent in soil conservation for Rock County, there's a solution—livestock. Good land use, says Classen, includes a livestock program to fit the feed supply and available labor, yield the best possible income and keep the land in good shape for future crops.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers on November 24, 1953 at eight o'clock P. M. Alderman Christensen, Lund, Hunt, Gjernes were present. Aldermen Fuller and Bergland were absent.

Application for moving permit of residential property was presented by John Martinec to be situated on Duluth Avenue North. Alderman Lund moved approval subject to the filing of satisfactory indemnity bond in the amount of $1,000. Alderman Hunt seconded the motion which was adopted.

Applications for building permits bearing approval of the Building Inspector were presented as follows: Mr. William [illegible], garage, $[illegible]; George Gessner, truck storage, $1200; H. L. Noper, motel, $[illegible]; Mrs. Otto Myhrer, garage, $[illegible]; John Martinec, residence remodeling, $[illegible]. Alderman Christensen moved approval and issuance of permits. Alderman Lund seconded the motion which was passed and adopted.

Plumber's License Bond, H. O. Hecklund, dba Hecklund Plumbing & Heating Company, $1,000 Fidelity and Casualty Company of New York was presented, and approved as to form and execution by the City Attorney. Alderman Lund moved acceptance and filing, which motion was seconded by Alderman Christensen and carried.

Evidence of insurance coverage on cars in Taxi Service was presented by Olaf [illegible], dba as City Cab Company, Central National Insurance Company, bodily injury liability, 25,000-50,000, property damage liability $5000. Alderman Hunt moved approval and filing which motion was seconded by Alderman Lund and carried.

There was presented by Eklund-Holmstrom Post of the American Legion a request for permit to operate Bingo Games at the Legion Club each Friday evening during the year 1954, to which request no objections were registered by the Council.

There was presented by Independent School District 18 a request for an agreement with the City of Thief River Falls relative to the use of the School District's property in Block 19 of the Original Townsite. Alderman Lund introduced a resolution directing the execution of such agreement on the basis as set forth in the request and moved adoption of such resolution. Alderman Hunt seconded the motion and the resolution was duly passed by roll call vote.

There was presented by officers of Eklund-Holmstrom Post of the American Legion recommendation that Alvin Anderson be appointed as Director of Legion Municipal Band succeeding Robert S. Harmon, resigned, as of January 1, 1954 and action was ordered deferred to a later date.

There was presented by Fire Department a recommendation for approval of appointment of Wendell Olson as member of Volunteer Department to succeed Jerry [illegible], resigned, and appointment of Donald D. Olson as Call Man, succeeding Wendell Olson. Alderman Christensen moved approval, which motion was seconded by Alderman Hunt and adopted.

A proposal of Dahlstrom Piano Company dated October 17, 1953 for the furnishing of a used piano for use in the City Auditorium with trade in of the present piano was also ordered tabled.

A communication was presented by Norval H. [illegible], Secretary, Pennington County Association for Social Action, containing a resolution adopted by such Association protesting to the Council action in granting "Non-Intoxicating Malt Beverage" licenses to certain grocery stores in the City and asking that such licenses be revoked as soon as possible. The same was ordered filed.

There was presented a petition for the construction of Water and Sewer Mains along Maple Avenue between [illegible] and Hughes Street, signed by Paul A. Lundgren, Trustee, and the same was ordered laid over for later consideration.

There was presented and read a Notice of Personal Injury Claim, signed by Mrs. Catherine [illegible], 522 Red Lake Blvd., alleging injury to herself by reason of a fall at the premises abutting Lots 6 and 7, Block 65 of the Original Townsite and claiming compensation therefor in the amount of $2,000. Alderman Christensen moved that the same be referred to the City's insurance Carrier, which motion was seconded by Alderman Lund and adopted.

In accordance with Chapter 290, SF 817, Laws of Minnesota, 1929 and Chapter 54, Laws of Minnesota, 1929 and resolutions passed and adopted by the City Council of the City in July of 1940, establishing a Police and Fire Department Civil Service Commission, Mayor Simons presented and submitted the following appointments for the approval of the Council: Police Civil Service Commission, A. H. Stenberg, Commissioner for a term of one year; John Anderson, Commissioner, for a term of two years; Wm. LaFave, Commissioner for term of three years. Fire Department Civil Service Commission, A. H. Stenberg, Commissioner, for term of one year, John Anderson, Commissioner for a term of two years and Wm. LaFave, Commissioner for term of three years. The Council deferred action in the matter.

In the matter of present controversy over certain building construction by F. J. [illegible] on Lot 5 Block 3, Meehan's Addition, which had previously been referred the the legal department, an opinion was presented by the City Attorney and the same was read and filed.

Plans for a proposed construction of an Armory Building on Block 21 of Porter's Addition and the same were found satisfactory to the Council with exception of the design of proposed intersection of Highway 32 at Knill Street and Arnold Avenue. Alderman Hunt introduced a resolution approving the plans with this exception, which will be further studied and mutually agreed upon, determining that the City will agree to construct certain street and walk improvements and public utilities and moved the adoption of such resolution. Alderman Christensen seconded the motion and the resolution was then passed by roll call vote.

There was presented by [illegible], Townsend & Stolte, Architects and Engineers a proposal for consulting engineering services in relation to a survey for possible application to the Bureau of Reclamation Department of the Interior, for electrical energy [illegible] to [illegible] and the matter was after discussion ordered laid over for further study.

H. M. Johnson, Chief Operator of Water Plant appeared before the Council and suggested that the present water main on North [illegible] Avenue, 6" diameter, be replaced with a 8" main for a distance of approximately 700 feet and the matter was ordered referred to the Water and Electric Committee for study.

The meeting was then declared adjourned.

RESOLUTION

At an adjourned regular meeting of the City Council held November 24, 1953 Alderman Lund seconded by Alderman Hunt introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, Independent School District No. 18, Pennington County, Minnesota has been permitting the City of Thief River Falls to use Lots 20-24 inclusive of Block 19 of the original Townsite of Thief River Falls for public parking purposes and,

WHEREAS, the Commissioner of Taxation has recently notified said School District that such use is not such use as will justify the exemption of said property from real estate taxes and,

WHEREAS, the School District by reason thereof has agreed to permit such continued use only upon condition that the City assumes payment of taxes for the time of such use.

NOW THEREFORE, BE IT RESOLVED that the Mayor and City Clerk are hereby authorized to enter into a contract with said School District providing for the use by said City of said property for public parking purposes so long as it shall be mutually agreeable to both parties paying in consideration for such use the amount of the real estate taxes attributable to such period.

1954 State Parks Sticker Will Go on Sale Shortly

Designed to fit on the lower right hand corner of the windshield, the new 1954 state park entry sticker is off the press and will soon be in the hands of county auditors, their agents and at all state parks for distribution.

The new sticker is attractive. Pictured on the face is a typical Minnesota lakeside scene with large numerals 1954 superimposed on a background of green pines. The sticker, which sells for one dollar, will admit car and occupants to all Minnesota state parks during the calendar year 1954.

The original triangular sticker was designed by architect Richard N. Frahm of the parks division.

More than 40 per cent of railroad cars of revenue bituminous coal move between 200 and 400 miles, according to the Interstate Commerce Commission.

The 860 million tons of coal mined in Alabama in the past century and a quarter would fill a freight train extending more than 117,000 miles.

Farmers Getting Smaller Share of U. S. Food Dollar

Farmer Is Receiving 45 Cents Today, Compared to 47 Cents a Year Ago

The farmer's share of the consumer's food dollar — based on an average of prices in retail grocery stores—now is 45 cents, according to figures of the U. S. Department of Agriculture.

This is a drop of two cents from last year and is three cents less than the 1951 average, 48 cents.

When farm prices and farm income drops farmers' attention turns to the differences, or "spread," between the price received by the farmer and the price paid by the consumer.

D. C. Dvoracek, Extension economist in marketing at the University of Minnesota, points out that marketing margins—the dollar-and-cents charges for all services performed in processing, distribution, and selling of farm products—usually do not shrink with farm prices.

Therefore, they tend to take a larger percentage of the consumer's dollar when farm prices drop.

Marketing costs are based on such things as wages paid workers in food industries, transportation costs, rents, taxes and costs of machinery and facilities used in food handling and processing. These cost items follow trends in industrial rather than farm prices.

Farm prices, however, are sensitive to changes in supply and demand, Dvoracek explains. They rise suddenly in response to war- or defense-created shortages, and fall suddenly when demand falls off and surpluses pile up.

But, the overall off-farm marketing costs are slower to react. Once prices have risen in response to wage contracts for higher pay, increases in taxes and rents, and higher freight and utility rates, any attempt to lower them meets strong resistance.

Other factors contributing to an increasing spread between farm prices and retail prices of food are a trend toward more marketing services packaging, mixing, and precooking of foods sold at retail and shipping foods over greater distances from supply areas, Dvoracek says.

1954 Ford Shown Here January 6th

Two New Engines Will Be Displayed at Tunbergs

The long-awaited new Ford 130-horsepower overhead valve Y-block V-8 engine — called by Ford engineers the greatest engine advance since Ford introduced its original V-8 22 years ago — will make its appearance in Ford dealers' showrooms, including the Tunberg Motor Co. of this city, next Wednesday, January 6.

L. D. Crusoe, Ford Motor company vice president, also announced that a new 115-horsepower I-block Mileage Maker Six, replacing the current 101-horsepower 6 cylinder engine, will be introduced in the 1954 Ford passenger cars.

"Ford has built more than 16 million V-8 engines since the late Henry Ford introduced the first V-8 engine in the low-price field in 1932," Mr. Crusoe said. "Together with the new and more powerful I-block 6 cylinder engine, Ford offers the car buyer in 1954 his choice of two advanced engines."

The new overhead valve V-8 engine, with its deep-block construction, is of modern, short-stroke, low-friction, high compression design. Ford engineers say it is smoother, quieter and gives more responsive power with greater economy and longer life.

Four hundred thousand pounds of bombs, rockets and napalm—and 100,000 rounds of 20 mm. ammunition—were delivered against Communist targets in Korea by one Marine jet fighter plane. This same plane later was turned over to the Navy—and flew an additional 80 missions. Today, it is still operational in the Pacific.

American manufacturers increased their output of goods last year by 3 per cent, as compared with 1951.

Mastitis Is Costly

Referring again to the dairy topic I believe a little talk about mastitis is necessary. This is the season that mastitis attacks are the most prevalent. A heavy attack of mastitis can cost you $70 a year per cow in lost income, says Dr. W. E. Peterson of the University of Minnesota.

Here's how Peterson figures. In cows producing around 350 pounds of butterfat a year, loss of a quarter from mastitis cuts production 100 pounds. With butterfat about 70 cents a pound, this means a loss of $70 per year.

Peterson bases the loss figures on a series of experiments conducted with identical twins by the University's Dairy Department. One set of twins, know only as T-9 and T-10 were fed and raised alike. Their heredity, of course, was identical.

For a month and a half after their first calves, they produced the same amount of milk. Then mastitis hit and destroyed one quarter of T-10's udder. After 10 months, the unaffected cow had produced 35 pounds more butterfat.

After the cows freshened again, T-10 lagged even further behind. In 259 days the mastitis-free cow produced 283 pounds of butterfat and the affected cow, T-10, only 186 pounds in 237 days. Before long the spread between the two would have been 100 pounds—a heavy price to pay for mastitis.

This loss from mastitis can largely be avoided by proper management and care of the dairy herd, Peterson says. Complete details on an effective mastitis control program are given in Extension Folder 175, "Don't Gamble With Mastitis," available from the County Extension Office.

Keep It Dry

It isn't the cold, but the humidity that causes dairy calves to get pneumonia. Extension Dairyman, Ralph Wayne advises dairymen to keep calves in dry, well ventilated quarters. If quarters are damp and hard to ventilate, install more windows or a ventilator fan. Even in intense cold you will have less trouble with calf pneumonia housing them in open sheds instead of poorly ventilated, wet pens.

Keep It Clean

A milking machine vacuum line can become contaminated and cause high bacteria counts if you overlook it in your cleaning operation. Dairy specialists advise cleaning the vacuum line from stall cock to trap with a tepid weak lye solution and rinsing parts with clear, warm water.

HICKORY . . .

Mrs. Gilmer Oftelie, Trail

The teacher, Miss Muriel Magnell and pupils of Little Oak school gathered at the school at 7:15 Wednesday evening and from there went by two cars to various homes in the neighborhood to sing Christmas carols. They gathered at the school house again later for treats of hot cocoa, candy, nuts, apples and cookies and then departed for their respective homes. Being very much of the opinion that Christmas caroling was fun even tho the mercury was so low that the sleigh ride was ruled out.

The Christmas program for Little Oak school No. 65 was held Friday evening with a large crowd in attendance. The program was well rendered by the pupils under the direction of Miss Magnell, their teacher, also Linda Haugen and Susan Hindahl of pre-school age added their bit.

The play "Santa's Toy Shop Tangle" was humorous and "Chimes on Hill Top" was well given assisted by Mary Lou Arveson at the Organ.

Santa then made his appearance in a brand new suit and with some able helpers handed out gifts, cards and treats.

The parents wish to thank the pupils, teacher, Santa and any other helpers for a job well done and to a quiet and appreciative audience.

The Christmas gospel was recited in parts by the children between the hymns. Song, "Thy Little Ones Dear Lord Are We"; Welcome, David Arveson; songs, "Joy to the World" and "Away in the Manger" by the smaller children.

"Hark the Heavenly Angels Sing," Christmas pieces by Lower grades; song, "From Heaven Above to Earth I Come."

The Christmas gospel was recited in parts by the children between the hymns.

Sermon, Rev. Peterson.

Passing of gifts and candy.

"Silent Night" sung by congregation. Benediction.

Word of Thanks was extended to everyone who took part in the program and those who helped with decorations, solicited money, and in any way worked to make the Nazareth and Little Oak Christmas program a success.

Sunday dinner guests at the Elmer Engstrom home were Mr. and Mrs. Oscar Nesthy and Erling of Greenbush, Mr. and Mrs. Gilmer Oftelie and Cheryl and Even Oftelie.

Mr. and Mrs. Gilmer Oftelie and Cheryl were Friday dinner guests at the Willie Mostrom home.

Mr. and Mrs. Walter Hanson were Sunday visitors at the Bjerklie Brothers home.

Sunday afternoon visitors at the Gilmer Oftelie home were Mr. and Mrs. Oscar Nesthy and Erling of Greenbush, Willie Mostrom and LeRoy, Hallie Oftelie.

URANIUM RUSH

A new townsite in the Beaverlodge uranium field in Saskatchewan, Canada, is called Uranium City. The town was laid out last year and claims were opened to public staking. A thousand claims were recorded. The Canadian government's Elorado corporation planned to bring its Ace mine in this uranium field into production.

Effective means of destroying barberry include application of common salt to the crown of the plant, or ammonium sulmamate or 2,4-D to the freshly cut stub close to the ground. Barberry spreads destructive stem rust in grains.

ANOTHER YEAR!

A little wiser?
"Perhaps!"
Accomplishments in the last twelve months?

"Well, John got a slight raise in salary in November. And we painted the house at long last. I suppose we could include our week's vacation in the Adirondacks in the summer. These things seemed so important at the time, but now they aren't even vivid recollections. Funny how insignificant they have become."

But aren't there moments which you do recall, things of which you are proud?

"Yes, now that you mention it, but you wouldn't be interested. They were such small things—taking care of our elderly neighbor during her illness—helping at the Orphanage on Saturdays—bringing our friend's children along with ours to Church . . . assisting with the decorating and painting at the Church. . . . I'm beginning to see what you mean. *These* are the important events of last year."

• • • • • •

Try the above experiment on yourself. It's amazing how time will give a different perspective to our lives. True values, values of the heart and spirit are those that persist and become real. Your Church is where you cultivate this all-important aspect of living.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

GULLY . . .

(Too Late For Last Week)

Edward Ellertson, who recently retired as Gully postmaster, was pleasantly surprised at the last Commercial Club meeting when its members, together with a host of friends met to especially honor Mr. Ellertson in appreciation of the many things he has done for the club as well as countless number of other "Good Deeds" for people in and around Gully. After a social hour, Mr. Ellertson was presented with a platform rocker and a purse of money from the group.

Mr. and Mrs. Floyd Berg and children took John Berg to Minneapolis and St. Paul last week to have glasses fitted, they also visited at the Charles and Art Anderson homes.

Auxiliary members, Mrs. Claude Knudson, Mrs. Manly Paulson, Mrs. Claus Clausen and Mrs. Floyd Berg met at the Old Post-Office Bldg. on Friday afternoon and packed the candy bags for Santa Claus days on Saturday.

The Gully American Legion Auxiliary held its annual Christmas party Friday evening. All Legion members were invited as guests. They were entertained by games and prizes were given to the winners. Wally Rutkowski won the balloon game. Ray Brekke and Archie Bauman were winners in the blindfold. Mrs. Harold Stiele won the women's door prize and Ted Nyland won the men's door prize. A delicious smorgasbord supper was served. Those on the entertainment committee were Mrs. Wally Mattson, Mrs. Ray Brekke and Mrs. Verne Tharaldson. Those serving on the refreshment committee were Mrs. Harold Stiele, Mrs. Sophie Olson, Mrs. Virgil Knudson, Mrs. Harry Johnson and Mrs. Claus Clausen.

The Gully auditorium was filled on Sunday evening for the Christmas program given by the Sunday school teachers and pupils. The pageant "What Can I Give Him?" was presented by the pupils from the second grade and up. This was given in front of the Bethlehem scene with a beautifully decorated Christmas tree to one side and Barbara Bergh furnished the piano music thruout the evening. The kindergarten and first grade classes gave special selections, a message was given by pastor Landvik and remarks were given by Oscar Johnson.

The first and second graders together with their teachers, Miss Walker and Mrs. Schow braved the cold weather last Friday to walk around town singing Christmas carols. They especially sang for the old people and left a little gift of candy for them.

The Gully hall was filled with youngsters and their parents on Saturday afternoon to see the free movies provided for them and to see Santa Claus who gave bags of candy, peanuts and apples to the youngsters. Door prizes had been provided by the various places.

More borax is produced in the southwestern United States than in any other part of the world.

Council Takes First Step on Big Sewer Job

Instructs Engineer to Prepare Plans for Huge West Side Storm Sewer

The city council last Wednesday evening held a busy adjournment meeting, its last one before turning over the reins of government to the new city administration last night.

Action was taken to proceed with the long-pending huge storm sewer project in District 3 on the west side, and to appoint Douglas Stewart as engineer, with instructions to proceed with the preparation of plans and specifications and estimates of cost.

The council adopted a resolution appropriating $10,000 from the municipal liquor dispensary fund to the court house construction fund being assembled under the supervision of the Pennington county board.

Ordered discontinued was the practice of making a charge for wire and other materials used for making electrical connections with the city power plant for property owners located just beyond the city limits. A letter was read from O. J. Overmoen, manager of the Red Lake Electric Co-op., in which he offered to cooperate with local officials in working out a division of areas to be served by each.

Council President Carl Gjernes announced the appointment of an electric light and power advisory committee, including the president of the incoming council; Harry R. Lund, retiring chairman of the council water and light committee; C. E. Hellquist, F. A. Rinkel and W. E. Dahlquist.

The council voted to reject both bids submitted December 15 for a crawler-type tractor for the use of the street department. [illegible] DeChamp, street commissioner, however, was authorized to purchase a high-lift snow

Postal Receipts Rise Sharply Here During Past Year

Revenue for 1953 Hits $94,608.80, Compared to $85,944.77 Previous Year

Postal receipts in Thief River Falls gained sharply from $85,944.77 in 1952 to $94,608.80 in 1953, an increase of $8,664.03, it was announced this week by R. J. Dryden, postmaster.

Much of the increase was accounted for by the fact that large shipments of mail order catalogs were deposited at the postoffice here for mailing, instead of being mailed from outside points as in the past. In addition, parcel post rates were raised last fall.

The following tabulation of receipts for 1953 and 1952 shows an increase in receipts for each quarter of the past year.

March	$22,061.24	$19,448.95
June	20,163.61	19,539.48
September	21,662.49	18,547.57
December	30,721.46	28,408.77
	$94,608.80	$85,944.77

Christmas Seal Reminder Issued

Kjos Urges Residents to Pay for Seals Mailed out

An intensified program to find unknown cases of tuberculosis and to teach all people the facts about TB will be financed by money contributed by Pennington county residents during the Christmas Seal sale now drawing to a close. This reminder comes from Herman A. Kjos, local Christmas Seal chairman.

The number of new cases discovered each year in Minnesota averages about 2700. Every unknown case is a menace to all people.

Kjos urged all Pennington county residents to send in their Christmas Seal contributions at once in order that the full program of TB prevention and health education may continue here.

Water Pla[illegible] Volume Increased l[illegible]t Year

Makes Forecast

ROGER W. BABSON

Noted business forecaster, who in previous years has maintained a high percentage of accuracy in his predictions, presents on Page 9 of this issue of the Times his forecast for the first six months of 1954.

Thief River Falls water [illegible] plant in 1953 pumped [illegible] of 185,020,500 gallons, a [illegible] 3,544,000 gallons over [illegible] of 181,476,100 gallons pumped in 1952, it was announced this week by Harold M. Johnson, chief operator.

A high mark for 1953 was set in August, when 21,377,400 gallons was pumped, compared to 18,323,800 gallons for May 1952, the biggest output for that year.

Following are the figures on output in gallons for each month of 1953:

January	14,117,300
February	11,441,500
March	12,727,900
April	12,729,300
May	15,158,000
June	14,377,100
July	17,038,000
August	21,377,400
September	16,327,100
October	17,896,800
November	16,197,800
December	15,682,300
Total for year	185,020,500

Output of Electrical Energy Rises 5.6 Pct.

Output of electrical energy at the Thief River Falls municipal power plant in 1953 aggregated 12,473,700 kilowatts, an increase of 5.6 per cent over the total of 11,810,300 kilowatts for 1952, Morris Owen, chief operator, reported this week. The 1952 output, in turn, represented a six per cent gain over 1951.

Due to the lower stage of water in Red Lake river in 1953, the two water turbines last year turned out only 1,874,600 kilowatts, nearly 1,000,000 less than the 2,829,500 kilowatts turned out in 1952. One turbine was shut down the last two months due to inadequate water supply, and the other operated at only part capacity.

The large Nordberg Diesel unit carried more than half the load in 1953, running for 4,593 hours and producing 6,809,700 kilowatts. In second place was the Fairbanks Morse unit, which ran for 4,130 hours and produced 3,497,500 kilowatts.

The old McIntosh unit ran 457 hours, yielding 132,700 kilowatts, while the Busch-Sulzer unit ran only 202 hours, producing 159,200 kilowatts.

North, Rocksbury Given Improved Fire Risk Rating

Will Be Given Class A Rating as a Result of Recent Improvements

The townships of North and Rocksbury, served by the Thief River Falls rural fire department, will shortly enjoy a preferred Class A fire insurance rating, Fire Chief Roy Langevin was notified last week by the Fire Underwriter Inspection Bureau of Minneapolis, which establishes rates for the insurance companies.

The action followed notification by Chief Langevin that the local department had complied with requirements by arranging to have not less than five volunteer, or "call" men respond to alarms from the two townships, and making other minor improvements in equipment.

The fire inspection bureau pointed out that in order to attain the Class A rating, the farm must provide some kind of water supply for fire protection.

Langevin noted that a projected re-survey of Thief River Falls by the inspection bureau also will benefit this city's rating.

Judge of Probate Reports for 1953

Cases of 17 Delinquent Juveniles Were Handled

A total of 53 estates, ten more than in 1952, were entered in probate court last year, and 14 guardianships were opened, compared to six in 1952, Herman A. Kjos, judge of probate, revealed in a year-end report.

In addition, 13 persons suffering from mental illness were committed to state institutions in 1953, seven inebriates were committed and two seniles.

In his capacity as juvenile court judge, Kjos dealt with 16 delinquent boys and one girl last year, compared to 15 cases in 1952. Of the total, six boys were committed to the youth conservation commission and delivered to Red Wing authorities and the girl was turned over to th institution at Sauk Centre. Two youths were committed to the YCC and their sentences were stayed, and seven others were placed on probation.

Twelve juvenile traffic law violators were dealt with, drivers licenses being suspended in eight cases, and the others transferred to municipal court.

The Rev. E. C. Mead was the speaker at the Rotary club luncheon Monday noon in the Elks club rooms. He discussed the history and principles of the International Rotary organization.

M. Flattum Heads Lincoln Alumni

Nearly 100 Present at Reunion at Golf Club

Nearly 100 graduates and former students attended the annual reunion of the Lincoln high school alumni association at the Thief River Golf club Tuesday night of last week.

Morris Flattum was named president for the ensuing year in a short business session over which Donald Adolphson, vice president, presided in the absence of Thornton Anderson, retiring president.

Other officers elected included Clarence Amiot, vice president; Bruce Hall, secretary; and Dick Bjorkman, treasurer.

Dancing and reminiscing supplied the evening's diversion.

Rural Teachers Attend Session in City Thursday

Teachers of the Pennington county rural schools met last Thursday afternoon in the office of Mrs. A. C. Matheson, county superintendent. Plans were made for work to be done during the second half of the current school year. At the close of the afternoon, Mrs. Matheson, assisted by Edith Sandum, served refreshments to the group.

6 Vake Brothers in Iron Mine Jobs

The January issue of "Ore, Iron and Men," monthly publication of the Oliver Iron Mining Co., includes a photograph of six Vake brothers, formerly of the Thief River Falls community, all of whom are employed on the track gang at the Sherman pit on the Iron Range. The brothers are Hans, Elling, Knute, Mandius, Gunder and Thomas.

Polio Drive Is Under Way in Pennington Co.

Rural Areas and TRF Business District Are Now Being Canvassed

The annual March of Dimes for the benefit of the National Foundation for Infantile Paralysis got under way Monday in the rural areas of Pennington county and in the business district of Thief River Falls, A. F. Berge, campaign chairman, stated that the drive in the residence districts of the city would again take the form of the Mothers March on Polio to be held late in January.

Gordon Reierson, city chairman, said that while attendance at the kickoff breakfast Monday morning in the Rex Cafe was not as large as had been hoped for, he expected to have 26 two-man teams covering the business district, with the objective of completing this phase of the solicitation by the end of next week.

Chairman Berge announced that coin receptacles are being placed in local stores and that coin cards will be distributed to local school children.

Polio prevention — program four of the National Foundation for Infantile Paralysis—will cost an added $26,500,000 this year, Berge said.

"That's why we must raise more in '54. This is the additional cost over and above the National Foundation's traditional programs of aid to patients, professional education and scientific research," he said.

The fact that the chapter never knows in January how many cases it will be called upon to assist during the rest of the year poses the biggest question mark the March of Dimes faces, he said. This is the reason no local March of Dimes quotas are set.

"We know roughly how much we can earmark for laboratory research, how much for scholarships to train specialists, even how much will be needed to buy available gamma globulin and to start validity tests of a trial vaccine.

"But polio is an unpredictable epidemic disease that strikes without pattern or precedent. All we have to go by is the fact that 1953 marked the sixth consecutive year of high polio incidence. With a record like that, it would be foolhardy to expect light incidence in 1954."

Internal Revenue Agent Lists Dates Stationed in TRF

Internal Revenue Agent Roy H. Brown of the Thief River Falls zone office will be at the municipal Auditorium in Thief River Falls from 8 a. m. to 5 p. m. on January 4 through 12, except Saturday and Sunday, January 18, and January 25 through 29, to assist taxpayers with the filing of current federal income tax returns.

County Board Renames Odin Hanson Chmn.

Annual Reorganization Meeting Is Conducted Tuesday at Court House

Commissioner Odin C. Hanson was reelected chairman of the Pennington county board at its annual organization meeting Tuesday, and Merle Lindberg was named vice chairman.

Reappointed by the board were Dr. M. D. Starekow, county health officer; Dr. L. R. Twete, livestock inspector; H. B. Rafteseth, veterans service officer; and Ed Moren, weed and seed inspector.

Named on the reorganized agricultural extension committee were Commrs. Hanson and Glenn Tasa; Vivian Copp, first district; Mrs. Leonard Melin, third; Albert Koop, fifth; and Mrs. Sidney Wilson of Goodridge, at large. Remaining to be named are appointees of Commrs. Don Olson and Lindberg.

Six applications for 3.2 beer licenses in the rural areas were approved, and the board rejected a request that off-sale of beer be permitted on Sunday.

The Goose Lake project in western Pennington county for the creation of a game preserve and public shooting grounds was approved with the recommendation that the proposed area be reduced about ten per cent in size to eliminate productive lands. The area will be turned over to the state department of conservation for development.

A committee to study the proposed county nurse setup was created, but appointments were not completed Tuesday.

The Thief River Falls Times was designated as the official county paper, and the Northern State and Union State banks of this city and the N. W. National bank of Minneapolis were named official depositories.

The usual sum of $100 was appropriated to the Red River Valley Winter Shows.

OK Half-mill Levy for Maintenance of Local Armory

The city council, at a special meeting held following its adjourned session last Wednesday evening, authorized a tax levy of one-half mill for armory maintenance purposes for the years 1955 to 1974.

City Clerk P. G. Pederson stated that the levy would raise about $1,300 a year on the basis of present assessed valuations.

A motion also was adopted to authorize city officials to join with the Civic and Commerce association in intervening in the case of the application of North Central Airlines for permission to discontinue airline service to Thief River Falls and other Minnesota cities.

Rev. Thompson Family Leaving

The Rev. and Mrs. G. S. Thompson and sons Frederick, front row left, and John, right, will leave Thief River Falls January 16 for Eau Claire, Wisconsin, where Rev. Thompson will be installed as pastor of the First Lutheran church in that city. Their oldest son, David shown beside his father, will remain here to complete his senior year at Lincoln high school. Pastor Thompson will preach his farewell sermon next Sunday morning in Trinity Lutheran church, which he has served the past 12 years.

Brick Work Now Well Along on Hospital

Rapid progress is being made in the construction of the Northwestern Hospital addition. Thirty percent of the general contract is now complete but only 20 percent of the mechanical contract is finished. The mechanical contractor who deals with the plumbing, steamfitting and ventilation systems now has seven plumbers and seven steamfitters on the job and is making rapid progress. Work on the ventilation ducts is to begin about January 12th.

All exterior brickwork on the south, east and north sides of the ground floor has been completed. One Kewanee boiler of the two installed is now furnishing heat to the ground floor of the new addition.

It is expected that by Friday of this week the ground will be sufficiently thawed so that the ground floor slab for the north end of the building can be poured. The ground floor slab will be completely poured within two weeks. Following the pouring of this slab, bricklayers will begin work on the masonry work involved in setting up room partitions of the ground floor.

The job is so organized that when inclement weather makes it impossible to do exterior brickwork the men can work on the interior so that masonry work may continue without pause.

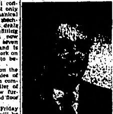
The fuel oil heating system is expected to be connected to present Hospital Plant B within two weeks. Thereafter the hospital will be served with fuel oil heat rather than coal.

Interior masonry work will begin in the hospital almost two months prior to the beginning date for that activity as set up in the building schedule. There are strong indications that the third floor of the new building will be open for occupancy as early as August 1st, 1954.

People of this area may expect to see the completion of all exterior brickwork up through the third floors no later than May 6, 1954. When this has been accomplished, the general appearance and size of the total structure may be well visualized.

In addition to 9 supervisional personnel, there are now 10 bricklayers, 7 steamfitters, 7 plumbers, 5 carpenters, 2 electricians, and 12 laborers employed on the building. All evidence points toward the completion of at least 30% of the construction by February 1st. Federal aid toward the construction should be forthcoming soon thereafter, said Harold W. Peterson, administrator.

C & C President



ARTHUR CHRISTIANSON

Recently elected president of the Civic and Commerce association, who will announce the personnel of standing committees Thursday noon at the first meeting of the new year in the Rex Cafe.

Mantoux Test to Be Given in Local Schools Jan. 18th

Parents Asked to Give Permission for Children to Receive Tests for TB

This week permit slips for the tuberculin testing program will be sent home with students of 12th grade, 9th grade, kindergarten and any new students in the school system who desire to be tested.

Dr. Borreson and Esther Larson, R. N., will visit the schools on Monday, Jan. 18 to give the Mantoux test. The Mantoux is a simple procedure of injecting a substance between the layers of the skin on the forearm. If 48 or 72 hours later there is a reddened and raised area at the site of [illegible] the person has [illegible] germs in his body.

In most cases the positive reactor has been exposed to the disease, but has resisted the invasion, and does not have the disease. To further check the health of these positive reactors, they will be X-rayed and also their families tested, wherever possible.

Last year Pennington county was tuberculosis-accredited for the first time. In September, when the county received this certificate, Dr. Borreson was honored because of his continuous efforts to find, and bring under treatment all active cases of tuberculosis in the county.

To keep its status as an accredited county, 90% of all seniors must be tuberculin tested annually and there must be no more than 10% reactors. The faculty and maintenance staff and teachers training department will also be tested and X-rayed.

Civic & Commerce Meets Thursday

To View Movie Film at Luncheon in Rex Cafe

The Civic and Commerce association will hold its first meeting of 1954 Thursday noon in the Rex Cafe, with Arthur Christianson, newly elected president, taking over his duties as successor to L. A. Ihle.

Christianson will announce appointments to various standing committees for the coming year, and the 1954 budget will be set up.

Chet Matthews of the local office of North Central Airlines will present a movie film, "Wings over Dexter," presenting details of airline operation.

The Junior Chamber of Commerce will hold its first meeting of the new year Thursday evening, January 7, at 6:30 in the Rex Cafe, Walt Kavanaugh, president, announced today, at the same time urging a full attendance of the membership.

Rural Schools to Conduct Spelling Contest Jan. 16th

The annual Pennington county rural school spelling contest will be held in Lincoln high school Saturday afternoon, January 16, at 2 o'clock, Mrs. A. C. Matheson, county superintendent announced today. She added that the winner of the event will compete in the Red River Valley spelling contest to be held at Crookston February 24 in connection with the RRV Winter Shows.

Fair Board Going to State Meeting

To Sign up Grandstand Attractions in St. Paul

Members of the Pennington county fair board will attend the annual convention of the Minnesota Federation of County Fairs at the St. Paul Hotel January 11, 12 and 13.

At the session, grandstand attractions will be signed up for 1954 presentation by the Northwest Greater Fairs circuit, including fairs at Hallock, Ada and Thief River Falls.

Representing the local fair board at the convention will be Frank Hardisty, president; J. M. Roche, secretary; Stuart McLeod, Jim Parkins and L. A. Ihle.

New Mayor & City Council Assume Duties

Tom Fuller Appointed to Succeed R. Erickson as Liquor Store Manager

In a harmonious session Tuesday evening, the new city council elected last November took over its duties, and Mrs. Agnes Israelson assumed the office of mayor, succeeding Harry E. Simons, who had served three terms.

Taking their seats as aldermen were Carl Gjernes, at large, and Ralph Hunt, third ward, the only hold-overs; and Victor Berg, first ward; Robert Bell, second ward; S. A. Honebrink, fourth ward; and Bob Carlson, at large.

The council proceeded smoothly to organize by reelecting Carl Gjernes president and by naming Ralph Hunt vice president. Reappointed by unanimous vote were P. G. Pederson, veteran city clerk; and Robert X. Wurst, city attorney.

The council then went into executive session in the clerk's office to consider the appointment of a manager of the liquor dispensary. After deliberating more than an hour, the open meeting was resumed with the appointment by a unanimous vote of Tom Fuller to take over the duties of manager, succeeding Robert J. Erickson, who had served since the dispensary was established.

Fuller, who retired Tuesday as fourth ward alderman, had been serving on the council's liquor dispensary committee. He is a former manager of the local cooperative creamery.

Other appointments were deferred to the next regular meeting after adoption of a motion to call for applications for the position of superintendent of the water and light department. Appointment by the mayor of a chief of police also was deferred.

Preceding the session of the new aldermen, the old council met briefly and [illegible] for the past two years. Members of the retiring council who gave up their seats were Ed Christensen, first ward; Harry R. Lund, second; Tom Fuller, fourth; and G. S. Bergland, at large.

Rev. E. C. Mead to Head Lincoln PTA

Officers of New Group Were Elected Tuesday

The Rev. E. C. Mead was named president of the newly organized Lincoln High School Parent-Teachers association at a meeting Tuesday evening. Others elected include Mrs. Arthur Tetrian, vice president; Miss Mary McNellis, secretary; and Mrs. Ed DeLap, treasurer.

By-laws drawn up by a committee were submitted by Quentin Jones and were adopted.

Named to serve on the membership committee were Randall Humes, Mrs. Quentin Jones, Mrs. Melville Simon, Miss Phyllis Evenstad and Arnold Larson.

Arrangements were made to hold the next meeting of the unit in the school auditorium Tuesday evening, February 23, at which time a panel discussion of extra-curricular activities will be presented.

Don Snyder Here from Overseas to Visit His Mother

Donald Snyder, chief of the employment section of the International Labor Office in Geneva, Switzerland, arrived here Saturday with his son Lance, to visit until January 22 with his mother, Mrs. Thyra Snyder.

His wife, now visiting her parents in Boston, Mass., and their two other sons, Courtney and Keith, will join him in this city January 15.

This is Snyder's first visit to the United States in two and one-half years. He has been stationed in Geneva the past four years, preceded by a year in Italy and three years in Germany.

The family will return to Switzerland early in February.

Violet Knutson, Sander Joppru Exchange Vows

Baskets of holly and poinsettia decorated Zion Lutheran church for the wedding of Violet Knutson, daughter of Mr and Mrs. John Knutson of Oklee, and Sander Joppru, son of Oscar Joppru of this city, Saturday evening, December 19. The double ring service was read by Rev Walter M. Pedersen in the presence of 300 wedding guests.

Given in marriage by her father, the bride wore a gown of white satin with long train, Mary Stuart sleeves, and sweetheart bodice with high princess collar trimmed with seed pearls. Her fingertip veil was secured by a crown of sequins. She carried a bouquet of red and white tea roses surrounded with holly and centered with a candle. A pearl choker was the bride's gift from the groom.

The maid of honor, Sybil Torgerson, wore a green formal with velvet bodice and net overskirt, and matching stole. Her star-shaped bouquet of red roses and holly was tied with gold streamers. Miss Lillie Knutson and Mrs. Clarence Joppru, bridesmaids, wore red formals styled similar to that of the maid of honor, and carried star-shaped bouquets of yellow tea roses, red Christmas balls and holly. Each wore a rhinestone necklace, a gift from the bride. The flower girls, Shirley and Barbara Joppru, were gowned in white satin, and wore lockets, which were gifts of the bride.

John Chig[illegible] of this city attended the groom as best man, and groomsmen were Melvin and Clarence Joppru, brothers of the groom. Ronnie and Redgie Joppru served as ring bearers, wearing white suits with black bow ties and red carnation boutonnieres. The groom, bride's father, best man and groomsmen wore black trousers with white dinner jackets and red carnation boutonnieres.

For her daughter's wedding Mrs. Knutson chose a navy blue dress with red accessories and a corsage of red roses and holly.

The wedding guests were entertained at a reception given by the bride in the church parlors. The bridal table was centered with a four tiered wedding cake decorated with four tiny cakes iced in red and green and topped with miniature bride and groom. Head waitresses were Mrs. Art Taylor and Mrs. Melvin Joppru, assisted by Marjorie Prigge, Ione Vad, Mrs. Floyd Frederickson, and Miss Helen Gustafson. Mrs John Wold and Agnes Skomedal poured coffee and Thora Skomedal cut the wedding cake. Laura Tiede, Arlene Thune, and Mrs. Donald Myers arranged the gift table and Frances Geldaker had charge of the guest book. Trudell Joppru was soloist at the reception, accompanied by Judy Wold.

As the couple left on their wedding trip to Minneapolis the bride was wearing a navy and white suit dress with red accessories. Mr. and Mrs. Joppru are at home at 622 North Horace Ave. Thief River Falls. The bride is continuing her work as bookkeeper at the Union State Bank and the groom is employed by the Duluth Board of Trade as grain inspector.

Out of town guests at the wedding were John Joppru of Sask., Canada, Mr. and Mrs. Frank Fischer and Viola of Minto, N. Dak.; Mrs. Mary Gunsteinson, Mr. and Mrs. Oscar Strande and Mr. and Mrs. Vincent Peterson of Fisher, Minn.

Son of Local Lady is Married in West Virginia

In a candlelight ceremony held December 11th, at the First Baptist church of St. Albans, West Virginia, Miss Virgie Jane Hill, daughter of Mr. and Mrs. Herman C. Hill of St. Albans, became the bride of Chris Lester Mehl of South Charleston. The bridegroom is the son of Mrs. Sylvia Martinson of this city.

Dr. Joseph L. Emery, assisted by the Rev. Royal E. Walther, officiated in a setting of silver woodwardia, red poinsettias and candles. Nuptial selections were sung by Miss June Hald, accompanied by Joseph E. Williams, organist.

Mr. Hill gave his daughter in marriage. She wore a pure antique silk taffeta dress fashioned with a portrait neckline of Alencon lace, a fitted bodice with long pointed sleeves, and a sweeping train. Her fingertip veil of illusion was held in place by a jeweled crown and she carried a prayer book with an orchid marker and streamers.

Miss Rosemary Hill, sister of the bride, was maid of honor and Misses Jane Leishman and Shirley White were bridesmaids. They wore identical dresses of green taffeta and nylon tulle styled with strapless bodices and bustles. They carried bouquets of red poinsettias surrounded with variegated holly and berries.

Mr. Charles Mawyer served as best man for the bridegroom. Ushers were Messrs. Richard Lord, John Nicholas and Don Frokjar.

The flower girl, Miss Nancy Hendricks, wore a white nylon dress with a red sash and carried a basket of small poinsettias and holly.

A reception was held immediately following the ceremony, after which Mr. and Mrs. Mehl left on their wedding trip to Florida. She traveled in a charcoal grey suit with black accessories and an orchid corsage.

The bride is a graduate of St. Albans high school and is employed by Carbide and Carbon Chemicals Co. where her husband is a chemical engineer. Mr. Mehl is a graduate of Iowa State college.

They will reside at 440 Park Av., South Charleston.

Duane DuChamp Claims Bride in Detroit, Michigan

An open house was held at the McKinley Forest McCarty home at 815 Mill, Lincoln Park in Detroit, Michigan, following the late Saturday morning wedding ceremony of Barbara Helen McCarty and Duane DuChamp in Olivet Presbyterian church on December 19th. The ceremony was performed by Rev. Raymond A. Bowden.

Barbara, the daughter of the McKinley McCartys, and her husband, whose parents are the Joseph A. DuChamps of this city, spent two weeks at the senior DuChamps. Upon their return to Detroit they will temporarily reside at the Mill street address, then move into an apartment in Ecorse.

The bridegroom has been serving as an airman first class at the Grosse Ile Naval Air Station.

A white silk frock, designed along the lines of a cocktail dress with full bodice and bouffant skirt was chosen by the bride. Her brief hat secured an eye veil, and she carried a white orchid on an Eastern Star Bible. Marylyn Elliot, as maid of honor, wore a teal blue frock of similar design, with a small blue hat and colonial arrangement of pink carnations.

Miss Jean Irvin Becomes Bride of Raymond Glad

St. Mathews Lutheran Church of Duluth was the scene of a pretty evening wedding, December 21 when Jean A. Irvin, daughter of Mr. and Mrs. Paul Irvin of this city, became the bride of Raymond W. Glad, son of Mrs. Ellen Glad of Winlock, Washington. Rev. Harvey Feustad performed the single ring ceremony.

The bride chose a blue street length taffeta dress and it was touched off with a white gardenia corsage. Matron of honor was Mrs. Doris L. Gulseth, sister of the bride, who was attired in a beige street length dress with a yellow corsage. The groom was attended by Donald E. Glad, his brother.

A reception was held at the home of Mr. and Mrs. Gilbert Williams, with about twenty guests present.

The bride is a graduate of the Crookston A.C. class of 1951 and has been employed by Western Electric Co. of Duluth. The groom graduated from Duluth Central High School in 1951 and is also employed by Western Electric Co. After a weeks honeymoon trip to Milwaukee, Wis., the couple will be at home at 18 N. 59th Avenue West, Duluth, Minnesota.

Pink and Blue Shower Fetes Mrs. Donald Defoe

Former Local Girl Married In Minneapolis

Marvella L. Thoreson, daughter of Mr. and Mrs. Lincoln Thoreson of Minneapolis, formerly of Thief River Falls, and Richard L. Larson, son of Mr. and Mrs. Richard H. Larson of Minneapolis, were united in marriage in a double ring ceremony at the Holy Trinity Lutheran church, December 26 at 4 o'clock in the afternoon, with Pastor Paul Graf officiating.

Joseph Holstad at the organ played a nuptial prelude as the guests assembled, and preceding the ceremony Shirley Malvaney, friend of the bride, sang "Because," "O Perfect Love" and "The Lord's Prayer" while the couple knelt at the altar.

Escorted to the altar and given in marriage by her father, the bride wore a ballerina length gown of white lace with a net overskirt. The veil was of white net, shoulder length. She carried a bouquet of red roses with leaves of holly. Donna Teigland, the maid of honor, wore a pale blue ballerina length dress of lace with a net overskirt. Bridesmaids were Mrs. Jean Walterson, sister of the groom, and Joyce Mellem, aunt of the bride, who wore gowns similar to that of the maid of honor. Each carried a bouquet similar to that of the bride and wore pearl earrings, gifts of the bride.

Attending the groom as best man was Oliver Bergland. Ushers were Roy Larson, brother of the groom, and Gene Myers, all of Minneapolis. The groomsmen wore black tuxedos with white carnation boutonnieres.

Mrs. Thoreson attended her daughter's wedding in a navy blue two piece dress with navy blue and white accessories, and a corsage of red roses and white carnations. The groom's mother wore a light blue dress with pink accessories and a corsage of pink roses and white carnations. The bride's grandmother, Mrs. Pete Mellem, wore a similar corsage.

Following the ceremony, the parents of the bride entertained at a reception for 200 guests in the church parlors. The refreshments were served buffet style from a table decorated with a four-tiered wedding cake topped with a miniature bride and groom. Mrs. Betty Larson and Mrs. Gloria Frandsen poured. The gift table was arranged by Mrs. Mary Smith and Mrs Joyce Carter and Mrs. Lorraine Boege had charge of the guest book.

As the couple left on their wedding trip, the bride was wearing a blue three piece suit with black accessories. Mr. and Mrs. Larson will make their home in Minneapolis where they are both employed.

Out of town guests were Mr. and Mrs. Pete Mellem of Thief River Falls; Mr. and Mrs. Ervin Mellem and son of LeSeuer, Minnesota; and Mr. and Mrs. Richard Frandsen and family of Panama City, Florida.

New Hospital to Provide Total of 110 Patient Beds

Will Supply For More Economical Use of Space, Administrator Reports

When the new hospital addition is completed and the remodeling of the present Northwestern Hospital Plant B is finished, Northwestern Hospital will have 110 patient beds. According to Harold W. Peterson, administrator, the proportion of various types of patient rooms will be such as to afford a far more economical use of space than exists in the present Plants A and B.

The new building program will provide for 27 private rooms, 24 two-bed rooms, 8 three-bed wards and two four-bed wards. The twenty-seven private rooms will promote greater convenience to the hospital in the care of many patients who at present must be hospitalized in wards or semi-private rooms.

The new hospital will make it possible to a much greater degree than at present to provide isolation facilities for patients suffering from communicable diseases, heart trouble requiring greater quiet, and for confused patients. There are also many patients who prefer greater privacy and who can be afforded this privacy in the new hospital.

Under the present hospital setup, although theoretically there are 87 patient beds available, admission problems become difficult as soon as about 50 patients are in the two plants of Northwestern Hospital. An outstanding condition contributing to these difficulties is the existence of the two ten-bed wards in Northwestern Hospital, Plant A. Variety of patient conditions makes total use of these wards extremely difficult.

The same holds true for use of 4-bed wards. Patients must be segregated according to sex, age and condition. Mr. Peterson states that the room arrangements in the new hospital should largely alleviate these difficult problems in the future and will improve the care of patients.

Rev. G. S. Thompson to Preach His Farewell Sermon Here Sunday

Farewell services for the Rev. G. S. Thompson at Trinity Lutheran church are scheduled for next Sunday, January 10th. Identical sermons will be given at both the early service at 9:00 a. m. and the later service at 10:30.

Pastor Thompson leaves his pastorate here after more than 12 years and will be installed on January 24th as the pastor of First Lutheran church, Eau Claire, Wisconsin. He plans to leave here January 16.

Pastor Thompson came to Trinity church from St. Stephen's church in St. Paul on Pearl Harbor Day, Dec. 7, 1941. He succeeded Dr. R. M. Fjelstad, who had resigned to assume the office of president of the Northern Minnesota district.

He came to a thriving church of nearly 1,000 members and has had a busy ministry in a growing parish. In the twelve years of his pastorate here, he has baptized 804 persons, most of whom were infants. He has instructed 564 people for confirmation, not including his present class which will be confirmed by his successor. 289 couples were united in marriage by Pastor Thompson at Trinity church, and 232 funerals were conducted by him. Present membership of the church is slightly more than 3,000.

Pastor and Mrs. Thompson have a family of three sons, one of whom, David, entered kindergarten here in 1941 and will complete his high school course next June. He will remain in the city to complete the school year with his classmates at Lincoln high school. The other two sons, John and Frederick, were born in Thief River Falls.

Pastor Thompson has been active in local community affairs, as well as in general affairs of his church. He has been a member of the Rotary club, was president of the Community Chest for one term, besides serving on its board for several years. During the war he was a member of the ration board.

He has taken an active interest in local welfare problems and was for several years the president of the Ministerial association. He is at present the dean of the local clergy having been in longer service in this city than any other pastor here.

In church activities outside the local parish Pastor Thompson has been president of the Thief River Falls circuit, and served several years as president of the Lake of the Woods Bible Camp association. He was one of the organizers, and has been the president since its inception, of the Northwest Charity association. He was the first president of the Thief River Falls-Crookston area of Lutheran Welfare, and served on its state board of directors for three years.

He was a member of the board of directors of Concordia college at Moorhead, and was elected in 1952 to the board of charities of the Evangelical Lutheran Church, on which board he also serves as a member of the executive committee. He has just been appointed to represent the Evangelical Lutheran Church on a committee of the Intersynodical National Lutheran Council to study social trends in the United States, especially from the point of view of the pending merger of several Lutheran bodies. In 1951 and 1953 he represented his synod as one of the speakers in the One-Day Seminars held in key cities thruout the nation.

During his pastorate at Trinity extensive remodeling of the church building, the installation of a $15,000 pipe organ, the institution of the broadcast of the Sunday morning services, the introduction of a double-service schedule and the construction of a parish education building at a cost of $140,000 have taken place.

He leaves Trinity church to serve one of the largest churches in the Lutheran Church, a congregation numbering more than 4,500 souls, of which his maternal grandfather, the Reverend Gjermund Hoyme, served as pastor from 1876 to 1902. He succeeds the Rev. Agnar S. Tanner, who has accepted a call to the evangelism department of the E. L. C.

loader and bucket at a total cost for the two items of $600.

Approved by the council was a plat designating a 32-foot wide street to be known as Marshall av., located near the city power plant in the rear of the former Barzen warehouse.

Formal permission was granted to Pennington county to move the old court house building across the alley to the rear of the arena while the new structure is being erected. The council also agreed not to allow any building to be erected in the future on the ground between the Auditorium and the site of the new court house.

Salvation Army Thanks for Help on Yule Baskets

Once again the Christmas season is over, and another successful Christmas effort has been completed by the local Salvation Army.

This year through the generosity and help of many organizations and local citizens, the Salvation Army was able to distribute 38 baskets to the needy families of the community. By this means, 180 persons had a Christmas that was much brighter than it might have been.

The baskets this year literally contained everything from soup to nuts and included such things as chicken, vegetables, potatoes, bread, butter, coffee, sugar, cookies, fruit, and toys for all the children.

"We would like to once again express our heartfelt thanks to all who helped to make this effort a success," said Lieut. Arthur Weir, officer in charge of the local unit.

Sheriffs's Group Holds Convention in Minneapolis

The state highway patrol's state-wide radio network will be available to sheriffs for police business within ten days.

Earl Larimer, chief of the patrol, made that report to the Minnesota State Sheriff's Association at the closing session of their annual meeting in Minneapolis Tuesday of last week.

He said the radio also will be linked with North Dakota, South Dakota, Iowa and Wisconsin for "wanted" announcements and other police communications.

Earlier, Dudley Ericson, state liquor control commissioner, told the sheriffs that license suspensions would help provide the answer to the problem of liquor law enforcement. Fines are not effective, he said.

Arthur Rambeck, Pennington county sheriff, attended the convention.

Odd Fellows and Rebekahs Install Tuesday, Jan. 12

Smiley 4-H Club Given Times Plaque

Pictured above are officers and leaders of the Smiley 4-H club, which recently was the recipient of the Thief River Falls Times plaque, awarded annually to the outstanding 4-H club of Pennington county.

Included are, front row left to right, Shirley Belswenger, reporter; Dianne Lendobeja, who served last year as president; and Marilyn McCrum, secretary. In the rear are Betty Rude, treasurer; Mrs. Norton Nelson and Mrs. Adam Lendobeja, mother of Dianne, club leaders; and Patricia Torkelson, vice president.

Achievements of the club in 1953 included an excellent record in project work and in exhibits and demonstrations at the Pennington county fair.

Climaxing the year was the winning by Dianne of a free trip to the National 4-H Club Congress in Chicago, and the award to her there of a $300 college scholarship in recognition of her work in project records. She is a home economics freshman at North Dakota state college in Fargo.

Many Appear in Municipal Court

Three Men Are Fined for Driving while Drunk

Municipal court in this city was busier than usual, with numerous motorists being brought before Judge H. O. Chommie to be fined on a variety of charges.

Brought in by the highway patrol on a charge of operating a motor vehicle while under the influence of intoxicating liquor, James Kelly of this city paid a fine of $100 and $5 costs in addition to paying $10 and cost for not having a valid drivers license in his possession.

Truman Gunstenson of Oklee, brought in on a similar charge, was fined $100 and $5 costs, $50 of the fine being suspended because of his physical condition.

Charged by police with driving while under the influence, Earl Bugge, city, pleaded innocent Monday, and was given a trial, in which he was found guilty. He paid a fine of $100 and $5 costs.

Rev. A. K. Lockrem Rites Conducted

Former County Board Member Succumbs at 91

Funeral services were held Thursday, Dec. 31, at the Zion Lutheran church for Rev. Andrew K. Lockrem, 91, one-time Pennington county commissioner, who passed away December 27th, at the Bethesda Old Folks Home in Crookston. Rev. Walter M. Pedersen officiated at the services. Interment was made in the Greenwood cemetery.

Rev. Lockrem was born in Rice county, Minnesota, on January 17, 1863. While still a small child he moved with his parents to Yellow Medicine county, where he lived until 1884, when his father passed away. He then enrolled at Augsburg Seminary.

In 1885 he moved with his mother and brothers to Day county, S. Dak., where he and his mother both homesteaded a place. Six years later he returned to Augsburg Seminary and graduated in 1898. That same year he was united in marriage to Miss Samuline Aaseby. She passed away in 1902.

After he completed his schooling he served as first resident pastor at Bagley and also served the Clearbrook and Shevlin congregations, while there. Four years later he resigned and attended the Wiedners Seminary in Chicago for one year.

The next year he studied and was also a teacher in Norse at Pleasant View Luther college at Ottawa, Illinois.

After serving the Inner Mission at Pinewood, Minnesota, for four years he came to Pennington county and farmed west of this city until he retired and made his home in the city. On September 25, 1905, he was married to Miss Christina Aaseby by Rev. Lilleher at Landstad church.

Rev. Lockrem is survived by his wife, three daughters: Miss Judith Lockrem of Belfair, Washington, Mrs. Arvin Hanson (Gertrude), and Mrs. Alton Hanson (Lydia), of this city, three sons: Caleb of Crookston, Quention of Seattle, Washington, and Reuben of this city, and ten grandchildren. He is preceded in death by his first wife.

Prowlers Defeated by E. G. Forks 51-46

An aggressive and ever-moving East Grand Forks team, with a counter-rally in the fourth period, defeated the Prowlers, 51 to 46, in an important 31st district basketball game played at East Grand Forks on Saturday night.

On Friday night, Jan. 8th coach Ralph Skjod will take his Prowler squad to Crookston for a district game against the Pirates. On Tuesday night, Jan 12th, the Halstad Pirates of the 30th district, will play the Prowlers on the Lincoln high school court.

Coach Snooks Sullivan's Green Wave, employing a full-court press, held the rangy Prowlers to three field goals in the first half of Saturday night's game. Bill Frahm looped in a hook shot to give the Prowlers an early lead. Howie Stallimo slipped in a field goal from the corner, to even the score. Gran Gulseth's free throw moved the Prowlers into the lead again but when Orv Hodge, on a set shot, hit the ring, the East Siders moved ahead and held their lead throughout the first half, holding a 9 to 12 margin at the end of the first period and a 26 to 17 lead at the intermission. Art Johnson connected for a pair of Prowler field goals midway in the second period to break the locals' field goal drouth.

Field goals by Gulseth, Johnson, and Frahm, and a pair of free throws by Gulseth and Johnson, pared the East Grand Forks lead to one point, 26 to 25, in the opening minutes of the third period. The two teams played even-stephen ball during the period, with the Prowlers holding a slight point average until the final minute when, on a long shot, Buck Falconer connected to give East Siders a 34 to 34 tie score.

A field goal and a pair of free throws by big Art Johnson opened the final period of play and gave coach Skjod's squad a 38 to 34 lead. The East Siders, with Orb Hodge providing the scoring spark, rallied to even the score at 39-all with 4:20 to play, and when Phil Johnson scored seconds later, coach Sullivan's team had the lead they held the remainder of the game. A free throw by Gilmsdahl, and field goals by Hodge and Jon Falgren increased the Green Wave margin to 46 to 40 with 2:10 to play.

Art Johnson, who was the game's high scorer with 24 points, added four points on free throws, peeling the Green Wave lead to two points with less than a minute to play. The Prowlers, in desperate effort to regain control of the ball, committed several personal fouls in the final seconds, and Stallimo's three free throw points furnished the East Siders with "insurance." Wedul and Gulseth marked up Prowler points, and just as the buzzer sounded, Phil Johnson's field goal increased the East Grand lead to 51 to 46.

Fifty-eight fouls were called during the game, with East Grand Forks losing four players via the personal foul route, and the Prowlers losing Frahm and Humes on personals.

In the preliminary game, the East Grand Forks 'B' team, by a 50 to 33 score, defeated the Prowler 'B' team.

Fire Department Backs Plan to Buy Sick Room Items

Will Sponsor Magazine Subscription Campaign in City During January

The Thief River Falls fire department announces the start of its annual magazine subscription campaign. Roy Langevin, fire chief, stated that the commissions derived this year will be used to purchase additional new portable sick room equipment for the treatment of patients in their own homes.

As a result of previous campaigns, it has been possible to obtain the following sick room equipment: A portable Hill inhalator, a portable oxygen tent, a portable fracture bed with mattress, three portable adjustable hospital beds with mattresses, a portable Vollrath Polio-Pak heater, and other sick room equipment. These are housed with the fire department, and are available for temporary use without charge to all residents, doctors, and nurses.

As in the past only accredited representatives of the publishers will call on residents to explain the plan in full detail. Each will bear a letter of authorization and identification from the fire department, signed by the officers and members.

The plan will be considered as a community service project and not as a request for donations. Donations will not be accepted by either the representatives or the organization. Every resident cooperating will get value received in well known magazine subscriptions. The fire department announces that the new portable sick room equipment when received will be housed at the fire department in Thief River Falls, so as to most conveniently serve the residents of the various communities in this area at all times without charge, except for the transportation.

LOOKING AT THE THIEVES

PAUL BEDARD

Paul Bedard is the 28-year-old player-coach of the senior hockey Thieves of the Northwest hockey league. Paul, who began his hockey career as a 7-year-old goalie in the midget hockey ranks in Winnipeg, is center on the "local" line that has Derwood Swede Lund at left wing and Donald Bud Brossoit at right wing this season.

Bedard, who packs a great amount of top-flight hockey in his five-foot, five-inch, and 145-pound frame, played his junior hockey with the St. Boniface Athletics, being a center-ice man. Following his graduation from junior hockey, Paul joined the Baltimore Colts of the Eastern league, and then moved over to the Washington Lions, a member of the American league.

Bedard was then shifted to San Diego of the Pacific Coast league, where he performed for one season. The following year found Paul playing with the Fort Worth sextet of the United States Hockey league, and then concluding his professional hockey career in 1949 by playing a season with the Oakland Oaks of the Pacific Cost circuit. All of these teams belonged to the Eddie Shore hockey organization.

The past two seasons Paul has been a member of the Thieves, playing at a wing position until this year. Paul, with his wife Carol, son Charles, and daughters Suzanne and Janet, has established a home in the city, being employed by the city water and light department.

Coach Serge Gambucci's Crookston Pirates provided the week's excitement in the Northwest hockey circuit by scoring a well-earned 4 to 2 win over Willie Toninato's Warroad Lakers at Crookston on Sunday afternoon. Warroad's loss to Crookston, plus Roseau's 4 to 1 triumph over the Thieves at Roseau, shuffled the league standings by moving the Leafs up into first place with the Lakers and lifted the Pirates into tie with Grand Forks for the runner-up position.

The Grand Forks Redwings, who have played but one league game, will have a busy week, meeting Roseau, Warroad, and Crookston on "road" games. If coach Odie Lowe's Redwings can return home with two wins in the three games, Grand Forks will be entitled to be ranked with Warroad as a league championship contender.

City Recreation Hockey Schedule Is Announced

The schedules for the city's recreation hockey program, for the grade school, pee wee, and intermediate classes, are as follows: the 'B' squad will use the Central rink from 4 to 6 p. m. on Tuesdays and Thursdays, and will be at the Arena from 7:30 to 9:00 a. m. on Saturdays; the grade school teams will use the Central rink from 4 to 6 p. m. on Mondays, Wednesdays and Fridays, and will be at the Arena rink on Saturday mornings, 10:30 to 12:00. The Pee Wees will be at the Central rink, 4 to 6:00 p. m. on Mondays, Tuesdays, and Thursdays and at the Arena on Saturdays 9:00 to 10:30 a. m.

Burglars Obtain $70 in St. Hilaire

Sheriff Arthur Rambeck is investigating a break-in early Tuesday morning of last week at John Maney's restaurant in St Hilaire. The burglars, who gained entrance by breaking the glass in a side door, escaped with $70 cash and a quantity of cigarets.

Should crime ever be divorced from politics, it won't be because of non-support.

Thieves, Defeated in 1st 3 League Starts, Meet Roseau Sunday

The senior hockey Thieves, without a win in three league starts, will attempt to break their losing streak on Sunday afternoon when, on the Arena rink, they meet the Roseau Cloverleafs. On Wednesday night, Jan. 13th, the Thieves will play the Redwings at Grand Forks.

In the two league games played during the week, both on "foreign" ice, the Thieves dropped decisions to Warroad and Roseau, losing to the Lakers, 3 to 2, last Wednesday night, and losing to Cloverleafs, 4 to 1, on Sunday afternoon.

The Thieves had a tie game with the Warroad Lakers Wednesday night with less than two minutes to play, the score being 2-all. The Lakers, with Ginny Christian setting up the play by feeding a behind-the-net pass to Frank Eisenzoph, scored at 18:13 when Eisenzoph beat McGill with a close-in shot.

Playing at Roseau on Sunday afternoon, the Thieves were outrushed and out-shot and outscored by Cloverleafs, losing 4 to 1.

The Thieves gained an early lead when Swede Lund, at the 7:20 mark, slapped in a rebound shot off Ward Brandow's stick. Brandow, incidentally, was playing in the local lineup in the absence of Bill Juzda. Juzda, during a practice session with the Winnipeg Maroons on Saturday, broke a skate and was unable to get a replacement in time for Sunday's tilt at Roseau.

Jim Zarle, Roseau smooth-skating defenseman evened the score at 10:03 when, on a "power" play with the Thieves playing a man short, Ken Little flipped a short pass to Zarle and the Leaf raced in to beat McGill on a goal-mouth shot.

Jack Isaacson scored what proved to be the winning goal at 12:40, pounding in a rebound shot after Zarle had made a rink-length solo rush to get a point-blank shot at McGill. Ray Baumgartner, right wing on the Leaf's aggressive line of Monty Markstrom, Kenny Wellen, and Baumgartner, scored the Leafs' third goal, with Markstrom assisting at 14:38.

The second period of play was featured by the able net work of goalie Jack McGill and Don Collins, with McGill booting out eleven shots, and Collins making ten saves.

Kenny Wellen closed out the game's scoring at the 10:58 mark of the third period when he banged a shot past McGill from eight feet out, giving the Leafs a deserved 4 to 1 triumph.

A Big Week

Except for the regional tournament contests, it's doubtful if coach Dennis Rolle's hockey Prowlers will have a more important week than this. Beginning with tonight's game against the Baudette team on the Arena rink, the locals have four games to play in the next eight days. Following tonight's game here, the Prowlers will travel to Warroad for a game against the Warriors on Friday night, Jan. 8th.

On Saturday night, Jan. 9th, Serge Gambucci will bring his ever-popular Crookston Cathedral club here for a game, and on Wednesday night, Jan. 13th, Oscar Almquist's Roseau Rams, the region's defending champions, will play here. The outcome of those three conference games, against Baudette, Warroad, and Roseau, should do much to clarify the standings and give an indication as to the championship prospects of the Prowlers, the Warriors, and the Rams.

Incidentally, coach Jimmy Doyle's Warroad club, as a tune-up for the Prowler tussle on Friday night, scored a 5 to 1 win over a good International Falls team at Warroad on Saturday night. That's the Falls team that has young Bronko Nagurski at defense, and which scored a 4 to 3 triumph over Roseau a couple of weeks ago.

We've been getting fine reports on the Prowlers' 4 to 2 win over Eveleth on Dec. 26th. Kenny Bud Rustad, who is taking radio training at Virginia, said in his letter: "I just came from a wonderful hockey game, and it was just that. . . . I'd like to say also that the fans up here like the style of hockey shown by little Joey Poole. The fans commented favorably, too, on the performance of goalie Jack Hoppe. I'm proud of the boys, they did swell."

And we had a welcome letter from Harold Babe Paulson, the former Minnesota hockey star and later coach here. Babe and his family were spending a few days at Virginia, and he drove over to Eveleth for the game. Says Babe: "We enjoyed the game tremendously. I thought that Thief River Falls outsmarted Eveleth, especially in the last period. Poole was very clever."

The Army Boys

Jack Erickson, twice named to the all-state high school hockey squad, and once selected to the state's all-star football team, has cancelled out of the University of Minnesota and volunteered for the draft. Jack, who was in his second year at the U, expects to get his army call the latter part of February, and in the meantime he will be available for senior hockey Thieves. Coach Paul Bedard's club can make able use of 219-pound Jack as a blue-liner.

Roger Dorn and Mike Hajostek, both of whom were athletic captains here last season, have also volunteered for the draft and are expected to receive their "calls" in March. Roger, who was co-captain of the 1952 Prowler football team, is attending North Dakota and was a freshman football numeral winner this fall. Mike, co-captain of last year's Prowler hockey team, is attending Stevens Point Teachers college.

It's a Tough League

Says the Winnipeg Free Press: "Then there is a little guy who probably has more hockey brains than are possessed by many complete teams. He is Bill Robinson from the Ottawa Senators, who is just about the smartest center to show here in many years. The guy is terrific, and that's all there is to it. Watching him alone is worth the price of admission."

And why mention Bill Robinson? Well, because the Thieves' management, early this year, had completed arrangements to have Robinson play with the local club this season, and it's a certainty that if Bill had been in the Thieves lineup, coach Bedard's squad would have won at least one of the three league games they have played to date. It's possible that the Thieves would have won all three of the games, for the losses were so close that one outstanding scorer and play-maker could have turned those games into wins.

The Northwest Hockey league, what with the Crookston Pirates upsetting the high-flying Warroad Lakers on Sunday, shapes up as having the best balance that a senior hockey circuit in these parts has ever had. And it's a tough league.

North Central Airlines Helps With Holiday Mail

North Central Airlines transported an unofficial total of 31,916 pounds of first-class and other surface mail during the nine days of the company's "Operation Mail Lift" to speed delivery of holiday mail. Of the total, 304 pounds was dispatched from Thief River Falls.

The airline Dec. 18 began carrying first-class matter, newspapers, special-handling parcel post, and special delivery parcel post on a space-available basis in addition to its regular airmail services to expedite movement of holiday mail, prevent pile-ups and unusual delays and where surface transportation is limited or round-about. This service was discontinued December 25.

Babson's Forecast for 1st Half of 1954

By Roger W. Babson

I do not now believe in the theory of most economists—that business will fall off 10% in 1954, with a greater decline in net earnings. My feeling is that everyone will unite forces to hold up business, at least during the first half, to its approximate 1953 average. This can be done by expanding research, increasing advertising appropriations, extending further credits, and obtaining labor's co-operation.

But, I say something much more important than the above; namely, if business should slump 10%, the decline would probably not stop at 10%. Too many business concerns and individuals are working on a very narrow and slim margin. The decline in employment, with resulting business losses which a 10% decline in gross would cause, could result in millions of families being unable to pay their bills and installment obligations. This could set off a chain reaction, which could send business down 10% to 30% more, with a corresponding decline in the stock market, commodity prices, and real estate. In this latter case, the Eisenhower Administration would suffer as did the Hoover Administration.

In view of this possible serious alternative, I have contacted the leading newspaper publishers as to the attitude of their respective communities. Of these, over 970 have replied as follows: The people of 30 communities are discouraged and want to liquidate; 297 communities are optimistic and want to buy and invest more; 643 are now content and in a strong position, but are waiting until they see how 1954 develops. Due to the results of this survey, I believe the chances are ten to one that at least the first half of 1954 will be fairly good.

Below are 25 definite forecasts which, in any case, should prove correct for the first six months of 1954. My forecast for the second six months will appear in this paper next June.

1. There will be no World War in the first half of 1954.

2. The Dow-Jones Industrial Stock Averages will be less on June 30, 1954, than on January 1, 1954.

3. Taxes will be lowered by expiring laws.

4. The price of most commodities will be lower on June 30, 1954.

5. The Eisenhower "Honeymoon" is fast ending and he will have a hard time controlling Congress during the next six months.

6. Retail sales can be kept up by manufacturers and merchants spending more money on advertising, selling, and developing new products.

7. The U. S. population will continue its present growth and the best prospects for sales in 1954 will be the "teen-agers."

8. Interest rates during the first six months of 1954 should average about as at present, except on the renewal of low-rate loans.

9. Farm lands, except near cities, will sell for less during the first half of 1954, when farmers' profits will begin to decline.

10. The Central and Southwest will not suffer drought as in 1953.

11. There will be more fear of World War III as years go on. People will gradually move out of certain large cities. Nearby farm land will be split up. A rise in the price of such fringe farm land is certain.

12. The U. S. Government will give less money to the European and other nations direct; but will help them through the United Nations.

13. There will be fewer employed next June—the total take-home-pay will be less—than last June. This, however, may be a good thing for the morale of the nation.

14. The present Administration will suffer much opposition to attempts to reduce tariffs if profits decline or unemployment increases.

15. The Administration and the labor leaders will try to revamp the Taft-Hartley Bill during 1954; but bad strikes are coming.

16. I am no weather prophet, but experts expect a warmer winter for the eastern portion of the U. S. and a colder Florida.

17. Canada will continue to boom during the first half of 1954, but this may be a good time to take profits on Canadian investments.

18. The above may apply to Southern California and its airplane and movie industries. Both may have reached their peaks for the present.

19. Automobiles will be harder to sell and easier to buy during the first half of 1954. Both the automobile stocks and the cars will be in less demand. There will be more bargains in used cars, discounts on new cars, especially cars of the "independent" manufacturers.

20. Florida may have killing frosts during the next few months. This will cheer up California, Arizona, and Texas.

21. The Korean situation will remain about as is—as the Chinaman says, "much talkie, no shootie."

22. There will be one or two resignations from the Eisenhower "businessmen's cabinet," replaced by "politicians." All is not going too well. The President is not used to being pressured by lobbies

23. The first half of 1954 should be your best time to get out of debt or at least reduce your debt. Remember that most bankers are in the business of "loaning umbrellas when the sun is shining, and calling them in when it rains." Moreover, you cannot blame them because the umbrellas really belong to the depositors, who also will want them on rainy days! Operate so you can clean up bank loans once during 1954.

24. The companies which will prosper most are those which have inaugurated effective labor saving programs. Most manufacturers are learning that they cannot beat labor thru strikes. They are winning only as they purchase new labor-saving machinery, spend more money on research and on well-directed advertising.

25. There may be some further inflation in 1954; but percentage-wise to the total national output it should not help the stock market.

WHAT WILL EISENHOWER DO?

I have promised to answer the following four questions:

1. Is Eisenhower to take the advice of Assistant President Adams, representing certain Republican leaders, and turn to the left? Or, will he stick to his conservative election platform?

Answer: He will stick to his election platform.

2. To put the question in a more practical way: Will 1954 be a year of reform and economic adjustment as promised by President Eisenhower, or will he give the country more inflation, and further play Santa Claus to labor, farm, high tariff and other groups?

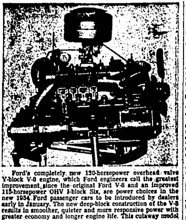
Answer: He is learning that "economic reforms" must be gradual.

3. Will he run the risk of losing Congress in 1954 and the election in 1956 for a matter of principle, as did Hoover in 1932? Or, will he succumb to the temptation of changing his policy with an attempt to "save his party"?

Answer: He will run the risk of losing Congress in 1954, and the chance to run again in 1956.

4. Is a "middle-of-the-road" policy practical? Will it serve both groups, or no group?

Answer: Yes, it is practical for working a gradual change, and it should serve both groups.



Ford's completely new 130-horsepower overhead valve Y-block V-8 engine, which Ford engineers call the greatest improvement since the original Ford V-8 and an improved 115-horsepower OHV I-block Six, are power choices in the new 1954 Ford passenger cars to be introduced by dealers early in January. The new deep-block construction of the V-8 results in smoother, quieter and more responsive power with greater economy and longer engine life. This cutaway model shows the engine's interior construction.

Hardware Men to Meet in St. Paul

The 57th annual convention of the Minnesota Retail Hardware association will be held January 19, 20 and 21 at the Hotel Lowry, St. Paul, Minnesota. The announcement was made by F. C. Bauman, president, Lester Prairie.

Principal speakers for the 1954 convention will include such noted figures as Robert Westbrook, president of the National Retail Hardware Association; Edwin G. Nourse, outstanding national economist and former economic adviser to President Truman, and Dave Meskill, sales manager, General Electric Company, Bridgeport, Connecticut.

A three-day exhibit, featuring hardware, housewares, and appliances, will be open daily in the St. Paul Auditorium, to members, during the convention.

Social Security Tax up to 2 Pct. after January 1

Agent Will Be at Local Employment Office Next Tuesday, January 12th

"Employees in jobs covered by the social security law will have 2 percent instead of the present 1½ percent deducted from their pay beginning with the first of January up to earnings of $3600 a year; their employers will contribute an equal amount," said Walter D. Kistler, manager of the Grand Forks social security office.

The new rates will apply to all taxable wages paid after December 31, 1953, regardless of when earned.

The social security tax for the self-employed is scheduled to increase from the present 2¼ percent to 3 percent for the period commencing January 1, 1954. Since the self-employed whose work is covered by the law pay their tax just once yearly at the time of filing their Federal income tax return, they will pay the present 2¼ percent social security tax on their 1953 income that counts toward social security. This will be due not later than March 15, 1954. Their first payments at the increased rate of 3 percent will be due March 15, 1955, for the calendar year 1954.

A representative of the Grand Forks social security office will be at the employment office in Thief River Falls on Tuesday, January 12, at 10 a. m.

Helping people achieve their dreams....

THE MOST SATISFYING BUSINESS IN THE WORLD

Through the years, "helping people" has been the driving force behind this specialized Savings Association. There is no greater thrill than to hear from a customer that our facilities for thrift and home financing have enabled him to accomplish a most cherished desire. There's no counting the thousands who have obtained financial security . . . acquired debt-free homes . . . by making use of the exceptional opportunities available to them here. Every dollar added to a savings account means added earning power for the saver . . . more funds available to loan to families in need of homes. While figures can't tell the entire story, our financial statement printed here relates to some measure how we have helped the individual savers, created homes, employment, and income, while making our city a better place to live.

TOWARD PEACE IN KOREA

President Eisenhower may have scored in several directions when he ordered the withdrawal of two divisions of American troops from Korea. Certainly his action was convincing proof that our army was not in Asia to establish an American empire, as the Reds have charged. That gives reassurance to all doubting Asiatics.

He made it plain to the North Koreans and Chinese too that the withdrawal was not a retreat.

The best result of his order however may have been its effect on President Rhee of South Korea. It may put an end to some of Rhee's disturbing statements about what he is going to do if he is not given a complete victory. He should know now that he will have to yield on a few points regardless of how meritorious his position may be. This way there is hope for progress toward a peaceful solution based on compromise and conciliation.

THYE AND COMMON SENSE

Senator Ed Thye has expressed himself as being opposed to any further increase in the national debt. This does not mean necessarily that he will oppose raising the present legal debt limit which may have to be increased to permit operating under a load of previously incurred obligations. We know from experience that legal debt limitations, subject to change from day to day by those who do the spending, do not limit the country's indebtedness.

Thye's position is a declaration that from now on he will support a policy of living within our means, spending what must be spent but also taxing ourselves as we do the spending. In simple terms he favors the balanced budget, and that makes good sense.

We know that for many years our government spending will be continued at a high level. We know too that taxes, to maintain that spending, will also continue at a high level. The way to get lower taxes is to cut spending to the lowest possible level consistent with service and safety, and not by further borrowing.

There is no emergency now that can justify going further into debt in order to meet the costs of necessary services. By paying as we go it will be easier to cut corners on unnecessary frills. It will be easier to use good judgement in our spending when we know that each expenditure is going to be a cash-on-the-barrelhead transaction.

That is true for governments just as it is true for us as individuals.

DOWN ON THE FARM

During the past 30 years Minnesota's total population has increased 600,000. During this period the state's on-the-farm population has decreased 125,000. In 1920 this rural population was 38% of the total. Now it is about one-fourth.

That is not necessarily a thing to be disturbed about. For one thing it is not a condition that is peculiar to Minnesota. Our decline in both number and percentage follows quite closely the nation-wide pattern.

The shift is due to several causes, one of which is the obvious fact that during these years of great industrial expansion many of the young people of our rural communities have left the farm. With a return to normal conditions there no doubt will be another back-to-the-farm movement.
